Overview of Fort Sill Basic Training

Fort Sill, located in Lawton, Oklahoma, is a major training base for the United States Army. It is home

to the U.S. Army Field Artillery School and serves as one of the primary locations for basic combat training (BCT). Each year, thousands of new recruits arrive at Fort Sill to begin their journey into military service. The basic training at this installation is designed to transform civilians into disciplined, physically fit, and knowledgeable soldiers. Understanding the basic training schedule and start dates helps recruits and their families plan ahead and manage expectations for this rigorous experience.

2023 Start Dates for Fort Sill Basic Training

Knowing the exact fort sill basic training start dates 2023 is essential for recruits and their loved ones. The Army typically offers several training cycles throughout the year, with new groups of trainees, known as "battalions" or "companies," starting nearly every month. The schedule is structured to accommodate the high volume of recruits entering the Army.

Typical 2023 Basic Training Ship Dates

For 2023, Fort Sill scheduled multiple basic training start dates, generally spread out monthly. While official dates may vary based on Army needs and operational adjustments, most start dates fell within the following pattern:

- January: Early and mid-month start dates
- February: Multiple cycles throughout the month
- March: Early, mid, and late month sessions
- April to June: Regular monthly intakes
- July and August: Higher frequency to accommodate summer enlistments

- September to November: Consistent monthly start dates
- December: Limited cycles due to holidays

Recruits receive official notification of their ship date from their local recruiter. These dates coincide with the Army's national training calendar and are coordinated to ensure smooth logistical support at Fort Sill. If you are awaiting a 2023 start date, it is crucial to stay in contact with your recruiter for final confirmation.

Factors Influencing Start Date Assignments

Several factors influence when a recruit will start basic training at Fort Sill. These can include the Army's training capacity, the availability of instructors, MOS (Military Occupational Specialty) assignments, and any personal considerations or delays such as medical processing. Flexibility and communication with your recruiter are important for staying informed about any changes or updates to your scheduled ship date.

Phases of Basic Training at Fort Sill

Understanding the structure of basic training helps recruits mentally and physically prepare for what lies ahead. Fort Sill's basic training program is divided into distinct phases, each designed to build upon the last and ensure the comprehensive development of every new soldier.

Red Phase (Weeks 1–3)

The Red Phase is the introduction to military life. During these weeks, recruits learn Army values, basic drill and ceremony, and begin physical conditioning. This phase focuses on discipline, teamwork, and adapting to a structured environment.

White Phase (Weeks 4–6)

The White Phase emphasizes weapons training, marksmanship, and continued physical development. Recruits spend significant time on the firing range and begin practicing field exercises that build confidence and tactical skills.

Blue Phase (Weeks 7–10)

The Blue Phase is the culmination of basic training. Recruits apply all the skills they have learned in realistic field training exercises, obstacle courses, and final fitness tests. Graduation typically occurs at the end of this phase, marking the transition from trainee to soldier.

Preparing for Your Ship Date

Preparation is critical for success at Fort Sill basic training. Knowing your 2023 start date gives you a timeline to get ready physically, mentally, and logistically. Proper preparation helps reduce stress and ensures recruits arrive ready to meet the Army's expectations.

Physical and Mental Preparation

Recruits are encouraged to begin a physical fitness regimen before shipping to Fort Sill. This includes

running, push-ups, sit-ups, and other exercises that mirror the Army's fitness standards. Mental preparation is equally important; understanding the challenges ahead and committing to a positive mindset can make a significant difference in adapting to the demands of basic training.

What to Pack for Basic Training

Packing correctly for basic training is essential. The Army will provide most necessary items, but recruits are allowed to bring personal essentials and required documents. Here is a list of recommended items:

- Government-issued identification cards
- Social Security card and banking information
- Basic toiletries (toothbrush, toothpaste, soap)
- Small amount of cash
- Sturdy, plain underwear and socks
- Prescription medications (if needed)
- Pre-addressed envelopes for writing home

Avoid bringing unnecessary electronics, expensive jewelry, or large amounts of cash. Your recruiter will provide a detailed packing list prior to your ship date.

What to Expect During Your First Weeks

The initial days at Fort Sill basic training can be intense and overwhelming. Recruits are quickly immersed in a highly structured environment. The first week—known as Reception—focuses on administrative processing, medical screenings, and uniform issue.

Day-to-Day Routine

After Reception, recruits begin their daily training schedules, which typically start early in the morning and continue until the evening. Days are filled with physical training, classroom instruction, weapons practice, and teamwork-building exercises. The Army places a strong emphasis on discipline, punctuality, and respect for leadership throughout every aspect of training.

Support and Communication

Communication with family is limited during the early stages of basic training. Recruits may have brief opportunities to write letters or make phone calls. Families are encouraged to send supportive letters, as positive encouragement can boost morale. Graduation ceremonies provide an opportunity for families to reunite and celebrate the accomplishments of their loved ones.

FAQs About Fort Sill Basic Training Start Dates 2023

As basic training is a major milestone, future soldiers and their families often have several questions about fort sill basic training start dates 2023. Below are answers to common concerns and inquiries.

Q: When were the main Fort Sill basic training start dates in 2023?

A: The main start dates for Fort Sill basic training in 2023 were scheduled throughout the year, with new cycles beginning nearly every month, especially during summer to accommodate higher enlistment rates.

Q: How do I confirm my exact basic training ship date for Fort Sill?

A: Recruits receive their official ship dates from their Army recruiter. It is important to stay in regular contact with your recruiter for updates and final confirmation.

Q: What happens if my start date changes?

A: Occasionally, start dates may change due to Army needs or administrative reasons. Your recruiter will notify you of any updates or adjustments to your schedule.

Q: Can families attend graduation at Fort Sill?

A: Yes, families are typically invited to attend graduation ceremonies at Fort Sill. Dates and details are provided closer to the end of training.

Q: What should I bring with me to basic training at Fort Sill?

A: Bring personal identification, required documents, basic toiletries, a small amount of cash, and minimal personal items. Avoid electronics and valuables.

Q: How long is basic training at Fort Sill?

A: Basic training at Fort Sill generally lasts about 10 weeks, divided into three main phases: Red, White, and Blue.

