bergen county baseball tournament 2023: Stories of Slavery in New Jersey Rick Geffken , 2021 Dutch and English settlers brought the first enslaved people to New Jersey in the seventeenth century. By the time of the Revolutionary War, slavery was an established practice on labor-intensive farms throughout what became known as the Garden State. The progenitor of the influential Morris family, Lewis Morris, brought Barbadian slaves to toil on his estate of Tinton Manor in Monmouth County. Colonel Tye, an escaped slave from Shrewsbury, joined the British Ethiopian Regiment during the Revolutionary War and led raids throughout the towns and villages near his former home. Charles Reeves and Hannah Van Clief married soon after their emancipation in 1850 and became prominent citizens of Lincroft, as did their next four generations. Author Rick Geffken reveals stories from New Jersey's dark history of slavery.

Mary Jean Pearle and John Battaglia's marriage seemed picture perfect from the outside. With their two young daughters, Faith and Liberty, they made their home in a wealthy Dallas suburb. John was handsome, charming, and successful--but behind his mask of normality lay a vicious, violent abuser who'd brutally beaten his first wife--and who made Mary Jean the new target of his irrational rages. After nine hellish years, she divorced Battaglia. *I Never Thought He'd Hurt The Children*. . . On Christmas Day, 1999, during a court-ordered family visit, he attacked her in front of their daughters. For the next two years, he threatened, harassed and stalked her. Mary Jean feared for her life, but not for the lives of the children, with whom Battaglia was never anything less than caring, loving, and gentle. *No, Daddy, Don't!* But in spring, 2001, when Faith and Liberty were visiting their father, Mary Jean received a message to call her daughters. Helpless, horrified, she heard her older daughter's pleading cries. Then came the sound of gunshots--followed by silence. What evil impulses had driven a seemingly devoted father the ultimate act of violence and betrayal. . .and how would justice be served? Includes Sixteen Pages Of Shocking Photos

bergen county baseball tournament 2023: *Letters to America* Michael Weingrad, 2015-05-29
Reuven Ben-Yosef (1937–2001) was born Robert Eliot Reiss to an assimilated Jewish family in New York. He switched from writing English poetry to Hebrew poetry after his immigration to Israel in 1959. He is the author of more than a dozen volumes of superb Hebrew poetry, as well as two collections of essays and two novels, and he won literary honors such as the Levi Eshkol Prize, the Bar-Ilan University Prize, and the Neuman and Kovner prizes for Hebrew literature. At the center of his oeuvre is the sequence of poems he wrote in the 1970s called Mikhtavim la’Amerikah (Letters to America), a searing and confessional set of addresses in the form of letters to his family members (none of whom, however, could read Hebrew) and to American Jewry as a whole. In this edited volume, Weingrad includes not only these expertly translated poems but also an extensive, fascinating introduction that helps us see Ben-Yosef’s personal poetry as part of a larger family story. While Ben-Yosef was writing about his American family members, they were writing about him. Ben-Yosef’s younger brother, poet James Reiss, began publishing highly praised collections of poems in the 1970s and addressed conflicts with his brother in a number of poems. Ben-Yosef’s brother-in-law, novelist William Luvaas, published a first novel that was clearly based upon the Reiss family. Ben-Yosef’s letters to America are therefore joined by his family members’ letters to Israel, through which the Reiss family collectively created its own literature of the American-Israeli relationship in miniature, the conflicts and rifts, rivalries and loyalties of family members and competing homelands. This essential introduction, which also describes Ben-Yosef’s early life as an American and the challenges of becoming an Israeli poet writing in Hebrew, enriches our understanding of the deeply personal poems collected in the rest of the volume. Weingrad compellingly argues that Ben-Yosef’s poems, though seemingly local in their explicit Israeli audience and address, implicitly speak to Jews in America about assimilation, heritage, and the struggle between competing identities.

bergen county baseball tournament 2023: *The Revolutionary War in the Hackensack Valley* Adrian Coulter Leiby, 1980 After November 1776, the Hackensack Valley--located in northeastern New Jersey and Rockland County, New York--lay between the invading British army in New York City and the main Continental defense forces in the Hudson Highlands. Jersey Dutch patriot and Tory troops carried on a five-year war of neighbors between the lines, while the grand armies of Britain and America maneuvered on either side of them for a chance to strike a blow at the other. Adrian Leiby offers an exciting narrative of the people of Dutch New Jersey and New York during this conflict. Historians will find colorful details about the Revolutionary War, and genealogists will find much previously unpublished material on hundreds of men and women of Dutch New Jersey and New York in the 1700s.

