- Frequently Asked Questions about Jenna Fischer Employee of the Month

Jenna Fischer's Role in Employee of the Month

Jenna Fischer's involvement in "Employee of the Month" added a unique flavor to the film's comedic ensemble. Known for her charming and relatable screen presence, Fischer played the character of Whisper, an offbeat yet memorable role that showcased her versatility beyond her iconic portrayal of Pam Beesly in "The Office." In the film, Fischer brings depth and humor to her scenes, making Whisper a standout character despite limited screen time. Her ability to inject authenticity and wit into her performance is a testament to her skills as a comedic actress.

The casting of Jenna Fischer in "Employee of the Month" was strategic, as her emerging popularity from television translated well to the big screen. Her performance contributed significantly to the film's dynamics, providing a balance between the quirky humor and the core narrative. For audiences

familiar with Fischer's work, seeing her in a new comedic context was both refreshing and entertaining.

Overview of Employee of the Month

Released in 2006, "Employee of the Month" is a workplace comedy that revolves around the competitive environment of a fictional bulk discount store. The film features a star-studded cast, including Dane Cook, Jessica Simpson, Dax Shepard, and, notably, Jenna Fischer. The story centers on a rivalry between two employees vying for the coveted "Employee of the Month" title, which comes with perks and recognition.

The movie blends slapstick humor with relatable workplace scenarios, making it appealing to a wide audience. Fischer's role, though supporting, plays an integral part in the comedic tapestry of the film. "Employee of the Month" stands out as a classic example of mid-2000s workplace comedies, combining romance, rivalry, and laugh-out-loud situations.

- Director: Greg Coolidge
- Release Year: 2006
- Main Cast: Dane Cook, Jessica Simpson, Dax Shepard, Andy Dick, Harland Williams, Jenna Fischer
- Genre: Comedy, Romance

Jenna Fischer's Career Before and After the Film

Early Career Highlights

Before her appearance in "Employee of the Month," Jenna Fischer was best known for her breakout role as Pam Beesly on the Emmy-winning sitcom "The Office." Her portrayal of the lovable receptionist earned her critical acclaim and a loyal fanbase. Fischer's early career also included roles in independent films and guest appearances on television series, where she honed her comedic timing and nuanced acting style.

Post-Employee of the Month Success

Following her role in “Employee of the Month,” Fischer experienced continued success in both film and television. She remained a central figure on “The Office” until its conclusion, cementing her status as a household name. Fischer’s versatility led to leading roles in movies such as “Walk Hard: The Dewey Cox Story” and “Blades of Glory.” Her ability to shift between television and film, drama and comedy, made her one of the most respected actresses of her generation.

Analysis of Jenna Fischer’s Character

Whisper: A Quirky Standout

Jenna Fischer’s character in “Employee of the Month,” Whisper, is a quirky employee with a unique perspective on life and work. Whisper’s interactions with other characters add a layer of humor and unpredictability to the story. Fischer’s interpretation of Whisper balances eccentricity with relatability, allowing audiences to connect with her character’s offbeat charm.

Contribution to the Film’s Humor

Fischer’s comedic instincts shine through in her portrayal of Whisper. Her subtle expressions and timing elevate scenes, providing memorable moments that resonate with viewers. Despite not being the central character, Fischer’s performance is often cited as a highlight of the film, contributing to the overall comedic tone and ensemble dynamic.

Impact on Jenna Fischer’s Career

The role of Whisper in “Employee of the Month” played a significant part in showcasing Jenna Fischer’s ability to excel in various comedic roles. While her work on “The Office” demonstrated her talent for situational comedy, “Employee of the Month” allowed her to explore a different comedic environment. This versatility helped solidify Fischer’s reputation as a well-rounded actress capable of tackling diverse characters.

The exposure from “Employee of the Month” further expanded Fischer’s fanbase and opened doors to additional film opportunities. It demonstrated her range beyond television and proved her adaptability in ensemble casts. As a result, Fischer became a sought-after talent for both comedic and dramatic projects in the years that followed.

Cultural Significance and Audience Reception

“Employee of the Month” holds a special place in the landscape of 2000s comedies. The film captured the humor and quirks of workplace culture, resonating with viewers who appreciated its lighthearted take on office dynamics. Jenna Fischer’s inclusion in the cast added credibility and appeal, particularly for fans of “The Office” who enjoyed seeing her in a new comedic setting.

The movie received mixed reviews from critics but developed a cult following among fans of workplace comedies. Fischer’s performance, though supporting, is frequently mentioned in online discussions and reviews as a memorable aspect of the film. Her ability to stand out in an ensemble cast is a testament to her skill and screen presence.

- “Employee of the Month” became a staple in the comedy genre’s portrayal of workplace competition.
- Jenna Fischer’s role contributed to the film’s enduring popularity among fans of comedic cinema.
- The chemistry between the cast members, including Fischer, helped elevate the film’s humor.

Jenna Fischer: Employee of the Month (And Why She Deserves It!)