Q: Will I know my training company before I arrive?

A: Assignment to a specific company often occurs upon arrival at Fort Sill during Reception, though your recruiter may provide preliminary information.

Q: Is there a way to track my progress during basic training?

A: Progress is monitored by training cadre, and recruits receive regular feedback. Families can stay updated through letters and occasional phone calls.

Q: Can I request a specific start date for basic training?

A: Start dates are typically assigned based on Army needs, but recruiters may work with you to accommodate special circumstances if possible.

Q: What is the best way to prepare for fort sill basic training start dates 2023?

A: Preparing physically, mentally, and logistically before your ship date ensures you arrive at Fort Sill ready to succeed in all aspects of basic training.

Fort Sill Basic Training Start Dates 2023: Your Comprehensive Guide

Planning your journey into the U.S. Army? Knowing the Fort Sill basic training start dates for 2023 is crucial for your preparation and timely enlistment. This comprehensive guide provides you with everything you need to know about finding those crucial dates, understanding the process, and ensuring a smooth transition into your military career. We'll break down how to find the information you need, what to expect during the process, and answer frequently asked questions to alleviate any anxieties you might have.

Finding Fort Sill Basic Training Start Dates for 2023

Locating the precise Fort Sill basic training start dates for 2023 requires a strategic approach. Unlike some publically available calendars, this information is often managed internally by the Army's recruitment system. This is because class sizes and training schedules are subject to change based on various factors, including personnel needs and resource availability.

1. **Your Recruiter is Your Best Resource:** Your assigned Army recruiter is the single most reliable source for this information. They have access to the most up-to-date scheduling data and can provide personalized guidance based on your specific circumstances. Don't hesitate to contact your recruiter frequently; scheduling changes can happen.
2. **The Official Army Website:** While not always explicitly listing specific dates, the official U.S. Army website (goarmy.com) offers valuable information about the basic training process at Fort Sill and the general timelines involved. This can help you understand the overall timeframe and manage your expectations.
3. **Military Forums and Communities:** Online forums and communities dedicated to the Army can offer insights from individuals who have recently gone through basic training at Fort Sill. While not an official source, these forums can provide anecdotal evidence and potential timelines. Always verify information found in these communities with your recruiter.

Understanding the Basic Training Process at Fort Sill

Fort Sill, located in Lawton, Oklahoma, is home to several Army branches, primarily the Field Artillery and Air Defense Artillery. Basic Combat Training (BCT) at Fort Sill is rigorous and demanding, designed to transform recruits into disciplined and capable soldiers. Understanding the structure of this training is crucial for mental preparedness.

1. **Arrival and In-Processing:** Upon arrival, you'll undergo in-processing, which involves medical screenings, administrative paperwork, and the issuance of initial equipment.

2. Initial Entry Training (IET): This phase focuses on foundational military skills, including physical training, weapons training, drill and ceremony, and basic soldiering skills.
3. Advanced Individual Training (AIT): After completing BCT, many soldiers proceed to AIT, which is specialized training specific to their chosen military occupational specialty (MOS). The length and location of AIT vary depending on the chosen MOS.
4. Graduation and Assignment: Once AIT is completed, soldiers are assigned to their first duty station.

Factors Affecting Fort Sill Basic Training Start Dates

Several factors influence the availability of specific training start dates at Fort Sill:

1. Seasonal Variations: The Army may adjust training schedules based on weather conditions, especially during extreme temperatures.
2. Resource Availability: Training slots are dependent on the availability of instructors, facilities, and equipment.
3. Personnel Needs: The Army's operational requirements influence training schedules to ensure a consistent flow of trained soldiers to units worldwide.

Tips for a Successful Basic Training Experience at Fort Sill

Preparing for basic training at Fort Sill requires physical and mental readiness. Consider these tips:

1. Physical Fitness: Begin a rigorous physical fitness program well in advance of your scheduled start date. This includes cardiovascular endurance, strength training, and flexibility exercises.
2. Mental Preparation: Basic training is mentally demanding. Develop strategies for managing stress and maintaining a positive attitude.
3. Communication: Maintain open communication with your recruiter, family, and friends. Let them know your progress and any concerns you may have.

Conclusion

Securing your spot in basic training at Fort Sill requires diligent effort and proactive communication with your recruiter. While precise start dates aren't always publicly accessible, understanding the process, utilizing the available resources, and maintaining consistent communication will greatly assist in your journey to becoming a soldier. Remember, your recruiter is your best ally in navigating this process. Prepare well, stay focused, and embrace the challenges ahead.

Frequently Asked Questions (FAQs)

1. Can I choose my Fort Sill basic training start date? While you can express preferences, the final decision rests with the Army based on available slots and your qualification.
2. How long is basic training at Fort Sill? The length of basic training at Fort Sill varies slightly depending on your MOS, but it typically lasts around 8-10 weeks.
3. What should I pack for Fort Sill basic training? Your recruiter will provide a detailed packing list. Generally, focus on basic, functional items; you'll receive most of your equipment at the base.
4. Can I contact my family during basic training? You will have limited opportunities for communication, usually phone calls or emails on designated days and times.
5. What if I need to reschedule my Fort Sill basic training start date? Contact your recruiter immediately to discuss rescheduling options. Be prepared to provide a valid reason for the request.

fort sill basic training start dates 2023: TRADOC Pamphlet TP 600-4 The Soldier's Blue Book United States Government Us Army, 2019-12-14 This manual, TRADOC Pamphlet TP 600-4 The Soldier's Blue Book: The Guide for Initial Entry Soldiers August 2019, is the guide for all Initial Entry Training (IET) Soldiers who join our Army Profession. The pamphlet introduces Soldiers to the Army Ethic, Values, Culture of Trust, History, Organizations, and Training. It provides information on pay, leave, Thrift Saving Plans (TSPs), and organizations that will be available to assist you and your Families. The Soldier's Blue Book is mandated reading and will be maintained and available during BCT/OSUT and AIT. This pamphlet applies to all active Army, U.S. Army Reserve, and the Army National Guard enlisted IET conducted at service schools, Army Training Centers, and other training activities under the control of Headquarters, TRADOC.

