Traditional scholarly interpretation claims that the Wormwood star will be an asteroid. Others postulate that it will poison one-third of all of Earth's waters--and we may not even notice it! Others believe the star could hit without returning, like an angel of God appearing in the sky with fire and light, bringing judgement in an instant. Do prophecies from ancient cultures and religions across the globe point to this catastrophe? Have scientists and politicians taken extreme measures to keep this under the public radar? dr thomas r horn: Antichrist and the Final Solution Thomas R. Horn, Terry James, 2020-11 It's been assumed for centuries that a prerequisite for the coming of Antichrist would be a revived world

order--an umbrella under which national boundaries dissolve and ethnic groups, ideologies, religions, and economics from around the world orchestrate a single and dominant sovereignty. At the head of the utopian administration, a single personality will surface. He will appear to be a man of distinguished character, but will ultimately become a king of fierce countenance (Daniel 8:23). With imperious decree, he will facilitate a One-World Government, universal religion, and global socialism. Those who refuse his New World Order will inevitably be imprisoned or destroyed until at last he exalts himself above all that is called God, or that is worshiped, so that he, as God, sitteth in the temple of God, showing himself that he is God (2 Thessalonians 2:4). Bible prophecy depicts this coming tyrant as the deadliest in human history. He will try to carry out a satanic Final Solution to inflict genocide far beyond that done through Adolf Hitler's plan by the same name. And this soon-to-come era is closer than many can imagine, yet most don't comprehend the events that lie just ahead.

dr thomas r horn: Zeitgeist 2025 Thomas R. Horn, 2021-07-15 Before and after the presidency of Donald Trump, the United States was--and now is again--on an intentional trajectory to fulfill what famous Freemason Manly P. Hall described as The Secret Destiny of America. Hall's book includes future national and global subservience to the god of Freemasonry, a deity most Americans would not imagine when reciting the pledge of allegiance to one nation under God. Unknown to most Americans and certainly many Christians is the fact that the Great Seal of the United States is a prophecy hidden in plain sight by the Founding Fathers for more than two hundred years, foretelling the return of this terrifying, demonic god who seizes control of Earth in the New Order of the Ages. This supernatural entity was known and feared in ancient times by different names: Apollo, Osiris, and even farther back as Nimrod, whom Masons consider to be the father of their institution.

dr thomas r horn: The Milieu Thomas R. Horn, Carl Teichrib, Paul McGuire, 2018-07-10 Utopia or Dystopia? Shangri-La or purgatory? Paradise or perdition? What future truly awaits mankind on the other side of widespread human enhancement? With breakthrough advances in transhumanistic science and technology at an all-time high, it appears that people of all ages, backgrounds, and world cultures are lining up to embrace the alteration and augmentation of the human race. Remaining as the mere Homo sapiens that God designed is no longer satisfactory as we race toward the human-animal chimeric and human-machine hybrid era--a point of no return. For many, these transhuman concepts paint bright and glorious tomorrows filled with higher efficiency, ease, and convenience for our world. For others, the notion of irreversibly changing what it is to be human and the potential spiritual and biological repercussions that holds for the earth's dominant species is, understandably, terrifying. In *The Milieu: Welcome to the Transhuman Resistance*, you will learn: *The purpose and importance of the resistance group known as the Milieu *Why it's important for the Church to be involved in the discussion about transhumanism *The glaring, spiritual symbolism of the transhuman worldview, and how the Promethean Faith (a.k.a., Religion of Man) is far more a religion than its disciples openly acknowledge *What is driving the 'Christian Transhuman movement *What methods are currently being used to gradually indoctrinate Church and society with utopian transhuman concepts *Why going from flawed man to enhanced beast doesn't solve humanity's dilemmas and only serves to reveal deeply-rooted philosophical challenges *The link between artificial intelligence and the image of the Beast from Revelation *Why a pro-transhuman Milieu group is forming at the Vatican right now, and what plans they have in mind for humanity's future *How nanotechnology existing at this moment will soon allow for human-robot offspring--and why that might be the very technology that ushers in the Antichrist. *PLUS!--Two chapters from Thomas and Nita Horn's *Forbidden Gates* discussing the coming Hell Scenario and the spiritual warfare

ramifications of merging man with beast or machine.

