Overview of Seth Ryan in American History X

Seth Ryan is a supporting but essential character in "American History X," a film directed by Tony Kaye and released in 1998. The movie famously explores issues of racism, hate, and redemption through its central figures. Seth Ryan is depicted as an outspoken white supremacist and a close friend to Derek Vinyard, the film's protagonist played by Edward Norton. Throughout the movie, Seth Ryan serves as a symbol of resistance to change, embodying the persistent and toxic attitudes among those influenced by hate groups in Southern California.

Seth Ryan's presence in the narrative is crucial for illustrating the social environment that surrounds Derek, both before and after his time in prison. He is a member of the white supremacist gang and remains committed to their ideology even as Derek begins to question his beliefs. Seth's unwavering loyalty to the gang and his aggressive behavior reinforce the film's central themes, making him a memorable and significant character in "American History X."

Character Background and Personality

Origins and Upbringing

Seth Ryan's character is shaped by his environment and upbringing in the racially charged neighborhoods of Los Angeles. The film suggests that Seth, like many others, is influenced by local tensions and the prevailing attitudes of his social circle. His background is marked by exposure to racism, violence, and intolerance, which contributes to his intense commitment to white supremacist ideology.

Personality Traits

- **Outspoken:** Seth regularly voices his opinions, often in crude and aggressive ways.
- **Loyal:** He is fiercely loyal to his friends, especially Derek and the gang members.
- **Unyielding:** Seth refuses to accept change, clinging to his beliefs even as others challenge them.
- **Impulsive:** His actions are often driven by emotion rather than rational thought.
- **Provocative:** Seth enjoys instigating conflict and is quick to escalate situations.

These traits make Seth Ryan a volatile character who is both feared and respected within the gang. His personality is instrumental in maintaining the group's cohesion and sense of purpose, often serving as a catalyst for conflict within the story.

Seth Ryan's Role in the Plot

Key Scenes Featuring Seth Ryan

Seth Ryan appears in several critical scenes throughout "American History X." He is present during many of the film's most intense moments, including confrontations with rival groups, heated discussions about ideology, and interactions with Derek's family. Seth's actions and words often serve to escalate the tension, pushing Derek and other characters to make pivotal choices.

Influence on Derek Vinyard

One of Seth Ryan's most important roles is his influence on Derek Vinyard, both before and after Derek's incarceration. Before prison, Seth is a confidant and supporter of Derek's extremist views, encouraging violence and hatred. After Derek's release, Seth becomes a foil to Derek's transformation, refusing to accept his friend's change in perspective and attempting to pull him back

into the gang's destructive lifestyle.

Conflict and Catalyst

Seth Ryan acts as a catalyst for conflict throughout the film. His refusal to reconsider his beliefs makes him a significant barrier to Derek's redemption and the overall message of change. Seth's confrontational attitude intensifies the challenges facing Derek and other characters, highlighting the difficulties of breaking away from deeply ingrained prejudices.

Actor Who Played Seth Ryan

Ethan Suplee's Performance

Seth Ryan is portrayed by Ethan Suplee, an accomplished American actor known for his versatility in both dramatic and comedic roles. Suplee's performance in "American History X" is widely praised for its intensity and authenticity. He brings depth to Seth Ryan, making him more than a stereotypical villain by revealing the vulnerabilities and insecurities beneath his aggressive exterior.

Career Highlights

- Ethan Suplee is recognized for his work in films such as "Remember the Titans" and "The Butterfly Effect."
- He has also appeared in notable TV series, including "My Name Is Earl."
- Suplee's role in "American History X" remains one of his most memorable performances.

By embodying Seth Ryan so convincingly, Ethan Suplee helps to elevate the film's emotional impact and contributes significantly to its critical acclaim.

Relationships with Other Characters

Connection to Derek Vinyard

Seth Ryan's relationship with Derek Vinyard is central to his character arc. The two share a deep bond rooted in shared experiences and ideology. Seth's loyalty to Derek is unwavering before Derek's transformation, and his inability to accept Derek's new path creates significant tension.

Interactions with Danny Vinyard

Seth also interacts with Danny Vinyard, Derek's younger brother. He attempts to influence Danny, encouraging him to adopt the group's beliefs and participate in their activities. Seth's interactions with Danny highlight the generational impact of hate and the challenges faced when trying to break a cycle of violence.

Role Within the Gang

As a prominent figure in the white supremacist gang, Seth Ryan maintains order and loyalty among its members. He is often seen as an enforcer, pushing others to adhere to the group's code and punishing those who stray from its ideology.

Impact on the Film's Themes

Representation of Hate and Resistance

Seth Ryan embodies the theme of resistance to change. His unwavering commitment to hate and violence illustrates the difficulty of breaking free from extremist ideologies. Seth's character helps the audience understand the social forces that perpetuate racism and intolerance.

Contrast to Redemption and Transformation

By serving as a contrast to Derek's journey of redemption, Seth Ryan makes the film's message more powerful. His refusal to evolve highlights the courage required to challenge one's beliefs and pursue personal growth. The stark difference between Seth and Derek reinforces the film's warning about the dangers of unchecked hatred.

Symbol of Societal Challenges

Seth Ryan's role underscores the ongoing struggle against racism in American society. He represents the obstacles faced by those seeking to change, reminding viewers that real progress requires confronting deep-seated prejudices both within individuals and communities.

Cultural Significance and Legacy

Reception and Critical Analysis

The character of Seth Ryan has been the subject of extensive critical analysis. Film scholars and audiences recognize him as an important representation of extremist ideologies in American cinema.

His role contributes to the film's enduring reputation as a powerful commentary on race relations and the consequences of hate.

Influence on Popular Culture

- Seth Ryan's character is frequently referenced in discussions about portrayals of racism in film.
- His impact extends beyond the movie, influencing debates on social justice and media responsibility.
- The performance by Ethan Suplee has inspired other actors and filmmakers to explore similar themes.

Through Seth Ryan, "American History X" continues to challenge audiences to reflect on the roots of intolerance and the importance of empathy and understanding in overcoming prejudice.

Frequently Asked Questions about Seth Ryan in American History X

Below are answers to some of the most trending and relevant questions about Seth Ryan and his role in "American History X."

Q: Who plays Seth Ryan in American History X?

A: Seth Ryan is portrayed by actor Ethan Suplee, whose intense and compelling performance adds depth to the character.

Q: What is Seth Ryan's role in the gang?

A: Seth Ryan is a prominent member of the white supremacist gang, known for his loyalty, aggression, and role as an enforcer within the group.

Q: How does Seth Ryan influence Derek Vinyard?

A: Seth Ryan influences Derek by supporting his extremist beliefs before prison and trying to prevent his transformation afterward, acting as a barrier to Derek's redemption.