fort sill basic training start dates 2023: *Making the Corps* Thomas E. Ricks, 1998 Inside the marine corps and what it takes to become One of the few, the proud, the Marines.

fort sill basic training start dates 2023: Point of the Spear Eduardo Infante Antonio, 2023-07-20 Why I wrote this Book I became interested in writing about the Vietnam War from my own perspective when I saw TV documentaries showing marines and some army soldiers indiscriminately burning Vietnamese thatched houses, destroying livestock and capturing old men, women and children. Those documentaries give a negative impression to the American public, that all American soldiers did that. This book is to tell the readers from my own personal combat experiences, that there were American soldiers and ARVN Rangers who fought and died courageously against the Viet Cong guerillas and North Vietnamese Army soldiers without harming old men, women or children. On my tour of duty from 1966 to 1967, my recon platoon, my 4th/12th Battalion, my 199th Brigade and the gallant South Vietnamese Black Panther Rangers that fought

and died beside us, did not burn any thatched houses or shoot any innocent civilians.

fort sill basic training start dates 2023: Legacy of the Mat Jim Hazewinkel, 2023-09-06
Legacy of the Mat is a collection of stories from the Athletic and Coaching careers of twin brothers Jim and Dave Hazewinkel, two-time Olympic wrestlers. For years they have shared these stories with family and friends, and now they share them with you. Read the inspiring stories of these athletes as they smuggle Bibles across the Iron Curtain, coach the West Point Cadets, and witness the 1972 Munich Massacre. Ride along in the plane that almost didn't fly, and discover how laughter really is the best medicine.

fort sill basic training start dates 2023: Upon the Altar of Freedom Jill Smith, Terry Smith, Richard Salcido, 2023-10-02 Heart-gripping accounts from family, friends, and military brethren show that the battle seldom ends when veterans come home. The physical and psychological scars mar them for life, a permanent bane that they endure for our peace and safety. Such scenarios have occurred countless times throughout our country's history to defend the red, white, and blue. Remarkably, most would do it all over again if needed. Despite PTSD, one such veteran, Jeremy Smith, continues to deeply touch the lives of those around him. Upon the Altar of Freedom shares the soul-touching quest of Jeremy and his family as they endeavor to ensure that he lives the American dream for which he fought valiantly, despite his torments. Marvel as you read how they silently embrace suffering so that we can enjoy freedom and liberty.

fort sill basic training start dates 2023: from Baja to Baghdad and back to the Barracks Maria Gastelum, 2023-02-09 This book is based on a true story about a Christian female medic who served during Operation Iraqi Freedom. The author begins her story with humble beginnings. She emigrated from Mexico with her family to the US. Maria, learned to speak and read English on her own because during that time, she wasn't afforded English as second language in the public school system. Her fate is to experience several adversities; and in the midst of her circumstances, she walks with God. During her enrollment to Bible college, she runs away from her prophetic calling to join the US Army, her lifelong dream. During her deployment to Iraq, she runs into her calling and completes a mission that God had prepared her for.

fort sill basic training start dates 2023: *Army Officer's Guide*, 2023-10-17 The Army Officer's Guide is the crown jewel of Stackpole's military reference line. First published in 1930, this guide has been continuously revised since then and has become the gold-standard reference for the U.S. Army's officer corps, especially the new second lieutenants commissioned into the army out of West Point and ROTC programs. This edition has been thoroughly revised and updated with the latest information on leadership, training, military justice, promotions, benefits, counseling soldiers, physical fitness, regulations, and much more—everything the officer needs to know in order to do his job well, to advance his career, to navigate the military, and to guide his soldiers on and off the battlefield. Topics include How to train, lead, and counsel troops effectively Tips on how to move along your career as an NCO by continuing education, training, and professional development Information about all the regulations NCOs need to be aware of in carrying out their jobs And much, much more . . . Stackpole has been guiding military officers and soldiers for more than 80 years. Our guides still offer the best advice in the business—better than any other book, better than the internet.

fort sill basic training start dates 2023: *Outnumbered 20-1* William P. Collier, 2023-01-03 Outnumbered 20 to 1 story is a force that transcends ages. Through the development of humankind's culture, the holy vessel of story has exerted a power that defines generations. A good story has the ability to entertain; a great story has the ability to inspire. But a story like Outnumbered 20 to 1 possesses the ability to transform, and so much more. Now retired, Colonel Bill Collier fought firsthand through the devastation and brutality of the Vietnam war. And like many of his fellow soldiers that returned home, he kept many of the stories of his experiences to himself. However, there is one story that Collier knew must be shared in his lifetime. This is the story of his harrowing experience at The Battle of Mo Duc — one of Vietnam's final battles leading up to the signing of a peace agreement that would conclude the war. The Battle of Mo Duc follows then-Major

Bill Collier and his team into a hopelessly unwinnable situation with all of the odds stacked against them. Yet even as they stared down their seemingly certain defeat, Collier and his men persevered to victory through what can only be described as the grace of God Himself. Outnumbered 20 to 1 is a one-of-a-kind war story and so much more. It's a recounting of a remarkable life experience that occurs even less frequently than once in a lifetime. Collier's story is not only a story of perseverance and heroism but of our communion with the divine fabric of existence itself.

fort sill basic training start dates 2023: SEX, DRUGS, ROCK and WAR: The Boomer Generation Daniel Muller, 2023-05-10 We have all heard the nicknames for the current generations in the news. Besides the 'Silent Generation' (a.k.a. The Greatest Generation) born before 1946, there are Baby Boomers, Generation X, Generation Y (also known as the Millennials), and Generation Z. In the past few years, there has been an increasing amount of coverage and discussion about the growing frustration between these generations. Some call it a generational war. Much of the debate has to do with the Boomer generation, with younger generations claiming various failures of this generation to provide a world or country that is sustainable and affordable. TV shows, podcasts, newspaper and magazine articles, movies, and social media have increasingly begun analysis and discussion about this war. It is a hot topic and, unfortunately, becoming more emotional. Most of the analysis and coverage has to do with emerging information about each generation, such as wealth accumulation, party affiliation, changing opinions, habits, values and relationships. Facts and surveys abound, discussing all of these aspects of the generations, and more. But we all innately understand that generalizations and summaries about the generations can be dangerous, and can only tell a part of the story. What is the answer to this generational conflict that is beginning to stress friendships, acquaintances, and even families? How can we diffuse the emotion and get to positive solutions that will help heal the divide? Daniel Muller attempts to understand this growing generational conflict at a more micro level, namely by documenting and sharing the individual life stories of a somewhat random collection of 'everyday' Baby Boomers. Besides their life stories, he relates their opinions about a series of hot topics today, all in an attempt to better understand what linkages may exist between their environment, families, early and mid-life years, and how they think and behave today. 'SEX, DRUGS, ROCK and WAR: The Boomer Generation' is an enjoyable collection of very diverse life stories. In addition, Muller shares a fascinating analysis of Boomer values and opinions, and hypothesizes about the underlying potential causes of the growing conflict between generations. Finally, he shares his suggestions to calm the generational wars.

