Overview of the Glenn Beck History Podcast

The Glenn Beck history podcast is a well-produced series that delves into the most significant chapters of history and explores their relevance to contemporary society. Hosted by Glenn Beck, a seasoned broadcaster and author, the podcast stands out for its combination of thorough research, engaging narratives, and insightful analysis. Episodes often focus on historical events that have shaped political, cultural, and social landscapes, providing listeners with a deeper understanding of how the past continues to influence the present. The podcast's popularity stems from its unique perspective and Beck's ability to connect historical lessons to current issues.

Key Themes and Focus Areas

Major Historical Events

A central feature of the Glenn Beck history podcast is its focus on major events that changed the course of history. Topics range from the founding of America, world wars, revolutions, and landmark Supreme Court cases to the rise and fall of empires. Beck's commentary provides context, helping listeners grasp the causes, outcomes, and enduring impact of these events.

Influential Leaders and Figures

The podcast often examines the lives and decisions of influential historical figures. Listeners can expect in-depth profiles of presidents, inventors, activists, and thinkers who have left a lasting mark on society. Glenn Beck analyzes their leadership styles, motivations, and the challenges they faced, offering lessons for today's leaders and citizens.

Hidden Stories and Untold Narratives

Beyond well-known events, the Glenn Beck history podcast uncovers hidden stories and lesser-known narratives. These episodes spotlight unsung heroes, forgotten movements, and cultural shifts that didn't make traditional textbooks. By bringing these stories to light, Beck encourages listeners to think critically about historical sources and narratives.

- Revolutionary inventions and discoveries
- Stories of resilience and resistance
- Influence of media and propaganda
- Economic crises and recoveries

Episode Structure and Format

Storytelling Approach

Glenn Beck's history podcast is known for its narrative-driven episodes. Each story unfolds with a clear beginning, middle, and end, making complex historical topics easy to follow. Beck often uses dramatizations, archival audio, and expert interviews to create an immersive listening experience.

Length and Frequency

Episodes typically range from 30 to 60 minutes, allowing for detailed exploration without overwhelming listeners. New episodes are released regularly, keeping the content fresh and relevant. Special series

may span multiple episodes, focusing on larger historical themes or events.

Interactive Elements

The podcast occasionally features listener questions, polls, and feedback segments. This interactive approach helps Glenn Beck tailor content to the audience's interests and encourages community engagement.

Notable Guests and Collaborators

Expert Historians

The Glenn Beck history podcast invites respected historians and professors to provide expert analysis and commentary. These guests offer scholarly perspectives, ensuring accuracy and depth in each episode.

Authors and Journalists

Prominent authors and investigative journalists are frequently featured, sharing insights from their research and publications. Their appearances add credibility and a wider range of viewpoints to the podcast.

Public Figures

Occasionally, public figures such as politicians, activists, and cultural leaders join the podcast to discuss their experiences and historical lessons. Their firsthand accounts enrich the narrative and connect the past to the present.

1. Academic historians specializing in specific eras
2. Best-selling authors with historical expertise
3. Journalists covering modern and historical issues
4. Political leaders reflecting on history's impact

Production Quality and Accessibility

Audio Quality

The Glenn Beck history podcast is produced with high-quality audio standards. Clear narration, well-balanced sound effects, and music enhance the listening experience, making it engaging and professional for audiences.

Accessibility Options

Episodes are available on multiple platforms, including popular podcast apps and streaming services. Transcripts and supplementary materials are often provided, making the content accessible to a wider audience, including those with hearing impairments.

Episode Organization

The podcast maintains a well-organized archive, allowing listeners to easily browse episodes by topic, date, or guest. This systematic approach helps new subscribers find content that matches their interests.

Listener Engagement and Community

Social Media Interaction

The Glenn Beck history podcast maintains an active presence on social media, where listeners can share feedback, discuss episodes, and participate in polls. These platforms foster a sense of community and encourage ongoing dialogue about historical topics.

Live Events and Q&A Sessions

Occasionally, Glenn Beck hosts live events and Q&A sessions with fans. These interactive experiences allow listeners to engage directly with the host, ask questions, and suggest topics for future episodes.

Listener Reviews and Testimonials

The podcast consistently receives positive reviews for its educational value, entertainment, and production quality. Testimonials highlight Glenn Beck's ability to make history relevant and interesting for a diverse audience.

Impact and Educational Value

Promoting Historical Literacy

One of the primary goals of the Glenn Beck history podcast is to promote historical literacy and critical

thinking. By examining past events in detail, the podcast helps listeners develop a deeper understanding of context, causality, and consequence.

Connecting Past and Present

Episodes often draw parallels between historical events and current issues, encouraging listeners to apply lessons from history to modern challenges. This approach fosters informed citizenship and enriches public discourse.

Supporting Lifelong Learning

The podcast serves as a valuable resource for students, educators, and lifelong learners. Supplementary materials and recommended readings are frequently offered, supporting further exploration of historical topics.

- Enhances appreciation for history
- Encourages critical analysis of sources
- Provides context for current events
- Supports educational curricula

How to Get Started with the Podcast

Finding the Podcast

The Glenn Beck history podcast is widely available on major podcast platforms and streaming services. New listeners can easily subscribe and access the full library of episodes.

Recommended Starting Episodes

For those new to the show, it is recommended to begin with episodes that cover foundational historical events or notable series. Glenn Beck often provides guidance for newcomers, highlighting episodes that best introduce his approach and style.

Staying Updated

Subscribing to the podcast and following on social media ensures listeners stay updated on new releases, special series, and live events. Regular engagement with the podcast community enhances the overall experience.

Glenn Beck History Podcast: A Deep Dive into American Past and Present

Are you a history buff fascinated by America's complex past? Do you enjoy insightful commentary and engaging storytelling? Then you've likely heard whispers about Glenn Beck's foray into the world of historical podcasts. This post delves deep into the Glenn Beck History Podcast, examining its content, style, controversies, and overall impact. We'll explore what makes it unique, who it appeals to, and whether it's worth adding to your listening queue. Prepare for a journey through history, viewed through the unique lens of one of America's most prominent conservative voices.