Q: Why is Seth Ryan important to the story of American History X?

A: Seth Ryan is essential for illustrating the challenges of overcoming hate, serving as a

representation of resistance to change and the persistence of racist ideologies.

Q: What themes does Seth Ryan's character highlight in the film?

A: Seth Ryan's character highlights themes of hate, loyalty, resistance to change, and the difficulties of breaking free from destructive ideologies.

Q: How does the relationship between Seth Ryan and Danny Vinyard affect the plot?

A: Seth Ryan tries to influence Danny Vinyard, illustrating how hate and violence are passed down and the struggles faced by younger generations in escaping these cycles.

Q: What is notable about Ethan Suplee's performance as Seth Ryan?

A: Ethan Suplee's portrayal is notable for its authenticity and emotional intensity, making Seth Ryan a memorable and realistic character.

Q: Does Seth Ryan undergo any transformation during American History X?

A: Unlike Derek Vinyard, Seth Ryan remains committed to his beliefs, representing the difficulty some individuals face in changing their perspectives.

Q: What does Seth Ryan symbolize in American History X?

A: Seth Ryan symbolizes the societal and psychological barriers to change, as well as the enduring power of hate in certain environments.

Q: How has Seth Ryan's character impacted discussions about racism in film?

A: Seth Ryan has become a reference point in discussions about cinematic portrayals of racism, serving as an example of how film can address social issues and prompt critical reflection.

Seth Ryan American History X: Exploring the Complex Legacy of Edward Norton's Character

American History X, a searing 1998 neo-noir crime drama, left an indelible mark on cinema. While the film's brutal depiction of neo-Nazism and its devastating consequences garnered widespread attention, the nuanced portrayal of Derek Vinyard, played by Edward Norton, remains a topic of intense discussion and analysis. This post delves deep into the character of Derek Vinyard, exploring the complexities of his transformation and analyzing the lasting impact of his story. We'll examine the character's motivations, the societal forces shaping him, and the enduring relevance of his journey in understanding the insidious nature of hate and the possibility of redemption. We'll also address the often-overlooked character of Seth Ryan, Derek's younger brother, and his crucial role in the narrative.

Understanding Derek Vinyard: A Product of His Environment

Derek Vinyard isn't simply a hateful bigot; he's a tragic figure shaped by a confluence of factors. His father's murder, the systemic racism he witnesses, and the seductive allure of a seemingly powerful brotherhood within the white supremacist movement all contribute to his radicalization. This isn't an excuse for his actions, but it provides crucial context for understanding the psychological underpinnings of his hateful ideology. The film doesn't shy away from showing the brutal reality of his violence, but it also compels us to consider the societal failures that helped create him.

The Power of Group Identity and Belonging

Derek's descent into neo-Nazism isn't solely about racism; it's also about a desperate need for belonging and purpose. He finds this within the structured, hierarchical world of the white supremacist group, filling a void left by his father's death and a sense of societal alienation. The film powerfully illustrates how easily vulnerable individuals can be manipulated by charismatic leaders who exploit feelings of anger, frustration, and disenfranchisement.

The Cycle of Violence and its Consequences

The film's powerful imagery and unflinching depiction of violence are not gratuitous; they serve to highlight the horrific consequences of hate. Derek's actions not only destroy lives but also irrevocably damage his relationship with his younger brother, Seth. This cycle of violence, fueled by prejudice and fueled by a need for control, is a central theme of the film.

Seth Ryan: A Mirror to Derek's Journey

Seth Ryan, played by Edward Furlong, is not merely a supporting character; he's a crucial element in the narrative's exploration of the destructive power of hate and the possibility of redemption. He represents the younger generation, vulnerable to the same societal forces that shaped his older brother. Seth's journey mirrors Derek's in reverse, showing the potential for escaping the cycle of violence and choosing a different path.

Seth's Vulnerability and the Weight of Derek's Legacy

Seth, deeply influenced by his brother's actions and ideology, is at a critical juncture. He represents the potential victims of hate-fueled violence and the dangers of blind allegiance to extremist ideology. His naivety and unquestioning acceptance of Derek's worldview initially make him vulnerable to manipulation, but he also demonstrates an ability to learn and grow, contrasting sharply with Derek's initially intractable belief system.

Seth's Redemption and the Hope for a Different Future

Seth's arc provides a glimmer of hope amidst the film's bleakness. His experiences and his eventual rejection of his brother's ideology symbolize the possibility of breaking free from the cycle of violence and choosing a path of tolerance and understanding. He embodies the potential for societal change, representing a future where hate is not inherited but actively rejected.

The Enduring Relevance of American History X

American History X remains profoundly relevant today. The themes of racism, hate groups, and the destructive power of ideology continue to resonate strongly in a world still grappling with prejudice and extremism. The film serves as a powerful cautionary tale, urging viewers to critically examine the sources of their own beliefs and to actively combat the insidious spread of hate. The film's lasting impact lies in its ability to provoke difficult conversations and inspire reflection on the societal factors that contribute to violence and intolerance.

Conclusion

American History X is more than just a crime drama; it's a powerful exploration of the complexities of human nature, the seductive nature of hate, and the enduring possibility of redemption. Through the contrasting journeys of Derek and Seth Vinyard, the film compels viewers to confront the uncomfortable realities of racism and extremist ideology while offering a message of hope and the potential for positive change. The enduring power of the film lies in its ability to spark dialogue and encourage critical self-reflection on the issues it portrays.

FAQs

1. Is American History X a realistic portrayal of neo-Nazism? While stylized for dramatic effect, the film accurately depicts the allure of hate groups and the devastating consequences of their actions. The film doesn't shy away from the brutality of the movement, but it also explores the complex motivations of those involved.
2. What is the significance of the film's ending? The ambiguous ending leaves the audience pondering the true extent of Derek's redemption and the future of Seth. It highlights the ongoing struggle against hate and the uncertain nature of personal transformation.
3. How does the film depict the role of family in shaping ideology? The film highlights the powerful influence of family dynamics and the ways in which inherited beliefs can shape a person's worldview. The relationship between Derek and Seth demonstrates how family can either perpetuate or break cycles of violence.
4. What are the main criticisms of American History X? Some critics argue that the film glorifies violence or provides too much sympathy for Derek's character. Others suggest that it simplifies the complexities of neo-Nazism and its roots in social inequality.
5. Why is the character of Seth Ryan so important to the film's overall message? Seth provides a counterpoint to Derek's destructive path, representing the possibility of breaking free from the cycle of hate and choosing a different future. His journey underscores the importance of education, critical thinking, and empathy in combating extremism.