fort sill basic training start dates 2023: Derricks' Bridgehead Lt. Col. Major Clark, 2023-08-31 Vivid, first-hand account of a unique and significant World War II all-black U.S. Army unit—the 597th Field Artillery Battalion, 92nd Division. The 597th Field Artillery Battalion, 92nd Division, was the first, last, and only all-black officered direct support field artillery battalion committed to combat in the history of the U.S. Army. It was the first all-black unit in a combat division and, together with the 600th Field Artillery Battalion, constituted the only all-black units in any combat division. Alongside impressive achievements on the battlefield in Italy in 1944-45, the unit provided more key command and staff positions exclusively for black field artillery officers than any other U.S. Army unit in combat, giving combat training and experience to more senior black field artillery officers than any of the other 16 black field artillery battalions during World War II. Colonel Wendell Derricks worked to shelter his troops from the worst of the racism exhibited during the war and, due to his ability to envision an integrated postwar army, he provided unique leadership opportunities for his senior officers. The alumni of the 597th Field Artillery Battalion have an impressive record of success, many of them were inducted into the Field Artillery Hall of Fame; some served at the Pentagon, including Lieutenant Colonel Clark; and others forged successful careers in the civilian world.

fort sill basic training start dates 2023: Commanding Professionalism William Stuart Nance, 2023-10-03 When one thinks of influential World War II military figures, five-star generals such as Dwight D. Eisenhower and Omar Bradley instantly come to mind. As important as these central figures were to the Second World War, the conflict produced equally effective lower-profile leaders

whose influence had an undeniable impact. Among these leaders are William Simpson, commander of the US Ninth Army, and James Moore, his chief of staff. Working in tandem, the pair helmed a unit that gained recognition as uncommonly normal, an affectionate designation driven by their steadfast professionalism in all endeavors. It was their unobtrusive leadership style that relegated these career military men to the footnotes of military history. Commanding Professionalism: Simpson, Moore, and the Ninth US Army corrects this historical oversight by examining the achievements of these overlooked heroes. Focusing on Simpson and Moore's careers from 1940 through the end of World War II, author William Stuart Nance recounts the pair's working relationship. Together, they successfully maneuvered through the squabbling of the American and British forces and developed an army admired for its consistency of conduct and military prowess, capable of resisting the complex external and political machinations of the time. Simpson and Moore's unflinching devotion to the greater good and their steady handle on the dynamics of command/staff relationships proved essential to the war effort and its ultimate success. Their example, Nance argues, remains aspirational and worthy of emulation in the military command structure of today.

fort sill basic training start dates 2023: Global Mission Henry Harley Arnold, 2023-07-06 Global Mission is General "Hap" Arnold's personal story of his life and military career and a history of American military aviation with particular emphasis on World War II. "For twenty years prior to World War II General Arnold was a tireless and effective evangelist for American air power. No other foresaw more clearly than he the revolutionary impact of the airplane upon the methods and conduct of war. Hap Arnold performed still another public duty in recording for us the results and the conclusions of his lifetime experiences. Whatever he has to say about air power deserves the close attention of all his fellow citizens." — General Dwight D. Eisenhower, US Army "The compellingly interesting autobiography of a great soldier-statesman and one of the finest presentations I have ever seen of the history of American military aviation." — Lieutenant General James H. Doolittle, US Air Force "[T]his book is more than the chronicle of a flier's life; it is in a sense a saga of United States air power, and particularly a top-level picture of the United States Army Air Force in World War II... Global Mission will take an important place in the growing library of war books... a delightful book; it brings out so strongly the lovable personality of "Hap" Arnold. It is an important book... these reminiscences are a monument to him." — Hanson W. Baldwin, The New York Times "[An] interesting and important book" — Robert Gale Woolbert, Foreign Affairs "There are many groups of people who will profit by a careful reading of Global Mission. As General Bradley well said in a recent letter to me, 'It is "must" reading for the young military men of today who will have to be the Marshalls and Arnolds and Kings in any future emergency.' The thinking people of the United States will make wiser decisions in the selection of their leaders, both military and civil, if they have read Global Mission. They will understand more clearly the frightful errors which have been made in the past and their cost in blood and treasure... Any who are tempted to be pacifists or isolationists in the future had better read Global Mission to learn the implications which can flow from false doctrines. The historian who has the difficult job of painting the true picture of the Second World War needs to read Global Mission for background. Here alone will he find some of the missing pieces in his puzzle... by any yardstick, [Global Mission] is worthy reading for any American." — Lieutenant General Ira C. Eaker, USAF (Ret.), Air University Quarterly Review "[General Arnold's] book is a very important contribution to the history of the Second World War; one reads it with passionate interest from start to finish. It is written in a lively way and also with that frankness, that outspokenness, which always surprises French people from the pen of such a high authority. It is also extremely revealing about the American character." — René Jouan, Revue d'histoire de la Deuxième Guerre mondiale "[This] book will be of enduring value." — Ordnance

fort sill basic training start dates 2023: Re-Making the American Dream: Change from Values David Vaught, 2023-01-30 WHAT HAPPENS? When the Values of Duty, Honor, Country clash at West Point with the religious teachings of the Liberty Baptist Church in Burnt Prairie . . . Join us on this journey in the Vietnam War era when the author was confronted by Colonel Al Haig, soon to

