kristen archives first: Producing the Archival Body Jamie A. Lee, 2020-12-21 Producing the Archival Body draws on theoretical and practical research conducted within US and Canadian archives, along with critical and cultural theory, to examine the everyday lived experiences of archivists and records creators that are often overlooked during archival and media production. Expanding on the author's previous work, which engaged archival and queer theories to develop the Queer/ed Archival Methodology that intervenes in traditional archival practices, the book invites readers interested in humanistic inquiry to re-consider how archives are defined, understood, deployed, and accessed to produce subjects. Arguing that archives and bodies are mutually constitutive and developing a keen focus on the body and embodiment alongside archival theory, the author introduces new understandings of archival bodies. Contributing to recent disciplinary moves that offer a more transdisciplinary emphasis, Lee interrogates how power circulates and is deployed in archival contexts in order to build critical understandings of how deeply archives influence and shape the production of knowledges and human subjectivities. Producing the Archival Body will be essential reading for academics and students engaged in the study of archival studies, library and information science, gender and women's studies, anthropology, history, digital humanities, and media studies. It should also be of great interest to practitioners working in and with archives

kristen archives first: The Cowkeeper's Wish Tracy Kasaboski, Kristen den Hartog, 2018-09-15 In the 1840s, a young cowkeeper and his wife arrive in London, England, having walked from coastal Wales with their cattle. They hope to escape poverty, but instead they plunge deeper into it, and the family, ensconced in one of London's "black holes," remains mired there for generations. The Cowkeeper's Wish follows the couple's descendants in and out of slum housing,

bleak workhouses and insane asylums, through tragic deaths, marital strife and war. Nearly a hundred years later, their great-granddaughter finds herself in an altogether different London, in southern Ontario. In *The Cowkeeper's Wish*, Kristen den Hartog and Tracy Kasaboski trace their ancestors' path to Canada, using a single family's saga to give meaningful context to a fascinating period in history—Victorian and then Edwardian England, the First World War and the Depression. Beginning with little more than enthusiasm, a collection of yellowed photographs and a family tree, the sisters scoured archives and old newspapers, tracked down streets, pubs and factories that no longer exist, and searched out secrets buried in crumbling ledgers, building on the fragments that remained of family tales. While this family story is distinct, it is also typical, and so all the more worth telling. As a working-class chronicle stitched into history, *The Cowkeeper's Wish* offers a vibrant, absorbing look at the past that will captivate genealogy enthusiasts and readers of history alike.

Strong has learned to see change not as a grievance but as a grace. In this hope-filled book, she shows women how when we follow God's will, we receive blessings of contentment, purpose, and renewed strength. She encourages women to see change not as the end of their story but as the scenery for this part of life's journey. And she offers practical advice for coping with change in every part of life. Stella always had a drink in her hand and a new boyfriend every few months, and when things got out of hand, she would whisk Lemon off to a new town for a fresh beginning. Now, just as they are moving yet again, Lemon discovers that she is pregnant from a reckless encounter—with a guy Stella had been flirting with. On the verge of revisiting her mother's mistakes, Lemon struggles to cope with the idea of herself as a young unmarried mother, as well as the fact that she's never met her own father. Determined to have at least one big adventure before she has the baby, Lemon sets off on a cross-country road trip, intending not only to meet her father, but to figure out who she wants to be. Lyrical and moving prose, from an original voice whose writing Judy Blume calls "luminous," deftly depicts the nuanced conflicts of early motherhood and the search for identity.

