maddie knight agent: **Agent, Person, Subject, Self** Paul Kockelman, 2013 This book offers both a naturalistic and critical theory of signs, minds, and meaning-in-the-world. It provides a reconstructive rather than deconstructive theory of the individual, one which both analytically separates and theoretically synthesizes a range of faculties that are often confused and conflated: agency (understood as a causal capacity), subjectivity (understood as a representational capacity), selfhood (understood as a reflexive capacity), and personhood (understood as a sociopolitical capacity attendant on being an agent, subject, or self). It argues that these faculties are best understood from a semiotic stance that supersedes the usual intentional stance. And, in so doing, it offers a pragmatism-grounded approach to meaning and mediation that is general enough to account for processes that are as embodied and embedded as they are articulated and enminded. In particular, while this theory is focused on human-specific modes of meaning, it also offers a general theory of meaning, such that the agents, subjects and selves in question need not always, or even usually, map onto persons. And while this theory foregrounds agents, persons, subjects and selves, it does this by theorizing processes that often remain in the background of such (often erroneously) individuated figures: ontologies (akin to culture, but generalized across agentive collectivities), interaction (not only between people, but also between people and things, and anything outside or in-between), and infrastructure (akin to context, but generalized to include mediation at any degree of remove).

maddie knight agent: **Girl on the Run** Carolyn Arnold, 2022-04-06 College student Courtney Middleton disappeared fifteen years ago. Everyone presumed she was dead... Detective Madison Knight shows up at the local train station in the aftermath of a fatal shooting, and finds two women killed on scene. One was expecting her first child. The other was a wife and mother of two children and has Madison seeing a ghost from her past. She's convinced the woman is her missing college friend, but why would she change her identity? And where has she been all this time? There's no lead on the gunman, but eyewitnesses tell of a mysterious young woman who may have triggered

him. There's no sign of her either—or another man who is said to watch over her all the time. As the investigation continues, a drug-trafficking ring is exposed with connections to the Russian Mafia. The girl is one of their runners, and the man shadowing her is one of their handlers. When he's found murdered in his apartment, shot with bullets of the same caliber used in the train station shooting, Madison knows the Russians will retaliate. She also realizes the women weren't killed in some random incident. As Madison works to figure out that piece of the puzzle, she'll need to stay one step ahead of the mob to beat them to the elusive gunman and the girl. But when saving them puts her life and that of a loved one in danger, Madison finds out too late that the cost for justice comes at too high a price. An absolutely gripping and addictive crime thriller. Perfect for fans of Angela Marsons, Lisa Regan, and Rachel Caine. Readers love *Girl on the Run*: "Keeps you glued to the pages...
