Understanding “Writing on the Wall” in New York

The phrase “writing on the wall” has gained new meaning in the vibrant streets of New York City, where graffiti, murals, and tags transform blank surfaces into visual statements. These images range from political commentary to abstract art, showcasing the city’s energy and diversity. Photographers document these expressions, preserving moments in the city’s ongoing dialogue between artists and the urban landscape. The term encompasses not only graffiti but also commissioned murals, sticker art, and ephemeral installations. In New York, writing on the wall has become a way for communities to express identity, resilience, and creativity, making its photographic capture a significant cultural archive.

Historical Evolution of Graffiti and Wall Art in NYC

Origins and Early Days

Graffiti in New York dates back to the late 1960s and early 1970s, when young artists began tagging subway cars and public spaces. Initially viewed as vandalism, this movement quickly evolved into a complex subculture with its own codes, styles, and legends. Early pioneers like TAKI 183 and Lady Pink set the tone for generations of street artists.

Growth and Mainstream Recognition

By the 1980s, graffiti became synonymous with New York's urban life, moving from subways to building walls and gaining recognition among art critics and galleries. Artists like Jean-Michel Basquiat and Keith Haring bridged the gap between street and fine art, further legitimizing writing on the wall as an art form. Wall art began to include not only spray paint but also wheatpaste posters, stickers, and intricate stencil work.

Techniques for Capturing Striking Wall Art Photography

Lighting and Timing

The quality of natural light can dramatically affect wall art photos. Early morning and late afternoon offer soft, directional lighting that enhances colors and textures. Photographers should avoid harsh midday sun, which can cause glare and washed-out images, especially on glossy painted surfaces.

Composition and Framing

Effective composition highlights both the artwork and its environment. Try incorporating elements like people, vehicles, or architectural features to add context and depth. Framing the mural in a way that captures its scale or juxtaposition with urban surroundings can create powerful images.

Camera Settings and Equipment

A wide-angle lens is often ideal for photographing large murals, while a telephoto lens can isolate details and textures. Use a low ISO for vibrant colors and minimal noise. Tripods provide stability for shooting in low light or when capturing intricate details. Mobile phones with advanced camera features are also popular for spontaneous street art photography.

Respect and Permission

While most street art is in public view, some murals are on private property or have cultural significance. Always be respectful of artists and local communities when photographing. Avoid disrupting local traffic or business operations, and seek permission if required, especially for commercial projects.

writing on the wall new york photos: Writing on the Wall Karen B. Stern, 2020-11-03

What ancient graffiti reveals about the everyday lives of Jews in the Greek and Roman world Few direct clues exist to the everyday lives and beliefs of ordinary Jews in antiquity. Prevailing perspectives on ancient Jewish life have been shaped largely by the voices of intellectual and social elites, preserved in the writings of Philo and Josephus and the rabbinic texts of the Mishnah and Talmud.

Commissioned art, architecture, and formal inscriptions displayed on tombs and synagogues equally reflect the sensibilities of their influential patrons. The perspectives and sentiments of nonelite Jews, by contrast, have mostly disappeared from the historical record. Focusing on these forgotten Jews of antiquity, *Writing on the Wall* takes an unprecedented look at the vernacular inscriptions and drawings they left behind and sheds new light on the richness of their quotidian lives. Just like their neighbors throughout the eastern and southern Mediterranean, Mesopotamia, Arabia, and Egypt, ancient Jews scribbled and drew graffiti everywhere—in and around markets, hippodromes, theaters, pagan temples, open cliffs, sanctuaries, and even inside burial caves and synagogues. Karen Stern reveals what these markings tell us about the men and women who made them, people whose lives, beliefs, and behaviors eluded commemoration in grand literary and architectural works. Making compelling analogies with modern graffiti practices, she documents the overlooked connections between Jews and their neighbors, showing how popular Jewish practices of prayer, mortuary commemoration, commerce, and civic engagement regularly crossed ethnic and religious boundaries. Illustrated throughout with examples of ancient graffiti, *Writing on the Wall* provides a tantalizingly intimate glimpse into the cultural worlds of forgotten populations living at the crossroads of Judaism, Christianity, paganism, and earliest Islam.

writing on the wall new york photos: The Adding Machine William S. Burroughs, 2013-11-04 Sheer pleasure. . . . Wonderfully entertaining.—Chicago Sun-Times Acclaimed by Norman Mailer more than twenty years ago as possibly the only American writer of genius, William S. Burroughs has produced a body of work unique in our time. In these scintillating essays, he writes wittily and wisely about himself, his interests, his influences, his friends and foes. He offers candid and not always flattering assessments of such diverse writers as Ernest Hemingway, F. Scott Fitzgerald, Joseph Conrad, Graham Greene, Jack Kerouac, Allen Ginsberg, Samuel Beckett, and Marcel Proust. He ruminates on science and the often dubious paths into which it seems intent on leading us, whether into outer or inner space. He reviews his reviewers, explains his famous cut-up method, and discusses the role coincidence has played in his life and work. As satirist and parodist, William Burroughs has no peer, as these varied works, written over three decades, amply reveal.