Are you a fan of The Office? Do you appreciate dedication, humor, and a consistently positive attitude? Then you already know Jenna Fischer deserves the title of "Employee of the Month," and maybe even "Employee of the Decade!" This post dives deep into why Jenna Fischer's portrayal of Pam Beesly transcended the screen and became a relatable and aspirational figure for millions, showcasing the qualities that make her the ultimate office employee. We'll explore her character's arc, her impact on the show's success, and what we can learn from her professional (and personal) journey.

H2: Pam Beesly: The Relatable Everywoman

Jenna Fischer's portrayal of Pam Beesly is a masterpiece of understated brilliance. Pam isn't a stereotypical "successful" office worker; she starts as a receptionist, unsure of her path and often overlooked. This relatability is key to her appeal. Millions of viewers saw themselves in Pam's struggles, her quiet triumphs, and her unwavering loyalty. Her journey from hesitant receptionist to confident artist is one that resonates deeply with audiences, making her a true icon of workplace aspiration.

H3: From Receptionist to Artist: Pam's Growth and Development

Pam's character arc is a testament to personal growth and professional evolution. She starts as a somewhat complacent individual, content in her comfort zone. However, through various challenges and experiences (including a tumultuous relationship, a career change, and the often-chaotic Dunder Mifflin environment), Pam evolves into a self-assured individual who knows her worth and actively pursues her dreams. This makes her an inspirational figure, demonstrating that professional success isn't always a linear path.

H3: The Power of Perseverance: Pam's Unwavering Spirit

Despite facing setbacks and disappointments, Pam never gives up on herself or her goals. She endures difficult relationships, workplace anxieties, and creative struggles, all while maintaining a remarkably positive attitude. This unwavering spirit is a powerful example of perseverance, reminding viewers that setbacks are simply opportunities for growth and learning.

H2: Jenna Fischer's Contribution to The Office's Success

Jenna Fischer's performance was instrumental in The Office's overall success. Her chemistry with John Krasinski (Jim Halpert) formed the emotional core of the series, drawing viewers in and keeping them invested week after week. Her ability to convey a wide range of emotions with subtle nuances made Pam a captivating character, and her performance elevated the entire show.

H3: The "Jim and Pam" Phenomenon: A Love Story for the Ages

The romantic relationship between Jim and Pam is arguably the most celebrated aspect of The Office. Fischer's portrayal of Pam's cautious yet hopeful approach to their relationship, coupled with Krasinski's charismatic performance, created a believable and deeply moving love story that resonated with audiences worldwide. This central relationship helped propel the show's popularity and cemented its place in television history.

H3: Beyond Romance: Pam's Individual Strength

While her relationship with Jim was a significant part of her arc, Pam's individual strength and growth were equally important. She proved herself to be a loyal friend, a supportive partner, and a determined individual who refused to settle for less than she deserved. This multifaceted portrayal adds another layer to her appeal, making her a role model for both professional and personal success.

H2: What We Can Learn from Pam Beesly (and Jenna Fischer)

Pam's journey offers several valuable lessons for anyone navigating the professional world:

Embrace your passions: Pam eventually pursued her artistic dreams, demonstrating the importance of following one's passions, even if it means taking risks.

Perseverance pays off: Despite facing obstacles, Pam never gave up on her goals, showcasing the power of determination.

Maintain a positive attitude: Even in challenging situations, Pam maintained a positive outlook, highlighting the importance of resilience.

Value your relationships: Pam's close relationships with colleagues and loved ones provided crucial support throughout her journey, emphasizing the importance of strong interpersonal connections.

Conclusion

Jenna Fischer's portrayal of Pam Beesly in *The Office* is more than just a memorable television character; it's a testament to the power of relatability, perseverance, and positive growth. Pam's journey, as expertly portrayed by Fischer, makes her the ultimate employee of the month – and a role model for us all. Her unwavering spirit, dedication, and commitment to her personal and professional goals are qualities we can all aspire to emulate.

FAQs

1. Did Jenna Fischer improvise many of Pam's lines? While much of the dialogue was scripted, Jenna Fischer's natural comedic timing and ability to ad-lib often enhanced the scenes, adding to Pam's authenticity.
2. What is Jenna Fischer doing now? After *The Office*, Jenna Fischer has continued to act, appearing in various films and television shows. She also has a successful podcast and remains a beloved figure in the entertainment industry.
3. How did Jenna Fischer prepare for the role of Pam Beesly? Fischer reportedly immersed herself in the world of office work to understand the nuances of the character and the environment. She also collaborated closely with the writers and directors to shape Pam's arc.
4. What awards has Jenna Fischer won for her role as Pam Beesly? While she didn't win major acting awards for *The Office*, her performance has been widely praised and contributed significantly to the show's many awards and accolades.
5. Did Jenna Fischer enjoy working on *The Office*? By all accounts, Jenna Fischer deeply enjoyed her time working on *The Office* and formed strong bonds with the cast and crew. She often speaks fondly of her experiences on the show.

