daily commitment report peoria il 2022: *When Abortion Was a Crime* Leslie J. Reagan, 2022-02-22 The definitive history of abortion in the United States, with a new preface that equips

readers for what's to come. When Abortion Was a Crime is the must-read book on abortion history. Originally published ahead of the thirtieth anniversary of Roe v. Wade, this award-winning study was the first to examine the entire period during which abortion was illegal in the United States, beginning in the mid-nineteenth century and ending with that monumental case in 1973. When Abortion Was a Crime is filled with intimate stories and nuanced analysis, demonstrating how abortion was criminalized and policed—and how millions of women sought abortions regardless of the law. With this edition, Leslie J. Reagan provides a new preface that addresses the dangerous and ongoing threats to abortion access across the country, and the precarity of our current moment. While abortions have typically been portrayed as grim back alley operations, this deeply researched history confirms that many abortion providers—including physicians—practiced openly and safely, despite prohibitions by the state and the American Medical Association. Women could find cooperative and reliable practitioners; but prosecution, public humiliation, loss of privacy, and inferior medical care were a constant threat. Reagan's analysis of previously untapped sources, including inquest records and trial transcripts, shows the fragility of patient rights and raises provocative questions about the relationship between medicine and law. With the right to abortion increasingly under attack, this book remains the definitive history of abortion in the United States, offering vital lessons for every American concerned with health care, civil liberties, and personal and sexual freedom.

Each page is imbued with urgency, with sincerity, with heartache, with heart.... Her words, alongside the words of other survivors of atrocity and their descendants across the globe, can help us build a more humane world. —San Francisco Chronicle As firsthand survivors of many of the twentieth century's most monumental events—the Holocaust, Hiroshima, the Killing Fields—begin to pass away, *Survivor Café* addresses urgent questions: How do we carry those stories forward? How do we collectively ensure that the horrors of the past are not forgotten? Elizabeth Rosner organizes her book around three trips with her father to Buchenwald concentration camp—in 1983, in 1995, and in 2015—each journey an experience in which personal history confronts both commemoration and memorialization. She explores the echoes of similar legacies among descendants of African American slaves, descendants of Cambodian survivors of the Killing Fields, descendants of survivors of the bombing of Hiroshima and Nagasaki, and the effects of 9/11 on the general population. Examining current brain research, Rosner depicts the efforts to understand the intergenerational inheritance of trauma, as well as the intricacies of remembrance in the aftermath of atrocity. *Survivor Café* becomes a lens for numerous constructs of memory—from museums and commemorative sites to national reconciliation projects to small-group cross-cultural encounters. Beyond preserving the firsthand testimonies of participants and witnesses, individuals and societies must continually take responsibility for learning the painful lessons of the past in order to offer hope for the future. *Survivor Café* offers a clear-eyed sense of the enormity of our twenty-first-century human inheritance—not only among direct descendants of the Holocaust but also in the shape of our collective responsibility to learn from tragedy, and to keep the ever-changing conversations alive between the past and the present.

daily commitment report peoria il 2022: The Fairest One of All J.B. Kaufman, 2012-10-16 In 2012 Disney celebrated the 75th anniversary of the Snow White movie, a beloved classic and an important milestone in film history. This book, created with the Walt Disney Family Foundation, run by Walt's daughter, is an exploration of the making of the film that includes never-before-published facts and art. The Fairest One of All won the award for Best Animation Book at the 2012 A113Animation Awards. Walt Disney's Snow White and the Seven Dwarfs was first shown to a theatrical audience in December 1937 and brought overwhelming, joyous applause from a house full of hardened film-industry professionals. In subsequent months it would open around the world, happily acclaimed by audiences and critics everywhere as one of the best films of the year, if not the decade. From today's perspective, its stature is even greater—named as one of the best movies of all time by the American Film Institute, and still beloved by children and adults around the world, Snow White can be seen as the flowering of an all-too-brief Golden Age of animation as well as a fascinating document of its time. Such a level of artistic achievement doesn't happen by accident. Walt Disney and a staff of exceptionally talented artists labored over Snow White for four years, endlessly working and reworking their scenes to achieve an ever higher standard. The result, as we know, was magnificent and game-changing for the Disney Studios and, indeed, for the art of animation itself. This book is the first to reconstruct that process in exacting detail, with the loving attention it deserves from an internationally noted film scholar. Author J.B. Kaufman spent years researching the film's history, interviewing participants, and studying the marvelous archival art that appears in these pages. The result is a work that can be appreciated equally as a piece of film history and as a collectable art book, a joy for anyone who loves film, animation, and the magical world that Walt Disney created.