dr thomas r horn: Final Fire Thomas R. Horn, Larry Spargimino, Donna Howell, 2016-11-15 IS THE NEXT GREAT AWAKENING RIGHT AROUND THE CORNER? In the midst of intense global societal discord--persecution, rights activism, racial tension, intense political hostility, and the resurgence of anti-establishment counterculture--many have lost faith in governments and even in church leadership to provide answers and stability. But this feeling--this underlying sensation that pricks our national cognition with a constant needling, demanding to be fought against and yet powerful enough that it inspires hopeless demoralization--has occurred before. From the Bohemian Reformation of John Wycliffe and Jan Hus in the 1300s to the Jesus People of the 60s and 70s, every era ripe with public dejection and faith-drought foreshadowed spiritual awakenings. These often began in the unlikeliest of places by the most inconceivable of personalities, and then spread like uncontrollable brushfires across the land resulting in millions surrendering their hearts and lives to the Lord. As today's world becomes more desperate to experience such personal meaning and social healing, the world is inadvertently moving toward another Great Awakening! IN FINAL FIRE, YOU WILL LEARN: *How God used simple men, women, and youth of the past--unqualified by human and finite standards--to irreversibly change the world. *What practices were employed that reformed traditional religious rituals into personal relationships with Christ, and how those methods are poised to be repeated in the near future. *Why the age of social networking through virtual technology is keeping families and communities from real human relationships, how this relates to an international and spiritual hunger for revival, and how this very same technology will pave the way for an even vaster spreading of the Gospel. *Which current events are now contributing to the largescale unrest mankind all feels, and how this is lining up to unleash what these authors believe to be the Greatest Awakening yet! *Evidence from around the globe that the Awakening may have already started, and will be joined by growing demonstrations of miracles, healings, prophetic visions, and angels in the days just ahead!

dr thomas r horn: Defender Bible Thomas R. Horn, 2018-03 The Bible, as we hold it today, is esteemed by many religious institutions and especially Conservative Christians to be the inspired, inerrant Word of God. This doctrinal position affirms that the Bible is unlike all other books or collections of works in that it is free of error due to having been "given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works" (2 Tim. 3:16, 17). While no other text can claim this same unique authority, Apocryphal and Pseudepigraphal literature such as contained in this section provides literature that often precedes or follows the chronology of biblical texts, which frequently are used or assigned as supplemental works within academic settings to help students and scholars discover or better understand cultural and historical context within the Word of God. Whether or not the information contained in the apocryphal literature is entirely precise—as is the canon of Scripture—these ancient texts provide commentators' valuable insight into what many ancient Jews and early Christians believed when, "God, who at sundry times and in divers manners spake in time past unto the fathers by the prophets" (Heb. 1:1). These Apocrypha are therefore intended to be a supplemental resource for assisting serious researchers and students in the study of the Bible and Bible times. Contained in this section: The Book of Enoch, The Book of Jasher, The Book of Jubilees, 1 Esdras, 2 Esdras, 1 Maccabees, 2 Maccabees, Tobias, Judith, Wisdom, Sirach, Baruch, Susanna, Prayer of Azariah, Prayer of Manasseh, Bel and the Dragon, and Laodiceans.

