i have a dream commonlit answers: Every Man A King Huey P. Long, 2008-08-01 Huey Long (1893-1935) was one of the most extraordinary American politicians, simultaneously cursed as a dictator and applauded as a benefactor of the masses. A product of the poor north Louisiana hills, he was elected governor of Louisiana in 1928, and proceeded to subjugate the powerful state political hierarchy after narrowly defeating an impeachment attempt. The only Southern popular leader who truly delivered on his promises, he increased the miles of paved roads and number of bridges in Louisiana tenfold and established free night schools and state hospitals, meeting the huge costs by taxing corporations and issuing bonds. Soon Long had become the absolute ruler of the state, in the process lifting Louisiana from near feudalism into the modern world almost overnight, and inspiring poor whites of the South to a vision of a better life. As Louisiana Senator and one of Roosevelt's most vociferous critics, The Kingfish, as he called himself, gained a nationwide following, forcing Roosevelt to turn his New Deal significantly to the left. But before he could progress farther, he was assassinated in Baton Rouge in 1935. Long's ultimate ambition, of course, was the presidency, and it was doubtless with this goal in mind that he wrote this spirited and fascinating account of his life, an autobiography every bit as daring and controversial as was The Kingfish himself.

i have a dream commonlit answers: When the Emperor Was Divine Julie Otsuka, 2007-12-18 From the bestselling, award-winning author of *The Buddha in the Attic* and *The Swimmers*, this commanding debut novel paints a portrait of the Japanese American incarceration camps that is both a haunting evocation of a family in wartime and a resonant lesson for our times. On a sunny day in Berkeley, California, in 1942, a woman sees a sign in a post office window, returns to her home, and matter-of-factly begins to pack her family's possessions. Like thousands of other Japanese Americans they have been reclassified, virtually overnight, as enemy aliens and are about to be uprooted from their home and sent to a dusty incarceration camp in the Utah desert. In this lean and devastatingly evocative first novel, Julie Otsuka tells their story from five flawlessly realized points of view and conveys the exact emotional texture of their experience: the thin-walled barracks and barbed-wire fences, the omnipresent fear and loneliness, the unheralded feats of heroism. *When the Emperor Was Divine* is a work of enormous power that makes a shameful episode of our history as immediate as today's headlines.
