What will our new normal possibly become? What new work? How can we do our part to heal the world from whatever limited space we have? How can our United States truly be one nation under God with liberty and JUSTICE FOR ALL? "What might I do to help others during this global crisis? We will need all we can get! If inspired, please join our Facebook group - Hope (For the Flowers) Revolution. Maybe we can inspire each other to build the better world that's possible. May we each find a way to use this time of darkness to light the way to justice and peace in the world. May we discover our own new beauty as we discover the beauty in our differences. May we each discover our purpose and live with passion this thing called life, while we still can. "How does one become a butterfly" Yellow asks pensively. "You must want to fly so much That you are willing to give up being a caterpillar." I can't think of anything more transformational and radical than the change that happens when a lowly caterpillar worm becomes a flying beautiful butterfly. And it doesn't end with flying! They find their true purpose, to carry the pollen of love from one flower to another and receive in return the sweet nectar that keeps them alive. What wondrous exchange! Sharing is the answer to so much! I'm so grateful the story seems to reach every culture, and over 3 million have loved and shared the paper version in English and countless more in other languages for 50 years. May each of us and the world flourish after this strange dark cocoon of isolation.