dr thomas r horn: On the Path of the Immortals Thomas Horn, Cris Putnam, 2015-02 Following the release of their international best-seller, *Exo-Vaticana*, Thomas Horn and Cris Putnam were inundated with requests from around the world to be interviewed on radio, television, and in print media. What they discovered sent shockwaves through Christianity concerning the Vatican's advanced telescope, which sits on top of Mt. Graham in Arizona (USA) where the Jesuits admit they are monitoring something approaching the earth. After the authors' initial report was published in *Exo-Vaticana*, the pope's top astronomer took to the airwaves and on the Vatican Observatory website to try and explain the role that he and other church astronomers are playing in regards to emerging ET Friendly theology, their association with the LUCIFER device at Mt. Graham, and their developing doctrines concerning extraterrestrial life and the impact it may have on planet Earth's religions; Christianity in particular. Now, armed with fresh information from the native peoples (that failed before a federal appeals court to stop the construction of the Vatican's observatory on one of their four holiest mountains), the authors set out with cameras and field investigators to unearth their most astonishing discovery yet. The mountain is said to be a portal, a gateway to another dimension. And, as the Vatican knows and the authors uncovered, it is not the only one. NOW, FOR THE FIRST TIME, THIS BOOK REVEALS...*Unveiled! What Mt. Graham really is, and why NASA and the Vatican are there*Disclosed! dr thomas r horn: *God's Ghostbusters* Thomas Horn, 2011-09 Recently some 300 exorcists flocked to Poland for a week-long congress to examine the current fashion for vampirism the world-over and the apparent connection between this fascination and a surge in demonic possession. This comes as the world is experiencing an explosion of ancient occultism combined with wicked fascination for ghosts and all things paranormal. In the United States alone, there are now more than two hundred thousand registered witches and as many as 8 million unregistered practitioners of "the craft." On college and high school campuses, vampires, werewolves, and other "creatures of the night" are esteemed as objects of desire and idolized by young men and women who view them as cult icons of envious mystical power. Church goers are enchanted by the darkness as well. An April 13, 2011 article "Mysticism Infecting Nazarene Beliefs" was preceded only a few days before by a Telegraph article describing how a "surge in Satanism" inside the church has sparked a "rise in demand for exorcists" within traditional religious settings." Why is this happening now? God's Ghostbusters provides shocking answers in this collaborative work by Gary Bates, Chuck Missler, Gary Stearman, Thomas Horn, Nita Horn, Russ Dizdar, Donna Howell, Derek Gilbert, Sharon Gilbert, Michael Hoggard, Noah Hutchings, Terry James, John McTernan, Jeff Patty, Fred DeRuvo, and Douglas Woodward.

dr thomas r horn: *Nephilim Stargates* Thomas R. Horn, 2007 One myth from the history of every great civilization spoke of beings descending from heaven and using human and animal DNA to create giant offspring. Rabbinical authorities, Septuagint translators and early church fathers understood this as a factual record of history. The phenomenon began with the "Watchers" who spawned "Nephilim" resulting in judgment from God. The ancients also knew Bible passages that predict the Nephilim will return when Iraq and Iran are invaded and destroyed. Is this prophecy about to be fulfilled? Is man, in his rush to play god through biological weapons, biotechnology, and genetic manipulation, opening gateways to a supernatural unknown? *Nephilim Stargates* and the *Return of the Watchers* is a glimpse into this past, present, and future phenomena, with an eye on what sages and scientists believe and what futurists and prophets may fear. Thomas Horn is CEO of Raiders News Network, a syndicated columnist, and the bestselling author of *The Ahriman Gate*. He has written two other books as well as dozens of published editorials and magazine articles. His works have been referred to by writers of the LA Times Syndicate, MSNBC, Christianity Today, Coast to Coast, World Net Daily, and White House Correspondents. Hall's *Esoteric Classics on America* Fully reset and newly introduced by PEN Award-winning historian Mitch Horowitz, *The Secret Destiny of America* (1944) and *America's Assignment with Destiny* (1951) are Manly P. Hall's core statements on the esoteric purpose and occult backstory of the United States. In these two volumes appears Hall's thrilling thesis that democracy and personal liberty are part of a "Great Plan" extending from the pharaonic era to Hellenic secret societies to illumined intellects such as Francis Bacon and Christopher Columbus to modern expressions of Rosicrucianism and Freemasonry, finally blossoming among the ideals of America's Founders. In his introduction, Mitch explores the historicism of Hall's writing on America, highlighting lasting points and augmenting the record where new information is available. Mitch specifically considers the Atlantean thesis from the perspective of the twenty-first century; reviews Hall's career-long influence on President Ronald Reagan; examines the eye-and-pyramid of the Great Seal of the United States; contextualizes the impact of Freemasonry on the nation's founding; explores Mesoamerican civilization and its complexities; and critically considers the role of secret societies in modern life. "Hall ranks among the few historical writers who at least recognized the inceptive role of Freemasonry in America's founding," Mitch writes, "a perspective only recently granted overdue treatment in scholarly literature." Indeed, it was Manly P. Hall alone who kept alive the light of esoteric ideas—and their role in the nation's formation—during the time he produced these seminal volumes. They are presented here, with a substantial historical introduction, in their

