What is the ASVAB?

The Armed Services Vocational Aptitude Battery (ASVAB) is a standardized test administered by the United States Military Entrance Processing Command. It is used to assess the qualifications and aptitudes of candidates seeking to join the U.S. Armed Forces. The test covers multiple subject areas, including mathematics, science, verbal skills, and technical comprehension. ASVAB scores determine eligibility for enlistment and influence the types of roles available within each military branch.

ASVAB Test Format and Scoring

The ASVAB consists of nine distinct sections: General Science, Arithmetic Reasoning, Word Knowledge, Paragraph Comprehension, Mathematics Knowledge,

Electronics Information, Auto and Shop Information, Mechanical Comprehension, and Assembling Objects. Each section has a set time limit and a specific number of questions.
