Or, When the Revolution Could Not Be Televised)* Jaimie Baron, Kristen Fuhs, 2023-12-22 The fifth title in the Docalogue series, this book examines Ahmir "Questlove" Thompson's 2021 documentary, *Summer of Soul (...Or, When the Revolution Could Not Be Televised)*. The award-winning film draws on archival footage and interviews to examine the legacy of the Harlem Cultural Festival, a showcase of Black music staged weekly throughout the summer of 1969. The film interrogates this event as a piece of "forgotten" history and prompts critical reflection on why this history was lost while also raising important questions related to archival preservation and cultural memory. Combining five different perspectives, this book acts both as an intensive scholarly treatment and as a pedagogical guide for how to analyze, theorize, and contextualize a documentary. Together, the essays in this book touch upon key topics related to the study of popular music, musical performance, and audiences; the discovery and reuse of archives and archival documents; and Black studies and American cultural history more broadly. This book will be of interest to students and scholars in multiple areas including but not limited to archival studies, Black studies, cultural studies, documentary studies, historiography, and music studies.

**kristen archives video of the moment:** Spectacular Digital Effects Kristen Whissel, 2014-02-05 By developing the concept of the digital effects emblem, Kristen Whissel contributes a new analytic rubric to cinema studies. An effects emblem is a spectacular, computer-generated visual effect that gives stunning expression to a film's key themes. Although they elicit feelings of astonishment and wonder, effects emblems do not interrupt narrative, but are continuous with story and characterization and highlight the narrative stakes of a film. Focusing on spectacular digital visual effects in live-action films made between 1989 and 2011, Whissel identifies and examines four effects emblems: the illusion of gravity-defying vertical movement, massive digital multitudes or swarms, photorealistic digital creatures, and morphing plasmatic figures. Across films such as Avatar, The Matrix, the Lord of the Rings trilogy, Jurassic Park, Titanic, and Crouching Tiger, Hidden Dragon, these effects emblems heighten the narrative drama by contrasting power with powerlessness, life with death, freedom with constraint, and the individual with the collective.

**kristen archives video of the moment: 21 | 19** Alexandra Manglis, Kristen Case, 2019-08-13 Essays on the modern relevance of Thoreau, Whitman, Dickinson, and more "suggest the ways poetry might be both agitator and balm in times of social crisis" (Poets & Writers). The nineteenth century is often viewed as a golden age of American literature, a historical moment when national identity was emergent and ideals such as freedom, democracy, and individual agency were promising, even if belied in reality by violence and hypocrisy. The writers of this "American Renaissance"—Thoreau, Fuller, Whitman, Emerson, and Dickinson, among many others—produced a body of work that has been both celebrated and contested by following generations. As the twenty-first century unfolds in a United States characterized by deep divisions, diminished democracy, and dramatic transformation of identities, the editors of this singular book approached a dozen North American poets, asking them to engage with texts by their predecessors in a manner that avoids both aloofness from the past and too-easy elegy. The resulting essays, delving into topics including race and gun violence, dwell provocatively on the border between the lyrical and the scholarly, casting fresh critical light on the golden age of American literature and exploring a handful of texts not commonly included in its canon. A polyvocal collection that reflects the complexity of the cross-temporal encounter it enacts, 21 | 19 offers a re-reading of the "American Renaissance" and new possibilities for imaginative critical practice today. "Displaying a sophisticated sense of poetics as well as a good grasp of history and its implications for the present moment . . . [the editors] have done a remarkable job of bringing together such a challenging collection." —Harvard Review

