iron flame full book: *From Blood and Ash* Jennifer L. Armentrout, 2020-03-30 Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel. iron flame full book: Iron, Fire and Ice Ed West, 2019-04-09 Have you read everything George R.R. Martin has ever written? Do you know what in Game of Thrones is based in real history? A young pretender raises an army to take the throne. Learning of his father's death, the adolescent, dashing and charismatic and descended from the old kings of the North, vows to avenge him. He is supported in this war by his mother, who has spirited away her two younger sons to safety. Against them is the queen, passionate, proud, and strong-willed and with more of the masculine virtues of the time than most men. She too is battling for the inheritance of her young son, not yet fully grown but already a sadist who takes delight in watching executions. Sound familiar? It may read like the plot of Game of Thrones. Yet that was also the story of the bloodiest battle in British history, fought at the culmination of the War of the Roses. George RR Martin's bestselling novels are rife with allusions, inspirations, and flat-out copies of real-life people, events, and places of medieval and Tudor England and Europe. The Red Wedding? Based on actual events in Scottish history. The poisoning of Joffrey Baratheon? Eerily similar to the death of William the Conqueror's grandson. The Dothraki? Also known as Huns, Magyars, Turks, and Mongols. Join Ed West, as he explores all of Martin's influences, from religion to war to powerful women. Discover the real history behind the phenomenon and see for yourself that truth is stranger than fiction.