Understanding the Glenn Beck History Podcast: More Than Just Dates and Facts

Glenn Beck, a familiar face in conservative media, launched his history podcast to offer a different perspective on American history. It's not your typical dry recitation of dates and names. Instead, it aims to connect historical events to contemporary issues, exploring the underlying narratives and ideological battles that shaped the nation. This approach makes it captivating for listeners who want more than just a surface-level understanding.

The Podcast's Unique Style: Storytelling and Engaging Narratives

What truly distinguishes the Glenn Beck History Podcast is its storytelling approach. Beck masterfully weaves together historical accounts, personal anecdotes, and his own interpretations to create an engaging narrative. He doesn't shy away from controversy, often incorporating his strong opinions and beliefs, which inevitably leads to both fervent supporters and harsh critics. This approach, while polarizing, undeniably makes the podcast memorable and sparks discussion.

Key Themes and Recurring Topics

The podcast covers a wide range of historical periods and events. While specific episodes vary, some recurring themes emerge:

The Founding Fathers and the American Revolution: Beck often dedicates episodes to analyzing the intentions and philosophies of the Founding Fathers, exploring their debates and the challenges they faced in creating a new nation.

The Civil War and Reconstruction: This pivotal era in American history is frequently covered, examining the causes, consequences, and long-term impact of the conflict, often with a focus on the moral and political ramifications.

Constitutionalism and American Liberty: A significant emphasis is placed on interpreting and understanding the Constitution, exploring its original intent and how it has been applied (or misapplied) throughout American history.

The Cold War and the Rise of Communism: This period is frequently explored, often within the

context of Beck's broader perspective on the ongoing struggle between liberty and authoritarianism.

Who is the Glenn Beck History Podcast For?

This podcast clearly appeals to listeners who:

Share Beck's conservative worldview: While not explicitly partisan in every episode, Beck's perspective undeniably shapes the narratives and interpretations presented. Listeners already aligned with his political ideology will find his approach more appealing.

Enjoy engaging storytelling: The podcast prioritizes narrative over dry academic analysis. If you prefer a more conversational and engaging presentation of history, this podcast fits the bill.

Seek to understand the connections between history and current events: Beck actively links historical events to contemporary political and social issues, making the podcast relevant to present-day debates.

Are interested in alternative perspectives: Whether you agree with Beck or not, his podcast offers a unique and often unconventional interpretation of historical events, challenging traditional narratives.

Criticisms and Controversies Surrounding the Podcast

The podcast's unique approach and Beck's strong opinions have not been without criticism. Some argue that his interpretations are biased, oversimplified, or even inaccurate. Others criticize his tendency to selectively highlight certain aspects of history while downplaying others, leading to potentially misleading narratives. It's crucial to approach the podcast critically, comparing its information with other sources and perspectives.

The Lasting Impact and Relevance of the Glenn Beck History Podcast

Despite the controversies, the Glenn Beck History Podcast has undeniably had an impact. It has introduced many listeners to history in an accessible and engaging way. While its interpretations might be subjective, it's undeniable that it stimulates discussion and encourages listeners to further explore the topics covered. The podcast's success lies in its ability to make history relevant and relatable to a broader audience, even if that audience is predisposed to agree with its perspective.

Conclusion

The Glenn Beck History Podcast offers a unique and engaging approach to American history, blending storytelling, commentary, and a decidedly conservative perspective. While its interpretations may be debated, its ability to spark interest and discussion cannot be denied. Whether you agree with Beck's viewpoints or not, the podcast certainly provides food for thought and offers a different lens through which to view the American past.

FAQs

1. Is the Glenn Beck History Podcast free? The podcast is typically available for free on most major podcast platforms.
2. How often are new episodes released? The release schedule can vary, but it's generally consistent, with new episodes released regularly. Check your preferred podcast app for the most up-to-date information.
3. What kind of historical sources does Beck use? Beck draws on a variety of sources, including primary documents, historical accounts, and secondary scholarly works. However, it's crucial to remember that his selection and interpretation of these sources might reflect his own biases.
4. Is the podcast suitable for all ages? While not explicitly adult-only, some of the topics and Beck's commentary might be unsuitable for younger listeners. Parental guidance is recommended.
5. Where can I find transcripts or show notes for the podcast? While not always available, some episodes might include show notes or summaries on the podcast's official website or associated platforms. It's best to check the specific episode for availability.

glenn beck history podcast: *Addicted to Outrage* Glenn Beck, 2019-11-19 Glenn Beck, the New York Times bestselling author of *The Great Reset*—issues a startling challenge to people on both sides of the aisle: America is addicted to outrage, we're at the height of a twenty-year bender, and we need an intervention. In the instant New York Times bestseller, Glenn Beck addresses how America has become more and more divided—both politically and socially. Americans are now less accepting, less forgiving, and have lost faith in many of the country's signature ideals. They are quick to point a judgmental finger at the opposing party, are unwilling to doubt their own ideologies, and refuse to have any self-awareness whatsoever. Beck states that this current downward spiral will ultimately lead to the destruction of everything America has fought so hard to preserve. This is not simply a Republican problem. This is not simply a Democratic problem. This is everyone's burden, and we need to think like recovering addicts and change. Mirroring traditional twelve-step programs, Beck outlines the actions that Americans must follow in order to prevent a farther decline down this current path of hostile bitterness. Drawing from his own life experiences and including relevant examples for each step, he is able to lead us to a more hopeful, happy future. From learning how to believe in something greater than ourselves to understanding the importance of humility, each chapter encourages self-reflection and growth. *Addicted to Outrage* is a timely and necessary

guide for how Americans—right and left—must change to survive.