Uncertain in her own feelings about motherhood, she tries her best—driving, cleaning, cooking, prodding him to finish projects for school—while growing increasingly resentful of Monika, her confident but absent wife. As Samson grows from feral toddler to surly teenager, Sammie's life begins to deteriorate into a mess of unruly behavior, and her struggle to create a picture-perfect queer family unravels. When her son's hostility finally spills over into physical aggression, Sammie must confront her role in the mess—and the possibility that it will never be clean again. **kristen archives video of the moment:** *Game After* Raiford Guins, 2014-01-24 A cultural study of video game afterlife, whether as emulation or artifact, in an archival box or at the bottom of a landfill. We purchase video games to play them, not to save them. What happens to video games when they are out of date, broken, nonfunctional, or obsolete? Should a game be considered an "ex-game" if it exists only as emulation, as an artifact in museum displays, in an archival box, or at the bottom of a landfill? In *Game After*, Raiford Guins focuses on video games not as hermetically sealed within time capsules of the past but on their material remains: how and where video games persist in the present. Guins meticulously investigates the complex life cycles of video games, to show how their meanings, uses, and values shift in an afterlife of disposal, ruins and remains, museums, archives, and private collections. Guins looks closely at video games as museum objects, discussing the recontextualization of the Pong and Brown Box prototypes and engaging with curatorial and archival practices across a range of cultural institutions; aging coin-op arcade cabinets; the documentation role of game cartridge artwork and packaging; the journey of a game from flawed product to trash to memorialized relic, as seen in the history of Atari's infamous E.T. The Extra-Terrestrial; and conservation, restoration, and re-creation stories told by experts including Van Burnham, Gene Lewin, and Peter Takacs. The afterlife of video games—whether behind glass in display cases or recreated as an iPad app—offers a new way to explore the diverse topography of game history.

She craves the solitude of a moment with the Master to quiet the storms. She needs to laugh and remember why she loves being a mom. *Don't Make Me Come Up There!* is filled with inspirational and hilarious true-life stories and reflections written by a very human mom. Moms will recognize themselves in the pages of this book written for real, everyday mothers who know what it's like to catch vomit with one hand while starting a load of laundry with the other (and never confusing the two!). The fifty-two reflections encourage moms to revel in the

Initially, I thought they were just delighting in one another's company, holding hands, and making paper daisies. But that thought lasted for 1.2 seconds before I snapped out of my delusion only to discover my oldest giving her brother a "haircut" and my youngest smearing soap all over the bathroom. . . from the book

**kristen archives video of the moment: "Cat Person" and Other Stories** Kristen Roupenian, 2019-01-15 \*Includes the story "Cat Person"—now a major film\* A compulsively readable collection of short stories that explore the complex—and often darkly funny—connections between gender, sex, and power across genres. "These stories are sharp and perverse, dark and bizarre, unrelenting and utterly bananas. I love them so, so much." —Carmen Maria Machado, National Book Award Finalist and author of *Her Body and Other Parties* "Kristen Roupenian isn't just an uncannily great writer, she also knows things about the human psyche...The world has made a lot more sense since reading this book." —Miranda July, New York Times bestselling author Previously published as *You Know You Want This*, "Cat Person" and Other Stories brilliantly explores the ways in which women are horrifying as much as it captures the horrors that are done to them. Among its pages are a couple who becomes obsessed with their friend hearing them have sex, then seeing them have sex...until they can't have sex without him; a ten-year-old whose birthday party takes a sinister turn when she wishes for "something mean"; a woman who finds a book of spells half hidden at the library and summons her heart's desire: a nameless, naked man; and a self-proclaimed "biter" who dreams of sneaking up behind and sinking her teeth into a green-eyed, long-haired, pink-cheeked coworker. Spanning a range of genres and topics—from the mundane to the murderous and supernatural—these are stories about sex and punishment, guilt and anger, the pleasure and terror of inflicting and experiencing pain. **kristen archives video of the moment: *Red Valkyries*** Kristen Ghodsee, 2022-07-12 The lives of five socialist women and their legacy for modern-day feminists *Red Valkyries* explores the history of socialist feminism in Eastern Europe. Through the revolutionary careers of five prominent socialist women active in the nineteenth and twentieth centuries—the aristocratic Bolshevik Alexandra Kollontai; the radical pedagogue Nadezhda Krupskaya; the polyamorous firebrand Inessa Armand; the deadly sniper Lyudmila Pavlichenko; and the partisan, scientist, and global women's activist Elena Lagadinova—Kristen Ghodsee tells the story of the personal challenges faced by earlier generations of radicals. None of these women was a perfect leftist. Their lives were filled with inner conflicts, contradictions, and sometimes outrageous privilege. But they managed to fight for their own political projects with perseverance and dedication. Always walking a fine line between the need for class solidarity and the desire to force their sometimes callous male colleagues to take women's issues seriously, these women pursued novel solutions with many lessons for those who might follow in their footsteps.

