- Frequently Asked Questions about Omega Psi Phi Secrets

Omega Psi Phi: Origins and History

Omega Psi Phi was founded on November 17, 1911, at Howard University in Washington, D.C. by three undergraduate students and their faculty adviser. Its establishment marked a significant moment in the history of African American collegiate fraternities, aiming to foster academic excellence, leadership, and community service. The name "Omega Psi Phi" was derived from Greek letters symbolizing "friendship is essential to the soul," which remains the fraternity's cardinal motto.

The early years of Omega Psi Phi were characterized by perseverance, resilience, and a commitment to uplifting the African American community during a time of segregation and limited opportunities. The fraternity expanded rapidly, establishing chapters at other historically Black colleges and universities (HBCUs), and later at predominantly white institutions. Its historical significance is intertwined with the civil rights movement, educational empowerment, and the advancement of social justice.

Core Values and Principles of Omega Psi Phi

The secrets of Omega Psi Phi are deeply rooted in its core values and guiding principles. The fraternity upholds four cardinal principles: Manhood, Scholarship, Perseverance, and Uplift. These values are not just words—they serve as the foundation for every member's personal and professional journey.

Manhood

Manhood in Omega Psi Phi signifies integrity, responsibility, and the pursuit of excellence in all aspects of life. Members are encouraged to embody strength of character, moral fortitude, and ethical leadership.

Scholarship

Academic achievement is a cornerstone of Omega Psi Phi's legacy. The fraternity promotes education, lifelong learning, and intellectual curiosity. Members are expected to maintain high academic standards and contribute to the advancement of knowledge.

Perseverance

Perseverance reflects the determination to overcome adversity and continue striving toward goals despite challenges. Omega men are taught to persist in the face of obstacles, demonstrating resilience and commitment.

Uplift

Uplift is about giving back to the community, advocating for social justice, and supporting the well-being of others. Omega Psi Phi encourages service, mentorship, and activism as tools for positive change.

Rituals, Traditions, and Secret Practices

Much of the allure surrounding the secrets of Omega Psi Phi lies in its rituals and traditions. As with many Greek organizations, certain ceremonies and practices are reserved exclusively for initiated members. These rites foster unity, brotherhood, and a sense of exclusivity among Omega men.

Intake and Initiation

The membership intake process is a closely guarded aspect of Omega Psi Phi. Prospective members undergo a rigorous evaluation and initiation, designed to test their commitment, character, and understanding of the fraternity's principles. The details of these ceremonies are kept confidential, reinforcing the bond of secrecy and trust among members.

Symbols and Insignia

- The Omega Psi Phi shield: Represents the fraternity's heritage and values.
- The Greek letters ΩΨΦ: Symbolize the motto and spirit of the organization.
- The lamp: Signifies wisdom and enlightenment.
- Purple and gold: Official colors reflecting royalty and prestige.

These symbols are used in official ceremonies, chapter meetings, and fraternity apparel, acting as visual reminders of membership and allegiance.

Step Shows and Public Displays

Step shows are a celebrated tradition within Omega Psi Phi. These performances showcase rhythm, creativity, and unity, often featuring signature moves like the "Q Dog" hop. While the artistry is public, some elements of the routines hold deeper meanings known only to members.

Influential Members and Famous Omega Men

Omega Psi Phi boasts an illustrious roster of members who have made significant contributions to society. These Omega men exemplify the fraternity's cardinal principles in fields ranging from politics and education to entertainment and sports.

Notable Omega Psi Phi Members

- Dr. Carter G. Woodson: Historian and founder of Black History Month.
- Rev. Jesse Jackson: Civil rights leader and activist.
- Michael Jordan: Basketball legend and philanthropist.

- Langston Hughes: Renowned poet and writer.
- Steve Harvey: Comedian, actor, and media personality.

The achievements of these members are sources of pride and inspiration, reinforcing the impact of Omega Psi Phi beyond college campuses.

Philanthropy and Community Impact

The secrets of Omega Psi Phi extend to its unwavering dedication to service and community uplift. The fraternity's philanthropic efforts address critical issues such as education, health, and social justice, making a tangible difference nationwide.

Signature Programs and Initiatives

- Scholarship awards for academic excellence.
- Voter registration and civic engagement campaigns.
- Mentorship programs for youth development.
- Health awareness initiatives, including prostate cancer education.
- Partnerships with local and national organizations to combat social inequities.

