It's time for *Writing Without Bullshit*. *Writing Without Bullshit* is the first comprehensive guide to writing for today's world: a noisy environment where everyone reads what you write on a screen. The average news story now gets only 36 seconds of attention. Unless you change how you write, your emails, reports, and Web copy don't stand a chance. In this practical and witty book, you'll learn to front-load your writing with pithy titles, subject lines, and opening sentences. You'll acquire the courage and skill to purge weak and meaningless jargon, wimpy passive voice, and cowardly weasel words. Manage edits and reviews flawlessly. And master every modern format from emails and social media to reports and press releases. Stop writing to fit in. Start writing to stand out. An extraordinary and unforgettable book. *****' HEAT * * * * * 'When Rebecca died, the idea that one day I might begin to feel better would have struck me as laughable ... I know how persuasive this kind of permanence thinking can be. I know too that anyone locked in its grip will laugh if I promise them that their pain will one day ease. It will. Of course it will. But I know better than to expect anyone to believe me.' In 2015, former England football star Rio Ferdinand suddenly and tragically lost his wife and soulmate Rebecca, aged 34, to cancer. It was a profound shock and Rio found himself struggling to cope not just with the pain of his grief, but also with his new role as both mum and dad to their three young children. Rio's BBC1 documentary, Being Mum and Dad, touched everyone who watched it and won huge praise for the honesty and bravery he showed in talking about his emotions and experiences. His book now shares the story of meeting, marrying and losing Rebecca, his own and the family's grief - as well as the advice and support that get him through each day as they strive to piece themselves back together. Thinking Out Loud is written in the hope that he can inspire others struggling with loss and grief to find the help they need through this most difficult of times.

Only Department of Energy employee, Adonia, and a few others including a war hero, a senator, and an environmental activist, are allowed access to perform a high-level security review of the facilities. But Hydra Mountain was never meant to securely hold this much hazardous waste, and it has the potential to explode, taking with it all of Albuquerque and spreading radioactivity across the nation. This disaster situation proves all too possible when a small plane crashes at a nearby military base, setting off Hydra's lockdown and trapping Adonia and her team in the heart of the hazardous, waste-filled mountain. Now, the only direction for them to go is deeper into the mountain, through the tear gas and into a secretive area no one was ever supposed to know about. writing com dictaphone: The Patch John McPhee, 2018-11-13 The Patch is the seventh collection of essays by the nonfiction master, all published by Farrar, Straus and Giroux. It is divided into two parts. Part 1, "The Sporting Scene," consists of pieces on fishing, football, golf, and lacrosse—from fly casting for chain pickerel in fall in New Hampshire to walking the linksland of St. Andrews at an Open Championship. Part 2, called "An Album Quilt," is a montage of fragments of varying length from pieces done across the years that have never appeared in book form—occasional pieces, memorial pieces, reflections, reminiscences, and short items in various magazines including The New Yorker. They range from a visit to the Hershey chocolate factory to encounters with Oscar Hammerstein, Joan Baez, and Mount Denali. Emphatically, the author's purpose was not merely to preserve things but to choose passages that might entertain contemporary readers. Starting with 250,000 words, he gradually threw out 75 percent of them, and randomly assembled the remaining

fragments into "an album quilt." Among other things, *The Patch* is a covert memoir.

writing com dictaphone: *The Simon Iff Stories and Other Works* Aleister Crowley, William Breeze, 2012 This volume brings together two series of short fiction by the poet, writer and religious philosopher Aleister Crowley (1875-1947). It includes the first complete publication of Simple Simon, the detective series featuring Crowley's most memorable fictional creation, the mystic-magician-philosopher-psychoanalyst-detective Simon Iff. The idealised Crowley in old age, Simon Iff is wise, knowing and unfailingly humorous as he applied psychoanalysis, Taoism and his own religious philosophy of Thelema to divine the depths of human nature and solve a wide array of crimes and mysteries. The six Scrutinies of Simon Iff stories are set in France and England, anchored by Iff's beloved Hemlock Club. The twelve Simon Iff in America stories afford Crowley's penetrating insights into America as he found it during his residence from 1914 to 1919. His three Simon Iff Abroad stories take the reader to tribal North Africa, inaccessible Central Africa and to the high seas. The two Simon Iff Psychoanalyst stories were among the earliest tales to use the new science of psychoanalysis to solve mysteries. Also included is Crowley's other major short fiction series, the eight stories of his legendary Golden Twigs, which were inspired by Sir J.G. Frazer's encyclopedic study of myth and religion in history, The Golden Bough.