Recounting her successes, trials, mishaps, and hard-won wisdom, this mother of four advocates for letting go of the expectations, the guilt, and the endless race to be the perfect parent to the perfect child in the perfect family. This book is for ● the parent who loves their kids like crazy but feels like parenting is making them crazy, too ● the parent who said “I will never . . .” and now they have ● the parent who looks like they have it all together but feels like a hot mess on the inside ● the parent who looks like a hot mess on the outside, too ● the parent who asks Am I good enough? Doing enough? Doing it right? What’s wrong with me? What’s wrong with these children? Are they eighteen yet? With her signature blend of vulnerability, sarcasm, and insight, Howerton shares her unexpected journey from infertility to adoption to pregnancy to divorce to dealing with the shock and awe of raising teens. As a mom of a multiracial family and as a marriage and family therapist, she tackles the thorny issues parents face today, like hard conversations about racism, disciplining other people’s kids, the reality of Dad Privilege, and (never) attaining that elusive work/life balance. *Rage Against the Minivan* is a permission slip to let it go and allow yourself to be a “good enough” parent, focused on raising happy, kind, loving humans.

Includes the story "Cat Person"—now a major film A compulsively readable collection of short stories that explore the complex—and often darkly funny—connections between gender, sex, and power across genres. "These stories are sharp and perverse, dark and bizarre, unrelenting and utterly bananas. I love them so, so much." —Carmen Maria Machado, National Book Award Finalist and author of *Her Body and Other Parties* "Kristen Roupenian isn't just an uncannily great writer, she also knows things about the human psyche...The world has made a lot more sense since reading this book." —Miranda July, New York Times bestselling author Previously published as *You Know You Want This*, "Cat Person" and Other Stories brilliantly explores the ways in which women are horrifying as much as it captures the horrors that are done to them. Among its pages are a couple who becomes obsessed with their friend hearing them have sex, then seeing them have sex...until they can't have sex without him; a ten-year-old whose birthday party takes a sinister turn when she wishes for "something mean"; a woman who finds a book of spells half hidden at the library and summons her heart's desire: a nameless, naked man; and a self-proclaimed "biter" who dreams of sneaking up behind and sinking her teeth into a green-eyed, long-haired, pink-cheeked coworker. Spanning a range of genres and topics—from the mundane to the murderous and supernatural—these are stories about sex and punishment, guilt and anger, the pleasure and terror of inflicting and experiencing pain. These stories fascinate and repel, revolt and arouse, scare and delight in equal measure. And, as a collection, they point a finger at you, daring you to feel uncomfortable—or worse, understood—as if to say, "You want this, right? You know you want this."

kristen archives first: Juliet's School of Possibilities Laura Vanderkam, 2019-03-12 A charming, life-changing fable that will help you rethink your whole approach to time, priorities, and possibilities. Riley Jenkins is in trouble. An ambitious, hardworking consultant in her late twenties, she's used to a lifetime of nearly perfect evaluations - until she gets a terrible performance review from her boss. How is that possible when Riley does everything her clients want - including answering emails 24/7 - faster than they expect it? That's precisely the problem: she's spread too thin. Despite her insane hours and attention to detail, Riley can't produce the thoughtful work her clients expect. Now she's been given thirty days to close a major deal, or she's out. Meanwhile, her personal life is also on the edge of disaster, with her boyfriend and close friends losing patience with her chronic unavailability. The last thing Riley wants, at a stressful time like this, is to attend a women's leadership retreat with some of her colleagues. But she can't get out of her commitment: a weekend in New Jersey at some silly-sounding place called Juliet's School of Possibilities. Yet before long, Riley is surprised to find herself intrigued by Juliet, the lifestyle maven who hosts the conference. How does a single mother of two run a successful business while acting as if she has all the time in the world? The answer may lie in one of Juliet's Zen-like comments: Expectations are infinite. Time is finite. You are always choosing. Choose well. By the end of this story, you'll join Riley in rethinking the balance between your present and your future, between the things you have to do and the things you want to do. Like Riley, you can free yourself from feeling overwhelmed and pursue your highest possibilities.

