aron beauregard playground: *Abel and Cain* Gregor von Rezzori, 2019-06-04 Appearing together in English for the first time, two masterpieces that take on the jazz age, the Nuremburg trials, postwar commercialism, and the feat of writing a book, presented in one brilliant volume *The Death of My Brother Abel* and its delirious sequel, *Cain*, constitute the magnum opus of Gregor von Rezzori's prodigious career, the most ambitious, extravagant, outrageous, and deeply considered achievement of this wildly original and never less than provocative master of the novel. In *Abel and Cain*, the original book, long out of print, is reissued in a fully revised translation; *Cain* appears for the first time in English. *The Death of My Brother Abel* zigzags across the middle of the twentieth century, from the 1918 to 1968, taking in the Jazz Age, the Anschluss, the Nuremberg trials, and postwar commercialism. At the center of the book is the unnamed narrator, holed up in a Paris hotel and writing a kind of novel, a collage of sardonic and passionate set pieces about love and work, sex and writing, families and nations, and human treachery and cruelty. In *Cain*, that narrator is revealed as Aristide Subics, or so at least it appears, since Subics' identity is as unstable as the fictional apparatus that contains him and the times he lived through. Questions abound: How can a

man who lived in a time of lies know himself? And is it even possible to tell the story of an era of lies truthfully? Primarily set in the bombed-out, rubble- strewn Hamburg of the years just after the war, the dark confusion and deadly confrontation and of Cain and Abel, inseparable brothers, goes on.

Audrina remembers a better time, when her husband, Arden, was a young man with a heart filled with devotion for her. He didn't used to be this ambitious, expansive...this cruel. But then, the death of Audrina's father changed a great many things. When the reading of her father's will reveals that Audrina herself will control fifty-one percent of the family brokerage—the halls of *Whitefern* again don't feel safe. Arden's protestations become frantic, nearly violent. And while Audrina didn't anticipate running the family business, she's curious to do so. And she can't help but wonder what had made her father change his will at the last minute? What did he know about Arden that she didn't? Trapped in the middle of it all: her fragile, simple sister—the beautiful, trusting Sylvia. Audrina promised her father she'd watch over the young woman. But after years of relative quiet, the dark days of *Whitefern* may have returned...

aron beauregard playground: *Tampa* Alissa Nutting, 2013-07-02 "In this sly and salacious work, Nutting forces us to take a long, unflinching look at a deeply disturbed mind, and more significantly, at society's often troubling relationship with female beauty." (San Francisco Chronicle) In Alissa Nutting's novel *Tampa*, Celeste Price, a smoldering 26-year-old middle-school teacher in Florida, unrepentantly recounts her elaborate and sociopathically determined seduction of a 14-year-old student. Celeste has chosen and lured the charmingly modest Jack Patrick into her web. Jack is enthralled and in awe of his eighth-grade teacher, and, most importantly, willing to accept Celeste's terms for a secret relationship—car rides after dark, rendezvous at Jack's house while his single father works the late shift, and body-slammng erotic encounters in Celeste's empty classroom. In slaking her sexual thirst, Celeste Price is remorseless and deviously free of hesitation, a monstress of pure motivation. She deceives everyone, is close to no one, and cares little for anything but her pleasure. *Tampa* is a sexually explicit, virtuosically satirical, American Psycho-esque rendering of a monstrously misplaced but undeterrable desire. Laced with black humor and crackling sexualized prose, Alissa Nutting's *Tampa* is a grand, seriocomic examination of the want behind student / teacher affairs and a scorching literary debut.

 A missing God. A library with the secrets to the universe. A woman too busy to notice her heart slipping away. Carolyn's not so different from the other people around her. She likes guacamole and cigarettes and steak. She knows how to use a phone. Clothes are a bit tricky, but everyone says nice things about her outfit with the Christmas sweater over the gold bicycle shorts. After all, she was a normal American herself once. That was a long time ago, of course. Before her parents died. Before she and the others were taken in by the man they called Father. In the years since then, Carolyn hasn't had a chance to get out much. Instead, she and her adopted siblings have been raised according to Father's ancient customs. They've studied the books in his Library and learned some of the secrets of his power. And sometimes, they've wondered if their cruel tutor might secretly be God. Now, Father is missing—perhaps even dead—and the Library that holds his secrets stands unguarded. And with it, control over all of creation. As Carolyn gathers the tools she needs for the battle to come, fierce competitors for this prize align against her, all of them with powers that far exceed her own. But Carolyn has accounted for this. And Carolyn has a plan. The only trouble is that in the war to make a new God, she's forgotten to protect the things that make her human. Populated by an unforgettable cast of characters and propelled by a plot that will shock you again and again, *The Library at Mount Char* is at once horrifying and hilarious, mind-blowingly alien and heartbreakingly human, sweepingly visionary and nail-bitingly thrilling—and signals the arrival of a major new voice in fantasy. aron beauregard playground: The Male Brain Louann Brizendine, MD, 2011-01-25 From the author of the groundbreaking New York Times bestseller *The Female Brain*, here is the eagerly awaited follow-up book that demystifies the puzzling male brain. Dr. Louann Brizendine, the founder of the first clinic in the country to study gender differences in brain, behavior, and hormones, turns her attention to the male brain, showing how, through every phase of life, the male reality is fundamentally different from the female one.