**kristen archives video of the moment: Slave Revolt on Screen** Alyssa Goldstein Sepinwall, 2021-05-28 Recipient of the 2021 Honorary Mention for the Haiti Book Prize from the Haitian Studies Association In Slave Revolt on Screen: The Haitian Revolution in Film and Video Games author Alyssa Goldstein Sepinwall analyzes how films and video games from around the world have depicted slave revolt, focusing on the Haitian Revolution (1791-1804). This event, the first successful revolution by enslaved people in modern history, sent shock waves throughout the Atlantic World. Regardless of its historical significance however, this revolution has become less well-known—and appears less often on screen—than most other revolutions; its story, involving enslaved Africans liberating themselves through violence, does not match the suffering-slaves-waiting-for-a-white-hero genre that pervades Hollywood treatments of Black history.

Despite Hollywood's near-silence on this event, some films on the Revolution do exist—from directors in Haiti, the US, France, and elsewhere. *Slave Revolt on Screen* offers the first-ever comprehensive analysis of Haitian Revolution cinema, including completed films and planned projects that were never made. In addition to studying cinema, this book also breaks ground in examining video games, a pop-culture form long neglected by historians. Sepinwall scrutinizes video game depictions of Haitian slave revolt that appear in games like the *Assassin's Creed* series that have reached millions more players than comparable films. In analyzing films and games on the revolution, *Slave Revolt on Screen* calls attention to the ways that economic legacies of slavery and colonialism warp pop-culture portrayals of the past and leave audiences with distorted understandings.

**kristen archives video of the moment: The Pathological Family** Deborah Weinstein, 2013-02-15 While iconic popular images celebrated family life during the 1950s and 1960s, American families were simultaneously regarded as potentially menacing sources of social disruption. The history of family therapy makes the complicated power of the family at midcentury vividly apparent. Clinicians developed a new approach to psychotherapy that claimed to locate the cause and treatment of mental illness in observable patterns of family interaction and communication rather than in individual psyches. Drawing on cybernetics, systems theory, and the social and behavioral sciences, they ambitiously aimed to cure schizophrenia and stop juvenile delinquency. With particular sensitivity to the importance of scientific observation and visual technologies such as one-way mirrors and training films in shaping the young field, *The Pathological Family* examines how family therapy developed against the intellectual and cultural landscape of postwar America. As Deborah Weinstein shows, the midcentury expansion of America's therapeutic culture and the postwar fixation on family life profoundly affected one another. Family therapists and other postwar commentators alike framed the promotion of democracy in the language of personality formation and psychological health forged in the crucible of the family. As therapists in this era shifted their clinical gaze to whole families, they nevertheless grappled in particular with the role played by mothers in the onset of their children's aberrant behavior. Although attitudes toward family therapy have shifted during intervening generations, the relations between family and therapeutic culture remain salient today.

**kristen archives video of the moment: Dare to Lead** Brené Brown, 2018-10-09 #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries *Brené Brown: Atlas of the Heart*! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building

around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

**kristen archives video of the moment: *How to Live a Good Life*** Jonathan Fields, 2018-03-13 Seriously . . . another book that tells you how to live a good life? Don't we have enough of those? You'd think so. Yet, more people than ever are walking through life disconnected, disengaged, dissatisfied, mired in regret, declining health, and a near maniacal state of gut-wrenching autopilot busyness. Whatever is out there isn't getting through. We don't know who to trust. We don't know what's real and what's fantasy. We don't know how and where to begin and we don't want to wade through another minute of advice that gives us hope, then saps our time and leaves us empty. *How to Live a Good Life* is your antidote; a practical and provocative modern-day manual for the pursuit of a life well lived. No need for blind faith or surrender of intelligence; everything you'll discover is immediately actionable and subject to validation through your own experience. Drawn from the intersection of science, spirituality, and the author's years-long quest to learn at the feet of masters from nearly every tradition and walk of life, this book offers a simple yet powerful model, the "Good Life Buckets" - spend 30 days filling your buckets and reclaiming your life. Each day will bring a new, practical yet powerful idea, along with a specific exploration designed to rekindle deep, loving, and compassionate relationships; cultivate vitality, radiance, and graceful ease; and leave you feeling lit up by the way you contribute to the world, like you're doing the work you were put on the planet to do. *How to Live a Good Life* is not just a book to be read; it's a path to possibility, to be walked, then lived.

