black sermons on family and friends: The Fulfilled Family John F. MacArthur, 2008-06-08 In a world of divorce, casual sex, and homosexual unions, family?once the bedrock of our culture?is becoming a matter of uncertainty and argument. How can you pass on strong morals to your children in a world going awry? By following God's divine plan for family life, writes Bible teacher, pastor, father, and grandfather John MacArthur in this book. There's no magic formula. There's no gimmick. It's not about how many times you do something, or who is in charge of this or that, or what kind of processes or methods you use. It comes down to answering these questions: Am I committed to obedience to the Spirit of God? Am I committed to the controlling influences of the Word of God? Am I going to live out a Christian life? black sermons on family and friends: God Has a Name John Mark Comer, 2024-10-15 What you believe about God sets the foundation of the person you will become. In God Has a Name, pastor and New York Times bestselling author John Mark Comer invites you to rethink many of the prevalent myths and misconceptions about God and weigh them against what God actually tells us about himself. After all, what you believe about God will ultimately shape the type of person you

become. We all live at the mercy of our ideas, and nowhere is this more true than our ideas about God. The problem is many of our ideas about God are wrong. Not all wrong, but wrong enough to form our souls in detrimental and disheartening ways. *God Has a Name* is a simple yet profound guide to understanding God in a new light--focusing on what God says about himself in the Bible. This one shift has the potential to radically alter how you relate to God, not as a doctrine, but as a relational being who responds to you in an elastic, back-and-forth way. John Mark Comer takes you line by line through Exodus 34:6-8--Yahweh's self-revelation on Mount Sinai, one of the most quoted passages in the Bible. Along the way, Comer addresses some of the most profound questions he came across as he studied these noted lines in Exodus, including: Why do we feel this gap between us and God? Could it be that a lot of what we think about God is wrong? Not all wrong, but wrong enough to mess up how we relate to him? What if our God is really a projection of our own identity, ideas, and desires? What if the real God is different, but far better than we could ever imagine? No matter where you are in your spiritual journey, *God Has a Name* invites you to step into a fresh and biblically rooted vision of who God is that has the potential to alter your life with God and shape who you become.

black sermons on family and friends: *The Glory Now Revealed* Andrew M. Davis, 2021-10-19 Believers know that when we die we enter heaven and will spend eternity there with God and the saints who have gone before us. But what actually happens in heaven? What are we going to be doing there? Won't it get boring at some point? According to Scripture, a large part of our experience of heaven will be a continual revealing of God's glory. Not just his glory in the moment, but during all of time. The mysteries of providence, the hidden movements of God throughout history, and the forgotten and unnoted works of even the most obscure of God's people will be unveiled so that we can see how wise, loving, gracious, and powerful our God is. And though we will experience perfection in heaven, we will never be omniscient, which means we will always be

learning more about God's glory, inspiring us to return joyful praise and thanksgiving. If your vision of heaven has been limited to clouds and harps and angels, it's time to expand that view with the truth found in this biblically based look at the afterlife.

black sermons on family and friends: *The Preacher King* Richard Lischer, 2020 The Preacher King investigates Martin Luther King Jr.'s religious development from a precocious preacher's kid in segregated Atlanta to the most influential America preacher and orator of the twentieth century. To give the most accurate and intimate portrait possible, Richard Lischer draws almost exclusively on King's unpublished sermons and speeches, as well as tape recordings, personal interviews, and even police surveillance reports. By returning to the raw sources, Lischer recaptures King's truest preaching voice and, consequently, something of the real King himself. He shows how as the son, grandson, and great-grandson of preachers, King early on absorbed the poetic cadences, traditions, and power of the pulpit, more profoundly influenced by his fellow African-American preachers than by Gandhi and the classical philosophers. Lischer also reveals a later phase of King's development that few of his biographers or critics have addressed: the prophetic rage with which he condemned American religious and political hypocrisy. During the last three years of his life, Lischer shows, King accused his country of genocide, warned of long hot summers in the ghettos, and called for a radical redistribution of wealth. 25 years after its initial publication, *The Preacher King* remains a critical study that captures the crucial aspect of Martin Luther King Jr.'s identity. Human, complex, and passionate, King was the consummate American preacher who never quit trying to reshape the moral and political character of the nation.

black sermons on family and friends: *The Qur'an Heard* Timur R. Yuskaev, 2024-11-29 For many Muslims, there is an inseparable connection between sound and meaning, particularly when it comes to Islamic verse and scripture. This provides fertile ground for a comparative study across traditions and forms. Timur Yuskaev offers a meditation on the Qur'an and human sensibilities, heard together, in American Muslim sermons. Foregrounding sound, poetry and music, it is a cultural anthropology of the Qur'an, carried out in conversation with colleagues in multiple disciplines, including Religions in America, Qur'anic, Islamic, Memory, Communication, and Sound Studies. The author draws upon the works of Mikhail Bakhtin, Charles Long, Mary Douglas and many others to hear mysticism in a homiletic symphony by Warith Deen Mohammed, to sense the experience of the covenant in a three-minute, ribbon-cutting speech by Aras Konjhodzic, and to appreciate the Qur'anic musicality of a down-to-earth interfaith address by Sarah Sayeed. A creative guide to an organic engagement with texts, this book will be of particular interest to those studying scriptures and the Qur'an.

black sermons on family and friends: *Rap and Religion* Ebony A. Utley, 2012-06-11 This book provides an enlightening, representative account of how rappers talk about God in their lyrics—and why a sense of religion plays an intrinsic role within hip hop culture. Why is the battle between good and evil a recurring theme in rap lyrics? What role does the devil play in hip hop? What exactly does it mean when rappers wear a diamond-encrusted Jesus around their necks? Why do rappers acknowledge God during award shows and frequently include prayers in their albums? *Rap and Religion: Understanding the Gangsta's God* tackles a sensitive and controversial topic: the juxtaposition—and seeming hypocrisy—of references to God within hip hop culture and rap music. This book provides a focused examination of the intersection of God and religion with hip hop and rap music. Author Ebony A. Utley, PhD, references selected rap lyrics and videos that span three decades of mainstream hip hop culture in America, representing the East Coast, the West Coast, and the South in order to account for how and why rappers talk about God. Utley also describes the complex urban environments that birthed rap music and sources interviews, award acceptance speeches, magazine and website content, and liner notes to further explain how God became entrenched in hip hop.
