blount law firm georgia: *Taking Hawaii* Stephen Dando-Collins, 2014-04-01 The true story of a queen deposed, a five-year police state, an attempted counter-coup, and the end of an independent nation. On a January afternoon in 1893, men hunkered down behind sandbagged emplacements in the streets of Honolulu, with rifles, machine guns, and cannon ready to open fire. Troops and police loyal to the queen of the sovereign nation of Hawaii faced off against a small number of rebel Honolulu businessmen—American, British, German, and Australian. In between them stood hundreds of heavily armed United States sailors and marines. Just after 2:00 p.m., the first shot was fired, and a military coup began. This is the true, tragic, and at times amazing story of the 1893 overthrow of Queen Liliuokalani of Hawaii and her government. It's also the story of a five-year police state regime in Hawaii following the overthrow, an attempted counter-coup by Hawaiians in 1895, and of how Hawaii became a United States possession. In *Taking Hawaii*, award-winning author Stephen Dando-Collins reveals previously little-known facts uncovered during years of research on several continents, in the most dramatic and comprehensive chronicle of the end of Hawaii's monarchy ever published. Using scores of firsthand accounts, this often minute-by-minute narrative also shows for the first time how the queen's overthrow teetered on a knife's edge, only to come about purely through bluff. *Taking Hawaii* reads like an exciting novel, yet this tale of a grab for power, of misjudgment and injustice, truly took place. Judge for yourself whether you think the queen of Hawaii was wronged, or was wrong. Praise for Stephen Dando-Collins's previous books "An exciting account from a passionate author who has done the necessary research." —Kirkus Reviews "A page-turner of a history." —Publishers Weekly

blount law firm georgia: *The Rights of My People* Neil Thomas Proto, 2009 There were two battles for Hawaii's sovereignty led by Queen Liliuokalani. This book, *The Rights of My People*, revisits these battles - the 1893 coup d'etat and the annexation in 1898 - from a new perspective, against the backdrop of the harsh remnants of the Civil War, the missionary's disquieting view of race, and the emerging role of Hawaiian women. *The Rights of My People* explores the fate of the Crown lands, a quarter of the Hawaii islands, taken in the 1893 coup d'etat and contested aggressively by Liliuokalani through 1910. Woven into the story are threats of execution and assassination and the forces of bigotry, condescension, and deception she confronted. The events

unfold in Honolulu, Hilo, San Francisco, Boston, and Washington, D.C. She challenged the United States before Congress repeatedly for complicity in taking the Crown lands. Finally, in the grandeur of what is now the Renwick Art Gallery, the United States Court of Claims heard and decided *Liliuokalani v. United States of America*.

blount law firm georgia: Guns in American Society [3 volumes] Jaclyn Schildkraut, Gregg Lee Carter, 2022-12-01 The revised third edition of the landmark *Guns in American Society* provides an authoritative and objective survey of the history and current state of all gun-related issues and areas of debate in the United States. *Guns in American Society: An Encyclopedia of History, Politics, Culture, and the Law* is a comprehensive and evenhanded three-volume reference resource for understanding all of the political, legal, and cultural factors that have swirled around gun rights and gun control in America, past and present. The encyclopedia draws on a vast array of research in criminology, history, law, medicine, politics, and social science. It covers all aspects of the issue: gun violence, including mass shootings in schools and other public spaces; gun control arguments and organizations; gun rights arguments and organizations; the firearms industry; firearms regulation, legislation, and court decisions; gun subcultures (for example, hunters and collectors); leading opinion-shapers on both sides of the gun debate; technological innovations in firearm manufacturing; various types of firearms, from handguns to assault weapons; and evolving public attitudes toward guns. Many of these entries place the topics in both historical and cross-cultural perspective.