They are in fact, intended as a dedication to the beauty of youthful innocence and at their core, is a deep love and respect for the feminine form. To many, this will appear an irreconcilable paradox given the content. The girls here are loved - probably more so than most. They simply have had an opportunity to express their youth and sexuality in ways that not one in fifty million young females the world over, ever have.

kristen archives first: Paper Cadavers Kirsten Weld, 2014-03-21 In *Paper Cadavers*, an inside account of the astonishing discovery and rescue of Guatemala's secret police archives, Kirsten Weld

probes the politics of memory, the wages of the Cold War, and the stakes of historical knowledge production. After Guatemala's bloody thirty-six years of civil war (1960–1996), silence and impunity reigned. That is, until 2005, when human rights investigators stumbled on the archives of the country's National Police, which, at 75 million pages, proved to be the largest trove of secret state records ever found in Latin America. The unearthing of the archives renewed fierce debates about history, memory, and justice. In *Paper Cadavers*, Weld explores Guatemala's struggles to manage this avalanche of evidence of past war crimes, providing a firsthand look at how postwar justice activists worked to reconfigure terror archives into implements of social change. Tracing the history of the police files as they were transformed from weapons of counterinsurgency into tools for post-conflict reckoning, Weld sheds light on the country's fraught transition from war to an uneasy peace, reflecting on how societies forget and remember political violence.

Now that task, more dangerous than she could have imagined, is complete and her work is done, Karigan wants to leave the dangerous world of tainted magic and ancient magicians behind her and return home. Exhausted in both body and spirit, she plans to return to her quiet life and her father's business. Karigan resists it, but when she wakes up to find herself - in her nightdress - on horseback and halfway across the country, her destiny is clear: she is a Green Rider. As she discovers, it's not a good time to be called to serve. For a thousand years the D'Yer Wall, a physical and magical barrier protecting the land from the ancient, corrupted Blackveil Forest, has held. For a thousand years the forest, an arboreal prison containing one of Sacoridia's greatest enemies, has been quiet. Not any more. The wall has been breached, unnatural, lethal creatures are finding their way into Sacoridia, a dark sentience is stirring, and the Green Rider magic itself is failing. And in the midst of it all, Karigan is about to be called to her duty ...

Sollee, 2019-09-16 "No one writes about the subjects of sexuality, desire, the shadow, and diabolism with such relish, and when I read her words I feel both smarter and less afraid of my own 'tabooed' feelings and thoughts. Like a cat, Kristen sees in the dark, as she guides us gracefully forward with her vision of unapologetic, feminine power." —From the Foreword by Pam Grossman, author of *Waking the Witch: Reflections on Women, Magic, and Power* The cat: A sensual shapeshifter. A hearth keeper, aloof, tail aloft, stalking vermin. A satanic accomplice. A beloved familiar. A social media darling. A euphemism for reproductive parts. An epithet for the weak. A knitted—and contested—hat on millions of marchers, fists in the air, pink pointed ears poking skyward. Cats and cat references are ubiquitous in art, pop culture, politics, and the occult, and throughout history, they have most often been coded female. From the "crazy cat lady" unbowed by patriarchal prescriptions to the coveted sex kitten to the dreadful crone and her yowling compatriot, feminine feline archetypes reveal the ways in which women have been revered and reviled around the world—in Greek and Egyptian mythology, the European witch trials, Japanese folklore, and contemporary film. By combining historical research, pop culture, art analyses, and original interviews, *Cat Call* explores the cat and its indivisible connection to femininity and teases out how this connection can help us better understand the relationship between myth, history, magic, womanhood in the digital age, and our beloved, clawed companions.

Despite the divorce statistics, people are still committing to each other, instinctively believing and hoping that theirs is a sacred union that will last forever. Yet when these couples encounter problems, they often lack the resources that keep them connected to this greater mystery surrounding marriage. Rob and Kristen Bell introduce a startling new way of looking at marriage, *The Zimzum of Love*. Zimzum is a Hebrew term where God, in order to have a relationship with the world, contracts, creating space for the creation to exist. In marriage, zimzum is the dynamic energy field between two partners, in which each person contracts to allow the other to flourish. Mastering this field, this give and take of energy, is the secret to what makes marriage

flourish. Rob and Kristen Bell are brutally honest about their own struggles, their ups and downs, as together they pass along what matters most for couples. In this wise book, they explore the secret of what makes a happy union—probing the mystery at the heart of the extraordinary emotional connection that binds two people. With his down-to-earth charm, a dose of whimsy, and memorable stories, Rob, writing with his wife Kristen, changes how we consider marriage, providing insight that can help all of us create satisfying and sacred unions of our own.

