Morris, 2015-01-20 “An essential book” on PTSD, an all-too-common condition in both military veterans and civilians (The New York Times Book Review). This “compulsively readable” study takes an in-depth look at the subject (Los Angeles Times). Written by a war correspondent and former Marine with firsthand experience of this disorder, and drawing on interviews with individuals living with PTSD, it forays into the scientific, literary, and cultural history of the illness. Using a rich blend of reporting and memoir, *The Evil Hours* is a moving work that will speak not only to those with the condition and to their loved ones, but also to all of us struggling to make sense of an anxious and uncertain time.

Larson, 2020-06-23 This riveting nonfiction picture book biography explores both the failures and successes of self-taught engineer Emma Lilian Todd as she tackles one of the greatest challenges of the early 1900s: designing an airplane. Emma Lilian Todd's mind was always soaring--she loved to solve problems. Lilian tinkered and fiddled with all sorts of objects, turning dreams into useful inventions. As a child, she took apart and reassembled clocks to figure out how they worked. As an adult, typing up patents at the U.S. Patent Office, Lilian built the inventions in her mind, including many designs for flying machines. However, they all seemed too impractical. Lilian knew she could design one that worked. She took inspiration from both nature and her many failures, driving herself to perfect the design that would eventually successfully fly. Illustrator Tracy Subisak's art brings to life author Kirsten W. Larson's story of this little-known but important engineer.

honor flight sample letters: *Carried Away* Alice Munro, 2006-09-26 WINNER OF THE NOBEL PRIZE® IN LITERATURE 2013 *Carried Away* is a dazzling selection of stories--seventeen favorites chosen by the author from across her distinguished career. With an Introduction by Margaret Atwood. Alice Munro has been repeatedly hailed as one of our greatest living writers, a reputation that has been growing for years. The stories brought together here span a quarter century, drawn from some of her earliest books, *The Beggar Maid* and *The Moons of Jupiter*, through her recent best-selling collection, *Runaway*. Here are such favorites as "Royal Beatings" in which a young girl, her father, and stepmother release the tension of their circumstances in a ritual of punishment and reconciliation; "Friend of My Youth" in which a woman comes to understand that her difficult mother is not so very different from herself; and "The Albanian Virgin, a romantic tale of capture and escape in Central Europe that may or may not be true but that nevertheless comforts the hearer, who is on a desperate adventure of her own. Munro's incomparable empathy for her characters, the depth of her understanding of human nature, and the grace and surprise of her narrative add up to a richly layered and capacious fiction. Like the World War I soldier in the title story, whose letters from the front to a small-town librarian he doesn't know change her life forever, Munro's unassuming characters insinuate themselves in our hearts and take permanent hold.

honor flight sample letters: *In The Shadow Of The Banyan* Vaddey Ratner, 2012-09-13 A stunning, powerful debut novel set against the backdrop of the Cambodian War, perfect for fans of Chris Cleave and Chimamanda Ngozi Adichie For seven-year-old Raami, the shattering end of childhood begins with the footsteps of her father returning home in the early dawn hours bringing

details of the civil war that has overwhelmed the streets of Phnom Penh, Cambodia's capital. Soon the family's world of carefully guarded royal privilege is swept up in the chaos of revolution and forced exodus. Over the next four years, as she endures the deaths of family members, starvation, and brutal forced labour, Raami clings to the only remaining vestige of childhood - the mythical legends and poems told to her by her father. In a climate of systematic violence where memory is sickness and justification for execution, Raami fights for her improbable survival. Displaying the author's extraordinary gift for language, *In the Shadow of the Banyan* is a testament to the transcendent power of narrative and a brilliantly wrought tale of human resilience. 'In the Shadow of the Banyan is one of the most extraordinary and beautiful acts of storytelling I have ever encountered' Chris Cleave, author of *The Other Hand* 'Ratner is a fearless writer, and the novel explores important themes such as power, the relationship between love and guilt, and class. Most remarkably, it depicts the lives of characters forced to live in extreme circumstances, and investigates how that changes them. To read *In the Shadow of the Banyan* is to be left with a profound sense of being witness to a tragedy of history' Guardian 'This is an extraordinary debut ... as beautiful as it is heartbreaking' Mail on Sunday

