From coast to coast and in cities large and small, it documents everything from battleship-size fireboats so powerful their monitors could reduce concrete structures to rubble, to small water-jet-powered fireboats, and everything in between. Included are operational details that showcase the proud traditions of marine firefighting. The author traces the evolution of mammoth wood and iron fireboats to modern, high-tech aluminum vessels whose role is dictated by ever-changing dangers and technology. fireboat book: *Dust to Deliverance: Untold Stories from the Maritime Evacuation on September 11th* Jessica DuLong, 2017-07-28 "A waterborne evacuation larger than Dunkirk—in New York Harbor? How come we barely noticed this at the time, and have largely forgotten about it since? Readers of this fast-paced book will not forget it again. Jessica DuLong brings this extraordinary episode to vivid, poignant life, using both literary and maritime expertise." —Adam Hochschild, bestselling author of *King Leopold's Ghost* "In this beautifully written and compassionate account, infused with dread and wonder, DuLong delivers meticulous reporting, human-scale and panoramic, that reframes 9/11. This enheartening chronicle of endurance and kindness, as wonderfully engineered and brilliantly executed as the waterborne rescue itself, proffers an evidence-based and hopeful view of humanity." —Mark Kramer, Founding Director, Nieman Program on Narrative Journalism, Harvard University The captivating saga of the September 11th boat lift, when tugs, ferries, dinner boats, and other vessels spontaneously converged to rescue nearly 500,000 stranded people from Manhattan When terrorists took down the Twin Towers on September 11, 2001, frightened people crowded along the shores of Lower Manhattan. With the dust and fires spreading, no one knew if more attacks were coming. Chaos

reigned. *Dust to Deliverance* is the gripping story of how the New York harbor maritime community converged spontaneously to deliver stranded commuters, residents, and visitors out of harm's way. Even before the Coast Guard called for "all available boats," ferries, charter yachts, dinner boats, tugs, and other vessels had raced across New York harbor to pick up passengers. In less than nine hours, they rescued nearly half a million people from Lower Manhattan, making this the largest waterborne evacuation in history. Rooted in eyewitness accounts and written by a mariner who served at Ground Zero, *Dust to Deliverance* interweaves the personal stories of people saved that day with those who saved them, while revealing the inner workings of New York harbor and its close-knit community. This groundbreaking, minute-by-minute chronicle provides an unprecedented look at one of the most significant moments in American history. This human saga of compassion, triumph, and resilience reveals how tragedy creates new, often unlikely, alliances, even as it strengthens existing bonds. The book brings to light the resourcefulness and resounding human goodness that rise up in response to darkness, calamity, and turmoil.

fireboat book: *Mustafa* Marie-Louise Gay, 2018-08-01 Boston Globe, Best 2018 Books for Children TD Canadian Children's Literature Award Finalist Mustafa and his family traveled a long way to reach their new home. Some nights Mustafa dreams about the country he used to live in, and he wakes up not knowing where he is. Then his mother takes him out to the balcony to see the moon — the same moon as in their old country. In the park, Mustafa sees ants and caterpillars and bees — they are the same, too. He encounters a "girl-with-a-cat," who says something in a language that he can't understand. He watches an old lady feeding birds and other children playing, but he is always looking in from the outside and he feels that he is invisible. But one day, the girl-with-the-cat beckons to him, and Mustafa begins to become part of his new world. Marie-Louise Gay's remarkable ability to write and illustrate from the perspective of a young child is movingly exhibited in this gentle, thoughtful story about coming to feel at home in a new country.