Through these initiatives, Omega Psi Phi demonstrates its commitment to leadership, advocacy, and community service.

The Role of Brotherhood and Networking

Brotherhood is the heart of Omega Psi Phi. The fraternity offers a lifelong support system, connecting members across generations and professions. This network facilitates career advancement, personal growth, and collaboration on community projects.

Omega Psi Phi's emphasis on unity and loyalty ensures that members remain engaged and supportive, long after their collegiate years. The bonds formed within the fraternity often translate into lasting friendships and professional alliances, amplifying the collective impact of Omega men worldwide.

Frequently Asked Questions about Omega Psi Phi Secrets

Q: What are the main secrets of Omega Psi Phi?

A: The main secrets of Omega Psi Phi revolve around its initiation rituals, internal ceremonies, and certain aspects of its organizational operations that are exclusively known to members. These secrets help foster unity and a sense of brotherhood.

Q: What are the four cardinal principles of Omega Psi Phi?

A: Omega Psi Phi is built on the principles of Manhood, Scholarship, Perseverance, and Uplift. These core values guide the fraternity's actions and its members' conduct.

Q: Why are some Omega Psi Phi rituals kept secret?

A: Rituals are kept secret to maintain the integrity of the fraternity, strengthen the bond among members, and preserve the organization's traditions and history.

Q: Who are some of the most famous Omega Psi Phi members?

A: Renowned Omega Psi Phi members include Dr. Carter G. Woodson, Michael Jordan, Langston Hughes, Steve Harvey, and Rev. Jesse Jackson, among others.

Q: What is the significance of the Omega Psi Phi shield and colors?

A: The shield and the purple and gold colors symbolize the fraternity's heritage, values, and prestige. They are used in official ceremonies and represent the organization's identity.

Q: How does Omega Psi Phi impact the community?

A: Omega Psi Phi actively engages in philanthropy through scholarship programs, health initiatives, youth mentorship, and civic engagement, positively impacting local and national communities.

Q: What is the purpose of the step shows in Omega Psi

Phi?

A: Step shows serve as a means of cultural expression, unity, and pride within Omega Psi Phi. While the performances are public, some elements hold deeper significance for members.

Q: How does Omega Psi Phi support its members after graduation?

A: Omega Psi Phi provides a lifelong network of support, connecting members for career advancement, mentorship, and collaborative community service projects.

Q: What makes Omega Psi Phi different from other fraternities?

A: Omega Psi Phi distinguishes itself through its historical significance, commitment to African American empowerment, unique traditions, and a strong emphasis on service and brotherhood.

Q: Is Omega Psi Phi only for African American men?

A: While Omega Psi Phi was founded primarily to serve African American men and communities, membership is open to individuals of all backgrounds who align with the fraternity's values and mission.

Secrets of Omega Psi Phi: Unveiling the Mysteries of a Historically Significant Fraternity

The world of fraternities and sororities often holds an air of mystery, intrigue, and unspoken traditions. For Omega Psi Phi Fraternity, Incorporated, a historically Black fraternity renowned for its scholarship, leadership, and service, this mystique is amplified by its rich history and deeply held values. This post delves into the "secrets" of Omega Psi Phi, not in a sensationalistic or conspiratorial way, but rather by exploring its core principles, rituals, and the enduring legacy that

has shaped its members for over a century. We'll examine the fraternity's public image and its internal workings, shedding light on the elements that contribute to its unique identity and enduring impact.

H2: Understanding the Public Face of Omega Psi Phi

Omega Psi Phi, founded on November 17, 1911, at Howard University, presents a strong public image rooted in its four cardinal principles: Manhood, Scholarship, Perseverance, and Uplift. These aren't just words; they represent the guiding ethos that shapes the fraternity's activities and the conduct of its members. Publicly, Omega Psi Phi is known for its philanthropic efforts, community engagement, and commitment to educational advancement. Its members are visible leaders in various fields, contributing significantly to society. This public image is carefully cultivated and reflects the fraternity's commitment to positive social impact. This commitment is visible through their numerous community service projects and scholarships awarded annually.

H2: Exploring the Internal World: Rituals and Traditions

While much of Omega Psi Phi's activities are open to public view, the fraternity, like many others, has internal rituals and traditions that are kept confidential among its members. These rituals often involve ceremonies, initiations, and pledges that reinforce the bonds of brotherhood and instill the fraternity's values. These are not "secrets" in a clandestine sense, but rather private practices designed to foster a sense of unity and shared identity. They are integral to the fraternal experience, strengthening the bonds between members and fostering a shared sense of purpose. Think of them as the building blocks of a strong and enduring brotherhood, akin to the private traditions within any close-knit group.

