We were passionate and service-driven folks, except we were not demonstrating this to our kids. We spent so much time trying to be good parents that we forgot to be good people. Something had to change. Two parents challenge one another to find balance between work and family life. Their stories are both uproarious and poignant as they raise children and strive to leave their mark on the wider world. Filled with tender moments and plenty of laughs, Here Be Dragons recounts the adventures of a family trying to stay afloat, and offers a life raft to the rest of us in choppy waters.