definitive form.

dr thomas r horn: The Researchers Library of Ancient Texts: Volume One -- The Apocrypha Includes the Books of Enoch, Jasher, and Jubilees , 2011-11 The Bible, as we hold it today, is esteemed by many religious institutions and especially Conservative Christians to be the inspired, inerrant Word of God. This doctrinal position affirms that the Bible is unlike all other books or collections of works in that it is free of error due to having been given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works (2 Tim. 3:16, 17). While no other text can claim this same unique authority, Apocryphal and Pseudepigraphal literature such as contained in this volume of The Researchers Library of Ancient Texts (Volume One--The Apocrypha: Includes the Books of Enoch, Jasher, and Jubilees), provides literature that often precedes or follows the chronology of biblical texts, which frequently are used or assigned as supplemental works within academic settings to help students and scholars discover or better understand cultural and historical context within the Word of God. Whether or not the information contained in the apocryphal literature is entirely precise--as is the canon of Scripture--these ancient texts provide commentators' valuable insight into what many ancient Jews and early Christians believed when, God, who at sundry times and in divers manners spake in time past unto the fathers by the prophets (Heb. 1:1). The Researchers Library of Ancient Texts is therefore intended to be a supplemental resource for assisting serious researchers and students in the study of the Bible and Bible times. Contained in this volume: The Book of Enoch, The Book of Jasher, The Book of Jubilees, 1 Esdras, 2 Esdras, 1 Maccabees, 2 Maccabees, Tobias, Judith, Wisdom, Sirach, Baruch, Susanna, Prayer of Azariah, Prayer of Manasseh, Bel and the Dragon, and Laodiceans.

dr thomas r horn: Blood on the Altar Gary Stearman, Chuck Missler, Sharon Gilbert, Derek Gilbert, Michael Lake, Cris Putnam, 2014-06-15 As the world races toward its momentous end-times encounter between good and evil (known in the Bible as Armageddon), a deepening antagonism is developing worldwide against conservative Christians. According to a 2014 Pew Research Center report this hostility now includes the United States, which elevated from the lowest category of government restrictions on Christian expressions as of mid-2009 to an advanced category in only the last three years. This trend may point to one of the most overlooked aspects of Bible prophecy--a war that ultimately pits born-again believers against religious Christians. The inspired texts themselves

say a time is coming when whosoever killeth you [true Christians] will think that he doeth God service. In Matthew 24:9, Jesus further warned: Then shall they deliver you up to be afflicted, and shall kill you, and in the book of Revelation it describes this era as when Antichrist will have power to make war with the saints, and to overcome them... (Rev. 13:7; Dan. 7:21). All this unfolds as a False Prophet emerges--a final global superchurch leader that causes as many as would not worship the image of the beast should be killed (Rev. 13:15).