seth ryan american history x: Gangland [2 volumes] Laura L. Finley, 2018-10-01 This two-volume set integrates informative encyclopedia entries and essential primary documents to provide an illuminating overview of trends in gang membership and activity in America in the 21st century. *Gangland: An Encyclopedia of Gang Life from Cradle to Grave* includes extended discussion of specific gangs; types of gangs based on ethnicity and environment (rural, suburban, and urban); recruitment and retention methods; leadership structure and other internal dynamics of various gangs; impacts of gang membership on extended family; the historical evolution of gangs in American society; depictions of gang life in popular culture; violent and nonviolent gang activities; and programs, policies, agencies, and organizations that have been crafted to combat gang activities. In addition, the encyclopedia includes a suite of primary sources that offer a look into the personal experiences of gang members, examine efforts by law enforcement and public officials to address gang activity, and address wider societal factors that make eradicating gangs such a difficult task.

seth ryan american history x: *Inventing English* Seth Lerer, 2015-08-25 A history of English from the age of Beowulf to the rap of Eminem, "written with real authority, enthusiasm and love for our unruly and exquisite language" (The Washington Post). Many have written about the evolution of grammar, pronunciation, and vocabulary, but only Seth Lerer situates these developments within the larger history of English, America, and literature. This edition of his "remarkable linguistic investigation" (Booklist) features a new chapter on the influence of biblical translation and an epilogue on the relationship of English speech to writing. A unique blend of historical and personal narrative, both "erudite and accessible" (The Globe and Mail), *Inventing English* is the surprising tale of a language that is as dynamic as the people to whom it belongs. "Lerer is not just a scholar; he's also a fan of English—his passion is evident on every page of this examination of how our

language came to sound—and look—as it does and how words came to have their current meanings...the book percolates with creative energy and will please anyone intrigued by how our richly variegated language came to be.”—Publishers Weekly (starred review)

seth ryan american history x: The Poem Electric Seth Perlow, 2018-12-18 An enlightening examination of the relationship between poetry and the information technologies increasingly used to read and write it Many poets and their readers believe poetry helps us escape straightforward, logical ways of thinking. But what happens when poems confront the extraordinarily rational information technologies that are everywhere in the academy, not to mention everyday life? Examining a broad array of electronics—including the radio, telephone, tape recorder, Cold War-era computers, and modern-day web browsers—Seth Perlow considers how these technologies transform poems that we don’t normally consider “digital.” From fetishistic attachments to digital images of Emily Dickinson’s manuscripts to Jackson Mac Low’s appropriation of a huge book of random numbers originally used to design thermonuclear weapons, these investigations take Perlow through a revealingly eclectic array of work, offering both exciting new voices and reevaluations of poets we thought we knew. With close readings of Gertrude Stein, Frank O’Hara, Amiri Baraka, and many others, *The Poem Electric* constructs a distinctive lineage of experimental writers, from the 1860s to today. Ultimately, Perlow mounts an important investigation into how electronic media allows us to distinguish poetic thought from rationalism. Posing a necessary challenge to the privilege of information in the digital humanities, *The Poem Electric* develops new ways of reading poetry, alongside and against the electronic equipment that is now ubiquitous in our world.

seth ryan american history x: Criminology, Deviance, and the Silver Screen J. Frauley, 2011-01-19 This text argues for the usefulness of fictional realities for criminological theorizing and analysis. It illustrates that a creative and critical social scientific practice requires craft norms rather than commercial norms that threaten to completely colonize higher education.

seth ryan american history x: Hate William H. Schmalz, 1999 George Lincoln Rockwell flew U.S. Navy fighters against the Germans and Japanese during World War II. After the war, he raised a family with his college sweetheart, worked as a commercial artist - and founded the American Nazi Party. By the mid-Sixties, he was a charismatic national political figure. On August 25, 1967, he lay murdered in a laundromat's parking lot. This is the first time the details of Rockwell's bizarre, hate-filled life have been told. *Hate* is the first book to chronicle George Lincoln Rockwell's personal and political successes and failures, to sift through the facts of his murder, and to gauge the ramifications of his appalling actions, the regrettable effects of which linger to this day.

seth ryan american history x: Unholy Night Seth Grahame-Smith, 2012-04-10 From the author of the New York Times bestselling *Abraham Lincoln: Vampire Hunter*, comes *Unholy Night*, the next evolution in dark historical revisionism. They're an iconic part of history's most celebrated birth. But what do we really know about the Three Kings of the Nativity, besides the fact that they followed a star to Bethlehem bearing strange gifts? The Bible has little to say about this enigmatic trio. But leave it to Seth Grahame-Smith, the brilliant and twisted mind behind *Abraham Lincoln: Vampire Hunter* and *Pride and Prejudice and Zombies* to take a little mystery, bend a little history, and weave an epic tale. In Grahame-Smith's telling, the so-called Three Wise Men are infamous thieves, led by the dark, murderous Balthazar. After a daring escape from Herod's prison, they stumble upon the famous manger and its newborn king. The last thing Balthazar needs is to be slowed down by young Joseph, Mary and their infant. But when Herod's men begin to slaughter the first born in Judea, he has no choice but to help them escape to Egypt. It's the beginning of an adventure that will see them fight the last magical creatures of the Old Testament; cross paths with biblical figures like Pontius Pilate and John the Baptist; and finally deliver them to Egypt. It may just be the greatest story never told.

seth ryan american history x: From 1989, or European Music and the Modernist Unconscious Seth Brodsky, 2017-01-24 What happened to musical modernism? When did it end? Did it end? In this unorthodox Lacanian account of European New Music, Seth Brodsky focuses on the unlikely year 1989, when New Music hardly takes center stage. Instead one finds Rostropovich

playing Bach at Checkpoint Charlie; or Bernstein changing “Joy” to “Freedom” in Beethoven’s Ninth; or David Hasselhoff lip-synching “Looking for Freedom” to thousands on New Year’s Eve. But if such spectacles claim to master their historical moment, New Music unconsciously takes the role of analyst. In so doing, it restages earlier scenes of modernism. As world politics witnesses a turning away from the possibility of revolution, musical modernism revolves in place, performing century-old tasks of losing, failing, and beginning again, in preparation for a revolution to come.

seth ryan american history x: Tom Clancy Under Fire Grant Blackwood, 2015-06-16 Jack Ryan Jr. stands alone against powerful enemies in this thrilling novel in Tom Clancy’s #1 New York Times bestselling series. On a mission in Tehran, Jack Ryan, Jr., meets his oldest friend, Seth Gregory. As they part, Seth slips Jack a key, along with a perplexing message. The next day Jack is summoned to an apartment where two men claim Seth has disappeared with funds for a vital intelligence operation. They say he’s turned and leave Jack with a warning: If you hear from Seth, call us. Do not get involved. Jack soon finds himself lost in a maze of intrigue, lies, and betrayal where no one is who they seem to be—not even Seth, who’s harboring a secret that harkens back to the Cold War. A secret that is driving him to the brink of treason....

