hilarie burton in greys anatomy: *Divine Lola* Cristina Morató, 2021-09 An enthralling biography about one of the most intriguing women of the Victorian age: the first self-invented international social celebrity. Lola Montez was one of the most celebrated and notorious women of the nineteenth century. A raven-haired Andalusian who performed her scandalous Spider Dance in the greatest performance halls across Europe, she dazzled and beguiled all who met her with her astonishing beauty, sexuality, and shocking disregard for propriety. But Lola was an impostor, a self-invention. Born Eliza Gilbert, the beautiful Irish wild child escaped a stifling marriage and reimagined herself as Lola the Sevillian flamenco dancer and noblewoman, choosing a life of adventure, fame, sex, and scandal rather than submitting to the strictures of her era. Lola cast her spell on the European aristocracy and the most famous intellectuals and artists of the time, including Alexandre Dumas, Franz Liszt, and George Sand, and became the obsession of King Ludwig I of Bavaria. She then set out for the New World, arriving in San Francisco at the height of the gold rush, where she lived like a pioneer and performed for rowdy miners before making her way to New York. There, her inevitable downfall was every bit as dramatic as her rise. Yet there was one final reinvention to come for the most defiant woman of the Victorian age--a woman known as a savage beauty who was idolized, romanticized, vilified, truly known by no one, and a century ahead of her time.

But that is just a glimpse of the intense reality revealed in this gripping look into the most competitive time slot in television. Featuring exclusive content about all the major players of the 2000s, *Top of the Morning* illuminates what it takes to win the AM -- when every single viewer counts, tons of jobs are on the line, and hundreds of millions of dollars are at stake. Stelter is behind the scenes as Ann Curry replaces Meredith Vieira on the Today show, only to be fired a year later in a fiasco that made national headlines. He's backstage as Good Morning America launches an attack to dethrone Today and end the longest consecutive winning streak in morning television history. And he's there as Roberts is diagnosed with a crippling disease -- on what should be the happiest day of her career. So grab a cup of coffee, sit back, and discover the dark side of the sun. Praise for *Top of the Morning* Mr. Stelter pulls back the curtains and exposes a savage corporate world that might have been inhabited by the Sopranos. -- Washington Times A troubling look inside an enterprise as vicious and internecine as a soap opera. -- Kirkus Reviews

hilarie burton in greys anatomy: There Goes My Social Life Stacey Dash, 2016-06-06 Stacey Dash didn't have the ideal American childhood. Growing up in the South Bronx, her friends were the hustlers, hookers, and gang members who struggled in the face of futility, who sold drugs instead of living on food stamps, who settled matters with fists, knives, and guns because it seemed their only option, who stood tall against broken dreams. Dash's rough upbringing shaped the rest of her life—her relationships, her politics, even her faith. She has seen how conservative and liberal policies play out in the real world, and her experiences have made her the proud conservative she is today. That's why Stacey Dash, a Fox News contributor and Hollywood actress best known for starring in the 1995 classic *Clueless*, is now telling her story. Amidst all the heated racial rhetoric and the divisive language that flows from T.V., the Internet, self-appointed black spokespeople, and even President Obama, Dash feels compelled to speak out and say something true about race, politics, and America.

So, from their Brooklyn workshop, where they designed, created, and launched The Mason Shaker, a now-iconic invention that transformed a Mason jar into a cocktail shaker, they also created *Shake*. Each recipe is presented visually, in four color photos, as well as in written recipes, making *Shake* both an arresting gift and a practical guidebook to simple, elegant cocktails.

hilarie burton in greys anatomy: *Party of One* Dave Holmes, 2016 From comedian, Esquire contributor, and former MTV VJ Dave Holmes, the hilarious memoir of a music geek and perpetual outsider fumbling his way toward self-acceptance, with the music of the '80s, '90s, and '00s as his soundtrack. Dave Holmes has spent his life on the periphery, nose pressed hopefully against the glass, wanting just one thing: to get inside. Growing up, he was the artsy kid in the sporty family. At his high school and Catholic college, he was the closeted gay kid surrounded by crush-worthy straight guys. And in his twenties, in the middle of a disastrous career in advertising, he accidentally became an MTV VJ overnight when he finished second, naturally, in the Wanna Be a VJ contest, opening the door to fame, fortune, and celebrity--you know, almost. But despite all the close calls, or possibly because of them, he just kept trying, and if (spoiler alert) he never quite succeeded, at least he got some good stories out of it. In *Party of One*, Dave tells the hilariously painful and painfully hilarious tales--in the vein of Rob Sheffield, Andy Cohen, Josh Kilmer-Purcell, Paul Feig, and Augusten Burroughs--of an outsider desperate to get in, of a misfit constantly changing shape, of a guy who finally learns to accept himself. Structured around a mix of hits and deep cuts from the '80s, '90s, and '00s--from Bruce Springsteen's 'Hungry Heart' to Wilson Phillips's 'Impulsive' to En Vogue's 'Free Your Mind' and beyond--and punctuated with interludes like 'So You've Had Your Heart Broken in the 1990s: A Playlist,' this book is for anyone who's ever felt like a square peg, especially those who found their place in the world, as we often do, around a band, an album, or a song. It's a laugh-out-loud funny, deeply nostalgic story about never fitting in, never giving up, and listening to good music along the way--
