irish blessing sheet music: *The Lost Words* , 2022-05 The Lost Words by composer James Burton takes its inspiration and text from the award-winning 'cultural phenomenon' and book of the same name by Robert Macfarlane and Jackie Morris: a book that was, in turn, a creative response to the removal of everyday nature words like acorn, newt and otter from a new edition of a widely used children's dictionary. Both the book and Burton's 32-minute work, which is written in 12 short movements for upper-voice choir in up to 3 voice parts (with either orchestral or piano accompaniment), celebrates each lost word with a beautiful poem or 'spell', magically brought to life

in Burton's music. At its heart, the work delivers a powerful message about the need to close the gap between childhood and the natural world. Burton's piece was co-commissioned by the Hallé Concerts Society for the Hallé Children's Choir and the Boston Symphony Orchestra. The piano accompaniment version was premiered at the Tanglewood Festival in 2019 by the Boston Symphony Children's Choir, of which Burton is founder and director. The Hallé Children's Choir will premiere the orchestral version of the full work in Manchester, UK, post-pandemic. Vocal Score Co-commission by Boston Symphony and Hallé Concerts Society for their respective Children's Choirs. Two versions - with orchestral or with piano accompaniment. The vocal score is the same for both versions. James Burton is a composer but also a conductor. He is conductor of the Tanglewood Festival Chorus and choral director of the Boston Symphony. irish blessing sheet music: *'Twas Only an Irishman's Dream* W. H. A. Williams, 1996 The image of the Irish in the United States changed drastically over time, from that of hard-drinking, rioting Paddies to genial, patriotic working-class citizens. In *'Twas Only an Irishman's Dream*, William H. A. Williams traces the change in this image through more than 700 pieces of sheet music--popular songs from the stage and for the parlor--to show how Americans' opinions of Ireland and the Irish went practically from one extreme to the other. Because sheet music was a commercial item it had to be acceptable to the broadest possible song-buying public. Negotiations about their image involved Irish songwriters, performers, and pressured groups, on the one hand, and non-Irish writers, publishers, and audiences on the other. Williams ties the contents of song lyrics to the history of the Irish diaspora, suggesting how ethnic stereotypes are created and how they evolve within commercial popular culture.
