black history kid vetro: Eileen Ottessa Moshfegh, 2015-08-18 Now a major motion picture streaming on Hulu, starring Anne Hathaway and Thomasin McKenzie Shortlisted for the Man Booker Prize “Eileen is a remarkable piece of writing, always dark and surprising, sometimes ugly and occasionally hilarious. Its first-person narrator is one of the strangest, most messed-up, most pathetic—and yet, in her own inimitable way, endearing—misfits I’ve encountered in fiction. Trust me, you have never read anything remotely like Eileen.” —Washington Post So here we are. My name was Eileen Dunlop. Now you know me. I was twenty-four years old then, and had a job that paid fifty-seven dollars a week as a kind of secretary at a private juvenile correctional facility for teenage boys. I think of it now as what it really was for all intents and purposes—a prison for boys. I will call it Moorehead. Delvin Moorehead was a terrible landlord I had years later, and so to use his name for such a place feels appropriate. In a week, I would run away from home and never go back. This is the story of how I disappeared. The Christmas season offers little cheer for Eileen Dunlop, an unassuming yet disturbed young woman trapped between her role as her alcoholic father’s caretaker in a home whose squalor is the talk of the neighborhood and a day job as a secretary at the boys’ prison, filled with its own quotidian horrors. Consumed by resentment and self-loathing, Eileen tempers her dreary days with perverse fantasies and dreams of escaping to the big city. In the meantime, she fills her nights and weekends with shoplifting, stalking a buff prison guard named Randy, and cleaning up her increasingly deranged father’s messes. When the bright, beautiful, and cheery Rebecca Saint John arrives on the scene as the new counselor at Moorehead, Eileen is enchanted and proves unable to resist what appears at first to be a miraculously budding friendship. In a Hitchcockian twist, her affection for Rebecca ultimately pulls her into complicity in a crime that surpasses her wildest imaginings. Played out against the snowy landscape of coastal New England in the days leading up to Christmas, young Eileen’s story is told from the gimlet-eyed perspective of the now much older narrator. Creepy, mesmerizing, and sublimely funny, in the tradition of Shirley

Jackson and early Vladimir Nabokov, this powerful debut novel enthralls and shocks, and introduces one of the most original new voices in contemporary literature. Ottessa Moshfegh is also the author of *My Year of Rest and Relaxation*, *Homesick for Another World: Stories*, and *McGlue*.

black history kid vetro: *Geek Love* Katherine Dunn, 2011-05-25 National Book Award Finalist

• Here is the unforgettable story of the Binewskis, a circus-geek family whose matriarch and patriarch have bred their own exhibit of human oddities—with the help of amphetamines, arsenic, and radioisotopes. One of *The Atlantic's* Great American Novels of the Past 100 Years Their offspring include Arturo the Aquaboy, who has flippers for limbs and a megalomaniac ambition worthy of Genghis Khan . . . Iphy and Elly, the lissome Siamese twins . . . albino hunchback Oly, and the outwardly normal Chick, whose mysterious gifts make him the family's most precious—and dangerous—asset. As the Binewskis take their act across the backwaters of the U.S., inspiring fanatical devotion and murderous revulsion; as its members conduct their own Machiavellian version of sibling rivalry, *Geek Love* throws its sulfurous light on our notions of the freakish and the normal, the beautiful and the ugly, the holy and the obscene. Family values will never be the same.

black history kid vetro: *Lighter Than My Shadow* Katie Green, 2013-10-11 A poignant, heart-lifting graphic memoir about anorexia, eating disorders and the journey to recovery Like most kids, Katie was a picky eater. She'd sit at the table in silent protest, hide uneaten toast in her bedroom, listen to parental threats that she'd have to eat it for breakfast. But in any life a set of circumstance can collide, and normal behaviour might soon shade into something sinister, something deadly. *Lighter Than My Shadow* is a hand-drawn story of struggle and recovery, a trip into the black heart of a taboo illness, an exposure of those who are so weak as to prey on the vulnerable, and an inspiration to anybody who believes in the human power to endure towards happiness. black history kid vetro: Designing the Creative Child Amy F. Ogata, 2013-04-21 The postwar American stereotypes of suburban sameness, traditional gender roles, and educational conservatism have masked an alternate self-image tailor-made for the Cold War. The creative child, an idealized future citizen, was the darling of baby boom parents, psychologists, marketers, and designers who saw in the next generation promise that appeared to answer the most pressing worries of the age. *Designing the Creative Child* reveals how a postwar cult of childhood creativity developed and continues to this day. Exploring how the idea of children as imaginative and naturally creative was constructed, disseminated, and consumed in the United States after World War II, Amy F. Ogata argues that educational toys, playgrounds, small middle-class houses, new schools, and children's museums were designed to cultivate imagination in a growing cohort of baby boom children. Enthusiasm for encouraging creativity in children countered Cold War fears of failing competitiveness and the postwar critique of social conformity, making creativity an emblem of national revitalization. Ogata describes how a historically rooted belief in children's capacity for independent thinking was transformed from an elite concern of the interwar years to a fully consumable and aspirational ideal that persists today. From building blocks to Gumby, playhouses to Playskool trains, Creative Playthings to the Eames House of Cards, Crayola fingerpaint to children's museums, material goods and spaces shaped a popular understanding of creativity, and *Designing the Creative Child* demonstrates how this notion has been woven into the fabric of American culture.

