dogs in where the red fern grows: *The Jewel Garden* Monty Don, Sarah Don, Monty Don & Sarah Don, 2012-03-01 'TRULY INSPIRING' Mail on Sunday Now familiar to millions of Gardeners' World fans as Longmeadow (the home of Nigel & Nellie), this is the story of Monty & Sarah Don's early days there. *The Jewel Garden* is the story of the garden that bloomed from the muddy fields around the Dons' Tudor farmhouse, a perfect metaphor for the Monty and Sarah's own rise from the ashes of a spectacular commercial failure in the late '80s. At the same time *The Jewel Garden* is the story of a creative partnership that has weathered the greatest storm, and a testament to the healing powers of the soil. Monty Don has always been candid about the garden's role in helping him to pull back from the abyss of depression; *The Jewel Garden* elaborates on this much further. Written in an optimistic, autobiographical vein, Monty and Sarah's story is truly an exploration of what it means to be a gardener.

dogs in where the red fern grows: *How to Do Nothing* Jenny Odell, 2019-04-23 ** A New York Times Bestseller ** NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: Time • The New Yorker • NPR • GQ • Elle • Vulture • Fortune • Boing Boing • The Irish Times • The New York Public Library • The Brooklyn Public Library A complex, smart and ambitious book that at first reads like a self-help manual, then blossoms into a wide-ranging political manifesto.—Jonah Engel Bromwich, The New York Times Book Review One of President Barack Obama's Favorite Books of 2019 Porchlight's Personal Development & Human Behavior Book of the Year In a world where addictive technology is designed to buy and sell our attention, and our value is determined by our 24/7 data productivity, it can seem impossible to escape. But in this inspiring field guide to dropping out of the attention economy, artist and critic Jenny Odell shows us how we can still win back our lives. Odell sees our attention as the most precious—and overdrawn—resource we have. And we must actively and continuously choose how we use it. We might not spend it on things that capitalism has deemed important ... but once we can start paying a new kind of attention, she writes, we can undertake bolder forms of political action, reimagine humankind's role in the environment, and arrive at more meaningful understandings of happiness and progress. Far from the simple anti-technology screed, or the back-to-nature meditation we read so often, *How to do Nothing* is an action plan for thinking outside of capitalist narratives of efficiency and techno-determinism. Provocative, timely, and utterly persuasive, this book will change how you see your place in our world.

dogs in where the red fern grows: Kill Zone Sgt. Jack Coughlin, Donald A. Davis, 2007-11-13 An American general is captured in the Middle East by terrorists who threaten to behead him within days. One strange fact: moments before he is rendered unconscious during the attack, the general notices that his captors speak American English. What's going on? Gunnery Sgt. Kyle Swanson, a top Marine sniper, is vacationing on a yacht in the Mediterranean when he receives orders to mount a top secret mission to rescue the general. But as the Marines prepare to land in the Syrian desert, they fall victim to a terrible accident. Swanson, the only survivor, then discovers they were also flying into an ambush. How did the enemy have details of a mission known only to a few top American government officials? Swanson takes off across the desert alone to find the captured general and realizes he is fighting a particularly ruthless and dangerous enemy: American mercenaries working for a very-high-level group of U.S. officials with ties to the White House itself, part of a clandestine conspiracy whose hidden goal is nothing less than total control of the American military. Their sworn enemy is the captured general whose fate now rests in Swanson's hands. Filled with the kind of action that author Jack Coughlin lived during his career as a Marine sniper, *Kill Zone* marks the debut of an extraordinary new series.

dogs in where the red fern grows: *In Dogs We Trust* Jacob F. Rivers, Jeffrey Makala, 2019 A grand anthology that celebrates the many sterling virtues of the canine species Dogs have lived with humans for thousands of years as working partners. By the nineteenth century their role expanded to companions. American dog literature reflects this gradual but dramatic shift that continues even today. Our household dogs are quite literally closer than ever to us: sleeping in our beds, getting dressed in Halloween costumes, and serving as emotional support companions. *In Dogs We Trust* is the first comprehensive anthology of American dog literature. It features stories, anecdotes, and poetry that celebrate the many sterling virtues of the canine species. By mining the vast American literary archive of nineteenth and early twentieth-century periodicals, Jacob F. Rivers III and Jeffrey Makala reveal the mystique and magic of the human-canine relationship and what they believe is one of the best connections humans have to the mysteries of the natural world. This grand anthology features a rich harvest of fiction and nonfiction in which the canine heroes and heroines think and act in ways that illuminate their unquestioning loyalty and devotion. By taking dog literature seriously, Rivers and Makala believe we can learn more about our animal companions, ourselves, and our national literature. dogs in where the red fern grows: *The Art of Racing in the Rain* Garth Stein, 2014-09-16 The New York Times bestselling novel from Garth Stein—a heart-wrenching but deeply funny and ultimately uplifting story of a dog's efforts to hold together his family in the face of a divisive custody battle. Enzo knows he is different from other dogs: a philosopher with a nearly human soul (and an obsession with opposable thumbs), he has educated himself by watching television extensively, and by listening very closely to the words of his master, Denny Swift, an up-and-coming race car driver. Through Denny, Enzo has gained tremendous insight into the human condition, and he sees that life, like racing, isn't simply about going fast. Using the techniques needed on the race track, one can successfully navigate all of life's ordeals. On the eve of his death, Enzo takes stock of his life, recalling all that he and his family have been through: the sacrifices Denny has made to succeed professionally; the unexpected loss of Eve, Denny's wife; the three-year battle over their daughter, Zoë, whose maternal grandparents pulled every string to gain custody. In the end, despite what he sees as his own limitations, Enzo comes through heroically to preserve the Swift family, holding in his heart the dream that Denny will become a racing champion with Zoë at his side. Having learned what it takes to be a compassionate and successful person, the wise canine can barely wait until his next lifetime, when he is sure he will return as a man.
