Last Wish Vault Guide: Conquer the Vault of Glass and Claim Your Rewards

Are you ready to conquer one of Destiny 2's most challenging and rewarding raids? The Last Wish raid, particularly its notoriously difficult Vault encounter, presents a significant hurdle for even seasoned Guardians. This comprehensive Last Wish vault guide will equip you with the knowledge and strategies you need to overcome this obstacle and claim the coveted loot within. We'll break down the encounter step-by-step, covering mechanics, strategies, and optimal loadouts, ensuring you're well-prepared for the challenge ahead. This isn't just another guide; it's your roadmap to success in the Vault of Glass.

Understanding the Vault of Glass Encounter

The Vault of Glass, the final encounter in the Last Wish raid, is a multi-stage puzzle that requires precise coordination and execution from your fireteam. Unlike other encounters, this isn't about brute force; it's about understanding the mechanics and working together flawlessly. Failure to do so results in a punishing wipe and a return to the beginning of the encounter. This guide will deconstruct each stage, providing clear instructions and visual aids (where applicable) to ensure understanding.

Stage 1: The Initial Puzzle & Acclimating to the Arena

The encounter begins with a puzzle involving oracles. These oracles are marked with symbols and must be shot in a specific order to unlock the next stage. The order changes each encounter, and missing even one oracle will trigger a wipe. This stage requires keen observation and communication within your team. A designated caller is usually helpful in coordinating the order. Furthermore, learning to quickly identify and shoot the correct oracle is key to improving efficiency.

Identifying and Shooting Oracles Efficiently

Utilize the various visual cues to quickly determine which oracle needs to be shot. Consider using a designated caller to dictate the order, ensuring everyone is on the same page. Practice makes perfect; the more you run this stage, the faster and more efficiently you'll complete it.

Stage 2: The Vault's Guardians & Damage Phases

Once the initial puzzle is solved, you'll enter the main vault. This is where the real challenge begins. You'll face waves of Guardians who are significantly more powerful than the typical enemies found in the raid. These guardians possess unique abilities and require specific strategies to counter. In addition to the adds, there will be several damage phases where you need to focus your fire on a primary target to chip away at its health.

Dealing with the Guardians Effectively

Learn the different Guardian types and their abilities. Coordinate your team to focus fire on specific targets and utilize appropriate subclass abilities to mitigate damage and increase your damage output. Strategic use of grenades and supers is crucial during these phases.

Stage 3: The Final Boss Fight & Securing the Loot

The final stage involves a challenging boss fight against Riven, of a Thousand Voices. Riven is a powerful foe with multiple attack patterns that demand careful positioning and coordination. This is where your teamwork and knowledge of the mechanics really shine. Failure to properly manage Riven's abilities can result in swift wipes.

Mastering Riven's Attack Patterns

Understanding Riven's attack patterns is paramount to success. Practice identifying and avoiding her attacks, and make sure to maintain communication with your team regarding positioning and damage phases. Every Guardian should understand their role in the final phase to consistently secure victory.

Optimal Loadouts for the Last Wish Vault

Choosing the right weapons and subclasses is crucial for success. While personal preference plays a role, some weapons and subclasses consistently perform well in this encounter. High-impact weapons for boss damage and consistent DPS are important. Consider utilizing weapons that deal consistent damage output, rather than focusing on high burst damage. For subclasses, consider options that support either aggressive DPS or more supportive strategies that assist your team.

Conclusion

Conquering the Last Wish Vault requires skill, teamwork, and a deep understanding of the encounter's mechanics. This guide has provided you with a foundational understanding of each stage, offering strategies and tips to help you succeed. Remember, practice is key; the more you attempt the encounter, the more comfortable and efficient you will become. With dedicated practice and effective communication, you and your fireteam can claim victory and the rewards that await you within the Vault of Glass.

last wish vault guide: The Bounty Hunter Code Daniel Wallace, Ryder Windham, Jason Fry, 2013-10-29 Around the time legendary bounty hunter Boba Fett tumbled into the Great Pit of Carkoon, the Rebel Alliance discovered a secure, blast-proof bounty hunter's case holding Boba Fett's personal items. For years it remained hidden away. But now all who wish may unlock the secrets held within.... Press the buttons, insert the data card, and the case opens with sounds and lights. Housed within is a text of great import. At some point in his career Boba Fett bound together the latest edition of the Bounty Hunters Guild Handbook and a manifesto from Death Watch, the secretive splinter group of Mandalorians. Together, these volumes make up The Bounty Hunter Code. The handbook is an essential guide for all bounty hunters. Senior Guild members offer advice for hunters new to the Guild, a detailed list of the tools and techniques crucial to the crimson trade, and the basics of making a living on the margins of galactic law. Boba Fett has scrawled additions and commentary in the margins throughout, as have the bounty hunters Greedo, Bossk, and Dengar, all of whom were once in possession of the Handbook. The Death Watch volume--part informational guide, part manifesto--is full of Death Watch history, philosophy, and discussions of key Mandalorian gear: their famous T-visors, their celebrated armor, and their impressive jetpacks. This Death Watch booklet was originally taken from Death Watch leader Tor Vizsla and given to Boba by his father, Jango Fett, and features handwritten notes from father to son. Boba in turn intended to leave it to his daughter, and so he's added his own annotations to aid in her education. The bounty hunter Aurra Sing and the pirate Hondo Ohnaka have added their commentary as well. Tucked beneath The Bounty Hunter Code is Cradosk's memoir, Making a Killing, a brutal account of his rise to the top of the Bounty Hunters Guild. From the creators of Book of Sith and The Jedi Path, in collaboration with Lucasfilm, The Bounty Hunter Code reveals the secrets of the hunt and offers insight into this demanding, dangerous, and misunderstood profession. The case includes: The Bounty Hunter Code The 48-page memoirs of Cradosk, former head of the Bounty Hunters Guild, with an inscription from the author to Boba Fett A Kamino saberdart Boba Fett's captain's license Boba Fett's arms permit Slave I's official operating license An Imperial wanted poster for Han Solo An inventory slip from the Rebel Alliance forces who discovered and seized Boba's property