seth ryan american history x: Super Mario Jeff Ryan, 2012-09-25 The definitive story of the rise of Nintendo. In 1981, Nintendo of America was a one-year-old business already on the brink of failure. Its president, Mino Arakawa, was stuck with two thousand unsold arcade cabinets for a dud of a game (Radar Scope). So he hatched a plan. Back in Japan, a boyish, shaggy-haired staff artist named Shigeru Miyamoto designed a new game for the unsold cabinets featuring an angry gorilla and a small jumping man. Donkey Kong brought in \$180 million in its first year alone and launched the career of a short, chubby plumber named Mario. Since then, Mario has starred in over two hundred games, generating profits in the billions. He is more recognizable than Mickey Mouse, yet he’s little more than a mustache in bib overalls. How did a mere smear of pixels gain such huge popularity? Super Mario tells the story behind the Nintendo games millions of us grew up with, explaining how a Japanese trading card company rose to dominate the fiercely competitive video-game industry.

seth ryan american history x: Ask Ryan Levesque, 2019-07-02 The go-to guide for small-business owners and entrepreneurs to discover exactly what consumers want to buy and how to get it to them. As a small-business owner, entrepreneur, or marketer, are you absolutely certain that you know what your customer wants? And even if you know what your customer wants, are you sure that you are able to clearly communicate that you offer the exact thing that they are seeking? In this best-selling book, Ryan Levesque lays out his proven, repeatable, yet slightly counterintuitive, methodology for understanding the core wants and motivations of your customer. Levesque’s Ask Method provides a way to discover what customers want to buy by guiding them through a series of questions and customizing a solution from them so they are more likely to purchase from you. And all through a completely automated process that does not require one-on-one conversations with every single customer. The Ask method has generated over \$100 million in online sales across 23 different industries and counting. Now it is your turn to use it to create a funnel, skyrocket your online income, and create a mass of dedicated fans for you and your company in the process.

seth ryan american history x: Glow Amy Kathleen Ryan, 2011-09-13 Part of the first generation to be conceived in deep space, fifteen-year-old Waverly is expected to marry young and have children to populate a new planet, but a violent betrayal by the dogmatic leader of their sister ship could have devastating consequences.

seth ryan american history x: We’ve Got People Ryan Grim, 2019-05-23 Alexandria Ocasio-Cortez may seem like she came from nowhere, but the movement that propelled her to office - and to global political stardom - has been building for 30 years. We’ve Got People is the story of that movement, which first exploded into public view with the largely forgotten presidential run of the Rev. Jesse Jackson, a campaign that came dangerously close to winning. With the party and the nation at a crossroads, this timely and original book offers new insight into how we’ve gotten where we are - and where we’re headed.

seth ryan american history x: *Congressional Record* United States. Congress, 1968

seth ryan american history x: *Love, Dishonor, Marry, Die; Cherish, Perish* David Rakoff, 2013-07-16 From the incomparable David Rakoff, a poignant, beautiful, witty and wise novel in verse whose scope spans the 20th Century. David Rakoff, who died in 2012 at the age of 47, built a deserved reputation as one of the finest and funniest essayists of our time. This intricately woven novel, written with humour, sympathy and tenderness, proves him the master of an altogether different art form. *Love, Dishonor, Marry, Die; Cherish, Perish* leaps cities and decades as Rakoff, a Canadian who became an American citizen, sings the song of his adoptive homeland--a country whose freedoms can be intoxicating, or brutal. Here the characters' lives are linked to each other by acts of generosity or cruelty. A critic once called Rakoff magnificent, a word which perfectly describes this wonderful novel in verse.

seth ryan american history x: *Land of Hope* Wilfred M. McClay, 2020-09-22 For too long we've lacked a compact, inexpensive, authoritative, and compulsively readable book that offers American readers a clear, informative, and inspiring narrative account of their country. Such a fresh retelling of the American story is especially needed today, to shape and deepen young Americans' sense of the land they inhabit, help them to understand its roots and share in its memories, all the while equipping them for the privileges and responsibilities of citizenship in American society. The existing texts simply fail to tell that story with energy and conviction. Too often they reflect a fragmented outlook that fails to convey to American readers the grand trajectory of their own history. This state of affairs cannot continue for long without producing serious consequences. A great nation needs and deserves a great and coherent narrative, as an expression of its own self-understanding and its aspirations; and it needs to be able to convey that narrative to its young effectively. Of course, it goes without saying that such a narrative cannot be a fairy tale of the past. It will not be convincing if it is not truthful. But as *Land of Hope* brilliantly shows, there is no contradiction between a truthful account of the American past and an inspiring one. Readers of *Land of Hope* will find both in its pages.

seth ryan american history x: *The Space between Us* Ryan D. Enos, 2017-10-02 *The Space between Us* brings the connection between geography, psychology, and politics to life. By going into the neighborhoods of real cities, Enos shows how our perceptions of racial, ethnic, and religious groups are intuitively shaped by where these groups live and interact daily. Through the lens of numerous examples across the globe and drawing on a compelling combination of research techniques including field and laboratory experiments, big data analysis, and small-scale interactions, this timely book provides a new understanding of how geography shapes politics and how members of groups think about each other. Enos' analysis is punctuated with personal accounts from the field. His rigorous research unfolds in accessible writing that will appeal to specialists and non-specialists alike, illuminating the profound effects of social geography on how we relate to, think about, and politically interact across groups in the fabric of our daily lives.

seth ryan american history x: *Bible Culture and Authority in the Early United States* Seth Perry, 2018-06-05 Early Americans claimed that they looked to the Bible alone for authority, but the Bible was never, ever alone. *Bible Culture and Authority in the Early United States* is a wide-ranging exploration of the place of the Christian Bible in America in the decades after the Revolution. Attending to both theoretical concerns about the nature of scriptures and to the precise historical circumstances of a formative period in American history, Seth Perry argues that the Bible was not a source of authority in early America, as is often said, but rather a site of authority: a cultural space for editors, commentators, publishers, preachers, and readers to cultivate authoritative relationships. While paying careful attention to early national bibles as material objects, Perry shows that the Bible is both a text and a set of relationships sustained by a universe of cultural practices and assumptions. Moreover, he demonstrates that Bible culture underwent rapid and fundamental changes in the early nineteenth century as a result of developments in technology, politics, and religious life. At the heart of the book are typical Bible readers, otherwise unknown today, and better-known figures such as Zilpha Elaw, Joseph Smith, Denmark Vesey, and Ellen