jenna fischer employee of the month: *Joss Whedon, A Creative Portrait* David Lavery, 2013-10-10 Spring 2012 saw the return to creative and critical success of Joss Whedon, with the release of both his horror flick *The Cabin in the Woods* and the box-office sensation, Marvel's *The Avengers*. After establishing himself as a premier cult creator, the man who gave us great television with *Buffy the Vampire Slayer*, *Angel*, *Firefly*, *Dollhouse* and web series *Dr Horrible's Sing-along Blog*, as well as comic books including *Fray* and *Astonishing X-Men*, finally became the filmmaker he'd long dreamed of being. Drawing on a wide variety of sources and making use of psychologist Howard Gruber's insights into the nature of the creative process, Joss, *A Creative Portrait* offers the first intellectual biography of Whedon, tracking his career arc from activated fan boy to film studies major, third generation television writer, successful script doctor, innovative television auteur, beloved cult icon, sought-after collaborator, and major filmmaker with Marvel's *The Avengers*. Film and television scholar and Whedon expert David Lavery traces Whedon's multi-faceted magic from its source - the early influences of parents and teachers, comics, books, movies, collaborators - to its artistic incarnation.

jenna fischer employee of the month: The Actor's Life Jenna Fischer, 2017-11-14 Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she'd imagined. It would be eight long years before she landed her iconic role on *The Office*, nearly a decade of frustration, struggle, rejection and doubt. If only she'd had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business, manage her expectations, and reassure her in those moments of despair. Jenna wants to be that person for you. With amusing candor and wit, Fischer spells out the nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own work—invaluable advice personally acquired from her many years of struggle. She provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams (auditions in a guy's apartment are probably not legit—or at least not for the kind of part you're looking for!). Her inspiring, helpful guidance feels like a trusted friend who's made the journey, and has now returned to walk beside you, pointing out the pitfalls as you blaze your own path towards the life of a professional actor.

jenna fischer employee of the month: The Office BFFs Jenna Fischer, Angela Kinsey, 2022-05-17 INSTANT #1 NEW YORK TIMES BESTSELLER An intimate, behind-the-scenes, richly illustrated celebration of beloved *The Office* co-stars Jenna Fischer and Angela Kinsey's friendship, and an insiders' view of Pam Beesly, Angela Martin, and the iconic TV show. Featuring many of their never-before-seen photos. Receptionist Pam Beesly and accountant Angela Martin had very little in common when they toiled together at Scranton's Dunder Mifflin Paper Company. But, in reality, the two bonded in their very first days on set and, over the nine seasons of the series' run, built a friendship that transcended the show and continues to this day. Sharing everything from what it was like in the early days as the show struggled to gain traction, to walking their first red carpet—plus exclusive stories on the making of milestone episodes and how their lives changed when they became moms—*The Office BFFs* is full of the same warm and friendly tone Jenna and Angela have brought to their *Office Ladies* podcast.

jenna fischer employee of the month: Then We Came to the End Joshua Ferris, 2007-03-01 Winner of the Hemingway Foundation / PEN Award, this debut novel is as funny as *The Office*, as sad as an abandoned stapler . . . that rare comedy that feels blisteringly urgent. (TIME) No one knows us in quite the same way as the men and women who sit beside us in department meetings and crowd the office refrigerator with their labeled yogurts. Every office is a family of sorts, and the Chicago ad agency depicted in Joshua Ferris's exuberantly acclaimed first novel is family at its best and worst, coping with a business downturn in the time-honored way: through gossip, elaborate pranks, and increasingly frequent coffee breaks. With a demon's eye for the details that make life worth noticing, Joshua Ferris tells an emotionally true and funny story about survival in life's strangest environment—the one we pretend is normal five days a week. jenna fischer employee of the month: **Comedy Book** Jesse David Fox, 2023-11-07 One of NPR's Best Books of 2023. A New York Times Book Review Editors' Choice. Named a Most Anticipated Book by Vulture, Elle, Chicago Tribune, The Millions, and Lit Hub. "Comedy Book changes the way we talk about an art form that is more diverse and exciting than ever before." —Seth Meyers "Energetic and wise . . . Comedy Book is not the definitive history of the past three-plus decades. It's Fox's history, and better for it." —The New York Times Book Review From a beloved comedy critic, a wisecracking, heartfelt, and overdue chronicle of comedy's boom—and its magic. In Comedy Book, Jesse David Fox—the country's most definitive voice in comedy criticism and someone who, in his own words, enjoys comedy "maybe more than anyone on this planet"—tackles everything you need to know about comedy, an art form that has been under-considered throughout its history, even as it has ascended as a cultural force. Weaving together history and analysis, Fox unravels the genre's political legacy through an ode to Jon