Brazilian parasitologists embracing communism as an antidote to rural misery. Nicaraguan revolutionaries welcoming Cuban health cooperation. Chilean public health reformers gauging domestic approaches against their Soviet and Western counterparts. As explored in *Peripheral Nerve*, these and accompanying accounts problematize existing understandings of how the Cold War unfolded in Latin America generally and in the health and medical realms more specifically. Bringing together scholars from across the Americas, this volume chronicles the experiences of Latin American physicians, nurses, medical scientists, and reformers who interacted with dominant U.S. and European players and sought alternative channels of health and medical solidarity with the Soviet Union and via South-South cooperation. Throughout, *Peripheral Nerve* highlights how Latin American health professionals accepted, rejected, and adapted foreign involvement; manipulated the rivalry between the United States and the USSR; and forged local variants that they projected internationally. In so doing, this collection reveals the multivalent nature of Latin American health politics, offering a significant contribution to Cold War history. Contributors. Cheasty Anderson, Anne-Emanuelle Birn, Katherine E. Bliss, Gilberto Hochman, Jennifer L. Lambe, Nicole Pacino, Carlos Henrique Assunção Paiva, Jadwiga E. Pieper Mooney, Raúl Necochea López, Marco A. Dillingham, 2016-04-30 *Being Kipling* exposes Rudyard Kipling's identity as he himself perceived it through the lens of a collection of works composed over a period of years and brought together in the volume *Land and Sea Tales for Scouts and Guides*. Dillingham uses this extraordinary collection, ostensibly put together for the inspiration of Boy Scouts and Girl Guides and frequently ignored by critics and biographers, to offer rare insight into formative events from Kipling's youth that shaped his personality and made him the man and writer that he became. The eight stories, eight poems, and three essays of *Land and Sea Tales for Scouts and Guides* are all examined closely both for what they reveal about Kipling's life and worldview and for their rarely perceived, but considerable literary merit.

honor flight sample letters: *Lord Chesterfield's Letters* Lord Chesterfield, Philip Dormer Stanhope Earl of Chesterfield, 2008-09-11 'My object is to have you fit to live; which, if you are not, I do not desire that you should live at all.' So wrote Lord Chesterfield in one of the most celebrated and controversial correspondences between a father and son. Chesterfield wrote almost daily to his natural son, Philip, from 1737 onwards, providing him with instruction in etiquette and the worldly arts. Praised in their day as a complete manual of education, and despised by Samuel Johnson for teaching 'the morals of a whore and the manners of a dancing-master', these letters reflect the political craft of a leading statesman and the urbane wit of a man who associated with Pope, Addison, and Swift. The letters reveal Chesterfield's political cynicism and his belief that his country

had 'always been governed by the only two or three people, out of two or three millions, totally incapable of governing', as well as his views on good breeding. Not originally intended for publication, this entertaining correspondence illuminates fascinating aspects of eighteenth-century life and manners. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

The essays, written by friends, students, and collaborators, reflect the scholarly interests that defined Reiman's long career. Mirroring the focus of Reiman's work during his years at Carl H. Pforzheimer Library in New York and as lead editor of *Shelley and his Circle, 1773-1822* (Harvard University Press), the essays in this collection explore authors such as Mary Shelley, William Hazlitt, Lord Byron and Percy Bysshe Shelley; moreover, they confirm the continuing influence of Reiman's writings in the fields of editing and British Romanticism. Ranging from topics such as Byron's relationship with his publisher John Murray and the reading practices in the Shelley circle to Rudyard Kipling's response to Shelley's politics, these essays draw on a dazzling variety of published and manuscript sources while engaging directly with many of Reiman's most influential theories and arguments.