**kristen archives video of the moment: *Good Husbandry*** Kristin Kimball, 2019-10-15 From the celebrated author of the beloved bestseller *The Dirty Life*, a "beguiling memoir about the simple life" (*Elle*), Kristin Kimball describes the delicious highs and sometimes excruciating lows of life on Essex Farm—a 500-acre farm that produces a full diet for a community of 250 people. *The Dirty Life* chronicled Kimball's move from New York City to 500 acres near Lake Champlain where she started a new farm with her partner, Mark. In *Good Husbandry*, she reveals what happened over the next five years at Essex Farm. Farming has many ups and downs, and the middle years were hard for the Kimballs. Mark got injured, the weather turned against them, and the farm faced financial

pressures. Meanwhile, they had two small children to care for. How does one traverse the terrain of a maturing marriage and the transition from being a couple to being a family? How will the farm survive? What does a family need in order to be happy? Kristin had chosen Mark and farm life after having a good look around the world, with a fair understanding of what her choices meant. She knew she had traded the possibility of a steady paycheck, of wide open weekends and spontaneous vacations, for a life and work that was challenging but beautiful and fulfilling. So with grit and grace and a good sense of humor, she chose to dig in deeper. Featuring some of the same local characters and cherished animals first introduced in *The Dirty Life*, (Jet the farm dog, Delia the dairy cow, and those hardworking draft horses), plus a colorful cast of aspiring first-generation farmers who work at Essex Farm to acquire the skills they need to start sustainable farms of their own, *Good Husbandry* is about animals and plants, farmers and food, friends and neighbors, love and marriage, births and deaths, growth and abundance.

**kristen archives video of the moment: *Filming History from Below*** Efrén Cuevas, 2022-01-11 Traditional historical documentaries strive to project a sense of objectivity, producing a top-down view of history that focuses on public events and personalities. In recent decades, in line with historiographical trends advocating “history from below,” a different type of historical documentary has emerged, focusing on tightly circumscribed subjects, personal archives, and first-person perspectives. Efrén Cuevas categorizes these films as “microhistorical documentaries” and examines how they push cinema’s capacity as a producer of historical knowledge in new directions. Cuevas pinpoints the key features of these documentaries, identifying their parallels with written microhistory: a reduced scale of observation, a central role given to human agency, a conjectural approach to the use of archival sources, and a reliance on narrative structures. Microhistorical documentaries also use tools specific to film to underscore the affective dimension of historical narratives, often incorporating autobiographical and essayistic perspectives, and highlighting the role of the protagonists’ personal memories in the reconstruction of the past. These films generally draw from family archives, with an emphasis on snapshots and home movies. *Filming History from Below* examines works including Péter Forgács’s films dealing with the Holocaust such as *The Maelstrom* and *Free Fall*; documentaries about the Israeli-Palestinian conflict; Rithy Panh’s work on the Cambodian genocide; films about the internment of Japanese Americans during the Second World War such as *A Family Gathering* and *History and Memory*; and Jonas Mekas’s chronicle of migration in his diary film *Lost, Lost, Lost*.