join President Nixon's White House and later to serve as President Reagan's Secretary of State, . . . And Admiral Moorer, Chairman of the Joint Chiefs of Staff, in a federal courtroom. . . Waging a vigorous official defense of compulsory chapel, while the author stood up for freedom of religion under the First Amendment, Despite them all having sworn to uphold and defend the Constitution of the United States . . . In such a clash and its aftermath, the answer . . . The American Dream is Re-Made. The author updates this clash in the 1960's with more recent clashes of values: In the closing days of the term of Illinois Governor Dan Walker; Against the Illinois political establishment and legal system in the fight to expand the initiative power of Illinois voters; On two different elected school boards, where some put their own interest ahead of students; In the controversies over restoring fiscal balance in the Illinois budget during the administration of Governor Pat Quinn; and In his entrepreneurial endeavors on behalf of investment clients. Such clashes demonstrate the enduring influence of grassroots Americans in upholding and improving the American Dream.

fort sill basic training start dates 2023: Brothers Bruce Richardson, 2023-11-10 The world struggles to find peace. Two old guys discovered the answer. Fifty years after they fought in Vietnam, they worked it out. They grew up together and went to the same schools, yet they had never met. They served in the army together, were both shot down in helicopters, and lost some of their best friends in combat, but they had to wait to meet. The answer was not in combat, military training, or book learning. They were tough soldiers who were trained to kill. Ray was a helicopter pilot flying some of the army's most advanced killing machines. Bruce was an airborne ranger who deployed the army's artillery with precision. They did their jobs well. Ray and Bruce needed to find an answer to the world's struggle. They did. See if you agree.

fort sill basic training start dates 2023: Mel Brooks Jeremy Dauber, 2023-01-01 A spirited dive into the life and career of a performer, writer, and director who dominated twentieth-century American comedy Mel Brooks, born Melvin Kaminsky in Brooklyn in 1926, is one of the great comic voices of the twentieth century. Having won almost every entertainment award there is, Brooks has straddled the line between outsider and insider, obedient and rebellious, throughout his career, making out-of-bounds comedy the American mainstream. Jeremy Dauber argues that throughout Brooks's extensive body of work--from *Your Show of Shows* to *Blazing Saddles* to *Young Frankenstein* to *Spaceballs*--the comedian has seen the most success when he found a balance between his unflagging, subversive, manic energy and the constraints imposed by comedic partners, the Hollywood system, and American cultural mores. Dauber also explores how Brooks's American Jewish humor went from being solely for niche audiences to an essential part of the American mainstream, paving the way for generations of Jewish (and other) comedians to come.

fort sill basic training start dates 2023: The United States in World War I James T. Controvich, 2023-05-08 With the centennial of the First World War rapidly approaching, historian and bibliographer James T. Controvich offers in *The United States in World War I: A Bibliographic Guide* the most comprehensive, up-to-date reference bibliography yet published. Organized by subject, this bibliography includes the full range of sources: vintage publications of the time, books, pamphlets, periodical titles, theses, dissertations, and archival sources held by federal and state organizations, as well as those in public and private hands, including historical societies and museums. As Controvich's bibliographic accounting makes clear, there were many facets of World War I that remain virtually unknown to this day. Throughout, Controvich's bibliography tracks the primary sources that tell each of these stories—and many others besides—during this tense period in American history. Each entry lists the author, title, place of publication, publisher, date of publication, and page count as well as descriptive information concerning illustrations, plates, ports, maps, diagrams, and plans. The armed forces section carries additional information on rosters, awards, citations, and killed and wounded in action lists. *The United States in World War I: A Bibliographic Guide* is an ideal research tool for students and scholars of World War I and American history.

fort sill basic training start dates 2023: With My Shield James Lechner, 2023-09-14 This is the inside story of an Army Ranger, surrounded and outnumbered, fighting a desperate action on the

ground during the Black Hawk Down raid in Somalia in 1993. In 1993 Lieutenant James Lechner, a member of the 3rd Ranger Battalion, was selected for a top secret special operations task force being sent to Mogadishu, Somalia, to capture the insurgent leader Mohamed Farah Aideed. In early October, after weeks on the ground and conducting a number of raids in the city, the Task Force is called upon to conduct a daring daylight mission into the heart of Aideed's territory. During the raid, following the initial dangerous fast rope insertion and subsequent capture of a group of Aideed's lieutenants, one of the Task Force Black Hawk helicopters is shot down and Lechner and his comrades are soon caught up in the fiercest combat involving US forces since the Vietnam War. In the middle of the hostile city, deep in the enemy's stronghold, the small group of Rangers and special operators now find themselves fighting not only to rescue the downed helicopter's crewmen, but also to save their own lives. This first-hand account tells the story of how these elite warriors were able to stand together and prevail against incredible odds. It gives the reader the perspective of an Army Ranger fighting on the ground, combined with professional military analysis, in a groundbreaking book that tells the complete story with never-before-revealed details.

fort sill basic training start dates 2023: Battlefield and Classroom Richard Henry Pratt, 2023-02-10 General Richard Henry Pratt, best known as the founder and longtime superintendent of the influential Carlisle Indian School in Pennsylvania, profoundly shaped Indian education and federal Indian policy at the turn of the twentieth century. Pratt's long and active military career included eight years of service as an army field officer on the western frontier. During that time he participated in some of the signal conflicts with Indians of the southern plains, including the Washita campaign of 1868-1869 and the Red River War of 1874-1875. He then served as jailor for many of the Indians who surrendered. His experiences led him to dedicate himself to Indian education, and from 1879 to 1904, still on active military duty, he directed the Carlisle school, believing that the only way to save Indians from extinction was to remove Indian youth to nonreservation settings and there inculcate in them what he considered civilized ways. Pratt's memoirs, edited by Robert M. Utley and with a new foreword by David Wallace Adams, offer insight into and understanding of what are now highly controversial turn-of-the-century Indian education policies.