White, a group that includes men and women, enslaved and free, Baptists, Catholics, Episcopalians, Methodists, Mormons, Presbyterians, and Quakers. What they shared were practices of biblical citation in writing, speech, and the performance of their daily lives. While such citation contributed to the Bible's authority, it also meant that the meaning of the Bible constantly evolved as Americans applied it to new circumstances and identities.

seth ryan american history x: A Little Life Hanya Yanagihara, 2016-01-26 NEW YORK TIMES BESTSELLER • A stunning “portrait of the enduring grace of friendship” (NPR) about the families we are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. NATIONAL BOOK AWARD FINALIST • MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE A Little Life follows four college classmates—broke, adrift, and buoyed only by their friendship and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara’s stunning novel is about the families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara’s latest bestselling novel, To Paradise.

seth ryan american history x: Explaining the History of American Foreign Relations Michael J. Hogan, Thomas G. Paterson, 2004-01-19 Originally published in 1991, Explaining the History of American Foreign Relations has become an indispensable volume not only for teachers and students in international history and political science, but also for general readers seeking an introduction to American diplomatic history. This collection of essays highlights a variety of newer, innovative, and stimulating conceptual approaches and analytical methods used to study the history of American foreign relations, including bureaucratic, dependency, and world systems theories, corporatist and national security models, psychology, culture, and ideology. Along with substantially revised essays from the first edition, this volume presents entirely new material on postcolonial theory, borderlands history, modernization theory, gender, race, memory, cultural transfer, and critical theory. The book seeks to define the study of American international history, stimulate research in fresh directions, and encourage cross-disciplinary thinking, especially between diplomatic history and other fields of American history, in an increasingly transnational, globalizing world.

seth ryan american history x: The Tyrant Baru Cormorant Seth Dickinson, 2020-08-11 Seth Dickinson's epic fantasy series which began with the “literally breathtaking” (NPR) The Traitor Baru Cormorant, returns with the third book, The Tyrant Baru Cormorant. The hunt is over. After fifteen years of lies and sacrifice, Baru Cormorant has the power to destroy the Imperial Republic of Falcrest that she pretends to serve. The secret society called the Cancrith is real, and Baru is among them. But the Cancrith's weapon cannot distinguish the guilty from the innocent. If it escapes quarantine, the ancient hemorrhagic plague called the Kettling will kill hundreds of millions...not just in Falcrest, but all across the world. History will end in a black bloodstain. Is that justice? Is this really what Tain Hu hoped for when she sacrificed herself? Baru's enemies close in from all sides. Baru's own mind teeters on the edge of madness or shattering revelation. Now she must choose between genocidal revenge and a far more difficult path—a conspiracy of judges, kings, spies and immortals, puppeteering the world's riches and two great wars in a gambit for the ultimate prize. If Baru had absolute power over the Imperial Republic, she could force Falcrest to abandon its colonies and make right its crimes. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

seth ryan american history x: The New Builders Seth Levine, Elizabeth MacBride, 2021-04-20 Despite popular belief to the contrary, entrepreneurship in the United States is dying. It has been since before the Great Recession of 2008, and the negative trend in American

entrepreneurship has been accelerated by the Covid pandemic. New firms are being started at a slower rate, are employing fewer workers, and are being formed disproportionately in just a few major cities in the U.S. At the same time, large chains are opening more locations. Companies such as Amazon with their deliver everything and anything are rapidly displacing Main Street businesses. In *The New Builders*, we tell the stories of the next generation of entrepreneurs -- and argue for the future of American entrepreneurship. That future lies in surprising places -- and will in particular rely on the success of women, black and brown entrepreneurs. Our country hasn't yet even recognized the identities of the New Builders, let alone developed strategies to support them. Our misunderstanding is driven by a core misperception. Consider a typical American entrepreneur. Think about the entrepreneur who appears on TV, the business leader making headlines during the pandemic. Think of the type of businesses she or he is building, the college or business school they attended, the place they grew up. The image you probably conjured is that of a young, white male starting a technology business. He's likely in Silicon Valley. Possibly New York or Boston. He's self-confident, versed in the ins and outs of business funding and has an extensive (Ivy League?) network of peers and mentors eager to help his business thrive, grow and make millions, if not billions. You'd think entrepreneurship is thriving, and helping the United States maintain its economic power. You'd be almost completely wrong. The dominant image of an entrepreneur as a young white man starting a tech business on the coasts isn't correct at all. Today's American entrepreneurs, the people who drive critical parts of our economy, are more likely to be female and non-white. In fact, the number of women-owned businesses has increased 31 times between 1972 and 2018 according to the Kauffman Foundation (in 1972, women-owned businesses accounted for just 4.6% of all firms; in 2018 that figure was 40%). The fastest-growing group of female entrepreneurs are women of color, who are responsible for 64% of new women-owned businesses being created. In a few years, we believe women will make up more than half of the entrepreneurs in America. The age of the average American entrepreneur also belies conventional wisdom: It's 42. The average age of the most successful entrepreneurs -- those in the top .01% in terms of their company's growth in the first five years -- is 45. These are the New Builders. Women, people of color, immigrants and people over 40. We're failing them. And by doing so, we are failing ourselves. In this book, you'll learn: How the definition of business success in America today has grown corporate and around the concepts of growth, size, and consumption. Why and how our collective understanding of entrepreneurship has dangerously narrowed. Once a broad term including people starting businesses of all types, entrepreneurship has come to describe only the brash technology founders on the way to becoming big. Who are the fastest growing groups of entrepreneurs? What are they working on? What drives them? The real engine that drove Silicon Valley's entrepreneurs. The government had a much bigger role than is widely known. The extent to which entrepreneurs and small businesses are woven through our history, and the ways we have forgotten women and people of color who owned small businesses in the past. How we're increasingly afraid to fail. The role small businesses are playing saving the wilderness, small

seth ryan american history x: Five Miles Away, A World Apart James E. Ryan, 2010-08-06
How is it that, half a century after *Brown v. Board of Education*, educational opportunities remain so unequal for black and white students, not to mention poor and wealthy ones? In his important new book, *Five Miles Away, A World Apart*, James E. Ryan answers this question by tracing the fortunes of two schools in Richmond, Virginia--one in the city and the other in the suburbs. Ryan shows how court rulings in the 1970s, limiting the scope of desegregation, laid the groundwork for the sharp disparities between urban and suburban public schools that persist to this day. The Supreme Court, in accord with the wishes of the Nixon administration, allowed the suburbs to lock nonresidents out of their school systems. City schools, whose student bodies were becoming increasingly poor and black, simply received more funding, a measure that has proven largely ineffective, while the independence (and superiority) of suburban schools remained sacrosanct. Weaving together court opinions, social science research, and compelling interviews with students, teachers, and principals, Ryan explains why all the major education reforms since the 1970s--including school finance

litigation, school choice, and the No Child Left Behind Act—have failed to bridge the gap between urban and suburban schools and have unintentionally entrenched segregation by race and class. As long as that segregation continues, Ryan forcefully argues, so too will educational inequality. Ryan closes by suggesting innovative ways to promote school integration, which would take advantage of unprecedented demographic shifts and an embrace of diversity among young adults. Exhaustively researched and elegantly written by one of the nation's leading education law scholars, *Five Miles Away, A World Apart* ties together, like no other book, a half-century's worth of education law and politics into a coherent, if disturbing, whole. It will be of interest to anyone who has ever wondered why our schools are so unequal and whether there is anything to be done about it.