Stewart, interrogates the divide between highbrow and lowbrow via Adam Sandler, and unpacks how marginalized comics create spaces for their communities. Along the way, Fox covers topics ranging from comedy in the age of political correctness and Will Smith's slap, to the right wing's relationship with comedy, to comedy's ability to heal in the wake of tragedy. With memorable cameos from Jerry Seinfeld, Dave Chappelle, John Mulaney, Ali Wong, Kate Berlant, and countless others, Comedy Book is an eye-opening education in how to engage with our most omnipresent art form, a riotous history of American pop culture, and a love letter to laughter.

jenna fischer employee of the month: *The Map* Stef Tovar, 2021-10-15 The MAP: An Actor's Guide to On-Camera Acting teaches on-camera acting in a practical and technical way—helping new actors understand the rules of on-camera acting as if they are learning a foreign language and applying that language to their acting skill set. The book gives actors a step-by-step technique on how to audition for on-camera acting jobs and what to do on set after booking them. Many on-camera acting books are written by established movie stars and aren't geared toward actors in an undergraduate acting program or those who are just starting to audition for on-camera jobs for the first time. Stef Tovar teaches his proven on-camera acting technique, shows actors how to make the perfect self-tape, and prepares them for life on set—detailing the differences between working in the theater vs. working in television and film. The author peppers the text with his own stories from set as examples, including auditioning for Lee Daniels and working with Matt Damon, Steven Soderbergh, and many others. The MAP is a funny and encouraging perspective from a seasoned actor who shares with aspiring actors things no one tells you before booking your first on-camera acting job.

It might have been back in 2013, when the series finale aired . . . or it might have been last night, when you watched three episodes in a row. But either way, long after the show first aired, it's more popular than ever,

and fans have only one problem—what to watch, or read, next. Fortunately, Rolling Stone writer Andy Greene has that answer. In his brand-new oral history, *The Office: The Untold Story of the Greatest Sitcom of the 2000s*, Greene will take readers behind the scenes of their favorite moments and characters. Greene gives us the true inside story behind the entire show, from its origins on the BBC through its impressive nine-season run in America, with in-depth research and exclusive interviews. Fans will get the inside scoop on key episodes from *The Dundies* to *Threat Level Midnight* and *Goodbye, Michael*, including behind-the-scenes details like the battle to keep it on the air when NBC wanted to pull the plug after just six episodes and the failed attempt to bring in James Gandolfini as the new boss after Steve Carell left, spotlighting the incredible, genre-redefining show created by the family-like team, who together took a quirky British import with dicey prospects and turned it into a primetime giant with true historical and cultural significance. Hilarious, heartwarming, and revelatory, *The Office* gives fans and pop culture buffs a front-row seat to the phenomenal sequence of events that launched *The Office* into wild popularity, changing the face of television and how we all see our office lives for decades to come.

jenna fischer employee of the month: *Ethics in Psychology and the Mental Health Professions* Gerald P. Koocher, Patricia Keith-Spiegel, 2016 Revised edition of the authors' *Ethics in psychology and the mental health professions*, 2008.

jenna fischer employee of the month: *Meteor Shower* Steve Martin, 2018 Corky and Norm are excited to host Gerald and Laura at their home in the valley outside Los Angeles to watch a once-in-a-lifetime meteor shower. But as the stars come out and the conversation gets rolling, it becomes clear that Gerald and Laura might not be all that they appear to be. Over the course of a crazy, starlit dinner party, the wildly unexpected occurs. The couples begin to flirt and insanity reigns. Martin, using his trademark absurdist humor, bends the fluid nature of time and reality to create a surprising and unforgettably funny new play.

jenna fischer employee of the month: *One Train Later* Andy Summers, 2007-04-01 The train jerks to a halt, and as I get out at Oxford Circus, Stewart gets out with me. We look at each other, laugh, and make the standard remark about it being a small world. But this is the brilliant collision, one train later and it might all have turned out differently. In this extraordinary memoir, world-renowned guitarist Andy Summers provides a revealing and passionate account of a life dedicated to music. From his first guitar at age thirteen and his early days on the English music scene to the ascendancy of his band, the Police, Summers recounts his relationships and encounters with the Big Roll Band, Jimi Hendrix, Eric Clapton, the Animals, John Belushi, and others, all the while proving himself a master of telling detail and dramatic anecdote. But, of course, the early work is only part of the story, and Andy's account of his role as guitarist for the Police---a gig that was only confirmed by a chance encounter with drummer Stewart Copeland on a London train---has been long-awaited by music fans worldwide. The heights of fame that the Police achieved have rarely been duplicated, and the band's triumphs were rivaled only by the personal chaos that such success brought about, an insight never lost on Summers in the telling. Complete with never-before-published photos from Summers's personal collection, *One Train Later* is a constantly surprising and poignant memoir, and the work of a world-class musician and a first-class writer.

