cindy trimm prayers: Divine Healing Andrew Murray, 2016-03-01 Jesus is still He who heals both soul and body. Salvation offers holiness and healing, and the Holy Spirit is willing to give us a manifestation of His power. When we ask why this divine power is not more often seen, the only biblical answer to be found is: "Because of your unbelief." Health as well as salvation is to be obtained by faith. The natural tendency of man is to bring about his salvation by his works, and it is only with difficulty that he comes to receive it by faith. But when it is a question of healing the body, he has still more difficulty grasping that truth. As to salvation, he finally accepts it because there is no other way to open the door of heaven. But for the body, he makes use of many other treatments. But happy is he who understands that it is the will of God to show the power of Jesus and to reveal to us His Fatherly love by healing physically as well as spiritually. By doing so, He increases and confirms our faith and teaches us that He demonstrates the power of redemption in the body as well as in the soul. This book provides biblical clarity concerning divine healing, and supplies basic and applicable principles necessary to having faith concerning healing. The author makes it very clear that we are not healed based on who we are, but based on who Christ is.