glenn beck history podcast: Woke, Inc. Vivek Ramaswamy, 2021-08-17 AN INSTANT NEW YORK TIMES BESTSELLER! A young entrepreneur makes the case that politics has no place in business, and sets out a new vision for the future of American capitalism. There's a new invisible force at work in our economic and cultural lives. It affects every advertisement we see and every product we buy, from our morning coffee to a new pair of shoes. "Stakeholder capitalism" makes rosy promises of a better, more diverse, environmentally-friendly world, but in reality this ideology championed by America's business and political leaders robs us of our money, our voice, and our identity. Vivek Ramaswamy is a traitor to his class. He's founded multibillion-dollar enterprises, led a biotech company as CEO, he became a hedge fund partner in his 20s, trained as a scientist at Harvard and a lawyer at Yale, and grew up the child of immigrants in a small town in Ohio. Now he takes us behind the scenes into corporate boardrooms and five-star conferences, into Ivy League classrooms and secretive nonprofits, to reveal the defining scam of our century. The modern woke-industrial complex divides us as a people. By mixing morality with consumerism, America's elites prey on our innermost insecurities about who we really are. They sell us cheap social causes and skin-deep identities to satisfy our hunger for a cause and our search for meaning, at a moment when we as Americans lack both. This book not only rips back the curtain on the new corporatist agenda, it offers a better way forward. America's elites may want to sort us into demographic boxes, but we don't have to stay there. *Woke, Inc.* begins as a critique of stakeholder capitalism and ends with an exploration of what it means to be an American in 2021—a journey that begins with cynicism and ends with hope.

glenn beck history podcast: Common Nonsense Alexander Zaitchik, 2010-04-29 Who is this guy and why are people listening? Forget Rush Limbaugh, Bill O'Reilly, and Sean Hannity—Glenn Beck is the Right's new media darling and the unofficial leader of the conservative grassroots. Lampooned by the Left and Lionized by the far Right, his bluster-and-tears brand of political commentary has commandeered attention on both sides of the aisle. Glenn Beck has emerged over the last decade as a unique and bizarre conservative icon for the new century. He encourages his listeners to embrace a cynical paranoia that slides easily into a fantasyland filled with enemies that do not exist and solutions that are incoherent, at best. Since the election of President Barack Obama, Beck's bombastic, conspiratorial, and often viciously personal approach to political combat has made him one of the most controversial figures in the history of American broadcasting. In *Common Nonsense*, investigative reporter Alexander Zaitchik explores Beck's strange brew of ratings lust, boundless ego, conspiratorial hard-right politics, and gimmicky morning-radio entertainment chops. Separates the facts from the fiction, following Beck from his troubled childhood to his recent rise to the top of the conservative media heap Zaitchik's recent three-part series in Salon caused so much buzz, Beck felt the need to attack it on his show Based on Zaitchik's interviews with former Beck coworkers and review of countless Beck writings and television and radio shows Explains why Beck is always crying, why he has so many conservative enemies, why he's driven by conspiracy theories, and why he's dangerous to the health of the republic A contributing writer to *Alternet*, Zaitchik's reporting has appeared in the *New Republic*, the *Nation*, *Salon*, *Wired*, *Reason*, and the *Believer* Beck, a perverse and high-impact media spectacle, has emerged as a leader in a conservative protest movement that raises troubling questions about the future of American politics.

glenn beck history podcast: Cult City Daniel J. Flynn, 2018-10-16 In recounting the fascinating, intersecting stories of Jim Jones and Harvey Milk, *Cult City* tells the story of a great city gone horribly wrong. November 1978. Reverend Jim Jones, the darling of the San Francisco political establishment, orchestrates the murders and suicides of 918 people at a remote jungle outpost in South America. Days later, Harvey Milk, one of America's first openly gay elected officials—and one of Jim Jones's most vocal supporters—is assassinated in San Francisco's City Hall. This horrifying sequence of events shocked the world. Almost immediately, the lives and deaths of Jim Jones and Harvey Milk became shrouded in myth. Now, forty years later, this book corrects the record. The product of a decade of research, including extensive archival work and dozens of exclusive

interviews, *Cult City* reveals just how confused our understanding has become. In life, Jim Jones enjoyed the support of prominent politicians and Hollywood stars even as he preached atheism and communism from the pulpit; in death, he transformed into a fringe figure, a “fundamentalist Christian” and a “fascist.” In life, Harvey Milk faked hate crimes, outed friends, and falsely claimed that the US Navy dishonorably discharged him over his homosexuality; in death, he is honored in an Oscar-winning movie, with a California state holiday, and a US Navy ship named after him. His assassin, a blue-collar Democrat who often voted with Milk in support of gay issues, is remembered as a right-winger and a homophobe. But the story extends far beyond Jones and Milk. Author Daniel J. Flynn vividly portrays the strange intersection of mainstream politics and murderous extremism in 1970s San Francisco—the hangover after the high of the Summer of Love.

glenn beck history podcast: The Twelfth Imam Joel C. Rosenberg, 2010-10-19 Book 1 in the best-selling 3-book espionage and spy thriller series that has sold 700,000 copies! “Rosenberg is the go-to novelist for Christian political fiction.” —Publisher’s Weekly *The Twelfth Imam* is the first novel of a new political thriller series by Joel C. Rosenberg, the New York Times bestselling author of the award-winning *Last Jihad* series. Rosenberg takes you inside a world few will ever enter. Hold on to your seat—the twists and turns never stop coming. Tensions are rising in the Middle East. Iran’s president vows to annihilate the United States and Israel. Israel’s prime minister says someone must hit Iran’s nuclear sites “before it’s too late.” The American president warns against a preemptive strike on Iran’s nuclear facilities and says negotiations are the key to finding peace. And amid it all, rumors are swirling throughout the region of a mysterious religious cleric claiming to be the Islamic messiah known as the Mahdi or the Twelfth Imam. Word of his miracles, healings, signs, and wonders is spreading like wildfire. CIA operative David Shirazi was born for this moment. He is recruited and sent into Tehran with one objective: use all means necessary to disrupt Iran’s nuclear weapons program, without leaving American fingerprints and without triggering an apocalyptic new war. A native Farsi speaker whose family escaped from Iran in 1979, he couldn’t be better prepared for the mission. But none of his training has prepared Shirazi for what will happen next.