**kristen archives video of the moment: *Love, Dishonor, Marry, Die; Cherish, Perish*** David Rakoff, 2013-07-16 From the incomparable David Rakoff, a poignant, beautiful, witty and wise novel in verse whose scope spans the 20th Century. David Rakoff, who died in 2012 at the age of 47, built a deserved reputation as one of the finest and funniest essayists of our time. This intricately woven novel, written with humour, sympathy and tenderness, proves him the master of an altogether different art form. *Love, Dishonor, Marry, Die; Cherish, Perish* leaps cities and decades as Rakoff, a Canadian who became an American citizen, sings the song of his adoptive homeland—a country whose freedoms can be intoxicating, or brutal. Here the characters’ lives are linked to each other by acts of generosity or cruelty. A critic once called Rakoff magnificent, a word which perfectly describes this wonderful novel in verse.

**kristen archives video of the moment: *This Is Pleasure*** Mary Gaitskill, 2019-11-05 Starting with *Bad Behavior* in the 1980s, Mary Gaitskill has been writing about gender relations with searing, even prophetic honesty. In *This Is Pleasure*, she considers our present moment through the lens of a particular #MeToo incident. The effervescent, well-dressed Quin, a successful book editor and fixture on the New York arts scene, has been accused of repeated unforgivable transgressions toward women in his orbit. But are they unforgivable? And who has the right to forgive him? To Quin’s friend Margot, the wrongdoing is less clear. Alternating Quin’s and Margot’s voices and perspectives, Gaitskill creates a nuanced tragicomedy, one that reveals her characters as whole persons—hurtful and hurting, infuriating and touching, and always deeply recognizable. Gaitskill has said that fiction is the only way that she could approach this subject because it is too emotionally

faceted to treat in the more rational essay form. Her compliment to her characters—and to her readers—is that they are unvarnished and real. Her belief in our ability to understand them, even when we don't always admire them, is a gesture of humanity from one of our greatest contemporary writers.

In doing so, it makes a unique contribution to the field of language teacher education. By reconceptualizing teacher education, teaching, and ongoing teacher learning as a continuous, context-bound process of identity work, *Language Teacher Identity in TESOL* discusses how teacher identity serves as a framework for classroom practice, professional, and personal growth. Divided into five sections, the text explores key themes including narratives and writing; multimodal spaces; race, ethnicity, and language; teacher emotions; and teacher educator-researcher practices. The 15 chapters offer insight into the experiences of preservice teachers, in-service teachers, and teacher educators in global TESOL contexts including Canada, Japan, Korea, Norway, Sri Lanka, Turkey, the United Kingdom, and the United States. This text will be an ideal resource for researchers, academics, and scholars interested in furthering their knowledge of concepts grounding LTI, as well as teachers and teacher educators seeking to implement identity-oriented approaches in their own pedagogical practices.

**kristen archives video of the moment:** A Rope and a Prayer David Rohde, Kristen Mulvihill, 2010-11-30 The compelling and insightful account of a New York Times reporter's abduction by the Taliban, and his wife's struggle to free him. Invited to an interview by a Taliban commander, New York Times reporter David Rohde and two Afghan colleagues were kidnapped in November 2008 and spirited to the tribal areas of Pakistan. For the next seven months, they lived in an alternate reality, ruled by jihadists, in which paranoia, conspiracy theories, and shifting alliances abounded. Held in bustling towns, they found that Pakistan's powerful military turned a blind eye to a sprawling Taliban minstate that trained suicide bombers, plotted terrorist attacks, and helped shelter Osama bin Laden. In New York, David's wife of two months, Kristen Mulvihill, his family, and The New York Times struggled to navigate the labyrinth of issues that confront the relatives of hostages. Their methodical, Western approach made little impact on the complex mix of cruelty, irrationality, and criminality that characterizes the militant Islam espoused by David's captors. In the end, a stolen piece of rope and a prayer ended the captivity. The experience tested and strengthened Mulvihill and Rohde's relationship and exposed the failures of American effort in the region. The tale of those seven months is at once a love story and a reflection of the great cultural divide-and challenge-of our time.