last wish vault guide: The Companion Guide to Burgundy Robert Speaight, Francis Pagan, 1996 For anyone planning a visit to Burgundy this Guide is indispensable. TIMES LITERARY SUPPLEMENT As elegant as it is exhaustive. The whole book has body and bouquet, [its author] is well-read, witty, relaxed and impeccably observant. GUARDIAN Burgundy is one of the richest areas in France - rich in its art and architecture, its history, its food and wines, and its glorious countryside. Nowhere in Europe are there greater examples of the Romanesque: the basilica of the Madeleine at Vézelay, the sculptures of Gislebertus of Autun, the cathedral of St Philibert at Tournus. The very names of its vineyards - Corton, Chambertin, Montrachet - conjure up the robust and mature bouquet of the province. Once the abbeys at Cluny, Pontigny and Fontenay were the wellspring of medieval Christianity in Europe; now the spiritual community at Taizé speaks to the whole world. Nowhere in France is the sense of the past more immediate, nowhere does it so palpably inform the present. On its first publication, the Companion Guide to Burgundy established itself as the indispensable guide to the region. In this extensively revised new edition, FRANCIS PAGAN has updated and expanded the text to provide the reader with the most knowledgeable, reliable and attentive guide now available to this most fascinating and hospitable region of France.

last wish vault guide: A Burglar's Guide to the City Geoff Manaugh, 2016-04-05 A "deeply researched and brilliantly written" blueprint to the criminal possibilities in the world all around us (Warren Ellis, author of Gun Machine). At the core of A Burglar's Guide to the City is an unexpected and thrilling insight: how any building transforms when seen through the eyes of someone hoping to break into it. Studying architecture the way a burglar would, Geoff Manaugh takes readers through walls, down elevator shafts, into panic rooms, and out across the rooftops of an unsuspecting city. Encompassing nearly two thousand years of heists and break-ins, the book draws on the expertise of reformed bank robbers, FBI special agents, private security consultants, the LAPD Air Support Division, and architects past and present. Whether discussing how to pick padlocks, climb the walls of high-rise apartments, find gaps in a museum's surveillance routine, or discuss home invasions in ancient Rome, A Burglar's Guide to the City ensures readers will never enter a bank again without imagining how to loot the vault, or walk down the street without planning the perfect getaway. Praise for A Burglar's Guide to the City "This burglar's guide isn't for ordinary smash-and-grab burglars, it's for the rest of us—who steal in, steal out, and get away with glorious dreams. A spectacularly fun read." —Robert Krulwich, cohost of Radiolab "Who knew that urban studies could

be so riveting? Geoff Manaugh excels at finding new, illicit, and fresh angles on a subject as loved as it is overexposed—the city. In his new book, elegant, perverse, sinuous supervillains maneuver and master the city like parkour champions. I see the TV series already.” —Paola Antonelli, design curator, MoMA

last wish vault guide: The Winter Vault Anne Michaels, 2009-04-16 The Winter Vault is a stunning, richly layered, and timeless novel that is everything we could hope for for Michaels's

second novel—and more. Set in Canada and Egypt, and with flashbacks to England and Poland after the war, *The Winter Vault* is a spellbinding love story that juxtaposes momentous historical events with the most intimate moments of individual lives. In 1964, a newly married Canadian couple settle into a houseboat on the Nile just below Abu Simbel. At the time of the building of the Aswan dam, Avery Escher is one of the engineers responsible for the dismantling and reconstruction of a sacred temple, a “machine-worshiper” who is nonetheless sensitive to their destructive power. Jean is a botanist by avocation, passionately interested in everything that grows. They met on the banks of the St. Lawrence River, witnessing the construction of the Seaway as it swallowed towns, homes, and lives. Now, at the edge of another world about to be inundated in the name of progress, much of what they most believe in is tested. When a tragic event occurs, nearing the end of Avery’s time in Egypt, he and Jean return to separate lives in Toronto; Avery to school to study architecture and Jean into the orbit of Lucjan, a Polish émigré artist whose haunting tales of occupied Warsaw pull her further from her husband, while offering her the chance to assume her most essential life. Breathtaking, vivid in its exploration of both the physical and emotional worlds of its characters, intensely moving and lyrical, *The Winter Vault* is a radiant work of fiction and contains all the elements for which Anne Michaels is celebrated.