She was diagnosed with breast cancer in 1977; three agonizing years later, at thirty-six, she died. It wasn't supposed to be this way. The Goodman girls were raised in postwar Peoria, Illinois, by parents who believed that small acts of charity could change the world. Suzy was the big sister—the homecoming queen with an infectious enthusiasm and a generous heart. Nancy was the little sister—the tomboy with an outsized sense of justice who wanted to right all wrongs. The sisters shared makeup tips, dating secrets, plans for glamorous fantasy careers. They spent one memorable summer in Europe discovering a big world far from Peoria. They imagined a long life together—one in which they'd grow old together surrounded by children and grandchildren. Suzy's diagnosis shattered that dream. In 1977, breast cancer was still shrouded in stigma and shame. Nobody talked about early detection and mammograms. Nobody could even say the words "breast" and "cancer" together in polite company, let alone on television news broadcasts. With Nancy at her side, Suzy endured the many indignities of cancer treatment, from the grim, soul-killing waiting rooms to the mistakes of well-meaning but misinformed doctors. That's when Suzy began to ask Nancy to promise. To promise to end the silence. To promise to raise money for scientific research. To promise to one day cure breast cancer for good. Big, shoot-for-the-moon promises that Nancy never dreamed she could fulfill. But she promised because this was her beloved sister. I promise, Suzy. . . . Even if it takes the rest of my life. Suzy's death—both shocking and senseless—created a deep pain in Nancy that never fully went away. But she soon found a useful outlet for her grief and outrage. Armed only with a shoebox filled with the names of potential donors, Nancy put her formidable fund-raising talents to work and quickly discovered a groundswell of grassroots support. She was aided in her mission by the loving tutelage of her husband, restaurant magnate Norman Brinker, whose dynamic approach to entrepreneurship became Nancy's model for running her foundation. Her account of how she and Norman met, fell in love, and managed to achieve the elusive "true marriage of equals" is one of the great grown-up love stories among recent memoirs. Nancy's mission to change the way the world talked about and treated breast cancer took on added urgency when she was herself diagnosed with the disease in 1984, a terrifying chapter in her life that she had long feared. Unlike her sister, Nancy survived and went on to make Susan G. Komen for the Cure into the most influential health charity in the country and arguably the world. A pioneering force in cause-related marketing, SGK turned the pink ribbon into a symbol of hope everywhere. Each year, millions of people worldwide take part in SGK Race for the Cure events. And thanks to the more than \$1.5 billion spent by SGK for cutting-edge research and community programs, a breast cancer diagnosis today is no longer a death sentence. In fact, in the time since Suzy's death, the five-year survival rate for breast cancer has risen from 74 percent to

98 percent. *Promise Me* is a deeply moving story of family and sisterhood, the dramatic “30,000-foot view” of the democratization of a disease, and a soaring affirmative to the question: Can one person truly make a difference?