glenn beck history podcast: The Book of Mormon Girl Joanna Brooks, 2012-08-07 From her days of feeling like “a root beer among the Cokes”—Coca-Cola being a forbidden fruit for Mormon girls like her—Joanna Brooks always understood that being a member of the Church of Jesus Christ of Latter-day Saints set her apart from others. But, in her eyes, that made her special; the devout LDS home she grew up in was filled with love, spirituality, and an emphasis on service. With Marie Osmond as her celebrity role model and plenty of Sunday School teachers to fill in the rest of the details, Joanna felt warmly embraced by the community that was such an integral part of her family. But as she grew older, Joanna began to wrestle with some tenets of her religion, including the Church’s stance on women’s rights and homosexuality. In 1993, when the Church excommunicated a group of feminists for speaking out about an LDS controversy, Joanna found herself searching for a way to live by the leadings of her heart and the faith she loved. *The Book of Mormon Girl* is a story about leaving behind the innocence of childhood belief and embracing the complications and heartbreaks that come to every adult life of faith. Joanna’s journey through her faith explores a side of the religion that is rarely put on display: its humanity, its tenderness, its humor, its internal struggles. In Joanna’s hands, the everyday experience of being a Mormon—without polygamy, without fundamentalism—unfolds in fascinating detail. With its revelations about a faith so often misunderstood and characterized by secrecy, *The Book of Mormon Girl* is a welcome advocate and necessary guide.

glenn beck history podcast: Broke Glenn Beck, Kevin Balfe, 2010-10-26 Glenn Beck, the New York Times bestselling author of *The Great Reset*, showcases his distinctive humor in taking on the political landscape in his fight to fix America—before it’s too late. As the most important presidential election in our history looms, ask yourself: Are America’s finances in better shape than they were four years ago? Or are we still BROKE? THE FACTS. THE FUTURE. THE FIGHT TO FIX AMERICA—BEFORE IT’S TOO LATE. Our nation is financially broke, but that’s just a side effect of our broken spirit, our broken faith in government, the broken promises by our leaders, and a broken

political system that has centralized power at the expense of individual rights. How did we get into this mess? Glenn Beck thinks the answer is pretty simple: Because we've turned our backs on the Constitution. Few of us have ever seen the whole picture, and politicians have done everything in their power to hide the truth. Broke exposes what we're really facing—and how to fix it. Packed with great stories from history, invaluable teachable moments, and Glenn Beck's trademark combination of entertainment and enlightenment, Broke makes the case that when you're traveling in the wrong direction, slight course corrections won't cut it—you need to take drastic action. Through a return to individual rights, an uncompromising adherence to the Constitution, and a complete rethinking about the role of government in a free society, Glenn exposes the idea of "transformation" for the progressive smokescreen that it is, and instead builds a compelling case that restoration is the only way forward. With this awareness, it's much easier to develop a realistic plan for uniting all Americans around the concept of shared sacrifice. After all, this generation may not be asked to storm beaches, but we are being asked to do something just as critical to preserving freedom.

glenn beck history podcast: *The Creature from Jekyll Island* G. Edward Griffin, 1995

glenn beck history podcast: **Control** Kevin Balfe, Hannah Beck, 2013-04-30 Examines the culture of violence, providing answers to the most commonly heard arguments on gun control.

glenn beck history podcast: *The Eye of Moloch* Glenn Beck, 2013-06-11 Glenn Beck's heart-pounding sequel to his #1 bestselling novel *The Overton Window* The last battle for freedom is under way. An unlikely band of ordinary Americans is ready to make its last stand in defense of self-rule, freedom, and liberty. Among them is Molly Ross, a young rebel who exposed a shadow war for the nation's fate that is waged by aging trillionaire Aaron Doyle and an elite cabal of self-styled tyrants. Marked as traitors and hunted down, Ross and her allies are cornered and standing alone. But the fight is far from over. As Doyle prepares to fulfill his dark global vision for humanity's future, Molly and her small but devoted team bravely infiltrate one of the most secure locations on Earth—a place holding longstanding secrets that, if revealed, will forever change the way Americans view their extraordinary place in history. Glenn Beck takes the sizzling suspense and roller-coaster twists of *The Overton Window* to new heights in this electrifying thriller.

glenn beck history podcast: **Miracles and Massacres** Glenn Beck, Kevin Balfe, Hannah Beck, 2014-08-12 History is about so much more than memorizing facts. It is, as more than half of the word suggests, about the story. And, told in the right way, it is the greatest one ever written: Good and evil, triumph and tragedy, despicable acts of barbarism and courageous acts of heroism.

glenn beck history podcast: *It IS About Islam* Glenn Beck, 2015-08-18 Drawing from the Koran, the hadith, and leaders of fundamentalist groups, identifies the core beliefs that inspire Islamic extremism while debunking commonly held notions about the religion.

glenn beck history podcast: **The Overton Window** Glenn Beck, 2010-06-15 A plan to destroy America, a hundred years in the making, is about to be unleashed . . . can it be stopped? There is a powerful technique called the Overton Window that can shape our lives, our laws, and our future. It works by manipulating public perception so that ideas previously thought of as radical begin to seem acceptable over time. Move the Window and you change the debate. Change the debate and you change the country. For Noah Gardner, a twentysomething public relations executive, it's safe to say that political theory is the furthest thing from his mind. Smart, single, handsome, and insulated from the world's problems by the wealth and power of his father, Noah is far more concerned about the future of his social life than the future of his country. But all of that changes when Noah meets Molly Ross, a woman who is consumed by the knowledge that the America we know is about to be lost forever. She and her group of patriots have vowed to remember the past and fight for the future—but Noah, convinced they're just misguided conspiracy-theorists, isn't interested in lending his considerable skills to their cause. And then the world changes. An unprecedented attack on U.S. soil shakes the country to the core and puts into motion a frightening plan, decades in the making, to transform America and demonize all those who stand in the way. Amidst the chaos, many don't know the difference between conspiracy theory and conspiracy fact—or, more important, which side to fight for. But for Noah, the choice is clear: Exposing the plan, and revealing the conspirators behind

it, is the only way to save both the woman he loves and the individual freedoms he once took for granted. After five back-to-back #1 New York Times bestsellers, national radio and Fox News television host Glenn Beck has delivered a ripped-from-the-headlines thriller that seamlessly weaves together American history, frightening facts about our present condition, and a heart-stopping plot. The Overton Window will educate, enlighten, and, most important, entertain—with twists and revelations no one will see coming.