kristen archives first: Hark Sam Lipsyte, 2020-01-21 An “extremely funny...brilliantly alive” (The New York Times Book Review) social satire of the highest order from bestselling author Sam Lipsyte, centered around an unwitting mindfulness guru and the phenomenon he initiates. In an America convulsed by political upheaval, cultural discord, environmental catastrophe, and spiritual confusion, so many of us find ourselves anxious and distracted, searching desperately for peace, salvation, and—perhaps most immediately—just a little damn focus. Enter Hark Morner, a failed stand-up comic turned mindfulness guru whose revolutionary program is set to captivate the masses. But for Fraz and Tovah, a middle-aged couple slogging through a very rough patch, it may take more than the tenets of Hark’s “Mental Archery” to solve the riddles of love, lust, work, and parenthood on the eve of civilizational collapse. And given the sudden power of certain fringe players, including a renegade Ivy League ethicist, a gentle Swedish kidnapper, a social media tycoon with an empire on the skids, and a mysteriously influential (but undeniably slimy) catfish, it just might be too late. But what’s the point of a world, even a blasted-out post-apocalyptic world, if they don’t try with all their might to keep their marriage alive? In this “awfully funny...tartly effective sendup of 21st-century America” (Star Tribune, Minneapolis) Sam Lipsyte reaches new peaks of daring in a novel that revels in contemporary absurdity and the wild poetry of everyday language while exploring the emotional truths of his characters. “Recommended reading” (Vanity Fair), in which “every line feels as thrillingly charged as a live wire” (O, The Oprah Magazine), Hark is a smart, incisive look at men, women, and children seeking meaning and dignity in a chaotic, ridiculous, and often dangerous world.

Later that night, Gary locks Michelle in a cage, tortures her repeatedly, and uses her to quench his voracious and deviant sexual whims. Little does she know that this will become her new reality for the next six years. Michelle can also pinpoint the moment she reconstituted the splintered pieces of her life: She's in cap and gown, receiving her PhD in psychology—and the university's award for best dissertation. The distance between these two points is the improbable journey from torture, loss, and mental illness to healing, recovery, and triumph that is Michelle's powerful memoir, *Scared Selfless*. Michelle suffered from post-traumatic stress disorder, anxiety, and depression, and made multiple suicide attempts. She also developed multiple personalities. There was "Chelsey," the rebellious teenager; "Viscous," a tween with homicidal rage; and "Sarah," a sweet little girl who brought her teddy bear on a first date. In this harrowing tale, Michelle, who was inspired to help others heal by becoming a psychotherapist, sheds light on the all-too-real threat of child sexual abuse, its subsequent psychological effects, and the best methods for victims to overcome their ordeals and, ultimately, thrive. *Scared Selfless* is both an examination of the extraordinary feats of the mind that are possible in the face of horrific trauma as well as Michelle's courageous testament to their power.

Now all eyes are on the accused, the victim, and a woman hired to look deeper. Ambitious defense attorney and single mother Allison Barton is anxious to escape the shadow of the low-down dog of a marquee partner carrying their renowned Virginia law firm. A win for her high-profile new client will give Allison the career she deserves. And PTA president Kira Grant certainly appears innocent--except for the toxic bloom in her backyard and perhaps a bit of a malicious streak. But no one said the innocent had to be likable--or entirely honest. Besides, with an image as carefully cultivated as her garden, Kira would be insane to risk everything on something as outrageous as the attempted murder of one of her closest friends. What about those in Kira's orbit, a sunny suburb of moms behaving badly? What do they really know about Kira? What does Kira know about them? For Allison, the answers are getting darker every day.
