Cassandra wrote, He is the summit of sex, the pinnacle of masculine, feminine, and neuter. Everything that he, she, and it can ever want. This deadly, winking, sniggering, snuggling, chromium-plated, scent-impregnated, luminous, quivering, giggling, fruit-flavored, mincing, ice-covered heap of mother love has had the biggest reception and impact on London since Charlie Chaplin arrived at the same station! At the same time, Liberace had recently completed his ABC seven-year contract that had gone viral via international and national television, but he recognized a new and very popular confidential magazine that was beginning to create unimaginable curiosity in 1950s America, suggesting that he was homosexual. Liberace died in February of 1987, but the story of his estate was not settled until long after. His attorney, Joel Strote, managed to stuff the estate for his own, and that forced a very ugly trial both between the Liberace family both in Los Angeles and Las Vegas, where Liberace made his home for tax benefits. The outcomes of the trials were in Strote's favor, though Ida Mae Liberace, Liberace's niece, claimed that there were hundreds of millions of dollars in the estate secreted in an account in Switzerland. Liberace's burial was in Forest Lawn overlooking Warner Brothers Studio and where Liberace filmed his disastrous film during the 1950s entitled *Sincerely Yours*.

Yet his real problems are too much fame too soon—and too many women. Ted Lambros spends his four years as a commuter, an outsider. He is obsessed by his desire to climb to the top of the Harvard academic ladder, heedless of what it will cost him in personal terms. Jason Gilbert, the Golden Boy—handsome, charismatic, a brilliant athlete—learns at Harvard that he cannot ignore his Jewish background. Only in tragedy will he find his true identity. George Keller, a refugee from Communist Hungary, comes to Harvard with the barest knowledge of English. But with ruthless determination, he masters not only the language but the power structure of his new country. Andrew Eliot is haunted by three centuries of Harvard ancestors who cast giant shadows on his confidence. It is not until the sad and startling events of the reunion that he learns his value as a man. Their explosive story begins in a time of innocence and spans a turbulent quarter century, culminating in their dramatic twenty-five year reunion at which they confront their classmates—and the balance sheet of their own lives. Always at the center; amid the passion, laughter, and glory, stands Harvard—the symbol of who they are and who they will be. They were a generation who made the rules—then broke them—whose glittering successes, heartfelt tragedies, and unbridled ambitions would stun the world. His advice to youths in a recent interview: "Be good to people, make love, smile and enjoy sex." There can be no better introduction to this book dedicated to what Gore Vidal called All-boys, whose ravaging smiles and swimmers' bodies have inspired and educated generations, while their solos have unveiled to the youngest the means of achieving their very first happy-ending. bel ami freshmen: Some Wore Bobby Sox K. Schrum, 2019-06-12 Images of teenage girls in

poodle skirts dominated American popular culture on the 1950's. After World War I, a teenage identity arose in the US, as well as a consumer culture geared toward it. From fashion and beauty to music and movies, high school girls both consumed and influenced what manufacturers, marketers, and retailers offered to them. Examining both national trends and individual lives, Schrum looks at the relationship between the power of consumer culture and the ability of girls to selectively accept, reject, and appropriate consumer goods. Lavishly illustrated with images from advertisements, catalogs, and high school year books, *Some Wore Bobby Sox* is a unique and fascinating cultural history of teenage girl culture in the middle of the century.

bel ami freshmen: Paolo Nozolino: Loaded Shine, 2018 Taken between 2008 and 2013 in New York, Lisbon, Paris and Berlin as well as in the French and Portuguese countryside, these photographs by Paulo Nozolino bear his usual dark symbolic syntax. Still using 35mm film and occasionally a flash, this tight sequence of vertical pictures shows us, once again, his everlasting concern for the state of the world and his quest for the pure, true, non-manipulated analogic image. This is a bright obscure piece. The transparency of the black shows a world that is continually destroying itself. Closer to the certitude of an end. The decadence of the place. Life by a thread, leaving traces of light. This is where we came to. This is where we are. All we have left is putrefaction, garbage, claustrophobic confinement, a quiet decay that embraces slow death. So slow that we still may believe it might never come. We see her, we feel her, we touch her with our own hands. Yet. We are responsible for the disease but we don't know how to escape from it. We were hungry and we ate. We are dreaming about the crumbs that we left behind. Unwise. Eyes on the floor, there is no redeeming act. Prisoners of a dirty and corrupted matter. Emptiness. Full of guilt inhabited by a depressing seediness, by careless negligence, by lazy weakness, by the violence of the spirit. Home is a forgotten word. And so are many others. Alexandra Carita

bel ami freshmen: Soviet Asia Roberto Conte, 2019-04-25 A fantastic collection of Soviet Asian architecture, many photographed here for the first time Soviet Asia explores the Soviet modernist architecture of Central Asia. Italian photographers Roberto Conte and Stefano Perego crossed the former Soviet republics of Kazakhstan, Kyrgyzstan, Uzbekistan and Tajikistan, documenting buildings constructed from the 1950s until the fall of the USSR. The resulting images showcase the majestic, largely unknown, modernist buildings of the region. Museums, housing complexes, universities, circuses, ritual palaces - all were constructed using a composite aesthetic. Influenced by Persian and Islamic architecture, pattern and mosaic motifs articulated a connection with Central Asia. Grey concrete slabs were juxtaposed with colourful tiling and rectilinear shapes broken by ornate curved forms: the brutal designs normally associated with Soviet-era architecture were reconstructed with Eastern characteristics. Many of the buildings shown in Soviet Asia are recorded here for the first time, making this book an important document, as despite the recent revival of interest in Brutalist and Modernist architecture, a number of them remain under threat of demolition. The publication includes two contextual essays, one by Alessandro De Magistris (architect and History of Architecture professor, University of Milan, contributor to the book Vertical Moscow) and the other by Marco Buttino (Modern and Urban History professor, University of Turin, specializing in the history of social change in the USSR).

bel ami freshmen: My Undoing Aiden Shaw, 2006-05-24 For the first time, porn legend Aiden Shaw takes fans behind-the-scenes to the gay adult film world that made him a star. My Undoing ventures from locales such as Los Angeles, San Francisco, New York, and London, to the sets of premiere studios like Falcon, Catalina, and Studio 200. Yet, this is not the typical adult film memoir, where stars drop names and titillate readers with explicit moments. Although My Undoing shares in unsparing detail all the hot stories about the sex and drugs that fueled Aiden's life, it more profoundly follows him through a course of rocky and unfulfilling relationships. As Aiden eloquently and often humorously points out, the romantic life of an adult film superstar is sometimes lonely and lacking in love. But not love only in the form of a relationship, rather also love from within himself. The book is equally moving for his revelations about his Irish Catholic family, his Positive HIV status in the sex industry, and his recovery from a near fatal car accident that left him temporarily paralyzed.