glenn beck history podcast: *Disgraceland* Jake Brennan, 2019-10-01 From the creator of the popular rock 'n' roll true crime podcast, *Disgraceland* comes an off-kilter, hysterical, at times macabre book inspired by true stories from the highly entertaining underbelly of music history. You may know Jerry Lee Lewis married his thirteen-year-old cousin but did you know he shot his bass player in the chest with a shotgun or that a couple of his wives died under extremely mysterious circumstances? Or that Sam Cooke was shot dead in a seedy motel after barging into the manager's office naked to attack her? Maybe not. Would it change your view of him if you knew that, or would your love for his music triumph? Real rock stars do truly insane things and invite truly insane things to happen to them; murder, drug trafficking, rape, cannibalism and the occult. We allow this behavior. We are complicit because a rock star behaving badly is what's expected. It's baked into the cake. Deep down, way down, past all of our self-righteous notions of justice and right and wrong, when it comes down to it, we want our rock stars to be bad. We know the music industry is full of demons, ones that drove Elvis Presley, Phil Spector, Sid Vicious and that consumed the Norwegian Black Metal scene. We want to believe in the myths because they're so damn entertaining. *Disgraceland* is a collection of the best of these stories about some of the music world's most beloved stars and their crimes. It will mix all-new, untold stories with expanded stories from the first two seasons of the *Disgraceland* podcast. Using figures we already recognize, *Disgraceland* shines a light into the dark corners of their fame revealing the fine line that separates heroes and villains as well as the danger Americans seek out in their news cycles, tabloids, reality shows and soap operas. At the center of this collection of stories is the ever-fascinating music industry—a glittery stage populated by gangsters, drug dealers, pimps, groupies with violence, scandal and pure unadulterated rock 'n' roll entertainment.

glenn beck history podcast: *Arguing with Idiots* Glenn Beck, Kevin Balfe, 2009-09-22 Glenn Beck, the New York Times bestselling author of *The Great Reset*, provides the ultimate handbook for tackling and winning life's most important arguments. FUNNY. FRIGHTENING. TRUE. The #1 New York Times bestseller that gives you the right answers when idiots leave you speechless! It happens to all of us: You're minding your own business, when some idiot* informs you that guns are evil, the Prius will save the planet, or the rich have to finally start paying their fair share of taxes. Just go away! you think to yourself—but they only get more obnoxious. Your heart rate quickens. You start to sweat. But never fear, for Glenn Beck has stumbled upon the secret formula to winning arguments against people with big mouths and small minds: knowing the facts. And this book is full of them. The next time your Idiot Friends tell you how gun control prevents gun violence, you'll tell them all about England's handgun ban (see page 53). When they insist that we should copy the UK's health-care system, you'll recount the horrifying facts you read on page 244. And the next time you hear how produce prices will skyrocket without illegal workers, you'll have the perfect rebuttal (from page 139). Armed with the ultimate weapon—the truth—you can now tolerate (and who knows, maybe even enjoy?) your encounters with idiots everywhere! *Idiots can't be identified through voting records; look instead for people who hide behind stereotypes, embrace partisanship, and believe that bumper sticker slogans are a substitute for common sense.

glenn beck history podcast: *The Snow Angel* Glenn Beck, Chris Schoebinger, 2011-10-25 A picture-book edition of Glenn Beck's tale of family, resilience, and love across distance, following in the footsteps of his #1 New York Times bestselling *The Christmas Sweater*. Adapted from the newest Glenn Beck release, *Snow Angel* is the story of two siblings, who yearn for new toys and a fun vacation, but their parents are struggling and cannot give them what they want. Though their disappointment is obvious, their grandmother tells them the story of a young girl whose family also

went through hard times. Before her father has to leave to find work, he makes a snow angel, telling his little girl that no matter where he is, there will always be an angel looking out for her and her mother, helping the brother and sister realize the true meaning of family. Ultimately, it's a story of family, resilience, and knowing that the ones you love are never too far away.

glenn beck history podcast: *The Reactionary Mind* Corey Robin, 2018 Now updated to include Trump's election and the rise of global populism, Corey Robin's 'The Reactionary Mind' traces conservatism back to its roots in the reaction against the French Revolution.

glenn beck history podcast: *Liars* Glenn Beck, 2017-08-08 Politicians may be sleazy and spineless, but they're not stupid. The candidate who tells the people what they want to hear is usually the one who wins -- facts be damned. The only way to break the cycle is to understand why Americans fall for the deception over and over again. Beck reveals the startlingly simple answer: fear. Progressives from both parties exploit this by offering solutions that are based on two things: lies, and an unrelenting hunger for power and control.

glenn beck history podcast: *Arguing with Socialists* Glenn Beck, 2020-04-07 A NEW YORK TIMES BESTSELLER The New York Times bestselling author of *The Great Reset* arms you to the teeth with information necessary to debunk the socialist arguments that have once again become popular, and proves that the free market is the only way to go. With his trademark humor, Beck lampoons the resurgence of this bankrupt leftist philosophy with thousands of stories, facts, arguments and easy-to-understand graphics for anyone who is willing to ask the hard questions. He shows that this new shiny socialism is just the same as the old one: a costly and dangerous failure that leaves desperation, poverty, and bodies in its wake.

glenn beck history podcast: *The Savage Nation* Michael Savage, 2003-01-05 Michael Savage attacks big government and liberal media bias. The son of immigrants, Savage shows how traditional American freedoms are being destroyed from the outside and undermined from within-not just our own government, but also from alien forces within our own society. Savage argues that if the price of liberty is eternal vigilance, then only a more savage nation will enjoy these liberties. Savage's high ratings and the rapid growth of his program prove he is in touch with the concerns of the average American.

glenn beck history podcast: *The Jefferson Lies* David Barton, 2012 Noted historian Barton sets the record straight on the lies and misunderstandings that have tarnished the legacy of Thomas Jefferson.