H3: The Significance of Symbolism

Omega Psi Phi utilizes various symbols and emblems to represent its ideals. These symbols, often incorporated into rituals and regalia, carry significant meaning for members. Understanding the symbolism is crucial to appreciating the deeper layers of the fraternity's identity. The meaning behind these symbols is not generally shared publicly, remaining a part of the shared knowledge and understanding among initiated members. This selective sharing fosters a sense of belonging and strengthens the fraternity's internal cohesion.

H2: Dispelling Myths and Misconceptions

Many myths and misconceptions surround fraternities in general, and Omega Psi Phi is no exception.

Some perceive fraternity life as elitist or exclusive. While the fraternity does have selective membership processes, it's crucial to understand that this is designed to maintain standards of scholarship, leadership, and character, rather than to foster exclusivity for its own sake. Furthermore, the focus on service and community involvement actively counters the notion of elitism. The fraternity actively seeks to uplift and support its community, making a significant positive impact on society.

H2: The Enduring Legacy of Omega Psi Phi

The enduring legacy of Omega Psi Phi lies not just in its traditions but also in the tangible contributions its members have made across diverse fields. From groundbreaking achievements in science and technology to leadership roles in politics and the arts, Omega Psi men have consistently made significant impacts. Their commitment to service and their dedication to uplifting their communities have left an indelible mark on society. This ongoing contribution underscores the fraternity's commitment to its founding principles and its ongoing relevance in the 21st century. Their historical and contemporary impact serves as a testament to the enduring power of brotherhood and shared purpose.

Conclusion

The "secrets" of Omega Psi Phi are not hidden conspiracies but rather the deeply held values, internal rituals, and the strong sense of brotherhood that shape its identity. Understanding these elements provides a richer appreciation for the fraternity's significant contributions to society and its enduring legacy. The fraternity's commitment to scholarship, leadership, perseverance, and uplift continues to inspire and shape the lives of its members, leaving a lasting mark on the world.

FAQs

1. What is the initiation process like for Omega Psi Phi? The initiation process is a private and confidential matter for members. Details are not shared publicly.
2. Are there specific requirements for joining Omega Psi Phi? The requirements emphasize strong academic performance, leadership potential, and a commitment to the fraternity's principles. Specific criteria are determined at the chapter level.
3. How can I learn more about Omega Psi Phi's philanthropic activities? Information on the fraternity's philanthropic work is readily available on their official website and through various online resources.
4. What is the significance of the fraternity's colors and symbols? The colors and symbols hold deep

meaning for members, reflecting the fraternity's ideals and history. The specific meanings are generally shared only within the fraternity.

5. Is Omega Psi Phi involved in national politics? While individual members may be involved in politics, the fraternity itself maintains a non-partisan stance, focusing on service to the community regardless of political affiliation.

Discover how to: Test a conspiracy theory Spot a sinister secret society Assess the Internet's role in fueling conspiracy theories Explore world domination schemes Evaluate 9/11 conspiracy theories Figure out who "they" are Grasp the model on which conspiracy theories are built Figure out whether what "everybody knows" is true Distinguish on assassination brotherhood from another Understand why there's no such thing as a "lone assassin" Why do hot dogs come in packages of ten, while buns come in eight-packs? Everybody knows its a conspiracy, right? Find out in Conspiracy Theories & Secret Societies For Dummies.

secrets of omega psi phi: The True Alpha and Omega Minister Jerrod Smith, Brother Clifton Lucas, 2011-06-20 This bookexposes the true nature and culture of fraternities and sororities. In these secret societies there are activities and requirements that cause prospective members and members aliketo unknowingly enter into ungodly pacts and covenants. These ungodly practices lead to activities which include physical abuse, fornication, adultery, hatred, envy, strife, manipulation, social and intellectual elitism, abominable sexual activities and witchcraft. These organizationsattract people that are looking for something that only Christ Jesus can provide. However, the organizations appears as a light by their community service and networking abilities. This light however is afalse light.Once one gets into the inner workings of the organizations, the sin and soul inflicting antics are found deeply rooted in darkness. The authorsbeing former members that participated in ungodly activities within these organizations expose the physical, mental, sexualand spiritualdeath-dealing activities found in fraternities and sororities. This is by no means a kiss and tell composition, but it is a trying to save people from hell exposition. Actual accounts of sexual requirements, abuse,ancient ungodly spiritual practices, witchcraft, and required chantswhich denouncetheexistence the One True God are given in detail in this book.Ungodly spirits of oldhave found new vessels to operate inthrough these fraternities and sororities. The good thing about this book is that it not only exposes spiritual wickedness and old ungodly practices, but it

