Definition and Overview of Hypno Forced Feminization

Hypno forced feminization is a form of erotic hypnosis where individuals—often called subjects—experience or fantasize about being hypnotically compelled to adopt feminine traits, behaviors, or identities. This practice combines elements of hypnosis and feminization, typically in a consensual, roleplay context. Participants may explore shifts in clothing, mannerisms, speech, or even personality, all guided by hypnotic suggestion. While it is a niche within the larger world of