glenn beck history podcast: *The Daily Show (The Book)* Chris Smith, 2016-11-22 The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, Steve Carell, Lewis Black, Jessica Williams, John Hodgman, and Larry Wilmore-plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program hosted by Craig Kilborn to Jon Stewart's long reign to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, Jon Stewart's emotional monologue in the wake of 9/11, his infamous confrontation on *Crossfire*, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, the Indecisions, *Mess O'Potamia*, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their

memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

glenn beck history podcast: War and Gold Kwasi Kwarteng, 2014-05-27 The world was wild for gold. After discovering the Americas, and under pressure to defend their vast dominion, the Habsburgs of Spain promoted gold and silver exploration in the New World with ruthless urgency. But, the great influx of wealth brought home by plundering conquistadors couldn't compensate for the Spanish government's extraordinary military spending, which would eventually bankrupt the country multiple times over and lead to the demise of the great empire. Gold became synonymous with financial dependability, and following the devastating chaos of World War I, the gold standard came to express the order of the free market system. Warfare in pursuit of wealth required borrowing -- a quickly compulsive dependency for many governments. And when people lost confidence in the promissory notes and paper currencies issued during wartime, governments again turned to gold. In this captivating historical study, Kwarteng exposes a pattern of war-waging and financial debt -- bedmates like April and taxes that go back hundreds of years, from the French Revolution to the emergence of modern-day China. His evidence is as rich and colorful as it is sweeping. And it starts and ends with gold.

glenn beck history podcast: A History of Rock Music in 500 Songs Vol 1 Andrew Hickey, 2019-12-08 In this series of books, based on the hit podcast A History of Rock Music in 500 Songs, Andrew Hickey analyses the history of rock and roll music, from its origins in swing, Western swing, boogie woogie, and gospel, through to the 1990s, grunge, and Britpop. Looking at five hundred representative songs, he tells the story of the musicians who made those records, the society that produced them, and the music they were making. Volume one looks at fifty songs from the origins of rock and roll, starting in 1938 with Charlie Christian's first recording session, and ending in 1956. Along the way, it looks at Louis Jordan, LaVern Baker, the Ink Spots, Fats Domino, Sister Rosetta Tharpe, Jackie Brenston, Bill Haley, Chuck Berry, Elvis Presley, Little Richard, and many more of the progenitors of rock and roll.

glenn beck history podcast: The Collapse of Western Civilization Naomi Oreskes, Erik M. Conway, 2014-07-01 The year is 2393, and the world is almost unrecognizable. Clear warnings of climate catastrophe went ignored for decades, leading to soaring temperatures, rising sea levels, widespread drought and—finally—the disaster now known as the Great Collapse of 2093, when the disintegration of the West Antarctica Ice Sheet led to mass migration and a complete reshuffling of the global order. Writing from the Second People's Republic of China on the 300th anniversary of the Great Collapse, a senior scholar presents a gripping and deeply disturbing account of how the children of the Enlightenment—the political and economic elites of the so-called advanced industrial societies—failed to act, and so brought about the collapse of Western civilization. In this haunting, provocative work of science-based fiction, Naomi Oreskes and Eric M. Conway imagine a world devastated by climate change. Dramatizing the science in ways traditional nonfiction cannot, the book reasserts the importance of scientists and the work they do and reveals the self-serving interests of the so called carbon combustion complex that have turned the practice of science into political fodder. Based on sound scholarship and yet unafraid to speak boldly, this book provides a welcome moment of clarity amid the cacophony of climate change literature.

glenn beck history podcast: The Soul of America Jon Meacham, 2018-05-08 #1 NEW YORK TIMES BESTSELLER • Pulitzer Prize-winning author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope overcame division and fear. ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Christian Science Monitor • Southern Living Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the "better angels of our nature" have repeatedly won the day. Painting surprising portraits of Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B. Johnson, and illuminating the courage of such influential citizen activists as Martin Luther

King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women's rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson's crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now. While the American story has not always—or even often—been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, “The good news is that we have come through such darkness before”—as, time and again, Lincoln's better angels have found a way to prevail. Praise for *The Soul of America* “Brilliant, fascinating, timely . . . With compelling narratives of past eras of strife and disenchantment, Meacham offers wisdom for our own time.”—Walter Isaacson “Gripping and inspiring, *The Soul of America* is Jon Meacham's declaration of his faith in America.”—Newsday “Meacham gives readers a long-term perspective on American history and a reason to believe the soul of America is ultimately one of kindness and caring, not rancor and paranoia.”—USA Today

glenn beck history podcast: The Immortal Nicholas Glenn Beck, 2015-10-27 Bestselling author Glenn Beck re-tells the story of Santa Claus, imagining him at the first Christmas and casting him as a guardian for the infant and adult Jesus--

glenn beck history podcast: Cowards Glenn Beck, 2012-06-12 Glenn Beck, the New York Times bestselling author of *The Great Reset*, provides readers with the truth about the issues the media and politicians are scared to touch. COURAGE > COWARDS As we approach the most important presidential election in America's history, something has been lost among all of the debates, attack ads, and super- PACs—something that Americans used to hold in very high regard: THE TRUTH. Glenn Beck likes to say that “the truth has no agenda”—but there's another side to that: people who have agendas rarely care about the truth. And, these days, it seems like everyone has an agenda. The media leads with stories that rate over those that matter. Politicians put lobbyists and electability over honesty. Radicals alter history in order to change the future. In *Cowards*, Glenn Beck exposes the truth about thirteen important issues that have been hijacked by deceit. Whether out of spite, greed, or fear, these are the things that no one seems to be willing to have an honest conversation about. For example: * How our two-party POLITICAL SYSTEM often leaves voters with NO GOOD OPTIONS. * How extremists are slowly integrating ISLAMIC LAW into our SOCIETY. * How PROGRESSIVE “religious” leaders like JIM WALLIS are politicizing the Bible. * How the CARTEL VIOLENCE on our border is FAR WORSE than people realize. * How “LIBERTARIAN” has been INTENTIONALLY turned into a DIRTY WORD. * How GEORGE SOROS has amassed enough MONEY and POWER to INFLUENCE entire ECONOMIES. In some cases, the truth is out there, but people simply don't want to hear it. It's much easier, and certainly a lot more convenient, to keep our blinders on. After all, as a quote attributed to President James Garfield made clear, “The truth will set you free, but first it will make you miserable.” Miserable or not, the truth can no longer be something we hope for; it must be something we live. When courage prevails, cowards do not—and this book was written to ensure that's exactly what happens.