shows people who want to be free how to find God, the Ancient of Days. Let the Truth be told. We encourage you to read this book if you are joining a fraternity or sorority, are a member of one, are a pastor, or have a loved one in one of these organizations. We desire for all to be free and blessed by this book.

secrets of omega psi phi: Race and Ethnicity in Secret and Exclusive Social Orders Matthew W. Hughey, 2015-04-10 Secret and private organizations, in the form of Greek-letter organizations, mutual aid societies, and civic orders, together possess a storied and often-romanticized place in popular culture. While much has been made of these groups' glamorous origins and influence—such as the Freemasons' genesis in King Solomon's temple or the belief in the Illuminati's control of modern geo-politics—few have explicitly examined the role of race and ethnicity in organizing and perpetuating these cloistered orders. This volume directly addresses the inattention paid to the salience of race in secret societies. Through an examination of the Historically Black and White Fraternities and Sororities, the Ku Klux Klan in the US, the Ekpe and Abakuj secret societies of Africa and the West Indies, Gypsies in the United Kingdom, Black and White Temperance Lodges, and African American Order of the Elks, this book traces the use of racial and ethnic identity in these organizations. This important contribution examines how such orders are both cause and consequence of colonization, segregation, and subjugation, as well as their varied roles as both catalysts and impediments to developing personal excellence, creating fictive kinship ties, and fostering racial uplift, nationalism, and cohesion. This book was originally published as a special issue of Ethnic and Racial Studies.

secrets of omega psi phi: African Americans and the Bible Vincent L. Wimbush, 2012-09-01 Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans. From literature and the arts to popular culture and everyday life, the Bible courses through black society and culture like blood through veins. Despite the enormous recent interest in African American religion, relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible. African Americans and the Bible is the fruit of a four-year collaborative research project directed by Vincent L. Wimbush and funded by the Lilly Endowment. It brings together scholars and experts (sixty-eight in all) from a wide range of academic and artistic fields and disciplines—including ethnography, cultural history, and biblical studies as well as art, music, film, dance, drama, and literature. The focus is on the interaction between the people known as African Americans and that complex of visions, rhetorics, and ideologies known as the Bible. As such, the book is less about the meaning(s) of the Bible than about the Bible and meaning(s), less about the world(s) of the Bible than about how worlds and the Bible interact—in short, about how a text constructs a people and a people constructs a text. It is about a particular sociocultural

formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general. Thus African Americans and the Bible provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed.

secrets of omega psi phi: Esotericism in African American Religious Experience , 2014-11-06

In *Esotericism in African American Religious Experience: "There is a Mystery" ...*, Stephen C. Finley, Margarita Simon Guillory, and Hugh R. Page, Jr. assemble twenty groundbreaking essays that provide a rationale and parameters for Africana Esoteric Studies (AES): a new trans-disciplinary enterprise focused on the investigation of esoteric lore and practices in Africa and the African Diaspora. The goals of this new field — while akin to those of Religious Studies, Africana Studies, and Western Esoteric Studies — are focused on the impulses that give rise to Africana Esoteric Traditions (AETs) and the ways in which they can be understood as loci where issues such as race, ethnicity, and identity are engaged; and in which identity, embodiment, resistance, and meaning are negotiated.

secrets of omega psi phi: Soul: Secrets of Ultimate Lionology Brenda Isaacs, 2012-12-29 This is the authors second book in six years, the first having been a work of fiction entitled *The Baroness of Bakersfield*, published in 2006. This one, however, is mostly true, although some names have been changed with respect to confidentiality and privacy issues. *SOUL: Secrets of Ultimate Lionology* is the authors idea of a smorgasbord, replete with a variegated spread of anecdotes, relationships, snippets and vignettes all related to Brenda Isaacs experiences in the educational arena over the last 30-40 years. Once called a Renaissance Woman by South Bend (IN) Tribune reporter, Frank Ramirez, Isaacs has managed to maneuver through a gauntlet of school connected scenarios including public and private schools, alternative school, Sunday school, college and the library. This tell-all book was written to delight, entertain, support and surprise all fellow educators and their friends across America, and around the world. An interactive book, Isaacs invites readers to give her feedback through social media. She plans to use remarks garnered in a follow-up book.