fort sill basic training start dates 2023: Immigrant Soldier George J Raunam, 2023-10-25 About the Book Immigrant Soldier is the story of one immigrant's struggle from undergoing Soviet bombings in Tallinn, Estonia, to the devastation of the Dresden, Germany bombing in 1944 by the Allies. Then the uncertain years of living in a displaced persons camp after World War II in Germany. Born in Tartu, Estonia at the start of World War II in 1937, Raunam describes the struggle to understand the reason for all the random death and the fear of the unknown and for losing everything, almost. He finds a new life in America and military service as well as new meaning in friends, love, fun, and the sheer joy of working for a country that he chose. He enlists as a private in the National Guard at age seventeen, then serves in combat, is decorated with a Silver Star and retires as a lieutenant colonel, aide de camp to General of the Army Omar N Bradley. His lifelong desire to find his family takes on a new meaning with the fall of the Iron Curtain. The odyssey takes six trips to Germany, Estonia, and Russia to locate family members who did not know the status of each other's survival after World War II. He discovers the feeling of unbelievable joy to find out that one has a brother and sister and the celebration of finding each other. About the Author George J Raunam lives in Texas. He has five children, fifteen grandchildren, and two great grandchildren. He sees his family frequently and has hosted European family members in California and Texas to share their love for America. This is his first book about how to find lost family members and the Immigrant Spirit.

fort sill basic training start dates 2023: Sleep in the Military Wendy M. Troxel, 2015-04-30 Sleep problems can have long-term consequences for servicemembers' health and for force readiness and resiliency. This first-ever comprehensive review of sleep-related policies and programs led to recommendations for improving sleep across the force.

fort sill basic training start dates 2023: Bazooka Charlie James P. Busha, Carol Apacki, 2023-05-28 Major Charles Carpenter made headlines during the Second World War when he affixed

six bazookas to his tiny Piper L-4 observation plane and began attacking German tanks. “Bazooka Charlie” and his plane “Rosie the Rocketeer” were profiled in a variety of military and civilian publications, including the iconic Stars & Stripes. The major was a high school educator in the civilian world, teaching history and coaching football. In 1945, the dashing pilot was forced out of the cockpit and into a hospital bed by Hodgkin’s lymphoma, which was discovered in his neck. In addition to the enemy and terminal cancer, Carpenter also battled cynicism and guilt, particularly in regard to the state of his marriage, which was on the brink of failure by the time he returned home from Europe. Charles Carpenter died in 1966, having resumed his career, salvaged his marriage, and long outlived the timeline afforded him by his doctors in the initial prognosis. This revealing biography of the famous pilot was made possible through the collaboration of noted aviation author and magazine editor Jim Busha, and Carpenter’s daughter, Carol Apacki. Along with memories of her father in his postwar years, Carol provided a treasure trove of wartime correspondence between Charles and his wife, Elda Carpenter.

fort sill basic training start dates 2023: The Making of a Bonus Baby Michelle L. Kuykendall, 2023-02-05 Throughout this book you will be told a story about a very special man. His life was an extraordinary one because he suffered a potentially fatal accident, but conquered. He achieved as much as he possibly could without the use of his hands and when he had no more to give of himself, he then created and gave the world Major League Baseball's first Black Bonus Baby. This book is written from actual experiences and a wealth of material from 1919 through 2020. The pictures, letters, stories and excerpts from speeches and newspaper articles have been included in hopes that you, the reader, might be motivated to NEVER GIVE UP.

fort sill basic training start dates 2023: Rage on the Field Bob West, 2023-07-14 During a match in Colville, Washington, official Bob West was head-butted by a high school wrestler in 1996 and knocked unconscious. This incident, captured on tape, has been aired on every major network, been discussed on numerous talk shows, and is still used today to portray the decline in sportsmanship at every level of sports. *Rage on the Field* chronicles West’s boyhood ambitions to become a sports official, the politics involved in his rise to the top, and the vicious assault that ultimately ended his officiating career. West discusses the assault and the issues surrounding sportsmanship today across all levels and types of sport. West’s passionate story reveals never-before-seen aspects of sports officiating and speaks to the issues underlying the continuing problem of poor sportsmanship in today’s society.

fort sill basic training start dates 2023: No Sacrifice Too Great Gregory Fontenot, 2023-06-21 The U.S. 1st Infantry Division (1st ID), familiarly known as the Big Red One, adapted to dynamic battlefield conditions throughout the course of its deployment during World War II by innovating and altering behavior, including tactics, techniques, and procedures. Both the Division’s leaders and soldiers accomplished this by thinking critically about their experiences in combat and wasting little time in putting lessons learned to good use. Simply put, they learned on the job—in battle and after battle—and did so quickly. In telling the Division’s WWII story, which includes an extensive photographic essay featuring many previously unpublished images, Gregory Fontenot includes the stories of individual members of the Big Red One, from high-ranking officers to enlisted men fresh off the streets of Brooklyn, both during and after the conflict. Colonel Fontenot’s rare ability to combine expert analysis with compelling narrative history makes *No Sacrifice Too Great* an absorbing read for anyone interested in the military history of the United States.

fort sill basic training start dates 2023: Preventing and Treating the Invisible Wounds of War Justin T. McDaniel, Evan R. Seamone, Stephen N. Xenakis, 2023 This volume provides several perspectives that help practitioners, advocates, and policymakers understand the impact of historical and recent wars on U.S. Military veterans. The chapters address newly recognized psychological conditions as risk factors for more serious diagnosable mental health disorders.

fort sill basic training start dates 2023: Migrant World Making Sergio F Juárez, Julia Khrebtan-Hörhager, Michael Lechuga, Arthur Soto-Vásquez, 2023-12-01 For most migrants, developing communication strategies in host countries is vital for finding social connections, navigating the pressures of assimilation, and maintaining links to their original cultures. Migrant World Making explores this process of constructing a homeplace by creating a network of communication tools and strategies to connect with multiple communities. Since what it means to be a migrant differs from person to person, the contributors to this edited collection showcase numerous practices migrants adopt to communicate and connect with others as they forge their own identities in globalized yet highly nationalistic societies. With varying aspirations and motives for seeking new homes, migrants build communities by telling stories, engaging in social media activism, protesting, writing scholarly criticism, and using many other modes of communication. To match this variety, the transnational scholars represented here use a wide array of rhetorical, cultural, and communication methodologies and epistemologies to describe what the experience of migration means to those who have lived it.