glenn beck history podcast: Lincoln at Peoria Lewis E. Lehrman, 2008-06-13 The pivotal speech that changed the course of Lincoln's career and America's history. Complete examination of the speech, including the full text delivered in 1854 in Peoria, Illinois.

glenn beck history podcast: These Truths: A History of the United States Jill Lepore, 2018-09-18 “Nothing short of a masterpiece.” —NPR Books A New York Times Bestseller and a Washington Post Notable Book of the Year In the most ambitious one-volume American history in decades, award-winning historian Jill Lepore offers a magisterial account of the origins and rise of a divided nation. Widely hailed for its “sweeping, sobering account of the American past” (New York

Times Book Review), Jill Lepore's one-volume history of America places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. But has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore wrestles with the state of American politics, the legacy of slavery, the persistence of inequality, and the nature of technological change. "A nation born in contradiction... will fight, forever, over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. With *These Truths*, Lepore has produced a book that will shape our view of American history for decades to come.

glenn beck history podcast: On Love and Mercy Stephen Mattson, 2021-11-09 A hopeful and Christ-centered devotional for Christians who know social justice to be a good and holy endeavor *On Love and Mercy* is a 60-day devotional that invites readers to expand their vision of both personal faith in God and the redemptive and saving work of social action. Breaking down the premise that Christians must choose between being either socially conscious or theologically sound, author Stephen Mattson offers the hopeful message that Jesus—and Christianity—is both. Each day's entry offers Christians who long to see justice and equity within society with a much-needed source of affirmation, solidarity, and encouragement. These heart-felt devotions bring readers hope and encouragement to embrace social justice as the Christ-like discipline that it always was and is meant to be. *On Love and Mercy* validates social justice practices within the Christian faith by centering the example of Jesus as the ultimate standard. Although our religion will fail us, Jesus never will. He walks alongside us in living out God's commands us to love our neighbors to the best of our ability. Step into this journey and discover anew what it means to be devoted to Jesus and justice.

glenn beck history podcast: Allow Me to Retort Elie Mystal, 2023-05-09 Finalist, ABA Silver Gavel Award for Books The New York Times bestseller that has cemented Elie Mystal's reputation as one of our sharpest and most acerbic legal minds "After reading *Allow Me to Retort*, I want Elie Mystal to explain everything I don't understand—quantum astrophysics, the infield fly rule, why people think Bob Dylan is a good singer . . ." —Michael Harriot, *The Root* *Allow Me to Retort* is an easily digestible argument about what rights we have, what rights Republicans are trying to take away, and how to stop them. Mystal explains how to protect the rights of women and people of color instead of cowering to the absolutism of gun owners and bigots. He explains the legal way to stop everything from police brutality to political gerrymandering, just by changing a few judges and justices. He strips out all of the fancy jargon conservatives like to hide behind and lays bare the truth of their project to keep America forever tethered to its slaveholding past. Mystal brings his trademark humor, expertise, and rhetorical flair to explain concepts like substantive due process and the right for the LGBTQ community to buy a cake, and to arm readers with the knowledge to defend themselves against conservatives who want everybody to live under the yoke of eighteenth-century white men. The same tactics Mystal uses to defend the idea of a fair and equal society on MSNBC and CNN are in this book, for anybody who wants to deploy them on social media. You don't need to be a legal scholar to understand your own rights. You don't need to accept the "whites only" theory of equality pushed by conservative judges. You can read this book to understand that the Constitution is trash, but doesn't have to be.

glenn beck history podcast: Before Elvis Larry Birnbaum, 2013 An essential work for rock fans and scholars, *Before Elvis: The Prehistory of Rock 'n' Roll* surveys the origins of rock 'n' roll from the minstrel era to the emergence of Bill Haley and Elvis Presley. Unlike other histories of rock, *Before Elvis* offers a far broader and deeper analysis of the influences on rock music. Dispelling common misconceptions, it examines rock's origins in hokum songs and big-band boogies as well as Delta blues, detailing the embrace by white artists of African-American styles long before rock 'n' roll appeared. This unique study ranges far and wide, highlighting not only the contributions of obscure but key precursors like Hardrock Gunter and Sam Theard but also the influence of celebrity

performers like Gene Autry and Ella Fitzgerald. Too often, rock historians treat the genesis of rock 'n' roll as a bolt from the blue, an overnight revolution provoked by the bland pop music that immediately preceded it and created through the white appropriation of music till then played only by and for black audiences. In *Before Elvis*, Birnbaum daringly argues a more complicated history of rock's evolution from a heady mix of ragtime, boogie-woogie, swing, country music, mainstream pop, and rhythm-and-blues--a melange that influenced one another along the way, from the absorption of blues and boogies into jazz and pop to the integration of country and Caribbean music into rhythm-and-blues. Written in an easy style, *Before Elvis* presents a bold argument about rock's origins and required reading for fans and scholars of rock 'n' roll history.

glenn beck history podcast: *Environmental Melancholia* Renee Lertzman, 2015-06-12 In this groundbreaking book, Renee Lertzman applies psychoanalytic theory and psychosocial research to the issue of public engagement and public apathy in response to chronic ecological threats. By highlighting unconscious and affective dimensions of contemporary ecological issues, Lertzman deconstructs the idea that there is a gap between what people care about and what is actually carried out in policy and personal practice. In doing so, she presents an innovative way to think about and design engagement practices and policy interventions. Based on key qualitative fieldwork and in-depth interviews conducted in Green Bay, Wisconsin, each chapter provides a psychosocial, psychoanalytic perspective on subjectivity, affect and identity, and considers what this means for understanding behaviour in relation to environmental crises and climate change. The book argues for a theory of environmental melancholia that accounts for the ways in which people experience profound loss and disruption caused by environmental issues, and yet may have trouble expressing or making sense of such experiences. *Environmental Melancholia* offers a fresh perspective to the field of environmental psychology that until now has been largely dominated by research in cognitive, behavioural and social psychology. It will appeal to academics, researchers and postgraduate students in the fields of psychoanalysis, psychosocial studies and sustainability, as well as policy makers and educators internationally.