seth ryan american history x: *An Astounding Atlas of Altered States* Michael Trinklein, 2017-03 The history of proposed states which were never granted statehood

seth ryan american history x: *Grounded* Seth Stevenson, 2010-04-06 An eye-opening and fascinating slow travel journey from an acclaimed writer who circled the globe without ever leaving the ground. In this age of globalism and high-speed travel, Seth Stevenson, the witty, thoughtful Slate columnist, takes us back to a time when travel meant putting one foot in front of the other, racing to make connections between trains and buses in remote transit stations, and wading through the chaos that most long-haul travelers float 35,000 feet above. Stevenson winds his way around the world by biking, walking, hiking, riding in rickshaws, freight ships, cruise ships, ancient ferries, buses, and the Trans-Siberian Railway—but never gets on an airplane. He finds that from the ground, one sees the world anew—with a deeper understanding of time, distance, and the vastness of the earth. In this sensational travelogue, each step of the journey is an adventure, full of unexpected revelations in every new port, at every bend in the railroad tracks, and around every street corner.

seth ryan american history x: *The Daily Stoic* Ryan Holiday, Stephen Hanselman, 2016-10-18 From the team that brought you *The Obstacle Is the Way* and *Ego Is the Enemy*, a daily devotional of Stoic meditations—an instant Wall Street Journal and USA Today Bestseller. Why have history's greatest minds—from George Washington to Frederick the Great to Ralph Waldo Emerson, along with today's top performers from Super Bowl-winning football coaches to CEOs and celebrities—embraced the wisdom of the ancient Stoics? Because they realize that the most valuable wisdom is timeless and that philosophy is for living a better life, not a classroom exercise. *The Daily Stoic* offers 366 days of Stoic insights and exercises, featuring all-new translations from the Emperor Marcus Aurelius, the playwright Seneca, or slave-turned-philosopher Epictetus, as well as lesser-known luminaries like Zeno, Cleanthes, and Musonius Rufus. Every day of the year you'll find one of their pithy, powerful quotations, as well as historical anecdotes, provocative commentary, and a helpful glossary of Greek terms. By following these teachings over the course of a year (and, indeed, for years to come) you'll find the serenity, self-knowledge, and resilience you need to live well.

seth ryan american history x: *The Monster Baru Cormorant* Seth Dickinson, 2018-10-30 A breathtaking geopolitical epic fantasy, *The Monster Baru Cormorant* is the sequel to Seth Dickinson's fascinating tale (*The Washington Post*), *The Traitor Baru Cormorant*. Her world was shattered by the Empire of Masks. For the power to shatter the Masquerade, She betrayed everyone she loved. The traitor Baru Cormorant is now the cryptarch Agonist—a secret lord of the empire she's vowed to destroy. Hunted by a mutinous admiral, haunted by the wound which has split her mind in two, Baru leads her dearest foes on an expedition for the secret of immortality. It's her chance to trigger a war that will consume the Masquerade. But Baru's heart is broken, and she fears she can no longer tell justice from revenge...or her own desires from the will of the man who remade her. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

seth ryan american history x: *Console Wars* Blake J. Harris, 2014-05-13 Now a documentary on CBS All Access. Following the success of *The Accidental Billionaires* and *Moneyball* comes *Console Wars*—a mesmerizing, behind-the-scenes business thriller that chronicles how Sega, a small, scrappy gaming company led by an unlikely visionary and a team of rebels, took on the juggernaut

Nintendo and revolutionized the video game industry. In 1990, Nintendo had a virtual monopoly on the video game industry. Sega, on the other hand, was just a faltering arcade company with big aspirations and even bigger personalities. But that would all change with the arrival of Tom Kalinske, a man who knew nothing about videogames and everything about fighting uphill battles. His unconventional tactics, combined with the blood, sweat and bold ideas of his renegade employees, transformed Sega and eventually led to a ruthless David-and-Goliath showdown with rival Nintendo. The battle was vicious, relentless, and highly profitable, eventually sparking a global corporate war that would be fought on several fronts: from living rooms and schoolyards to boardrooms and Congress. It was a once-in-a-lifetime, no-holds-barred conflict that pitted brother against brother, kid against adult, Sonic against Mario, and the US against Japan. Based on over two hundred interviews with former Sega and Nintendo employees, *Console Wars* is the underdog tale of how Kalinske miraculously turned an industry punchline into a market leader. It's the story of how a humble family man, with an extraordinary imagination and a gift for turning problems into competitive advantages, inspired a team of underdogs to slay a giant and, as a result, birth a \$60 billion dollar industry. A best book of the year: NPR, Slate, Publishers Weekly, Goodreads

seth ryan american history x: *Making a Slave State* Ryan A. Quintana, 2018-03-19 How is the state produced? In what ways did enslaved African Americans shape modern governing practices? Ryan A. Quintana provocatively answers these questions by focusing on the everyday production of South Carolina's state space—its roads and canals, borders and boundaries, public buildings and military fortifications. Beginning in the early eighteenth century and moving through the post-War of 1812 internal improvements boom, Quintana highlights the surprising ways enslaved men and women sat at the center of South Carolina's earliest political development, materially producing the state's infrastructure and early governing practices, while also challenging and reshaping both through their day-to-day movements, from the mundane to the rebellious. Focusing on slaves' lives and labors, Quintana illuminates how black South Carolinians not only created the early state but also established their own extralegal economic sites, social and cultural havens, and independent communities along South Carolina's roads, rivers, and canals. Combining social history, the study of American politics, and critical geography, Quintana reframes our ideas of early American political development, illuminates the material production of space, and reveals the central role of slaves' daily movements (for their owners and themselves) to the development of the modern state.