fort sill basic training start dates 2023: Holding the Line in I Corps: Nathaniel R. Helms, 2023-03-09 It is late January 1968 when the first three incoming rounds hit Con Thien. It is undeniably the most terrifying event the rookie US Army soldiers have ever endured. Their doggie platoon sergeant, Walter Walling, who does not tolerate disrespect up or down, does his best to calm his troops. But with a North Vietnamese Army who likes laying in a few rounds and forcing the enemy to run, his job serving on the DMZ is a challenging one. As Sergeant Walling and his men, all from varying backgrounds and parts of the United States, do their best to learn an unfamiliar terrain and prepare for battle, the young American fighting men must bravely face the possibility of death while serving their country. But as a fight for power soon reveals the horrors of war in all its glory, one thing becomes certain: none of the men will return home the same as they were before. In this military story based on true events, a group of American soldiers find themselves at the end of a divided line between North and South Vietnam during 1968 and 1969.

fort sill basic training start dates 2023: Flinders Aluminum Fabrication Corporation V. Mismo Fire Insurance Company Rebecca Sitterly, Laurence M. Rose, Frank D. Rothschild, 2023-01-05 When the Flinders Aluminum Fabrication Corporation burns to the ground, killing George Avery, suspicion falls on CEO Arthur Jackson. In fact, Mismo Fire Insurance Company is so certain that the fire was deliberately set that it has denied the insurance claim. Jackson, the sole stockholder in the financially troubled corporation, has filed a civil action to recover damages against Mismo for the denied claim. Mismo asserts that Jackson conspired with others to burn the plant in order to fraudulently collect the insurance policy. Did we mention that the deceased Avery is a suspected "torch," implicated in the burning of two other commercial buildings in Nita City? That reputation isn't helping Jackson's case, but he claims he hired Avery, a talented designer, to help him modernize the Flinders plant. The intrigue grows when it is revealed that one of the witnesses against Jackson has a serious axe to grind that could be clouding her vision. This entertaining file presents a well-balanced case that can be also tried as a condensed or an advanced experience. New to the Eleventh Edition: Electronic media exhibits Sparky the arson dog New financial parameters Professors and students will benefit from: Video depositions The flexibility to use this file as either a brief or an extended exercise Experiential learning opportunities Impeachment exercises

fort sill basic training start dates 2023: State V. Jackson Laurence M. Rose, Frank D. Rothschild, Rebecca Sitterly, 2023-01-05 The State of NITA has charged Arthur Jackson and his assistant, Sonia Peterson, with commercial arson. Prosecutors allege that the two conspired with George Avery to burn down the Flinders Aluminum Fabrication factory. The original trial resulted in a hung jury, after which Sonia Peterson pled guilty to conspiracy to commit a felony and agreed to testify against Arthur Jackson. Jackson maintains his innocence. Avery cannot testify because he died in the fire. There are four witnesses for both the State and the defense. Videos of the fire,

deposition statements, and a PowerPoint presentation are available as free downloads. A companion civil case file, *Flinders v. Mismo*, involves Jackson suing to recover from the company that insured the plant. New to the Eleventh Edition: Electronic media exhibits Sparky the arson dog New financial parameters Professors and students will benefit from: Video depositions The flexibility to use this file as either a brief or an extended exercise Experiential learning opportunities Impeachment exercises

fort sill basic training start dates 2023: A Spirit of Service John Norberg, 2024-12-01 *A Spirit of Service*: Purdue University and the United States Military is a richly illustrated, comprehensive look at the intersection of this great land-grant university and the US military since classes first began in 1874. Spearheaded by the Purdue University College of Engineering in recognition of its 150th anniversary, this book examines how Purdue Boilermakers have played a consequential role in defending democracy, freedom, and independence in times of war and great duress. Pioneering Purdue contributions include more than one hundred faculty working on the Manhattan Project, learning how to better cool machine gun barrels, and making radar practical—all during World War II—as well as the transition from vacuum tubes to semiconductors, Dorothy Stratton advancing the role of women in the military, the founding of the National Society of Black Engineers, the first School of Engineering Education, the first university airport, and, most famously, Neil Armstrong, a US Navy officer and Purdue alumnus, and the first human to set foot on the moon. Today Purdue is at the forefront of drones, hypersonics, energetics, artificial intelligence, space exploration, cybersecurity, semiconductors, and much more. In fact, approximately one-third of US spaceflights have included a Boilermaker astronaut, and many of those alumni served in the military. This large number of astronauts partially stems from a Purdue-Air Force Academy program to provide advanced degrees to graduating officers. *A Spirit of Service* tells the stories of men and women who lived this history, from ROTC students to a Medal of Honor recipient, from soldiers at the front during the Great War to a man who witnessed the December 7, 1941 attack on Pearl Harbor, from a pilot who led thousands of planes in bombing missions over Germany during World War II to military astronauts, from trailblazing female officers and pilots to twenty-first-century teachers and researchers who are creating the future. This volume records the stories of Purdue men and women whose patriotism, leadership, and heroism have preserved life, liberty, and the pursuit of happiness for generations of Americans—past, present, and future.

fort sill basic training start dates 2023: The War in Ukraine Egle Elena Murauskaite, 2024-07-22 Since 2014 the conflict in Ukraine has escalated from an internal crisis into an ongoing full scale conventional war. The extensive public documentation and commentary on these unfolding events present an opportunity for empirical research yet untainted by hindsight perspectives. Drawing on an extensive regional network of local stakeholders and experts, this book combines theoretical insights with practical reflections on the efficacy of a selected range of tools employed by the West to assist Ukraine, such as the provision of military assistance, troop training, intelligence sharing, information campaigns, early crisis signaling by aircraft carrier deployments, and coalition building efforts. Bridging the gap in open-source studies between academic research and practitioner assessments, the authors discuss how these specific measures correspond with theoretical assessments of the effects they are due to produce, as well as with the expectations about their performance held by the deploying policy makers and their audience. As the war continues to unfold, and the reality on the ground, as well as emerging new data, mean a constantly shifting landscape, this volume will be a valuable resource for anyone interested in the conflict in Ukraine.

