A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. indiana driving manual: Dirtbag Amber A'Lee Frost, 2023-12-05 The victories and failures of millennial socialism, as told by the writer who lived it. Amber A'Lee Frost came to New York City from her home state of Indiana as a working class activist (and member of then-unknown Cold War hold-out, Democratic Socialists of America), just before the first major movement for economic justice of the millennium, Occupy Wall Street. Of course, Occupy went bust, then Bernie Sanders went boom, and she threw herself into the campaign with everything she had. Frost has been one of the foremost evangelists of labor and socialist politics ever since, as a writer, activist, former staff and lifetime member of DSA, and cohost of the wildly popular Chapo Trap House podcast. *Dirtbag* is the much-anticipated debut from one of the most engaging and insightful writers of her generation. This book is more than a political memoir; it is a chapter in the story of the only movement that has a chance to reshape our world into something better. It captures an electric time of thrilling triumphs, stupid decisions, friendships and rivalries new and old, struggle, joy, setbacks, and heartbreak, all with magnetic prose, remarkable candor, and unflappable humor. Throughout it all, Frost burned the candle at both ends, relentlessly campaigning for socialism and the labor movement, from the American Midwest to the British rust belt, and rallying the troops with her brothers-in-arms as a self-described propagandist for the glorious cause of the workers movement (and somehow, always finding moments for plenty of reckless adventuring). The time was a brutal calamity of work and play, with all of the late nights, hard fights, and joyous camaraderie powered by the hope and the faith that maybe, somehow, this time, socialism could actually win.

indiana driving manual: Paramedic Heretic: Immutable Laws and Ethical Illusions K. Patrick McDonald, 2014-12-08 At one point during our lunch the famous Sonny Bono asked, So in other words, we've reached a point where a rescuer can't say 'screw the rules' and just do the right thing? Not in other words, Sonny. Those are the perfect words. Immutable Law #2 Saving lives is not our priority. Following our policies is our priority. Protecting ourselves comes next. Avoiding lawsuits comes third. You come somewhere after that. * * * I was not even out of school before I witnessed my first doctor commit murder. It would not be my last - Lord, no - but I can recall that night as vividly as though it happened last week. Few medics forget their first physician homicide. * * * The ugly truth is some of the most macho medics on the planet turn into complete lollipops in the presence of an arrogant, incompetent physician. No matter how you parse it, that is professional cowardice. * * * K. Patrick McDonald is a graduate of UCSD La Jolla School of Medicine original Advanced Field Medicine program. He was appointed the first EMS Supervisor for the City of San Diego under Mayor (and then Governor) Pete Wilson's administration. He created one of the nation's first STAR (Special Trauma & Rescue) Teams and co-authored the San Diego City Disaster

Preparedness Plan. He was a co-author of the National Waterpark Lifeguard Training Manual. He has acted as consultant to the U.S. Secret Service in Presidential Protection matters. He writes, After 30 years of occasionally saving lives, I learned that by writing and speaking, I can do more good for more citizens, while tolerating far fewer medical-political snollygosters. indiana driving manual: Abe and the Wee Folk James S. Reiley, 2022-07-11 Abe is an extremely precocious child who has been reincarnated from many past lives as a Tibetan Buddhist Master. His mission is to introduce nature spirits - including fairies, gnomes, and fauns - to humanity. To gain credibility, Abe must get highly educated very quickly in mathematics and ecology. He is aided in his quest by many beings in the physical plane and elsewhere. Will he

succeed and change minds? This Eastern metaphysical story involving nature spirits opens new worlds of possibilities. Notes the author, "I have tried to present the reality of the nature spirits that coexist with us and everything we do. It is these beings to which we are indebted for the sustaining management of this world. This includes directed growth of plants, animals, and even all matter that surrounds us."

indiana driving manual: The Wolf Nate Blakeslee, 2018-10-16 The intimate, involving story of the rise and reign of O-Six, the fabled Yellowstone wolf, and the people who loved or feared her. With novelistic detail, Nate Blakeslee tells the gripping story of O-Six, a charismatic alpha female wolf. She's a kind and merciful leader, a fiercely intelligent fighter, and a doting mother. Beloved by wolf watchers, particularly Yellowstone park ranger Rick McIntyre, O-Six becomes something of a social media star, with followers around the world. But as she raises her pups and protects her pack, O-Six is being challenged on all fronts: by hunters and their professional guides, who compete with wolves for the elk they all prize; by cattle ranchers who are losing livestock and have the ear of politicians; and by other Yellowstone wolves who resent her dominance of the stunningly beautiful Lamar Valley. These forces collide in *The Wolf*, a riveting multigenerational wildlife saga that tells a larger story about the clash of values in the West--between those fighting for a vanishing way of life and those committed to restoring one of the country's most vibrant landscapes.