dr thomas r horn: The Physics of Musical Instruments Neville H. Fletcher, Thomas D. Rossing, 2013-11-09 While the history of musical instruments is nearly as old as civilisation itself, the science of acoustics is quite recent. By understanding the physical basis of how instruments are used to make music, one hopes ultimately to be able to give physical criteria to distinguish a fine instrument from a mediocre one. At that point science may be able to come to the aid of art in improving the design and performance of musical instruments. As yet, many of the subtleties in musical sounds of which instrument makers and musicians are aware remain beyond the reach of modern acoustic measurements. This book describes the results of such acoustical investigations - fascinating intellectual and practical exercises. Addressed to readers with a reasonable grasp of physics who are not put off by a little mathematics, this book discusses most of the traditional instruments currently in use in Western music. A guide for all who have an interest in music and how it is produced, as well as serving as a comprehensive reference for those undertaking research in the field.

dr thomas r horn: Colour-Coded Constance Backhouse, 1999-11-20 Historically Canadians

have considered themselves to be more or less free of racial prejudice. Although this conception has been challenged in recent years, it has not been completely dispelled. In *Colour-Coded*, Constance Backhouse illustrates the tenacious hold that white supremacy had on our legal system in the first half of this century, and underscores the damaging legacy of inequality that continues today. Backhouse presents detailed narratives of six court cases, each giving evidence of blatant racism created and enforced through law. The cases focus on Aboriginal, Inuit, Chinese-Canadian, and African-Canadian individuals, taking us from the criminal prosecution of traditional Aboriginal dance to the trial of members of the 'Ku Klux Klan of Canada.' From thousands of possibilities, Backhouse has selected studies that constitute central moments in the legal history of race in Canada. Her selection also considers a wide range of legal forums, including administrative rulings by municipal councils, criminal trials before police magistrates, and criminal and civil cases heard by the highest courts in the provinces and by the Supreme Court of Canada. The extensive and detailed documentation presented here leaves no doubt that the Canadian legal system played a dominant role in creating and preserving racial discrimination. A central message of this book is that racism is deeply embedded in Canadian history despite Canada's reputation as a raceless society. Winner of the Joseph Brant Award, presented by the Ontario Historical Society

Setting their minds on the promises of God and their faith in Him, they ventured into the unfamiliar as they placed their lives

The fabric that held the country together was woven with the blood, sweat, tears, fortitude, and faith of a generation who set their resolve and trust in the God of the Bible--and never looked back. America the Beautiful. The Strong. The United. The Innovative. The Independent. America, the One Nation Under God. So, what happened? As a godless and seemingly aimless America faces decline unparalleled to any deterioration that previous generations could have ever foreseen, many now look around in astonishment and wonder what changed. Can America return to its glory days? If so, how? Join Thomas Horn, Christina Peck, Robert Maginnis, Donna Howell, Sheila Zilinsky, Josh Peck, Cris Putnam, Sharon Gilbert, Allie Anderson, Joe Ardis, and Derek Gilbert as this question is explored and discussed in *When Once We Were a Nation*.

dr thomas r horn: *Life of Tom Horn* Tom Horn, 2012-08-06 On November 20th, 1903, the cowboy Tom Horn was hanged in Cheyenne, Wyoming, for the murder of a fourteen-year-old boy. His trial was almost certainly influenced by sensationalistic "Yellow" journalism and the bitter cattle range wars of the day, and remains controversial even now. Horn had been many things - runaway farm boy, mule skinner, miner, rodeo champion, Pinkerton detective - but his greatest fame had been as a US Army scout and Indian interpreter in the Apache wars. In this autobiography, written while he was in prison and published after his death, Horn describes his many exploits during that period. He provides a compelling firsthand account of cowboy life on the southwest frontier, of the complex and often violent relationship between Americans, Mexicans, and Apache Indians, and of celebrated characters such as Geronimo, the Apache Kid, and Al Sieber. This ebook edition includes an active table of contents, reflowable text, and 12 photographs and illustrations from the first edition.