fort sill basic training start dates 2023: A Real Life Exacta John S. Sutton Jr., Amber D. Sims, 2023-03-05 In *A Real Life Exacta: Bourbon & 83 Kentucky Derbies*, the author pulls back the curtain on the history of horse racing, chronicling a lifelong passion that began more than eight decades ago. This illuminating Kentucky Derby book is steeped in rich tradition, offering readers a vibrant narrative that intimately showcases Kentucky Derby history. It's an exceptional dive into American horse racing, narrated by a man who has been a part of the Derby's fabric for an astounding 83

consecutive years. The book's narrative stretches back to the author's childhood when his familial love for horse racing was ignited. With the turn of each page, the reader is closer to the very heart of the Derby experience, revealing tales that only true Kentucky Derby fans would appreciate. Anecdotes, triumphs, challenges, and a host of horse racing stories are colorfully narrated, along with a plethora of candid photos and family legacies that lend added depth and texture. This autobiography is as much a chronicle of the author's life as it is a reflection of his enduring love for the Derby. It weaves in and out of significant life events and gives the reader a vivid picture of a unique lifestyle shaped around the most exhilarating two minutes in sports. Readers are granted a ringside seat to a journey that transformed a young boy into a fervent supporter who, since his first Derby, has been captivated by the sport's allure. Considered among the most inspirational autobiographies, the book underscores the author's determination to master every nuance of horse racing and leave a tangible legacy for his family. His resilience in the face of life's good and bad moments is narrated with honesty and steadfast resolve. *A Real Life Exacta: Bourbon & 83 Kentucky Derbies* is a must-read for those who relish true stories and are drawn to biographies that offer more than just a glimpse into a fascinating life. Similar to *Beating the Odds*, it is a testament to a man's unwavering dedication to his passion and an extraordinary chronicle of a quintessential American pastime.

fort sill basic training start dates 2023: *Straight Life* Art Pepper, Laurie Pepper, 2024-09-17
Art Pepper (1925-1982) was called the greatest alto saxophonist of the post-Charlie Parker generation. But his autobiography, *Straight Life*, is much more than a jazz book—it is one of the most explosive, yet one of the most lyrical, of all autobiographies. This edition is updated with an extensive afterword by Laurie Pepper covering Art Pepper's last years, and a complete and up-to-date discography by Todd Selbert.

fort sill basic training start dates 2023: *Learning To Walk* Clifford Beck, 2023-09-22
Clarence Taylor is the son of wealthy parents living in Bangor, Maine with strong ties to a community of old money. Yet, he does not fit in and harbors a deep resentment for the attitude that seems inherent in opulence. After witnessing the events of nine eleven, he makes a vow to himself to make a difference. But, as he prepares to confront the evil he has sworn to eliminate, he meets Gloria. She is everything that any man would want in a woman, yet when their passions collide, each becomes trapped by their own emotional conflicts. Now, while set about on his personal mission, a split second lapse in judgment tears him away from everything he knew, including Gloria. Written as a journal, this is the story of Private Clarence Taylor. He is an educated young man who holds a promising, secure future and knows the risks of putting his life on hold. But, the real lesson, for him, is in learning how to cope with some of life's biggest mistakes and that some things can never be undone.

fort sill basic training start dates 2023: *Great Plains Forts* Jay H Buckley,

fort sill basic training start dates 2023: *The Forsaken and the Dead* Sidney Thompson, 2023-10
Books 1 & 2 of the Bass Reeves Trilogy adapted for the Paramount+ miniseries *Lawmen: Bass Reeves*. All heroes have fatal flaws and a moment of defining hubris, but few rise from the ashes to achieve greater heights. In 1884 Deputy U.S. Marshal Bass Reeves was arrested for murder and placed among his own prisoners in Hell on the Border, the infamous federal jail in Fort Smith, Arkansas. It was the single greatest setback of his illustrious career, but it wouldn't be his last mistake or trial by fire. In *The Forsaken and the Dead* we meet Reeves again. In the 1890s, past his prime, Reeves proceeds through the valleys and shadows of Indian and Oklahoma Territories. Despite his caution and innovations as a lawman and detective, his nation no longer seems a product of his own making—so much like his children and his marriage to Jennie. While a modern world implodes around him and demons from his past continue to haunt his present, he remains resolute in his faith that he can be a steady rider on a pale horse.

fort sill basic training start dates 2023: *Arming East Asia* Eric Setzekorn, 2023-03-15
Arming East Asia: Deterring China in the Early Cold War examines President Eisenhower's mutual security program in East Asia and explains how that administration worked to contain China. This

historical chronicle offers insights and perspectives regarding how to address Sino-American tensions and maintain a free and open Asia-Pacific. Eric Setzekorn argues that President Eisenhower expanded and solidified the U.S. presence in East Asia through use of military aid and military advisory efforts in sharp contrast to the use of U.S. military forces by Presidents Truman, Kennedy and Johnson. In South Korea, Taiwan, Japan, and Southeast Asia (particularly in Thailand and South Vietnam), the United States spent billions of dollars and significant time developing local military forces. By the end of Eisenhower's two terms, a force of over 1.4 million Allied soldiers in East Asia had been trained, equipped, and often paid through American military assistance. Eisenhower's mutual security policies were vital in building local allies, and by the end of the 1950s, East Asia was beginning a long period of growth that would make it the economic heart of the world within fifty years. American policies that created close ties and involvement in the affairs of allied nations also constrained allies, such as Chiang Kai-shek in Taiwan, and Syngman Rhee in South Korea, who often sought to take direct action against the PRC. The heavy role of American military advisors and experts "on the ground" in East Asia also profoundly shaped the character of these nations, all of which were emerging from war, by putting massive resources into the government administration and military forces of newly formed states. With an assertive China using its growing political and military power throughout East Asia, contemporary U.S. security challenges are similar to the situation faced in that earlier contentious era. Eisenhower's policies from 1953 to 1961 clearly demonstrate an awareness of the possibilities for military, economic and political growth in East Asia, and the challenges of deterring Chinese (PRC) expansion during the early Cold War. The views expressed in this publication are those of the author and do not necessarily reflect the official policy or position of the Department of Defense or the U.S. government.