secrets of omega psi phi: **Encyclopedia of African American Society** Gerald D. Jaynes, 2005-02-01 Do your students or patrons ever ask you about African Americans in sports? How about African American Academy Award winners? Or perhaps you're asked about more complex social issues regarding the unemployment rate among African Americans, or the number of African American men on death row? If these questions sound familiar, the *Encyclopedia of African American Society* is a must-have for your library. This two-volume reference seeks to capture the ways in which the tenets and foundations of African American culture have given rise to today's society. Approaching the field from a street level perspective, these two volumes cover topics of universal interest in America: rap music, sports, television, cinema, racism, religion, literature, and much more. The *Encyclopedia of African American Society* is also the first comprehensive yet accessible reference set in this field to give voice to the turbulent historical trends—slavery, segregation, separate but equal—that are often ignored in favor of mere facts. This is a definitive, reliable, and accessible entry point to learning the basics about African American society. The encyclopedia is anchored by alphabetically arranged essays on such topics as abolitionism, affirmative action, and the civil rights movement. More than just a who's who, these volumes emphasize social issues and events—those filled with significance and consequence through history. Civil Rights, economic growth, law and justice, and politics—with all of their numerous subcategories—receive substantial coverage. The encyclopedia naturally contains hundreds of articles on notable African Americans (Martin Luther King, Jr., Jackie Robinson, Miles Davis), groundbreaking events (Emancipation Proclamation, Los Angeles Riots), sports and culture (Rap Music, Jazz), and significant heritage sites (Apollo Theater). This much needed two-volume encyclopedia should become a staple in collections at school, public, and academic libraries. Readers of all ages, backgrounds, and ethnic or racial groups will find fascinating material on every page. Key Features Nearly 700 signed articles Almost 50 photographs Complete list of African Americans in sports Halls of Fame Cross-referenced for easy links from one topic to another Reader's guide facilitates easy browsing for relevant articles Clear, accessible writing style appropriate for high school and college students and interested lay readers Comprehensive index and bibliography Topics Covered Concepts and Theories Fine Arts, Theater, and Entertainment Health and Education

secrets of omega psi phi: The Assassination of Fred Hampton Jeffrey Haas, 2019-11-05
Read the story behind the award-winning film *Judas and the Black Messiah* On December 4, 1969, attorney Jeff Haas was in a police lockup in Chicago, interviewing Fred Hampton's fiancée. Deborah Johnson described how the police pulled her from the room as Fred lay unconscious on their bed. She heard one officer say, He's still alive. She then heard two shots. A second officer said, He's good and dead now. She looked at Jeff and asked, What can you do? *The Assassination of Fred Hampton* remains Haas's personal account of how he and People's Law Office partner Flint Taylor pursued Hampton's assassins, ultimately prevailing over unlimited government resources and FBI conspiracy. Fifty years later, Haas writes that there is still an urgent need for the revolutionary systemic changes Hampton was organizing to accomplish. Not only a story of justice delivered, this book spotlights Hampton as a dynamic community leader and an inspiration for those in the ongoing fight against injustice and police brutality.

secrets of omega psi phi: Black Greek-letter Organizations in the Twenty-First Century Gregory S. Parks, 2008-06-13 During the twentieth century, black Greek-Letter organizations (BGLOs) united college students dedicated to excellence, fostered kinship, and uplifted African Americans. Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr., Congresswoman Barbara Jordan, novelist Toni Morrison, and Wall Street pioneer Reginald F. Lewis. Despite the profound influence of these groups, many now question the continuing relevance of BGLOs, arguing that their golden age has passed. Partly because of their perceived link to hip-hop culture, black fraternities and sororities have been unfairly reduced to a media stereotype—a world of hazing without any real substance. The general public knows very little about BGLOs, and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations. To foster a greater engagement with the history and contributions of BGLOs, *Black Greek-Letter Organizations in the Twenty-first Century: Our Fight Has Just Begun* brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members. Editor Gregory S. Parks and the contributing authors provide historical context for the development of BGLOs, exploring their service activities as well as their relationships with other prominent African American institutions. The book examines BGLOs' responses to a number of contemporary issues, including non-black membership, homosexuality within BGLOs, and the perception of BGLOs as educated gangs. As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena, Louisiana, these organizations still have a vital mission. Both internally and externally, BGLOs struggle to forge a relevant identity for the new century. Internally, these groups wrestle with many issues, including hazing, homophobia, petty intergroup competition, and the difficulty of bridging the divide between college and alumni members. Externally, BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism, sexism, and other types of fear-driven behavior. By embracing the history of these organizations and exploring their continuing viability and relevance, *Black Greek-Letter Organizations in the Twenty-first Century* demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead.