writing on the wall new york photos: The Faith of Graffiti Norman Mailer, Jon Naar, 2010-09-07 *The Faith* is the bible of graffiti. It forever captures the place, the time, and the writings of those of us who made it happen. —Snake I In 1973, author Norman Mailer teamed with photographer Jon Naar to produce *The Faith of Graffiti*, a fearless exploration of the birth of the street art movement in New York City. The book coupled Mailer's essay on the origins and importance of graffiti in modern urban culture with Naar's radiant, arresting photographs of the young graffiti writers' work. The result was a powerful, impressionistic account of artistic ferment on the streets of a troubled and changing city—and an iconic documentary record of a critical body of work now largely lost to history. This new edition of *The Faith of Graffiti*, the first in more than three decades, brings this vibrant work—the seminal document on the origins of street art—to contemporary readers. Photographer Jon Naar has enhanced the original with thirty-two pages of additional photographs that are new to this edition, along with an afterword in which he reflects on the project and the meaning it has taken on in the intervening decades. It stands now, as it did then, as a rich survey of a group of outsider artists and the body of work they created—and a provocative defense of a generation that questioned the bounds of authority over aesthetics.

writing on the wall new york photos: Writings on the Wall Kareem Abdul-Jabbar, Raymond Obstfeld, 2016-08-23 A New York Times and Washington Post Bestseller Bestselling author, basketball legend and cultural commentator Kareem Abdul-Jabbar explores the heart of issues that affect Americans today. Since retiring from professional basketball as the NBA's all-time leading scorer, six-time MVP, and Hall of Fame inductee, Kareem Abdul-Jabbar has become a lauded observer of culture and society, a New York Times bestselling author, and a regular contributor to

The Washington Post, TIME magazine and TIME.com. He now brings that keen insight to the fore in *Writings on the Wall: Searching for a New Equality Beyond Black and White*, his most incisive and important work of non-fiction in years. He uses his unique blend of erudition, street smarts and authentic experience in essays on the country's seemingly irreconcilable partisan divide - both racial and political, parenthood, and his own experiences as an athlete, African-American, and a Muslim. The book is not just a collection of expositions; he also offers keen assessments of and solutions to problems such as racism in sports while speaking candidly about his experiences on the court and off. Timed for publication as the nation debates whom to send to the White House, the combination of plain talk on issues, life lessons, and personal stories places *Writings on the Wall* squarely in the middle of the conversation, as many of Abdul-Jabbar's topics are at the top of the national agenda. Whether it is sparring with Donald Trump, within the pages of TIME magazine, or full-length features in the The New York Times Magazine, writers, critics, and readers have come to agree on what The Washington Post observed: Abdul-Jabbar has become a vital, dynamic and unorthodox cultural voice.

Professor, journalist, and founder of the Prison-to-College-Pipeline, Dreisinger looks into the human stories of incarcerated men and women and those who imprison them, creating a jarring, poignant view of a world to which most are denied access, and a rethinking of one of America's most far-reaching global exports: the modern prison complex. From serving as a restorative justice facilitator in a notorious South African prison and working with genocide survivors in Rwanda, to launching a creative writing class in an overcrowded Ugandan prison and coordinating a drama workshop for women prisoners in Thailand, Dreisinger examines the world behind bars with equal parts empathy and intellect. She journeys to Jamaica to visit a prison music program, to Singapore to learn about approaches to prisoner reentry, to Australia to grapple with the bottom line of private prisons, to a federal supermax in Brazil to confront the horrors of solitary confinement, and finally to the so-called model prisons of Norway. *Incarceration Nations* concludes with climactic lessons about the past, present, and future of justice.

The rule that great chefs don't make great writers (with her memoir, *Blood, Bones & Butter*). And now, the rule that restaurant food

has to be simplified and prettied up for home cooks in order to produce a useful, irresistible cookbook. . . . [Prune] is the closest thing to the bulging loose-leaf binder, stuck in a corner of almost every restaurant kitchen, ever to be printed and bound between cloth covers. (These happen to be a beautiful deep, dark magenta.)”—The New York Times “One of the most brilliantly minimalist cookbooks in recent memory . . . at once conveys the thrill of restaurant cooking and the wisdom of the author, while making for a charged reading experience.”—Publishers Weekly (starred review)

Peter Whoriskey (Washington Post) exposes the human cost of promoting pharmaceuticals off-label. writing on the wall new york photos: Walled Life Jenny Stümer, 2022-02-24 Going beyond a discussion of political architecture, Walled Life investigates the mediation of material and imagined border walls through cinema and art practices. The book reads political walls as more than physical

obstruction, instead treating the wall as an affective screen, capable of negotiating the messy feelings, personal conflicts, and haunting legacies that make up “walled life” as an evolving signpost in the current global border regime. By exploring the wall as an emotional and visceral presence, the book shows that if we read political walls as forms of affective media, they become legible not simply as shields, impositions, or monuments, but as projective surfaces that negotiate the interaction of psychological barriers with political structures through cinema, art, and, of course, the wall itself. Drawing on the Berlin Wall, the West Bank Separation barrier, and the U.S.-Mexico border, *Walled Life* discovers each wall through the films and artworks it has inspired, examining a wide array of graffiti, murals, art installations, movies, photography, and paintings. Remediating the silent barriers, we erect between, and often within ourselves, these interventions tell us about the political fantasies and traumatic histories that undergird the politics of walls as they rework the affective settings of political boundaries.