bergen county baseball tournament 2023: *Raising Race Questions* Ali Michael, 2015
Conversations about race can be confusing, contentious, and frightening, particularly for White people. Even just asking questions about race can be scary because we are afraid of what our questions might reveal about our ignorance or bias. *Raising Race Questions* invites teachers to use inquiry as a way to develop sustained engagement with challenging racial questions and to do so in community so that they learn how common their questions actually are. It lays out both a process for getting to questions that lead to growth and change, as well as a vision for where engagement with race questions might lead. Race questions are not meant to lead us into a quagmire of guilt, discomfort, or isolation. Sustained race inquiry is meant to lead to anti-racist classrooms, positive racial identities, and a restoration of the wholeness of spirit and community that racism undermines. Book Features: Case studies of expert and experienced White teachers who still have questions about race. Approaches for talking about race in the K-12 classroom. Strategies for facilitating race conversations among adults. A variety of different resources useful in the teacher inquiry groups described in the book. Research with teachers, not on teachers, including written responses from each teacher whose classroom is featured in the book. “In *Raising Race Questions* Ali Michael is an excavator, determined to dig into every unexplored crevice of White teachers’ experiences with race

in order to unearth the complex realities of racism and schooling, and a model of reflective inquiry, willing to lay herself and her assumptions bare in service to the reader's consciousness and her own. This book grew my consciousness in multiple ways, and that is the greatest gift an author can give me.” —Paul Gorski, founder, EdChange, associate professor, George Mason University “Ali Michael has a gift for getting people talking. This must-read book captures her ‘magic’ and shares useful strategies for teachers and schools working to develop their racial proficiency. As a White teacher engaged in this work, I’ve watched these tools help educators support one another as they make mistakes, reflect, and grow together.” —Lynn Eckerman, Teacher, Independence Charter School, Philadelphia, PA

bergen county baseball tournament 2023: bookdown Yihui Xie, 2016-12-12 bookdown: Authoring Books and Technical Documents with R Markdown presents a much easier way to write books and technical publications than traditional tools such as LaTeX and Word. The bookdown package inherits the simplicity of syntax and flexibility for data analysis from R Markdown, and extends R Markdown for technical writing, so that you can make better use of document elements such as figures, tables, equations, theorems, citations, and references. Similar to LaTeX, you can number and cross-reference these elements with bookdown. Your document can even include live examples so readers can interact with them while reading the book. The book can be rendered to multiple output formats, including LaTeX/PDF, HTML, EPUB, and Word, thus making it easy to put your documents online. The style and theme of these output formats can be customized. We used books and R primarily for examples in this book, but bookdown is not only for books or R. Most features introduced in this book also apply to other types of publications: journal papers, reports, dissertations, course handouts, study notes, and even novels. You do not have to use R, either. Other choices of computing languages include Python, C, C++, SQL, Bash, Stan, JavaScript, and so on, although R is best supported. You can also leave out computing, for example, to write a fiction. This book itself is an example of publishing with bookdown and R Markdown, and its source is fully available on GitHub.

bergen county baseball tournament 2023: The Bridge that Saved a Nation Kevin W. Wright, Deborah Powell, 2019 Historian, Kevin Wright, and his wife, Deborah Powell, moved into the eighteenth-century Steuben House at New Bridge Landing in 1981 as part of his employment in the NJDEP. They, together with other stakeholders, rejuvenated the Revolutionary War landmark and battleground into the historic gem it is today. Wright was writing A History of Bergen County, New Bridge and the Hackensack Valley when he passed away in 2016. Powell edited and illustrated the legacy project for publication and continues to be involved at the museum site. The layered narrative begins with the geography that greatly shapes the history of the valley and continues with the story of the native communities and the colonial settlements that followed. The turmoil of the American Revolution in Bergen is brought to life, including Thomas Paine's account of the retreat through the area as told in The American Crisis (These are the times that try men's souls ...). The book concludes with twentieth-century efforts to preserve the Jersey-Dutch homes and Historic New Bridge Landing. All royalties from the sale of the book benefit the Bergen County Historical Society.

bergen county baseball tournament 2023: *United* Cory Booker, 2017-01-03 NEW YORK TIMES BESTSELLER • United States Senator Cory Booker makes the case that the virtues of empathy, responsibility, and action must guide our nation toward a brighter future. Raised in northern New Jersey, Cory Booker went to Stanford University on a football scholarship, accepted a Rhodes Scholarship to Oxford University, then studied at Yale Law School. Graduating from Yale, his options were limitless. He chose public service. He chose to move to a rough neighborhood in Newark, New Jersey, where he worked as a tenants’ rights lawyer before winning a seat on the City Council. In 2006, he was elected mayor, and for more than seven years he was the public face of an

American city that had gone decades with too little positive national attention and investment. In 2013, Booker became the first African American elected to represent New Jersey in the U.S. Senate. In *United*, Cory Booker draws on personal experience to issue a stirring call to reorient our nation and our politics around the principles of compassion and solidarity. He speaks of rising above despair to engage with hope, pursuing our shared mission, and embracing our common destiny. Here is his account of his own political education, the moments—some entertaining, some heartbreaking, all of them enlightening—that have shaped his civic vision. Here are the lessons Booker learned from the remarkable people who inspired him to serve, men and women whose example fueled his desire to create opportunities for others. Here also are his observations on the issues he cares about most deeply, from race and crime and the crisis of mass incarceration to economic and environmental justice. “Hope is the active conviction that despair will never have the last word,” Booker writes in this galvanizing book. In a world where we too easily lose touch with our neighbors, he argues, we must remember that we all rise or fall together—and that we must move beyond mere tolerance for one another toward a deeper connection: love. Praise for *United* “An exceedingly good book, and an important book, and a reminder of what makes Booker an important and, through it all, a promising public figure.”—*PolitickerNJ* “What sets Senator Booker’s work apart from that of similar political books is that it seeks to elevate discourse rather than bring down opponents of the opposite partisan persuasion. This is a refreshing take, one that is truly worthy of study and contemplation.”—*The Huffington Post*