secrets of omega psi phi: *Coming Apart at the Seams* Frederic Hatchett, 2002-08-01

secrets of omega psi phi: *The History of the Negro Church* Carter Godwin Woodson, 1921

secrets of omega psi phi: *The Book of Lies* Aleister Crowley, 2022-01-04 *The Book of Lies* was written by English occultist and teacher Aleister Crowley under the pen name of Frater Perdurabo. As Crowley describes it: This book deals with many matters on all planes of the very highest importance. It is an official publication for Babes of the Abyss, but is recommended even to

beginners as highly suggestive. The book consists of 91 chapters, each of which consists of one page of text. The chapters include a question mark, poems, rituals, instructions, and obscure allusions and cryptograms. The subject of each chapter is generally determined by its number and its corresponding Qabalistic meaning.

secrets of omega psi phi: Paul's Use of the Old Testament in Romans 9.10-18 Brian J. Abasciano, 2011-04-21 Brian Abasciano continues his project examining the use of the Old Testament in Romans 9. Abasciano builds upon his forthcoming LNTS volume Paul's Use of the Old Testament in Romans 9.1-9, continuing the project begun in that volume and its intertextual methodology. This method incorporates into a thorough traditional exegesis a comprehensive analysis of Paul's use of Scripture against the background of interpretive traditions surrounding the texts alluded to, with great emphasis placed on analyzing the original contexts of Paul's citations and allusions. Such an intertextual exegesis is conducted in Romans 9:10-33 with an awareness of the broader unit of chapters 9-11 especially, and also the epistle as a whole. Conclusions for the meaning of these passages and their theological significance are drawn. Formerly the Journal for the Study of the New Testament Supplement, this is a book series that explores the many aspects of New Testament study including historical perspectives, social-scientific and literary theory, and theological, cultural and contextual approaches. The Early Christianity in Context series, a part of JSNTS, examines the birth and development of early Christianity up to the end of the third century CE. The series places Christianity in its social, cultural, political and economic context. European Seminar on Christian Origins and Journal for the Study of the Historical Jesus Supplement are also part of JSNTS.

secrets of omega psi phi: Steppin' on the Blues Jacqui Malone, 1996 Former dancer Jacqui Malone throws a fresh spotlight on the cultural history of black dance, the Africanisms that have influenced it, and the significant role that vocal harmony groups, black college and university

marching bands, and black sorority and fraternity stepping teams have played in the evolution of dance in African American life.

secrets of omega psi phi: In Search of Sisterhood Paula J. Giddings, 2009-10-06 In Search of Sisterhood is the definitive history of the largest Black women's organization in the United States, and is filled with compelling, fascinating anecdotes told by the Delta Sigma Theta members themselves, illustrated with rare early photographs of the Delta women. This book contains the story of Delta Sigma Theta Sorority (DST), and details the increasing involvement of Black women in the political, social, and economic affairs of America. Founded at a time when liberal arts education was widely seen as either futile, dangerous, or impractical for Blacks—and especially Black women—DST is, in Giddings's words, a compelling reflection of Black women's aspirations for themselves and for society. Giddings notes that unlike other organizations with racial goals, Delta Sigma Theta was created to change and benefit individuals rather than society. As a sorority, it was formed to bring women together as sisters, but at the same time to address the divisive, often class-related issues confronting Black women in our society. There is, in Giddings's eyes, a tension between these goals that makes Delta Sigma Theta a fascinating microcosm of the struggles of Black women and their organizations. DST members have included Mary McLeod Bethune, Mary Church Terrell, Margaret Murray Washington, Shirley Chisholm, Barbara Jordan, and, on the cultural side, Leontyne Price, Lena Horne, Ruby Dee, Judith Jamison, and Roberta Flack.