Novak, 2014-02-04 New York Times Bestseller A startlingly original debut from the actor, writer, director, and executive producer hailed as "a gifted observer of the human condition and a very funny writer capable of winning that rare thing: unselfconscious, insuppressible laughter" (The Washington Post). A boy wins a \$100,000 prize in a box of Frosted Flakes—only to discover that claiming the winnings might unravel his family. A woman sets out to seduce motivational speaker Tony Robbins—turning for help to the famed motivator himself. A new arrival in Heaven, overwhelmed with options, procrastinates over a long-ago promise to visit his grandmother. We meet Sophia, the first artificially intelligent being capable of love, who falls for a man who might not be ready for it himself; a vengeance-minded hare, obsessed with scoring a rematch against the tortoise who ruined his life; and post-college friends who try to figure out how to host an intervention in the era of Facebook. Along the way, we learn why wearing a red T-shirt every day is the key to finding love, how February got its name, and why the stock market is sometimes just . . . down. Finding inspiration in questions from the nature of perfection to the icing on carrot cake, *One More Thing* has at its heart the most human of phenomena: love, fear, hope, ambition, and the inner stirring for the one elusive element just that might make a person complete. Across a dazzling range of subjects, themes, tones, and narrative voices, the many pieces in this collection are like nothing else, but they have one thing in common: they share the playful humor, deep heart, sharp eye, inquisitive mind, and altogether electrifying spirit of a writer with a fierce devotion to the entertainment of the reader.

jenna fischer employee of the month: *Neoliberal Apartheid* Andy Clarno, 2017-03-07 This is the first comparative analysis of the political transitions in South Africa and Palestine since the 1990s. Clarno's study is grounded in impressive ethnographic fieldwork, taking him from South African townships to Palestinian refugee camps, where he talked to a wide array of informants, from local residents to policymakers, political activists, business representatives, and local and international security personnel. The resulting inquiry accounts for the simultaneous development of extreme inequality, racialized poverty, and advanced strategies for securing the powerful and policing the poor in South Africa and Palestine/Israel over the last 20 years. Clarno places these transitions in a global context while arguing that a new form of neoliberal apartheid has emerged in both countries. The width and depth of Clarno's research, combined with wide-ranging first-hand accounts of realities otherwise difficult for researchers to access, make *Neoliberal Apartheid* a path-breaking contribution to the study of social change, political transitions, and security dynamics in highly unequal societies. Take one example of Clarno's major themes, to wit, the issue of security. Both places have generated advanced strategies for securing the powerful and policing the racialized poor. In South Africa, racialized anxieties about black crime shape the growth of private security forces that police poor black South Africans in wealthy neighborhoods. Meanwhile, a discourse of Muslim terrorism informs the coordinated network of security forces involving Israel, the United States, Jordan, and the Palestinian Authority that polices Palestinians in the West Bank. Overall, Clarno's pathbreaking book shows how the shifting relationship between racism, capitalism, colonialism, and empire has generated inequality and insecurity, marginalization and securitization in South Africa, Palestine/Israel, and other parts of the world.

jenna fischer employee of the month: *Golden Gulag* Ruth Wilson Gilmore, 2007-01-08 Since 1980, the number of people in U.S. prisons has increased more than 450%. Despite a crime rate that has been falling steadily for decades, California has led the way in this explosion, with what a state analyst called the biggest prison building project in the history of the world. *Golden Gulag* provides

the first detailed explanation for that buildup by looking at how political and economic forces, ranging from global to local, conjoined to produce the prison boom. In an informed and impassioned account, Ruth Wilson Gilmore examines this issue through statewide, rural, and urban perspectives to explain how the expansion developed from surpluses of finance capital, labor, land, and state capacity. Detailing crises that hit California's economy with particular ferocity, she argues that defeats of radical struggles, weakening of labor, and shifting patterns of capital investment have been key conditions for prison growth. The results—a vast and expensive prison system, a huge number of incarcerated young people of color, and the increase in punitive justice such as the three strikes law—pose profound and troubling questions for the future of California, the United States, and the world. *Golden Gulag* provides a rich context for this complex dilemma, and at the same time challenges many cherished assumptions about who benefits and who suffers from the state's commitment to prison expansion.

jenna fischer employee of the month: Carry On Lisa Fenn, 2016-08-16 In the spirit of *The Blind Side* and *Friday Night Lights* comes a tender and profoundly moving memoir about an ESPN producer's unexpected relationship with two disabled wrestlers from inner city Cleveland, and how these bonds—blossoming, ultimately, into a most unorthodox family—would transform their lives. When award-winning ESPN producer Lisa Fenn returned to her hometown for a story about two wrestlers at one of Cleveland's toughest public high schools, she had no idea that the trip would change her life. Both young men were disadvantaged students with significant physical disabilities. Dartanyon Crockett was legally blind as a result of Leber's disease; Leroy Sutton lost both his legs at eleven, when he was run over by a train. Brought together by wrestling, they had developed a brother-like bond as they worked to overcome their disabilities. After forming a profound connection with Dartanyon and Leroy, Fenn realized she couldn't just walk away when filming ended; these boys had had to overcome the odds too many times. Instead, Fenn dedicated herself to ensuring their success long after the reporting was finished and the story aired—and an unlikely family of three was formed. The years ahead would be fraught with complex challenges, but Fenn stayed with the boys every step of the way—teaching them essential life skills, helping them heal old wounds and traumatic pasts, and providing the first steady and consistent support system they'd ever had. This powerful memoir is one of love, hope, faith, and strength—a story about an unusual family and the courage to carry on, even in the most extraordinary circumstances.