seth ryan american history x: *Capital and Ideology* Thomas Piketty, 2020-03-10 A New York Times Bestseller An NPR Best Book of the Year The epic successor to one of the most important books of the century: at once a retelling of global history, a scathing critique of contemporary politics, and a bold proposal for a new and fairer economic system. Thomas Piketty's bestselling *Capital in the Twenty-First Century* galvanized global debate about inequality. In this audacious follow-up, Piketty challenges us to revolutionize how we think about politics, ideology, and history. He exposes the ideas that have sustained inequality for the past millennium, reveals why the shallow politics of right and left are failing us today, and outlines the structure of a fairer economic system. Our economy, Piketty observes, is not a natural fact. Markets, profits, and capital are all historical constructs that depend on choices. Piketty explores the material and ideological interactions of conflicting social groups that have given us slavery, serfdom, colonialism, communism, and hypercapitalism, shaping the lives of billions. He concludes that the great driver of human progress over the centuries has been the struggle for equality and education and not, as often argued, the assertion of property rights or the pursuit of stability. The new era of extreme inequality that has derailed that progress since the 1980s, he shows, is partly a reaction against communism, but it is also the fruit of ignorance, intellectual specialization, and our drift toward the dead-end politics of identity. Once we understand this, we can begin to envision a more balanced approach to economics and politics. Piketty argues for a new "participatory" socialism, a system founded on an ideology of equality, social property, education, and the sharing of knowledge and power. *Capital and Ideology* is destined to be one of the indispensable books of our time, a work that will not only help us understand the world, but that will change it.

seth ryan american history x: *The National Cyclopedia of American Biography, Being the History of the United States as Illustrated in the Lives of the Founders, Builders, and Defenders of the Republic, and of the Men and Women who are Doing the Work and Moulding the Thought of the Present Time*, 1901

seth ryan american history x: Superbad Seth Rogen, Evan Goldberg, David Goldberg, Judd Apatow, 2007-11-26 The official book tie-in to the hilarious blockbuster film, including the complete screenplay, movie stills, and outrageous drawings that millions of fans will recognize from the film. From producers Judd Apatow and Shauna Robertson (*The 40-Year-Old Virgin*), screenwriters Evan Goldberg and Seth Rogen, and director Greg Mottola comes *Superbad*, a coming-of-age cautionary tale about two socially inept teenage boys about to graduate high school. Theirs is a ridiculously dependent friendship—but now they've gotten into different colleges and are forced to contemplate life apart. Evan (Michael Cera) is sweet, smart, and generally terrified. Seth (Jonah Hill) is foul-mouthed, volatile, and all-consuming with the topic of human sexuality. They are joined by their nerdy pal Fogell (Christopher Mintz-Plasse), whose fake ID as McLovin sets everything into motion. This is the story of their misguided attempts to reverse a lifelong losing streak with the ladies in one panic-driven night . . . that awful, humiliating night you cherish for the rest of your life. Exclusive to this must-have companion book: Introduction by producer Judd Apatow Mr. Vagtastic's Guide to Buying Porn Hilarious captioned drawings by David Goldberg The film's complete script Full cast and crew credits Also included is a section of commentaries and reviews from: *Rolling Stone* (Peter Travers) *New York magazine* (David Edelstein) *Entertainment Weekly* (Josh Rottenberg) *The New York Times* (Michael Cieply)

seth ryan american history x: Wimbledon Green Seth, 2011-08-31 Taking a break from the serialization of his saga *Clyde Fans* and the design of *The Complete Peanuts*, critically acclaimed cartoonist and illustrator Seth creates a farcical world of the people whose passion lies in the need to own comic books (and only in mint condition). Meet Wimbledon Green, the self-proclaimed world's greatest comic book collector who brokered the biggest comic book deal in the history of collecting. Comic book retailers, auctioneers and conventioners from around North America, as well as Green's collecting rivals, weigh in on the man and his vast collection of comic books. Are Green's intentions honourable? Does he truly love comics or is he driven by the need to conquer? Lastly, is he really even Wimbledon Green? A charming and amusing caper where comic book collecting is a world of intrigue and high finance – part riotous chase, part whimsical character sketch, Wimbledon Green looks at the need to collect and the need to reinvent oneself.

seth ryan american history x: Slumming Seth Koven, 2006-08-13 In the 1880s, fashionable Londoners left their elegant homes and clubs in Mayfair and Belgravia and crowded into omnibuses bound for midnight tours of the slums of East London. A new word burst into popular usage to describe these descents into the precincts of poverty to see how the poor lived: slumming. In this captivating book, Seth Koven paints a vivid portrait of the practitioners of slumming and their world: who they were, why they went, what they claimed to have found, how it changed them, and how slumming, in turn, powerfully shaped both Victorian and twentieth-century understandings of poverty and social welfare, gender relations, and sexuality. The slums of late-Victorian London became synonymous with all that was wrong with industrial capitalist society. But for philanthropic men and women eager to free themselves from the starched conventions of bourgeois respectability and domesticity, slums were also places of personal liberation and experimentation. Slumming allowed them to act on their irresistible attraction of repulsion for the poor and permitted them, with society's approval, to get dirty and express their own dirty desires for intimacy with slum dwellers and, sometimes, with one another. Slumming elucidates the histories of a wide range of preoccupations about poverty and urban life, altruism and sexuality that remain central in Anglo-American culture, including the ethics of undercover investigative reporting, the connections

between cross-class sympathy and same-sex desire, and the intermingling of the wish to rescue the poor with the impulse to eroticize and sexually exploit them. By revealing the extent to which politics and erotics, social and sexual categories overflowed their boundaries and transformed one another, Koven recaptures the ethical dilemmas that men and women confronted--and continue to confront--in trying to love thy neighbor as thyself.

seth ryan american history x: Christmas by the Book Anne Marie Ryan, 2021-10-12 "A heartfelt and lovely Christmas tale for book lovers everywhere!"—Jenny Colgan, author of *The Bookshop on the Shore* In small-town England, two booksellers facing tough times decide to spread some Christmas cheer through the magic of anonymous book deliveries in this uplifting holiday tale for book lovers everywhere. Nora and her husband, Simon, have run the beautiful oak-beamed book shop in their small British village for thirty years. But times are tough and the shop is under threat of closure--this Christmas season will really decide their fate. When an elderly man visits the store and buys the one book they've never been able to sell, saying it's the perfect gift for his sick grandson, it gives Nora an idea. She and Simon will send out books to those feeling down this Christmas. Maybe they can't save their bookstore, but at least they'll have one final chance to lift people's spirits through the power of reading. After gathering nominations online, Nora and Simon quietly deliver books to six residents of the village in need of some festive cheer, including a single dad of twins who is working hard to make ends meet, a teenage boy grieving for his big sister, a local Member of Parliament who is battling depression, and a teacher who's newly retired and living on her own. As the town prepares for a white Christmas, the books begin to give the recipients hope, one by one. But with the future of the bookshop still up in the air, Nora and Simon will need a Christmas miracle--or perhaps a little help from the people whose lives they've touched--to find a happy ending of their own....

