hunting adeline download: Women Writers and Old Age in Great Britain, 1750-1850 Devoney Looser, 2008-08-01 This groundbreaking study explores the later lives and late-life writings of more than two dozen British women authors active during the long eighteenth century. Drawing on biographical materials, literary texts, and reception histories, Devoney Looser finds that far from fading into moribund old age, female literary greats such as Anna Letitia Barbauld, Frances Burney, Maria Edgeworth, Catharine Macaulay, Hester Lynch Piozzi, and Jane Porter toiled for decades after they achieved acclaim -- despite seemingly concerted attempts by literary gatekeepers to marginalize their later contributions. Though these remarkable women wrote and published well into old age, Looser sees in their late careers the necessity of choosing among several different paths. These included receding into the background as authors of classics, adapting to grandmotherly standards of behavior, attempting to reshape masculinized conceptions of aged wisdom, or trying to create entirely new categories for older women writers. In assessing how these writers affected and were affected by the culture in which they lived, and in examining their varied reactions to the prospect of aging, Looser constructs careful portraits of each of her Subjects and explains why many turned toward retrospection in their later works. In illuminating the powerful and often poorly recognized legacy of the British women writers who spurred a marketplace revolution in their earlier years only to find unanticipated barriers to acceptance in later life, Looser opens up new scholarly territory in the burgeoning field of feminist age studies.

hunting adeline download: Homesick for Another World Ottessa Moshfegh, 2017-01-17 A New York Times Book Review Notable Book of 2017 An electrifying first collection from one of the most exciting short story writers of our time I can't recall the last time I laughed this hard at a book. Simultaneously, I'm shocked and scandalized. She's brilliant, this young woman.—David Sedaris Ottessa Moshfegh's debut novel Eileen was one of the literary events of 2015. Garlanded with critical acclaim, it was named a book of the year by The Washington Post and the San Francisco Chronicle, nominated for a National Book Critics Circle Award, short-listed for the Man Booker Prize, and won the PEN/Hemingway Award for debut fiction. But as many critics noted, Moshfegh is particularly held in awe for her short stories. Homesick for Another World is the rare case where an

author's short story collection is if anything more anticipated than her novel. And for good reason. There's something eerily unsettling about Ottessa Moshfegh's stories, something almost dangerous, while also being delightful, and even laugh-out-loud funny. Her characters are all unsteady on their feet in one way or another; they all yearn for connection and betterment, though each in very different ways, but they are often tripped up by their own baser impulses and existential insecurities. *Homesick for Another World* is a master class in the varieties of self-deception across the gamut of individuals representing the human condition. But part of the unique quality of her voice, the echt Moshfeghian experience, is the way the grotesque and the outrageous are infused with tenderness and compassion. Moshfegh is our Flannery O'Connor, and *Homesick for Another World* is her *Everything That Rises Must Converge* or *A Good Man is Hard to Find*. The flesh is weak; the timber is crooked; people are cruel to each other, and stupid, and hurtful. But beauty comes from strange sources. And the dark energy surging through these stories is powerfully invigorating. We're in the hands of an author with a big mind, a big heart, blazing chops, and a political acuity that is needle-sharp. The needle hits the vein before we even feel the prick.

hunting adeline download: *A Fade of Widows* Petra Abernathy, 2021-12-29 Ours is a lineage of widows, generations of us and our uncanny talents fading away because we lost the love of our lives too soon. Since he died I have used what magic I have left to create healing rooms for troubled souls. My daughter, Phaedra, crafts fragile ceramic moon jars that salve the wounds of all who own them. We fade beautifully, Phaedra and I, achingly talented, hamstrung by our grief. Then my father dies, and my mother doesn't fade. Instead she gets brighter, and our own gifts burgeon once more. That terrifies me. It means I might not be done. The fade may not be inevitable. We might love again and bloom again. For Phaedra another love is something she is oblivious to. For my mother it is the expected response to her beauty and glamour. For me it is the font of all guilt. *A Fade of Widows* is a fantastical magical realism novel of lost love, the kind of magic that passes down the generations, and the twists in our heritage that make us what we are. From the enchanting waves of the Irish sea to the fairy chimneys of Cappadocia in Turkey it will take you on a mystical journey of grief and growth. Perfect for fans of Alice Hoffman and Joanne Harris.