bergen county baseball tournament 2023: Mahjong Annelise Heinz, 2021-04-05 How has a game brought together Americans and defined separate ethnic communities? This book tells the first history of mahjong and its meaning in American culture. Click-click-click. The sound of mahjong tiles connects American expatriates in Shanghai, Jazz Age white Americans, urban Chinese Americans in the 1930s, incarcerated Japanese Americans in wartime, Jewish American suburban mothers, and Air Force officers' wives in the postwar era. *Mahjong: A Chinese Game and the Making of Modern American Culture* illustrates how the spaces between tiles and the moments between games have fostered distinct social cultures in the United States. This mass-produced game crossed the Pacific, creating waves of popularity over the twentieth century. Annelise Heinz narrates the history of this game to show how it has created a variety of meanings, among them American modernity, Chinese American heritage, and Jewish American women's culture. As it traveled from China to the United States and caught on with Hollywood starlets, high society, middle-class housewives, and immigrants alike, mahjong became a quintessentially American game. Heinz also reveals the ways in which women leveraged a game to gain access to respectable leisure. The result was the forging of friendships that lasted decades and the creation of organizations that raised funds for the war effort and philanthropy. No other game has signified both belonging and standing apart in American culture. Drawing on photographs, advertising, popular media, and dozens of oral histories, Heinz's rich and colorful account offers the first history of the wildly popular game of mahjong.

bergen county baseball tournament 2023: Marcelo Rios Scoop Malinowski, 2011-10-28 This book is a unique, abstract portrait of former ATP #1 ranked tennis player Marcelo Rios of Chile from various sources and perspectives, including opponents, friends, media, fans, photographers, his coaches, industry people, tournament officials, etc. Rios possessed the wondrous talent which could have won ten Grand Slams - according to Marat Safin, and a maverick personality which fascinated, bewildered and awed the tennis world from 1994 to 2003. In this book you will learn many insights and anecdotes about Rios and his unparalleled experience on the professional tennis circuit, such as the time he punched out a fan at a Miami restaurant, the time a woman left his hotel room screaming, how his spectacular skills could make even a top ten player feel like a novice on the court. All hardcore tennis fans will greatly enjoy this book.

bergen county baseball tournament 2023: Life in the Present Tense Rifka Rosenwein, 2007 For seven years, Rifka Rosenwein voiced the pleasures and frustrations of her life in The Home Front, a monthly column in The New York Jewish Week. Whether discussing religion and family, her torchbearer perspective as the daughter of Holocaust survivors, or the tensions between motherhood and career, Rifka's storytelling always struck a chord with readers. Rifka captures the details of motherhood - from the first love in kindergarten, to the first painful separation of overnight camp, to the discovery that her daughter might just need a doll after all. After her diagnosis of terminal cancer, her columns describe life on cancer time. She generously shared with readers the steadfast support of friends and community. Together, the 64 columns collected in Life in the Present Tense are a death-defying celebration of life.

bergen county baseball tournament 2023: Hank Greenberg John Rosengren, 2014-03-04 Baseball during the Great Depression of the 1930s galvanized communities and provided a struggling country with heroes. Jewish player Hank Greenberg gave the people of Detroit—and America—a reason to be proud. But America was facing more than economic hardship. Hitler's

agenda heightened the persecution of Jews abroad while anti-Semitism intensified political and social tensions in the U.S. The six-foot-four-inch Greenberg, the nation's most prominent Jew, became not only an iconic ball player, but also an important and sometimes controversial symbol of Jewish identity and the American immigrant experience. Throughout his twelve-year baseball career and four years of military service, he heard cheers wherever he went along with anti-Semitic taunts. The abuse drove him to legendary feats that put him in the company of the greatest sluggers of the day, including Babe Ruth, Jimmie Foxx, and Lou Gehrig. Hank's iconic status made his personal dilemmas with religion versus team and ambition versus duty national debates. Hank Greenberg is an intimate account of his life—a story of integrity and triumph over adversity and a portrait of one of the greatest baseball players and most important Jews of the twentieth century. bergen county baseball tournament 2023: Serenity at 70, Gaiety At 80 Garrison Keillor, 2021-11-15 RULE 12 Don't fight with younger people, even if you're right, which you probably are. When they tell you outrageous things, say, That's very interesting, I'll have to think about it. These people will be writing your obituary, and why give them a reason to put contentious or embittered in the second paragraph or accusations of cultural appropriation or insufficient anger at power imbalance. If you enjoy dispute, go after your elders if you still have any who are of sound mind. Poke them in the stomach. This will amaze them, seeing as everyone else pities them to death, and they will relish combat and rise to the challenge and it will improve their respiration. And a day later they'll forget the whole thing.