secrets of omega psi phi: The Divine Nine Lawrence C. Ross, 2001-01-01 From the creation of the first black fraternity at Cornell in 1906 to the present day, a fascinating history of America's nine black fraternities and sororities explores the roles of these organizations in shaping generations of African-American leaders. Reissue.

secrets of omega psi phi: "Surely You're Joking, Mr. Feynman!": Adventures of a Curious Character Richard P. Feynman, 2018-02-06 One of the most famous science books of our time, the phenomenal national bestseller that buzzes with energy, anecdote and life. It almost makes you want to become a physicist (Science Digest). Richard P. Feynman, winner of the Nobel Prize in physics, thrived on outrageous adventures. In this lively work that "can shatter the stereotype of the stuffy scientist" (Detroit Free Press), Feynman recounts his experiences trading ideas on atomic physics with Einstein and cracking the uncrackable safes guarding the most deeply held nuclear secrets—and much more of an eyebrow-raising nature. In his stories, Feynman's life shines through in all its eccentric glory—a combustible mixture of high intelligence, unlimited curiosity, and raging chutzpah. Included for this edition is a new introduction by Bill Gates.

secrets of omega psi phi: Pivot to Win Jordan Babineaux, 2021-06 Make the Big Plays in Life, Sports & Business! Insights & inspiration from thought leader, NFL star, sports analyst & entrepreneur Jordan Babineaux. Change is inevitable, but the beautiful thing is that it allows us to reinvent ourselves. Former NFL defensive back Jordan Babineaux has mastered the art of capitalizing on moments of uncertainty and upheaval to reach for the next goal. In *Pivot to Win*, Jordan candidly shares the challenges of rising through the NFL to fulfill a dream he envisioned for himself when he was just a kid. As a pro footballer, Big Play Babs worked relentlessly while keeping an eye out for the inevitable pivot away from football as he approached retirement. Jordan opens up about the jarring reality of leaving the NFL, starting a broadcast career, and becoming an entrepreneur, consultant, and owner of several businesses. Through his story, Jordan shows how all readers can beat the odds to create the life they want. In *Pivot to Win*, Jordan explains: (1) How to cultivate the mentality and determination needed to pivot successfully; (2) Why pivots are hard and what tools you need to persevere; and (3) Why having a *Pivot to Win Playbook* is critical for anyone who desires greatness. Each of us faces numerous pivots every day—it's time to make them work for you. Jordan's message will inspire and resonate with everyone as he shares ideas on his journey to self-mastery. Let Jordan help you make the big plays in life and business.

secrets of omega psi phi: The Sibylline Oracles Milton S. Terry, 2012 This is the extended and annotated edition including * an extensive annotation of almost 10.000 words about the oracles in religion * an interactive table-of-contents * perfect formatting for electronic reading devices THE Sibyls occupy a conspicuous place in the traditions and history of ancient Greece and Rome. Their fame was spread abroad long before the beginning of the Christian era. Heraclitus of Ephesus, five centuries before Christ, compared himself to the Sibyl who, speaking with inspired mouth, without a smile, without ornament, and without perfume, penetrates through centuries by the power of the gods. The ancient traditions vary in reporting the number and the names of these weird prophetesses, and much of what has been handed down to us is legendary. But whatever opinion one may hold respecting the various legends, there can be little doubt that a collection of Sibylline Oracles was at one time preserved at Rome. There are, moreover, various oracles, purporting to have been written by ancient Sibyls, found in the writings of Pausanias, Plutarch, Livy, and in other Greek and Latin authors. Whether any of these citations formed a portion of the Sibylline books once kept in Rome we cannot now determine; but the Roman capitol was destroyed by fire in the time of Sulla (B. C. 84), and again in the time of Vespasian (A. D. 69), and whatever books were at those dates kept therein doubtless perished in the flames. It is said by some of the ancients that a subsequent collection of oracles was made, but, if so, there is now no certainty that any fragments of them remain.

secrets of omega psi phi: Aeronautical Engineer's Data Book Cliff Matthews, 2001-10-17 Aeronautical Engineer's Data Book is an essential handy guide containing useful up to date information regularly needed by the student or practising engineer. Covering all aspects of aircraft, both fixed wing and rotary craft, this pocket book provides quick access to useful aeronautical engineering data and sources of information for further in-depth information. - Quick reference to essential data - Most up to date information available