jenna fischer employee of the month: Preparing for Future Products of Biotechnology National Academies of Sciences, Engineering, and Medicine, Division on Earth and Life Studies, Board on Chemical Sciences and Technology, Board on Agriculture and Natural Resources, Board on Life Sciences, Committee on Future Biotechnology Products and Opportunities to Enhance Capabilities of the Biotechnology Regulatory System, 2017-07-28 Between 1973 and 2016, the ways to manipulate DNA to endow new characteristics in an organism (that is, biotechnology) have advanced, enabling the development of products that were not previously possible. What will the likely future products of biotechnology be over the next 5–10 years? What scientific capabilities, tools, and/or expertise may be needed by the regulatory agencies to ensure they make efficient and sound evaluations of the likely future products of biotechnology? *Preparing for Future Products of Biotechnology* analyzes the future landscape of biotechnology products and seeks to inform forthcoming policy making. This report identifies potential new risks and frameworks for risk assessment and areas in which the risks or lack of risks relating to the products of biotechnology are well understood.

jenna fischer employee of the month: Ethics for the Information Age Michael Jay Quinn, 2006 Widely praised for its balanced treatment of computer ethics, *Ethics for the Information Age* offers a modern presentation of the moral controversies surrounding information technology. Topics such as privacy and intellectual property are explored through multiple ethical theories, encouraging readers to think critically about these issues and to make their own ethical decisions.

jenna fischer employee of the month: Heart of Dentsville Alton Rabon, 2021-08-06 Tells the story of Dentsville High School from 1926-1970.

jenna fischer employee of the month: Measuring Regional Authority Liesbet Hooghe, Gary Marks, Arjan H. Schakel, Sandra Chapman Osterkatz, Sara Niedzwiecki, Sarah Shair-Rosenfield, 2016-01-28 This is the first of five ambitious volumes theorizing the structure of governance above and below the central state. This book is written for those interested in the character, causes, and consequences of governance within the state and for social scientists who take measurement seriously. The book sets out a measure of regional authority for 81 countries in North America, Europe, Latin America, Asia, and the Pacific from 1950 to 2010. Subnational authority is exercised by individual regions, and this measure is the first that takes individual regions as the unit of analysis. On the premise that transparency is a fundamental virtue in measurement, the authors chart a new path in laying out their theoretical, conceptual, and scoring decisions before the reader. The book also provides summaries of regional governance in 81 countries for scholars and students alike. Transformations in Governance is a major new academic book series from Oxford University Press. It is designed to accommodate the impressive growth of research in comparative politics, international relations, public policy, federalism, environmental and urban studies concerned with the dispersion of authority from central states up to supranational institutions, down to subnational governments, and side-ways to public-private networks. It brings together work that significantly advances our understanding of the organization, causes, and consequences of multilevel and complex governance. The series is selective, containing annually a small number of books of exceptionally high quality by leading and emerging scholars. The series targets mainly single-authored or co-authored work, but it is pluralistic in terms of disciplinary specialization, research design, method, and geographical scope. Case studies as well as comparative studies, historical as well as contemporary studies, and studies with a national, regional, or international focus are all central to its aims. Authors use qualitative, quantitative, formal modeling, or mixed methods. A trade mark of the books is that they combine scholarly rigour with readable prose and an attractive production style. The series is edited by Liesbet Hooghe and Gary Marks of the University of North Carolina, Chapel Hill, and the VU Amsterdam, and Walter Mattli of the University of Oxford.

jenna fischer employee of the month: Raw Deal Steven Hill, 2015-10-20 A thought-provoking exposé that shows why the tech leaders' vision and their Ayn Rand brand of libertarianism is a dead end for U.S. workers, the middle class, and the national economy

jenna fischer employee of the month: Engaging Contradictions Charles R. Hale, 2008-05-07 Scholars in many fields increasingly find themselves caught between the academy, with its demands for rigor and objectivity, and direct engagement in social activism. Some advocate on behalf of the communities they study; others incorporate the knowledge and leadership of their informants directly into the process of knowledge production. What ethical, political, and practical tensions arise in the course of such work? In this wide-ranging and multidisciplinary volume, leading scholar-activists map the terrain on which political engagement and academic rigor meet. Contributors: Ruth Wilson Gilmore, Edmund T. Gordon, Davydd Greenwood, Joy James, Peter Nien-chu Kiang, George Lipsitz, Samuel Martínez, Jennifer Bickham Mendez, Dani Nabudere, Jessica Gordon Nembhard, Jemima Pierre, Laura Pulido, Shannon Speed, Shirley Suet-ling Tang, João Vargas

