emmet fox: The Mental Equivalent Emmett Fox, 2013-03-14 The key to life is to build in the mental equivalents of what you want and to expunge the equivalents of what you do not want. How do you do it? You build in the mental equivalents by thinking quietly, constantly, and persistently of the kind of thing you want, and by thinking that has two qualities: clearness or definiteness, and interest. If you want to build anything into your life-if you want to bring health, right activity, your true place, inspiration; if you want to bring right companionship, and above all if you want understanding of God-form a mental equivalent of the thing which you want by thinking about it a great deal, by thinking clearly and with interest. Remember clarity and interest; those are the two poles. Wilder Publications is a green publisher. All of our books are printed to order. emmet fox: The Sermon on the Mount Emmet Fox, 1989-09-20 What did Jesus teach? Distilled from years of study and lecture, affirmed by nearly a million readers over the last fifty years, Emmet Fox's answer in The Sermon on the Mount is simple. The Bible is a textbook of metaphysics and the teachings of Jesus express--without dogma--a practical approach for the development of the soul and for the shaping of our lives into what we really wish them to be. For

Fox, Jesus was no sentimental dreamer, no mere dealer in empty platitudes, but the unflinching realist that only a great mystic can be. In his most popular work, Emmet Fox shows how to: Understand the true nature of divine wisdom. Tap into the power of prayer. Develop a completely integrated and fully expressed personality. Transform negative attitudes into life-affirming beliefs. Claim our divine right to the full abundance of life.

emmet fox: *Life Is Consciousness* Emmet Fox, The Truth movement, as we call it is the most important thing in the world today. The Truth movement, which centers in the belief in the omnipresence and availability of God, is the most important thing in the world, because it is the only thing that can save the world. Nothing else can. Everything else has been tried. People have tried building up might and power, and have used it to wreck themselves. Man has built up intellectual power; and especially since four centuries ago, since the Renaissance, education has been intellectual. People are surprised when you tell them that there is any other kind of education. Those of us who have had the advantages of a higher education know that so-called intellectual study gives very, very little help in the practical business of living. This Truth movement comes along, takes hold of people and changes them. It restores health if that has been lost, restores estate if that has been lost, restores self-respect if that has been lost. It puts people on their feet, and shows them that there is something in life worth living for.

emmet fox: *The Historical Destiny of the United States* Emmet Fox, 2014-03-27 In order to understand the special work which the United States has been called upon to do in the history of Humanity, we have first to remember that the American people are, historically, that section of the people of Europe whose task it was to explore the continent of America, to subdue it and to develop it. It is impossible to understand the historical significance and importance of any country as long as

we consider that country only by itself. In order to determine its true place in the scheme of things we have to consider its connection with the general stream of historical tendencies. It is needless to say that a purely partisan outlook-the so-called patriotic outlook, for instance-is a hopeless handicap to the finding of the truth. In the study of history as in the investigations of natural science, the truth is arrived at only after an impartial and dispassionate inquiry.

emmet fox: The Garden of Allah Fox Emmet, 2024-03-26 The Garden of Alla explores the Spiritual Key to Isaiah XXXV. Even those who love the Bible most are apt to make the mistake of looking upon it as merely a book the greatest book ever written no doubt but still a book; whereas the truth about the Bible is that it is really a spiritual vortex in which spiritual power pours from the Absolute or Divine Plane into the physical plane or plane of manifestation. But the Bible is not only the great source of spiritual truth it is also the greatest collection of literary masterpieces that we possess. Almost every literary form is represented in the Bible both in prose and poetry. Above all the Bible abounds in beautiful and powerful prayers and treatments and this reason alone makes it for us the most important book in the world.- Emmet Fox

emmet fox: The Lost Booklets of Emmett Fox Emmet Fox, Carl Tuchy Palmieri, 2014-02 Emmet Fox was born in Ireland in 1886. After receiving his education in England, he moved to the United States in the early 1930's, where he began lecturing on spirituality in New York City. He quickly became one of the most influential leaders of the New Thought Movement and was a major inspiration for Bill W. and Dr. Bob, the co-founders of Alcoholics Anonymous. Fox presented his "essays" at the Hippodrome Theater, the Manhattan Opera House, Carnegie Hall, and the Astor Hotel. These "meetings" were regularly attended by several thousand people, including Bill W., his wife Lois, and many of New York City's AA members. These "essays" became the basis for various books and pamphlets. Dr. Bob owned, read and recommended Fox's writings to those he worked with in the Midwest. Much of Emmet Fox's philosophy resonates throughout the "Big Book." For example: Devote at least a quarter of an hour a day to prayer and meditation. Train yourself to give the first thought on waking to God. Resolutely turn your back on the past, good or bad, and live only in the present. Forgive everybody without exception, no matter what they may have done, and . . . then forgive YOURSELF whole-heartedly. Endeavor to make your life of as much service to others as possible. Here, for the first time, is a compilation of many of the "essays" and booklets Emmet Fox wrote during the 1930's. You can read for yourself the words of a man who had a profound influence on Bill, Bob and the AA old-timers. Wally P. emmet fox: *Power Through Constructive Thinking* Emmet Fox, 2017-02-07 Originally published in 1932 by the renowned New Thought spiritual leader Emmet Fox, this book is intended to teach the principles of life-building through constructive thought. "All power lies in creative thought. Thought is the key to life; for as a man thinketh in his heart, so is he. People are beginning to understand today something of the power of thought to shape the individual's destiny—they know vaguely that thoughts are things—but how the Great Law of thought is to be applied they do not know. "This book shows that your destiny is really in your own hands, because it is impossible to think one thing and produce another, and that by the selection of correct thought a harmonious and happy life is produced. It shows that weak and fickle thinking produces a drifting and wasted life, and that positive thinking produces success and happiness. It shows that fear is the ultimate cause of Tap-Root of all sickness, failure, and disappointment. And it shows the only possible method of overcoming fear."

A seminal text in the history of psychoanalysis, this is a text that will appeal to those with a keen interest in psychology and Adlerian therapy, and it is not to be missed by the discerning collector. emmet fox: *Be Still* Emmet Fox, 2017-11-05 THE Bible teaches spiritual Truth in many different ways. It gives direct teaching about God, as clear and precise as any book on philosophy that ever was written. It expounds the Great Message indirectly through historical narrative and by means of biographical studies, for the Bible includes the most wonderful and interesting set of human biographies that ever was written. It contains an unmatched collection of essays and treatises on the nature of God, and the nature of man, the powers of the soul, and the meaning of life. Consider St. John's opening section in the Gospel, for instance, or the 11th chapter of Hebrews, or the 12th and 13th of Corinthians I, or the 5th, 6th, and 7th of Matthew, to name only a few. Each of these chapters in a different way gives direct and simple teaching of the Truth, unsurpassed in any work outside of the Bible. But it is in its prayers and treatments that the Bible is transcendent. It contains a large number of the greatest prayers ever written--beginning, of course, with what we call the Lord's Prayer--prayers the like of which have never been found elsewhere, for they go right down to the depths of the human soul, meeting every need that can arise, and providing for every possible temperament and any conceivable contingency --in fact they cater to all sorts and conditions of men.
