A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That’s what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That’s where Will’s now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother’s gun. He gets on the elevator, seventh floor, stoked. He knows who he’s after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that’s when Will sees that one bullet is missing. And the only one who could have fired Shawn’s gun was Shawn. Huh. Will didn’t know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck’s in the elevator? Just as Will’s trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck’s cigarette. Will doesn’t know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

The setting is England, 1939, on the eve of war. Nick and his younger sister, Kate, live in a lighthouse on the smallest of the Channel Islands. Nick and Kate come to the aid of their father who is engaged in a desperate war of espionage with German U-boat wolf packs that are circling the islands. The information they provide to Winston Churchill is vital as he tries to warn England of the imminent Nazi invasion. One day Nick discovers an old sea chest, left for him by his ancestor, Captain Nicholas McIver of the Royal Navy. Inside, he finds a time machine and a desperate plea for help from the captain. He uses the machine to return to the year 1805. Captain McIver and, indeed, Admiral Nelson's entire fleet are threatened by the treachery of the French and the mutinous Captain Billy Blood. Nick must reach deep inside, using his wits, courage, and daring to rescue the imperiled British sailors. His sister, Kate, meanwhile, has enlisted the aid of two of England's most brilliant scientific detectives, Lord Hawke and Commander Hobbes, to thwart the invading Nazis. She and Nick must face England's underwater enemies, a challenge made all the more difficult when they discover the existence of Germany's supersecret submarine. In this striking adventure for readers of all ages, Nick must fight ruthless enemies across two different centuries, on land and sea, to help defeat those determined to destroy his home and his family.

echo 3 parents guide: Invisible Girl Mariel Hemingway, Ben Greenman, 2015-04-07 What is it like to be a teen with depressed addicts for parents, a mentally ill sister, and a grandfather who killed himself? In this moving, compelling diary, Mariel Hemingway writes as her teen self to share her pain, heartache, and coping strategies with young readers. "I open my eyes. The room is dark. I hear yelling, smashed plates, and wish it was all a terrible dream." Welcome to Mariel Hemingway's intimate diary of her years as a girl and teen. In this deeply moving, searingly honest young adult

memoir, actress and mental health icon Mariel Hemingway shares in candid detail the story of her troubled childhood in a famous family haunted by depression, alcoholism, mental illness, and suicide. Born just a few months after her grandfather, Ernest Hemingway, shot himself, Mariel's mission as a girl was to escape the desperate cycles of debilitating mental health that had plagued generations of her family. In a voice that speaks to young readers everywhere, she recounts her childhood growing up in a family tortured by alcoholism (both parents), depression (her sister Margaux), suicide (her grandfather and four other members of her family), schizophrenia (her sister Muffet), and cancer (mother). It was all the young Mariel could do to keep her head. She reveals her painful struggle to stay sane as the youngest child in her family, and how she coped with the chaos by becoming OCD and obsessive about her food. Young readers who are sharing a similar painful childhood will see their lives and questions reflected on the pages of her diary—and they may even be inspired to start their own diary to channel their pain. Her voice will speak directly to teens across the world and tell them there is light at the end of the tunnel. • A hugely important subject for millions (around 10% of Americans suffer from depression) of young adults who are perhaps growing up in families with mental illness, suicide, depression, schizophrenia, alcoholism, and depression, or who themselves suffer from it. • Very few memoirs speak directly to YA readers about mental illness, depression, and what it is like growing up in a troubled family. • Mariel Hemingway speaks honestly about her own experiences with depression, eating disorders, and OCD, and how she learned to overcome these issues.