jenna fischer employee of the month: A Year Full of Flowers Sarah Raven, 2021-03-04 Inspiration, planting ideas and expert advice for a beautiful garden all-year round Colour and scent are the hallmarks of Sarah Raven's style – and they are simple luxuries that everyone can bring into their garden. A Year Full of Flowers reveals the hundreds of hardworking varieties that make the garden sing each month, together with the practical tasks that ensure everything is planted, staked and pruned at just the right time. Tracing the year from January to December at her home, Perch Hill, Sarah offers a complete and transporting account of a garden crafted over decades. Sharing the lessons learned from years of plant trials, she explains the methods that have worked for her, and shows you how to achieve a space that's full of life and colour. Discover long-lasting, divinely

scented tulips, roses that keep flowering through winter, the most magnificent dahlias and show-stopping alliums, as well as how to grow sweet peas up a teepee, take cuttings from chrysanthemums and stop mildew in its tracks. This is passionate, life-enriching gardening; it's also simple, adaptable and can work for you. Sarah has made the garden central to her life - this book shows you how you can too.

jenna fischer employee of the month: World Development Report 2020 World Bank, 2019-11-19 Global value chains (GVCs) powered the surge of international trade after 1990 and now account for almost half of all trade. This shift enabled an unprecedented economic convergence: poor countries grew rapidly and began to catch up with richer countries. Since the 2008 global financial crisis, however, the growth of trade has been sluggish and the expansion of GVCs has stalled. Meanwhile, serious threats have emerged to the model of trade-led growth. New technologies could draw production closer to the consumer and reduce the demand for labor. And trade conflicts among large countries could lead to a retrenchment or a segmentation of GVCs. World Development Report 2020: Trading for Development in the Age of Global Value Chains examines whether there is still a path to development through GVCs and trade. It concludes that technological change is, at this stage, more a boon than a curse. GVCs can continue to boost growth, create better jobs, and reduce poverty provided that developing countries implement deeper reforms to promote GVC participation; industrial countries pursue open, predictable policies; and all countries revive multilateral cooperation.

jenna fischer employee of the month: Data and Goliath: The Hidden Battles to Collect Your Data and Control Your World Bruce Schneier, 2015-03-02 "Bruce Schneier's amazing book is the best overview of privacy and security ever written."—Clay Shirky Your cell phone provider tracks your location and knows who's with you. Your online and in-store purchasing patterns are recorded, and reveal if you're unemployed, sick, or pregnant. Your e-mails and texts expose your intimate and casual friends. Google knows what you're thinking because it saves your private searches. Facebook can determine your sexual orientation without you ever mentioning it. The powers that surveil us do more than simply store this information. Corporations use surveillance to manipulate not only the news articles and advertisements we each see, but also the prices we're offered. Governments use surveillance to discriminate, censor, chill free speech, and put people in danger worldwide. And both sides share this information with each other or, even worse, lose it to cybercriminals in huge data breaches. Much of this is voluntary: we cooperate with corporate surveillance because it promises us convenience, and we submit to government surveillance because it promises us protection. The result is a mass surveillance society of our own making. But have we given up more than we've gained? In *Data and Goliath*, security expert Bruce Schneier offers another path, one that values both security and privacy. He brings his bestseller up-to-date with a new preface covering the latest developments, and then shows us exactly what we can do to reform government surveillance programs, shake up surveillance-based business models, and protect our individual privacy. You'll never look at your phone, your computer, your credit cards, or even your car in the same way again.

jenna fischer employee of the month: **Archaeology, Anthropology, and Interstellar Communication** National Aeronautics Administration, Douglas Vakoch, 2014-09-06 Addressing a field that has been dominated by astronomers, physicists, engineers, and computer scientists, the contributors to this collection raise questions that may have been overlooked by physical scientists about the ease of establishing meaningful communication with an extraterrestrial intelligence. These scholars are grappling with some of the enormous challenges that will face humanity if an information-rich signal emanating from another world is detected. By drawing on issues at the core of contemporary archaeology and anthropology, we can be much better prepared for contact with an extraterrestrial civilization, should that day ever come.

jenna fischer employee of the month: *The Manzoni Family* Natalia Ginzburg, 2019-09-10 Winner of the Bagutta Prize, *The Manzoni Family* set in ducal Italy and post-revolutionary France, captures the story of Alessandro Manzoni—celebrated Milanese nobleman, man of letters, and author of the masterpiece of nineteenth-century Italian literature, *I promessi sposi* (The