glenn beck history podcast: *The War Before Independence* Derek W. Beck, 2016-05-03 The United States was creeping ever closer to independence. The shot heard round the world still echoed in the ears of Parliament as impassioned revolutionaries took up arms for and against King and country. In this captivating blend of careful research and rich narrative, Derek W. Beck continues his exploration into the period preceding the Declaration of Independence, just days into the new Revolutionary War. *The War Before Independence* transports readers into the violent years of 1775 and 1776, with the infamous Battle of Bunker Hill - a turning point in the Revolution - and the snowy, wind-swept march to the frozen ground at the Battle of Quebec, ending with the exciting conclusion of the Boston Campaign. Meticulous research and new material drawn from letters, diaries, and investigative research throws open the doors not only to familiar figures and faces, but also little-known triumphs and tribulations of America's greatest military leaders, including George Washington. Wonderfully detailed and stunningly layered, *The War Before Independence* brings America's early upheaval to a ferocious boil on both sides of the battlefield, and vividly captures the spirit of a fight that continues to inspire brave hearts today.

glenn beck history podcast: *IBM and the Holocaust* Edwin Black, 2021-05-15

glenn beck history podcast: *Being George Washington* Glenn Beck, 2011-11-22 Glenn Beck, the New York Times bestselling author of *The Great Reset*, offers a unique spin on the life and legacy of founding father George Washington. IF YOU THINK YOU KNOW GEORGE WASHINGTON, THINK AGAIN. This is the amazing true story of a real-life superhero who wore no cape and possessed no special powers—yet changed the world forever. His life reads as if it were torn from the pages of an action novel: Bullet holes through his clothing. Horses shot out from under him. Unimaginable hardship. Disease. Spies and double-agents. And while we celebrate his great heroism and character, we discover he was also a flawed man. It's those flaws that should give us hope for today. Understanding the very human way he turned himself from an uneducated farmer into the Indispensable (yet imperfect) Man is the only way to build a new generation of George Washingtons

who can take on the extraordinary challenges that America is once again facing.

glenn beck history podcast: The Story of the British Isles in 100 Places Neil Oliver, 2018-09-20 Everyone should have two copies - one for the car and one for the house to plan journeys. . . a reminder to think more about the places you pass and less about your route, because every British journey is through rich history. (Edward Stourton) From much-loved historian Neil Oliver, comes this beautifully written, kaleidoscopic history of a place with a story like no other. The British Isles, this archipelago of islands, is to Neil Oliver the best place in the world. From north to south, east to west it cradles astonishing beauty. The human story here is a million years old, and counting. But the tolerant, easygoing peace we enjoy has been hard won. We have made and known the best and worst of times. We have been hero and villain and all else in between, and we have learned some lessons. The Story of the British Isles in 100 Places is Neil's very personal account of what makes these islands so special, told through the places that have witnessed the unfolding of our history. Beginning with footprints made in the sand by humankind's earliest ancestors, he takes us via Romans and Vikings, the flowering of religion, through civil war, industrial revolution and two world wars. From windswept headlands to battlefields, ancient trees to magnificent cathedrals, each of his destinations is a place where, somehow, the spirit of the past seems to linger.

glenn beck history podcast: Blacklisted by History M. Stanton Evans, 2007-11-06 Accused of creating a bogus Red Scare and smearing countless innocent victims in a five-year reign of terror, Senator Joseph McCarthy is universally remembered as a demagogue, a bully, and a liar. History has judged him such a loathsome figure that even today, a half century after his death, his name remains synonymous with witch hunts. But that conventional image is all wrong, as veteran journalist and author M. Stanton Evans reveals in this groundbreaking book. The long-awaited Blacklisted by History, based on six years of intensive research, dismantles the myths surrounding Joe McCarthy and his campaign to unmask Communists, Soviet agents, and flagrant loyalty risks working within the U.S. government. Evans's revelations completely overturn our understanding of McCarthy, McCarthyism, and the Cold War. Drawing on primary sources—including never-before-published government records and FBI files, as well as recent research gleaned from Soviet archives and intercepted transmissions between Moscow spymasters and their agents in the United States—Evans presents irrefutable evidence of a relentless Communist drive to penetrate our government, influence its policies, and steal its secrets. Most shocking of all, he shows that U.S. officials supposedly guarding against this danger not only let it happen but actively covered up the penetration. All of this was precisely as Joe McCarthy contended. Blacklisted by History shows, for instance, that the FBI knew as early as 1942 that J. Robert Oppenheimer, the director of the atomic bomb project, had been identified by Communist leaders as a party member; that high-level U.S. officials were warned that Alger Hiss was a Soviet spy almost a decade before the Hiss case became a public scandal; that a cabal of White House, Justice Department, and State Department officials lied about and covered up the Amerasia spy case; and that the State Department had been heavily penetrated by Communists and Soviet agents before McCarthy came on the scene. Evans also shows that practically everything we've been told about McCarthy is false, including conventional treatment of the famous 1950 speech at Wheeling, West Virginia, that launched the McCarthy era ("I have here in my hand . . ."), the Senate hearings that casually dismissed his charges, the matter of leading McCarthy suspect Owen Lattimore, the Annie Lee Moss case, the Army-McCarthy hearings, and much more. In the end, Senator McCarthy was censured by his colleagues and condemned by the press and historians. But as Evans writes, "The real Joe McCarthy has vanished into the mists of fable and recycled error, so that it takes the equivalent of a dragnet search to find him." Blacklisted by History provides the first accurate account of what McCarthy did and, more broadly, what happened to America during the Cold War. It is a revealing exposé of the forces that distorted our national policy in that conflict and our understanding of its history since.

glenn beck history podcast: ascent Media Literacy, 2017-12-15 The College of St. Scholastica discusses many forms of media and the uniqueness of media. Topics discussed: artificial intelligence, the simulation theory, technological advancements, digital currency, and more. Students studied the

history of the media to see how the sharing of ideas were passed along for generations up until today. The papers that make up this book are influenced and written about what was discussed in a Media Literacy topics course.