twelve-year-old girl named Una, it takes place in northern England in 1977, as the Yorkshire Ripper, a serial killer of prostitutes, is on the loose and creating panic among the townspeople. Una (a pseudonym) is an artist, academic, and comics creator. *Becoming Unbecoming*, which took seven years to create, is her first book. She lives in the United Kingdom.

He has collaborated with many significant directors, and his scores for such films as *The Good, the Bad, and the Ugly*; *Once Upon a Time in America*; *Days of Heaven*; *The Mission*; *The Untouchables*; *Malèna*; and *Cinema Paradiso* leave moviegoers with the conviction that something special was achieved—a conviction shared by composers, scholars, and fans alike. In *Composing for the Cinema: The Theory and Praxis of Music in Film*, Morricone and musicologist Sergio Miceli present a series of lectures on the composition and analysis of film music. Adapted from several lectures and seminars, these lessons show how sound design can be analyzed and offer a variety of musical solutions to many different kinds of film. Though aimed at composers, Morricone's expositions are easy to understand and fascinating even to those without any musical training. Drawing upon scores by himself and others, the composer also provides insight into his relationships with many of the directors with whom he has collaborated, including Sergio Leone, Giuseppe Tornatore, Franco Zeffirelli, Warren Beatty, Ridley Scott, Roland Joffé, the Taviani Brothers, and others. Translated and edited by Gillian B. Anderson, an orchestral conductor and musicologist, these lessons reveal Morricone's passion about musical expression. Delivered in a conversational mode that is both comprehensible and interesting, this groundbreaking work intertwines analysis with practical details of film music composition. Aimed at a wide audience of composers, musicians, film historians, and fans, *Composing for the Cinema* contains a treasure trove of practical information and observations from a distinguished musicologist and one of the most accomplished composers on the international film scene.

black history kid vetro: This Is Water David Foster Wallace, 2009-04-14 In this rare peak into the personal life of the author of numerous bestselling novels, gain an understanding of David Foster Wallace and how he became the man that he was. Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in *This Is Water*. How does one keep from going through their comfortable, prosperous adult life unconsciously? How do we get ourselves out of the foreground of our thoughts and achieve compassion? The speech captures Wallace's electric intellect as well as his grace in attention to others. After his death, it became a treasured piece of writing reprinted in *The Wall Street Journal* and the *London Times*, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-of-a-kind blend of causal humor, exacting intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

black history kid vetro: Owls Do Cry Janet Frame, 2016-11-21 First published in New Zealand in 1957, *Owls Do Cry*, was Janet Frame's second book and the first of her thirteen novels. Now approaching its 60th anniversary, it is securely a landmark in Frame's catalog and indeed a landmark of modernist literature. The novel spans twenty years in the Withers family, tracing Daphne's coming of age into a post-war New Zealand too narrow to know what to make of her. She is deemed mad, institutionalized, and made to undergo a risky lobotomy. Margaret Drabble calls *Owls Do Cry* a song of survival—it is Daphne's song of survival but also the author's: Frame was herself misdiagnosed with schizophrenia and scheduled for brain surgery. She was famously saved only when she won New Zealand's premier fiction prize. Frame was among the first major writers of the twentieth century to confront life in mental institutions and *Owls Do Cry* is important for this perspective. But it is equally valuable for its poetry, its incisive satire, and its acute social observations. A sensitively rendered portrait of childhood and adolescence and a testament to the power of imagination, this early novel is a first-rate example of Frame's powerful, lyric, and original prose.

As the debate on gun control continues, evidence-based research is needed to answer a crucial question: How do we reduce gun violence? One of the biggest gun policy reforms under consideration is the regulation of firearm sales and stopping the diversion of guns to criminals. This selection from the major anthology of studies *Reducing Gun Violence in America* presents compelling evidence that stronger purchasing laws and better enforcement of these laws result in lower gun violence. Additional material for this edition includes an introduction by Michael R. Bloomberg and Consensus Recommendations for Reforms to Federal Gun Policies from the Johns Hopkins University.