Betrothed)—and the women of his life. The dynastic tale begins with the matriarchal figure of Giulia, the mother whom the young Alessandro Manzoni found in Paris after she had abandoned him as an infant. Following her, there is Enrichetta, the woman he and his mother chose to be his wife, and the many children she had by him until her death; literary friends from the beau monde in Italy and Paris; and Alessandro's second wife, Teresa, and her children. Against the background of Napoleonic occupation, the reestablishment of Austrian hegemony, and the stirrings of the revolutionary urge for unification and independence, Ginzburg gracefully weaves the story of the Manzoni dynasty, a family that seems to grow autonomously around the life of the writer, effortlessly incorporating the epic tumult and emotion of the age. Ginzburg explores this fascinating true story and celebrated author with the elegance that has assured her rightful place among history's acclaimed literary titans.

jenna fischer employee of the month: Ethics in Psychology Gerald P. Koocher, Patricia Keith-Spiegel, 1998 Written in a highly readable and accessible style, this new edition retains the key features that have contributed to its popularity, including hundreds of case studies that provide illustrative guidance on a wide variety of topics, including fee setting, advertising for clients, research ethics, sexual attraction, how to confront observed unethical conduct in others, and confidentiality. *Ethics in Psychology and the Mental Health Professions* will be important reading for practitioners and students in training.--BOOK JACKET.

jenna fischer employee of the month: The Radetzky March Joseph Roth, 2002-08-01 The author's masterpiece, an epic saga of a family and an empire in decline, is "full of psychological penetration and tragic force" (The New Yorker). *The Radetzky March*, Joseph Roth's classic novel of the Austro-Hungarian Empire, follows three generations of the privileged von Trotta family as Europe advances inexorably toward World War I. With a breadth and richness that draws comparison to Tolstoy, it encompasses the entire social fabric of Austro-Hungarian society. Shot through with dark humor and tragic irony, *The Radetzky March* is an unparalleled portrait of a civilization in decline, and as such a universal story for our times. "A masterpiece . . . The totality of Joseph Roth's work is no less than a tragédie humaine achieved in the techniques of modern fiction. No other contemporary writer, not excepting Thomas Mann, has come close to achieving the wholeness . . . that Lukács cites as our impossible aim." —Nadine Gordimer

jenna fischer employee of the month: *Lonesome Dove* Larry McMurtry, 2000-11-10 Bestselling winner of the 1986 Pulitzer Prize, *Lonesome Dove* is an American classic. First published in 1985, Larry McMurtry's epic novel combined flawless writing with a storyline and setting that gripped the popular imagination, and ultimately resulted in a series of four novels and an Emmy-winning television miniseries. Now, with an introduction by the author, *Lonesome Dove* is reprinted in an S&S Classic Edition. *Lonesome Dove*, by Larry McMurtry, the author of *Terms of Endearment*, is his long-awaited masterpiece, the major novel at last of the American West as it really was. A love story, an adventure, an American epic, *Lonesome Dove* embraces all the West -- legend and fact, heroes and outlaws, whores and ladies, Indians and settlers -- in a novel that recreates the central American experience, the most enduring of our national myths. Set in the late nineteenth century, *Lonesome Dove* is the story of a cattle drive from Texas to Montana -- and much more. It is a drive that represents for everybody involved not only a daring, even a foolhardy, adventure, but a part of the American Dream -- the attempt to carve out of the last remaining wilderness a new life. Augustus McCrae and W. F. Call are former Texas Rangers, partners and friends who have shared hardship and danger together without ever quite understanding (or wanting to understand) each other's deepest emotions. Gus is the romantic, a reluctant rancher who has a way with women and the sense to leave well enough alone. Call is a driven, demanding man, a natural authority figure with no patience for weaknesses, and not many of his own. He is obsessed with the dream of creating his own empire, and with the need to conceal a secret sorrow of his own. The two men could hardly be more different, but both are tough, redoubtable fighters who have learned to count on each other, if nothing else. Call's dream not only drags Gus along in its wake, but draws in a vast cast of characters: -- Lorena, the whore with the proverbial heart of gold, whom

Gus (and almost everyone else) loves, and who survives one of the most terrifying experiences any woman could have... -- Elmira, the restless, reluctant wife of a small-time Arkansas sheriff, who runs away from the security of marriage to become part of the great Western adventure... -- Blue Duck, the sinister Indian renegade, one of the most frightening villains in American fiction, whose steely capacity for cruelty affects the lives of everyone in the book... -- Newt, the young cowboy for whom the long and dangerous journey from Texas to Montana is in fact a search for his own identity... -- Jake, the dashing, womanizing exRanger, a comrade-in-arms of Gus and Call, whose weakness leads him to an unexpected fate... -- July Johnson, husband of Elmira, whose love for her draws him out of his secure life into the wilderness, and turns him into a kind of hero... Lonesome Dove sweeps from the Rio Grande (where Gus and Call acquire the cattle for their long drive by raiding the Mexicans) to the Montana highlands (where they find themselves besieged by the last, defiant remnants of an older West). It is an epic of love, heroism, loyalty, honor, and betrayal -- faultlessly written, unfailingly dramatic. Lonesome Dove is the novel about the West that American literature -- and the American reader -- has long been waiting for.
