heart of darkness full text: Heart of Darkness Joseph Conrad, 2021-03-14 Forthwith a change came over the waters, and the serenity became less brilliant but more profound. The old river in its broad reach rested unruffled at the decline of day, after ages of good service done to the race that peopled its banks, spread out in the tranquil dignity of a waterway leading to the uttermost ends of the earth. We looked at the venerable stream not in the vivid flush of a short day that comes and departs for ever, but in the august light of abiding memories. And indeed nothing is easier for a man who has, as the phrase goes, followed the sea with reverence and affection, than to evoke the great spirit of the past upon the lower reaches of the Thames. The tidal current runs to and fro in its unceasing service, crowded with memories of men and ships it had borne to the rest of home or to the battles of the sea. It had known and served all the men of whom the nation is proud, from Sir Francis Drake to Sir John Franklin, knights all, titled and untitled-the great knights-errant of the sea. It had borne all the ships whose names are like jewels flashing in the night of time, from the Golden Hind returning with her rotund flanks full of treasure, to be visited by the Queen's Highness and thus pass out of the gigantic tale, to the Erebus and Terror, bound on other conquests-and that never returned. It had known the ships and the men. They had sailed from Deptford, from Greenwich, from Erith-the adventurers and the settlers; kings' ships and the ships of men on 'Change; captains, admirals, the dark interlopers of the Eastern trade, and the commissioned

generals of East India fleets. Hunters for gold or pursuers of fame, they all had gone out on that stream, bearing the sword, and often the torch, messengers of the might within the land, bearers of a spark from the sacred fire. What greatness had not floated on the ebb of that river into the mystery of an unknown earth!... The dreams of men, the seed of commonwealths, the germs of empires. The sun set; the dusk fell on the stream, and lights began to appear along the shore. The Chapman light-house, a three-legged thing erect on a mud-flat, shone strongly. Lights of ships moved in the fairway—a great stir of lights going up and going down. And farther west on the upper reaches the place of the monstrous town was still marked ominously on the sky, a brooding gloom in sunshine, a lurid glare under the stars.

heart of darkness full text: Heart of Darkness Joseph Conrad, 2007-09 For many years Heart of Darkness has been considered a great novella, one of a few great short novels in the Western canon. Because it addresses directly the ambiguity of good and evil, when it was first published the novel foreshadowed many of the themes and stylistic devices that define modern literature. One of Conrad's finest stories, loosely based on the author's experience of rescuing a company agent from a remote station in the heart of the Congo, Heart of Darkness is set in an atmosphere of mystery and lurking danger, and tells of Marlow's perilous journey up the Congo River to relieve his employer's agent, the fabled and terrifying Mr. Kurtz. What Marlow sees on his journey horrifies and perplexes him, and what his encounter with Kurtz reveals calls into question all of his assumptions about civilization and human nature. Endlessly reinterpreted by critics and read in schools by countless students, the novel has been adapted numerous times for film—most famously Apocalypse Now—and shows Conrad at his finest, most intense, and most sophisticated. Heart of Darkness was originally published in Blackwood's Edinburgh Magazine in 1899 and published in book form in 1902. The present text derives from Doubleday's collected edition of Conrad's works, published in 1920-1921.

Charles Marlow, the narrator, tells his story to friends aboard a boat anchored on the River Thames. This setting provides the frame for Marlow's story of his obsession with the ivory trader Kurtz, which enables Conrad to create a parallel between what Conrad calls the greatest town on earth, London, and Africa as places of darkness.

heart of darkness full text: *Mrs. Dalloway* Virginia Woolf, 2023-12-16 Mrs Dalloway, Virginia Woolf's fourth novel, offers the reader an impression of a single June day in London in 1923. Clarissa Dalloway, the wife of a Conservative member of parliament, is preparing to give an evening party, while the shell-shocked Septimus Warren Smith hears the birds in Regent's Park chattering in Greek. There seems to be nothing, except perhaps London, to link Clarissa and Septimus. She is middle-aged and prosperous, with a sheltered happy life behind her; Smith is young, poor, and driven to hatred of himself and the whole human race. Yet both share a terror of existence, and sense the pull of death. The world of Mrs Dalloway is evoked in Woolf's famous stream of consciousness style, in a lyrical and haunting language which has made this, from its publication in 1925, one of her most popular novels.

Told through the fictional experiences of Okonkwo, a wealthy and fearless Igbo warrior of Umuofia in the late 1800s, *Things Fall Apart* explores one man's futile resistance to the devaluing of his Igbo traditions by British political and religious forces and his despair as his community capitulates to the powerful new order. With more than 20 million copies sold and translated into fifty-seven languages, *Things Fall Apart* provides one of the most illuminating and permanent monuments to African experience. Achebe does not only capture life in a pre-colonial African village, he conveys the tragedy of the loss of that world while broadening our understanding of our contemporary realities.

heart of darkness full text: A Writer's People V.S. Naipaul, 2012-03-22 Part meditation, part remembrance, *A Writer's People* by V. S. Naipaul is a privileged insight, full of gentleness, humour and feeling, into the mind of one of our greatest writers. For the 'serious traveller', one who is fully engaged with the world, there can be no single view. Our author's purpose, then, 'is not literary criticism or biography', but only to set out the writing and ways of seeing to which he was exposed. So here is colonial Trinidad (the early Derek Walcott and Naipaul's own father); the culture of school (Flaubert and the classical world); England, where with the help of friends the writer seeks to make his way; and, inevitably for a colonial Indian, there is India, to be approached through the residue of Indian culture and the scattered memories of nineteenth-century immigrants, leading to a special understanding of Mahatma Gandhi.

heart of darkness full text: Women and Men Joseph McElroy, 1993 Beginning in childbirth and entered like a multiple dwelling in motion, *Women and Men* embraces and anatomizes the 1970s

in New York--from experiments in the chaotic relations between the sexes to the flux of the city itself. Yet through an intricate overlay of scenes, voices, fact, and myth, this expanding fiction finds its way also across continents and into earlier and future times and indeed the Earth, to reveal connections between the most disparate lives and systems of feeling and power. At its breathing heart, it plots the fuguelike and fieldlike densities of late-twentieth-century life. McElroy rests a global vision on two people, apartment-house neighbors who never quite meet. Except, that is, in the population of others whose histories cross theirs--believers and skeptics; lovers, friends, and hermits; children, parents, grandparents, avatars, and, apparently, angels. For *Women and Men* shows how the families through which we pass let one person's experience belong to that of many, so that we throw light on each other as if these kinships were refracted lives so real as to be reincarnate. A mirror of manners, the book is also a meditation on the languages--rich, ludicrous, exact, and also American--in which we try to grasp the world we're in. Along the kindred axes of separation and intimacy *Women and Men* extends the great line of twentieth-century innovative fiction.