My parents started using that word about a year ago—“one day, you’ll take a trip to be with us. Like an adventure.” Javier Zamora’s adventure is a three-thousand-mile journey from his small town in El Salvador, through Guatemala and Mexico, and across the U.S. border. He will leave behind his beloved aunt and grandparents to reunite with a mother who left four years ago and a father he barely remembers. Traveling alone amid a group of strangers and a “coyote” hired to lead them to safety, Javier expects his trip to last two short weeks. At nine years old, all Javier can imagine is rushing into his parents’ arms, snuggling in bed between them, and living under the same roof again. He cannot foresee the perilous boat trips, relentless desert treks, pointed guns, arrests and deceptions that await him; nor can he know that those two weeks will expand into two life-altering months alongside fellow migrants who will come to encircle him like an unexpected family. A memoir as gripping as it is moving, *Solito* provides an immediate and intimate account not only of a treacherous and near-impossible journey, but also of the miraculous kindness and love delivered at the most unexpected moments. *Solito* is Javier Zamora’s story, but it’s also the story of millions of others who had no choice but to leave home.

writing on the wall new york photos: Crying in H Mart Michelle Zauner, 2021-04-20 #1 NEW YORK TIMES BESTSELLER • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American—“in losing her mother and cooking to bring her back to life, Zauner became herself” (NPR). • CELEBRATING OVER ONE YEAR ON THE NEW YORK TIMES BESTSELLER LIST In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

writing on the wall new york photos: Random Family Adrian Nicole LeBlanc, 2012-10-23 Selected as One of the Best Books of the 21st Century by The New York Times Set amid the havoc of the War on Drugs, this New York Times bestseller is an astonishingly intimate (New York magazine) chronicle of one family's triumphs and trials in the South Bronx of the 1990s. “Unmatched in depth and power and grace. A profound, achingly beautiful work of narrative nonfiction...The standard-bearer of embedded reportage.” —Matthew Desmond, author of *Evicted* In her classic bestseller, journalist Adrian Nicole LeBlanc immerses readers in the world of one family with roots in the Bronx, New York. In 1989, LeBlanc approached Jessica, a young mother whose encounter with the carceral state is about to forever change the direction of her life. This meeting redirected LeBlanc's reporting, taking her past the perennial stories of crime and violence into the community of women and children who bear the brunt of the insidious violence of poverty. Her book bears witness to the teetering highs and devastating lows in the daily lives of Jessica, her family, and her expanding circle of friends. Set at the height of the War on Drugs, *Random Family* is a love story—an ode to the families that form us and the families we create for ourselves. Charting the tumultuous struggle of hope against deprivation over three generations, LeBlanc slips behind the statistics and comes back with a riveting, haunting, and distinctly American true story.

writing on the wall new york photos: *All the Restaurants in New York* John Donohue, 2019-05-14 "An emotional trip down memory lane for those of us who count our favorite restaurants as cherished personalities and members of our family." —Danny Meyer, founder of Shake Shack From romantic spots like Le Bernardin to beloved holes-in-the-wall like Corner Bistro, John Donohue renders people's favorite restaurants in a manner that captures the emotional pull a certain place can have on the hearts of New Yorkers. All the Restaurants in New York is a collection of these drawings, characterized by their appealingly loose and gently distorted lines. These transportive images are intentionally spare, leaving the viewer room to layer on their own meaning and draw connections to their own memories of a place, of a time, of an atmosphere. Featuring an eclectic mix of 100 restaurants—from Minetta Tavern to Frankies 457 and River Café—this charming collection of drawings is accompanied by interviews with the owners, chefs, and loyal patrons of these much-loved restaurants. "I love John's spare, romantic, quirky portrayals of iconic New York restaurants so much that I purchased over a dozen of his prints to hang around my office. These places come to define our lives in New York—that job right next to Balthazar, that boyfriend who lived above Prune, that interview that took place at '21' . . . They deserve this spotlight, this tribute." —Amanda Kludt, Editor in Chief, Eater "John Donohue is the Rembrandt of New York City's restaurant facades. His collection is an invaluable, evocative guide to the ever-changing, slowly vanishing landscape of the city's great dining scene. It belongs on the bookshelf of every devout chowhound and fresser." —Adam Platt, Restaurant Critic, New York magazine