seth ryan american history x: Lost States Michael J. Trinklein, 2014-06-03 This is American history they don't teach you in class: Discover the "fascinating, funny" stories of the states that never were, from Texlahoma to West Florida (*The New Yorker*) Everyone knows the fifty nifty united states—but what about the hundreds of other statehood proposals that never came to pass? *Lost States* is a tribute to such great unrealized dreams as West Florida, Texlahoma, Montezuma, Rough and Ready, and Yazoo. Some of these states came remarkably close to joining the Union. Others never had a chance. Many are still trying. Consider: Frontier legend Daniel Boone once proposed a state of Transylvania in the Appalachian wilderness. His plan was resurrected a few years later with the new name of Kentucky. Residents of bucolic South Jersey wanted to secede from their urban north Jersey neighbors and form the fifty-first state. The Gold Rush territory of Nataqua could have made a fine state—but since no women were willing to live there, the settlers gave up and joined California. Each story offers a fascinating glimpse at the nation we might have become—along with plenty of absurd characters, bureaucratic red tape, and political gamesmanship. Accompanying these tales are beautifully rendered maps detailing the proposed state boundaries, plus images of real-life artifacts and ephemera. Welcome to the world of *Lost States*!

seth ryan american history x: *The Supreme Team: The Birth of Crack and Hip-Hop, Prince's Reign of Terror and the Supreme/50 Cent Beef Exposed* Seth Ferranti, 2023-09 When the crack era jumped off in the 1980s, many street legends were born in a hail of gunfire. Business minded and ruthless dudes seized the opportunities afforded them, and certain individuals out of the city's five boroughs became synonymous with the definition of the new era black gangster. Drugs, murder, kidnappings, shootings, more drugs, and more murder were the rule of the day. They called it *The Game*, but it was a vicious attempt to come up by any means necessary. In the late 1980s, the mindset was get mine or be mine, and nobody embodied this attitude more than the Supreme Team. The Supreme Team has gone down in street legend and the lyrical lore of hip-hop and gangsta rap as one of the most vicious crews to ever emerge on the streets of New York. Their mythical and iconic status inspired hip-hop culture and rap superstars like 50 Cent, Jay-Z, Biggie, Nas and Ja Rule. Born at the same time as crack, hip-hop was heavily influenced by the drug crews that controlled New York's streets. And the cliché of art imitating life and vice versa came full circle in the saga of

the Supreme Team's infamous leaders- Kenneth Supreme McGriff and Gerald Prince Miller. In the maelstrom of the mid-80s crack storm and burgeoning hip-hop scene, their influence and relevance left a lasting impression. Going from drug baron to federal prisoner to hip-hop maestro to life in prison, Supreme was involved in hip-hop and the crack trade from day one. His run stretched decades, but in the end he fell victim to the pitfalls of the game like all before him had. His nephew, the enigmatic Prince, who had a rapid, violent, and furious rise in the streets also fell hard and fast to the tune of seven life sentences. The Supreme Team has been romanticized and glorified in hip-hop, but the truth of the matter is that most of their members are currently in prison for life or have spent decades of their prime years behind bars. This book looks at the team's climatic rise from its inception to its inevitable fall. It looks at Supreme's redemption with Murder Inc. and his relapse back into crime. This book is the Supreme Team story in all its glory, infamy, and tragedy. It's a tale of turns, twists, and fate. Meet the gangsters from Queens where the drug game influenced the style and swagger of street culture, hip-hop and gangsta rap and made the infamous cast of characters from the Supreme Team icons in the annals of urban lore.

seth ryan american history x: Fantasyland Kurt Andersen, 2017-09-05 NEW YORK TIMES BESTSELLER • “The single most important explanation, and the fullest explanation, of how Donald Trump became president of the United States . . . nothing less than the most important book that I have read this year.”—Lawrence O’Donnell How did we get here? In this sweeping, eloquent history of America, Kurt Andersen shows that what’s happening in our country today—this post-factual, “fake news” moment we’re all living through—is not something new, but rather the ultimate expression of our national character. America was founded by wishful dreamers, magical thinkers, and true believers, by hucksters and their suckers. Fantasy is deeply embedded in our DNA. Over the course of five centuries—from the Salem witch trials to Scientology to the Satanic Panic of the 1980s, from P. T. Barnum to Hollywood and the anything-goes, wild-and-crazy sixties, from conspiracy theories to our fetish for guns and obsession with extraterrestrials—our love of the fantastic has made America exceptional in a way that we've never fully acknowledged. From the start, our ultra-individualism was attached to epic dreams and epic fantasies—every citizen was free to believe absolutely anything, or to pretend to be absolutely anybody. With the gleeful erudition and tell-it-like-it-is ferocity of a Christopher Hitchens, Andersen explores whether the great American experiment in liberty has gone off the rails. *Fantasyland* could not appear at a more perfect moment. If you want to understand Donald Trump and the culture of twenty-first-century America, if you want to know how the lines between reality and illusion have become dangerously blurred, you must read this book. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE SAN FRANCISCO CHRONICLE “This is a blockbuster of a book. Take a deep breath and dive in.”—Tom Brokaw “[An] absorbing, must-read polemic . . . a provocative new study of America’s cultural history.”—Newsday “Compelling and totally unnerving.”—The Village Voice “A frighteningly convincing and sometimes uproarious picture of a country in steep, perhaps terminal decline that would have the founding fathers weeping into their beards.”—The Guardian “This is an important book—the indispensable book—for understanding America in the age of Trump.”—Walter Isaacson, #1 New York Times bestselling author of *Leonardo da Vinci*

seth ryan american history x: *Restoring the Balance* Ellen S. More, 2001-03-16 From about 1850, American women physicians won gradual acceptance from male colleagues and the general public, primarily as caregivers to women and children. By 1920, they represented approximately five percent of the profession. But within a decade, their niche in American medicine--women's medical schools and medical societies, dispensaries for women and children, women's hospitals, and settlement house clinics--had declined. The steady increase of women entering medical schools also halted, a trend not reversed until the 1960s. Yet, as women's traditional niche in the profession disappeared, a vanguard of women doctors slowly opened new paths to professional advancement and public health advocacy. Drawing on rich archival sources and her own extensive interviews with women physicians, Ellen More shows how the Victorian ideal of balance influenced the practice of healing for women doctors in America over the past 150 years. She argues that the history of women

practitioners throughout the twentieth century fulfills the expectations constructed within the Victorian culture of professionalism. Restoring the Balance demonstrates that women doctors--collectively and individually--sought to balance the distinctive interests and culture of women against the claims of disinterestedness, scientific objectivity, and specialization of modern medical professionalism. That goal, More writes, reaffirmed by each generation, lies at the heart of her central question: what does it mean to be a woman physician?