daily commitment report peoria il 2022: *I'm Black. I'm Christian. I'm Methodist.* Lillian C. Smith, Erin Beasley, Justin Coleman, Jevon Caldwell-Gross, Pamela R. Lightsey, F. Willis Johnson, Vance P. Ross, Rodney Lorenzo Graves, Tori C. Butler, Rev. Rudy Rasmus, 2020-11-03 Ten personal narratives reveal the shared and distinct struggles of being Black in the Church, facing historic and modern racism. It's uncertain that Howard Thurman made the remark often attributed to him, “I have been writing this book all my life,” but there is little doubt that he was deeply immersed in reflection on the times that bear an uncanny resemblance to the present day, which give voice to the Black Lives Matter movement. Our “life's book” is filled with sentence upon sentence of marginalization, pages of apartheid, chapters of separate and unequal. Now this season reveals volumes of violence against Blacks in America. Ten Black women and men explore life through the lens of compelling personal religious narratives. They are people and leaders whose lives are tangible demonstrations of the power of a divine purpose and evidence of what grace really means in face of hardship, disappointment, and determination. Each of the journeys intersect because of three central elements that are the focus of this book. We're Black. We're Christians. We're Methodists. Each starts with the fact, “I'm Black,” but to resolve the conflict of being Christian and Methodist means confronting aspects of White theology, White supremacy, and White racism in order to ground an oppositional experience toward domination over four centuries in America. “The confluence of the everyday indignities of being Black in America; the outrageous, egregious, legalized lynching of George Floyd; and the unforgivable disparities exposed once again by COVID-19 have conspired together to create a seminal moment in America and in The United Methodist Church—in which we must find the courage to say unambiguously ‘Black Lives Matter.’ To stumble or choke on those words is beneath the gospel,” says Bishop Gregory Palmer, who wrote the foreword to the collection. Praise for *I'm Black. I'm Christian. I'm Methodist.* “This book made me shout, dance, rage and hope—all at once! As a cradle Methodist, I have deep love for my church and bless it for nurturing my walk with Christ and my passion for social justice. At the same time, I lament that my church is also the place where I have witnessed and been most wounded by virulent racism, sexism, heterosexism, and ageism. Yet, I stay and struggle for the soul of the church because I am a Black Christian woman fired by the love of God-in-Christ-Jesus. I stay because this is MY church and the church of my ancestors. Although I regularly question my decision to remain United Methodist, it is stories like these—from other exuberant love warriors—that remind me that I am called by God to stay, pray, fight, and flourish!” —M. Garlinda Burton, deaconess and interim general secretary, General Commission of Religion and Race, Washington DC “Racism continues to be the unacceptable scandal of American society and the American churches. In spite of some gains such as the diversity of supporters for “Black Lives Matter,” even the best intentioned among us

remain largely ignorant of the actual life experience of those who are other than ourselves. This collection of testimonies, edited by Rudy Rasmus, helps remedy that by simply recounting personal stories of being Black, Christian, and Methodist in the United States. White Methodist Christians in particular need to read these stories and take them to heart so that racism and its divisiveness is countered by shared experience and recognition of common humanity across difference. More White Methodists need not only reject racism in our society and church but become active anti-racists willing to do the hard work to create the beloved community, dreamed about by Martin Luther King in the 1960s civil rights movement. —Bruce C. Birch, Dean Emeritus and Professor Emeritus of Biblical Theology Wesley Theological Seminary, Washington DC “This book is a powerful collection interweaving personal stories, denominational and intercultural practices, and Black lives bearing hopeful witness. Readers will have their consciousness raised, and they will think more deeply about the meaning of beloved community and the embodiment of the justice of God.” —Harold J. Recinos, Professor of Church and Society, Perkins School of Theology/SMU, Dallas, Texas “For hundreds of years, we have not listened. This book is our chance to hear the words of the Black leaders in our church. They will change us, remake us, and reform us. Get ready to be transformed by painful truth and deep love. —Rev. Dr. Dottie Escobedo-Frank, Lead Pastor, Catalina United Methodist Church, Tucson, Arizona I’m Black gives readers a clear picture of the diversity and value of Black culture in church and society. After reading the dynamic stories told by these faithful, transformative church leaders, Black lives will be cherished, and systemic change for the better will take place.” —Joseph W. Daniels, Jr., Lead Pastor, Emory United Methodist Church, Washington, D.C. Dr. Rudy Rasmus and others give an insightful look into what it means to be black, Christian and Methodist in America. Their perspectives on the status and plight of being black in America are both engaging and riveting. If you are looking for ways to better understand the nuances and many faces of African American Methodist evangelical life in America, this book is a must-read! —The Reverend J. Elvin Sadler, D.Min., General Secretary-Auditor, The A.M.E. Zion Church Assistant Dean for Doctoral Studies, United Theological Seminary, Dayton, Ohio I endorse this powerful book of Essays conceived and edited by my friend Pastor Rudy Rasmus. It is a book for our current and future realities facing the Black Church a must read. —Deborah Bass, Vice-Chairperson, National BMCR

