cindy trimm prayers 2022: Summary of Cindy Trimm's Commanding Your Morning

Everest Media, 2022-07-25T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The power of the spoken word is beyond our understanding. It is a spiritual mystery that has been hidden from us, but now it is being revealed so that God's people can be equipped for an unprecedented era of influence. #2 The universe begins with words and thoughts. Everything in the universe revolves around these two elements. Your thoughts, intentions, and aspirations - whether they be secretly pondered in your heart or openly declared as desires - mold and shape your personal universe into something that is either grand and beautiful or base and hideous. #3 What you say matters greatly. Your thoughts provide the fuel for your words, and your words provide the fuel for your world. It is important that you understand the meaning of what you are saying. #4 The law of cause and effect also works with the law of attraction. It states that like attracts like, and your thoughts and words are transmitted like a shortwave radio signal. They send messages out on a specific frequency and are transmitted back to you manifested as an experience or occurrence in your life.