daily commitment report peoria il 2022: Women's Human Rights Susan Deller Ross, 2013-10-09 According to Susan Deller Ross, many human rights advocates still do not see women's rights as human rights. Yet women in many countries suffer from laws, practices, customs, and cultural and religious norms that consign them to a deeply inferior status. Advocates might conceive of human rights as involving torture, extrajudicial killings, or cruel and degrading treatment—all clearly in violation of international human rights—and think those issues irrelevant to women. Yet is female genital mutilation, practiced on millions of young girls and even infants, not a gross violation of human rights? When a family decides to murder a daughter in the name of honor, is that not an extrajudicial killing? When a husband rapes or savagely beats his wife, knowing the legal authorities will take no action on her behalf, is that not cruel and degrading treatment? Women's Human Rights is the first human rights casebook to focus specifically on women's human rights. Rich with interdisciplinary material, the book advances the study of the deprivation and violence women suffer due to discriminatory laws, religions, and customs that deny them their most fundamental freedoms. It also provides present and future lawyers the legal tools for change, demonstrating how human rights treaties can be used to obtain new laws and court decisions that protect women against discrimination with respect to employment, land ownership, inheritance, subordination in marriage, domestic violence, female genital mutilation, polygamy, child marriage, and the denial of reproductive rights. Ross examines international and regional human rights treaties in depth, including treaty language and the jurisprudence and general interpretive guidelines developed by human rights bodies. By studying how international human rights law has been and can be implemented at the domestic level through local courts and legislatures, readers will understand how to call upon these newly articulated human rights to help bring about legislation, court decisions, and executive action that protect women from human rights violations.

The long-awaited follow-up to *The Key to the City*—a finalist for the National Book Critics Circle Award in 1986—Anne Winters's *The Displaced of Capital* emanates a quiet and authoritative passion for social justice, embodying the voice of a subtle, sophisticated conscience. The displaced in the book's title refers to the poor, the homeless, and the disenfranchised who populate New York, the city that serves at once as gritty backdrop, city of dreams, and urban nightmare. Winters also addresses the culturally, ethnically, and emotionally excluded and, in these politically sensitive poems, writes without sentimentality of a cityscape of tenements and immigrants, offering her poetry as a testament to the lives of have-nots. In the central poem, Winters witnesses the relationship between two women of disparate social classes whose friendship represents the poet's political convictions. With poems both powerful and musical, *The Displaced of Capital* marks Anne Winters's triumphant return and assures her standing as an essential New York poet.

daily commitment report peoria il 2022: Regional Approaches to Affordable Housing Stuart Meck, Rebecca Coleen Retzlaff, James Schwab, 2003 Do regional approaches to affordable housing actually result in housing production and, if so, how? *Regional Approaches to Affordable Housing* answers these critical questions and more. Evaluating 23 programs across the nation, the report begins by tracing the history of regional housing planning in the U.S. and defining contemporary big picture issues on housing affordability. It examines fair-share regional housing planning in three states and one metropolitan area, and follows with an appraisal of regional housing trust funds--a new phenomenon. Also assessed are an incentive program in the Twin Cities region and affordable housing appeals statutes in Massachusetts, Rhode Island, and Connecticut. The study looks at recent private-sector initiatives to promote affordable housing production in the San Francisco Bay area and Chicago. A concluding chapter proposes a set of best and second-best practices. Supplementing the report are appendices containing an extensive annotated bibliography, a research note on housing need forecasting and fair-share allocation formulas, a complete list of state enabling legislation authorizing local housing planning, and two model state acts.

Within three years, her back and stomach muscles had weakened to the point where she needed a tilt-recline wheelchair. Conventional medical treatments were failing her, and she feared that she would be bedridden for the rest of her life. Dr. Wahls began studying the latest research on autoimmune disease and brain biology, and decided to get her vitamins, minerals, antioxidants, and essential fatty acids from the food she ate rather than pills and supplements. Dr. Wahls adopted the nutrient-rich paleo diet, gradually refining and integrating it into a regimen of neuromuscular

stimulation. First, she walked slowly, then steadily, and then she biked eighteen miles in a single day. In November 2011, Dr. Wahls shared her remarkable recovery in a TEDx talk that immediately went viral. Now, in *The Wahls Protocol*, she shares the details of the protocol that allowed her to reverse many of her symptoms, get back to her life, and embark on a new mission: to share the Wahls Protocol with others suffering from the ravages of multiple sclerosis and other autoimmune conditions.