**kristen archives video of the moment:** Multiculturalism in Art Museums Today Joni Boyd Acuff, Laura Evans, 2014-07-08 Aimed at museum educators, *Multiculturalism in Art Museums Today* seeks to marry museum and multicultural education theories. It reveals how the union of these theories yields more equitable educational practices and guides museum educators to address misrepresentation, exclusivity, accessibility, and educational inequality. This contemporary text is directive; it encourages museum educators to consider the critical multicultural education theoretical framework in their day-to-day functions in order to illuminate and combat shortcomings at the crux of museum education: Museum Educators as Change Agents Inclusion versus Exclusion Collaboration with Diverse Audiences Responsive Pedagogy This book adopts a broad definition of multiculturalism, which names not only race and ethnicity as concerns, but also gender, sexual orientation, religion, ability, age, and class. While focusing on these various facets of identity, the authors demonstrate how museums are social systems that should offer comprehensive, diverse educational experiences not only through exhibitions but through other educational activities. The authors pull from their own research and practical experiences which exemplify how museums have been and can be attentive to these areas of identity. *Multiculturalism in Art Museums Today* is hopeful and inspiring, as it identifies and commends the positive and effective practices that some

museum educators have enacted in an effort to be inclusive. Museum educators are at the front-line interacting with the public on a daily basis. Thus, these educators can be the real vanguard of change, modeling critical multicultural behavior and practices.

**kristen archives video of the moment:** *Asymmetry* Lisa Halliday, 2018-02-06 A TIME and NEW YORK TIMES TOP 10 BOOK of the YEAR \* New York Times Notable Book and Times Critic's Top Book of 2018 NAMED ONE OF THE BEST BOOKS OF 2018 BY \* Elle \* Bustle \* Kirkus Reviews \* Lit Hub\* NPR \* O, The Oprah Magazine \* Shelf Awareness The bestselling and critically acclaimed debut novel by Lisa Halliday, hailed as "extraordinary" by The New York Times, "a brilliant and complex examination of power dynamics in love and war" by The Wall Street Journal, and "a literary phenomenon" by The New Yorker. Told in three distinct and uniquely compelling sections, *Asymmetry* explores the imbalances that spark and sustain many of our most dramatic human relations: inequities in age, power, talent, wealth, fame, geography, and justice. The first section, "Folly," tells the story of Alice, a young American editor, and her relationship with the famous and much older writer Ezra Blazer. A tender and exquisite account of an unexpected romance that takes place in New York during the early years of the Iraq War, "Folly" also suggests an aspiring novelist's coming-of-age. By contrast, "Madness" is narrated by Amar, an Iraqi-American man who, on his way to visit his brother in Kurdistan, is detained by immigration officers and spends the last weekend of 2008 in a holding room in Heathrow. These two seemingly disparate stories gain resonance as their perspectives interact and overlap, with yet new implications for their relationship revealed in an unexpected coda. A stunning debut from a rising literary star, *Asymmetry* is "a transgressive roman a clef, a novel of ideas, and a politically engaged work of metafiction" (The New York Times Book Review), and a "masterpiece" in the original sense of the word" (The Atlantic). Lisa Halliday's novel will captivate any reader with while also posing arresting questions about the very nature of fiction itself.

**kristen archives video of the moment:** *The Journalist and the Murderer* Janet Malcolm, 2011-06-22 A seminal work and examination of the psychopathology of journalism. Using a strange and unprecedented lawsuit by a convicted murder against the journalist who wrote a book about his crime, Malcolm delves into the always uneasy, sometimes tragic relationship that exists between journalist and subject. Featuring the real-life lawsuit of Jeffrey MacDonald, a convicted murderer, against Joe McGinniss, the author of *Fatal Vision*. In Malcolm's view, neither journalist nor subject can avoid the moral impasse that is built into the journalistic situation. When the text first appeared, as a two-part article in *The New Yorker*, its thesis seemed so radical and its irony so pitiless that journalists across the country reacted as if stung. Her book is a work of journalism as well as an essay on journalism: it at once exemplifies and dissects its subject. In her interviews with the leading and subsidiary characters in the MacDonald-McGinniss case -- the principals, their lawyers, the members of the jury, and the various persons who testified as expert witnesses at the trial --

Malcolm is always aware of herself as a player in a game that, as she points out, she cannot lose. The journalist-subject encounter has always troubled journalists, but never before has it been looked at so unflinchingly and so ruefully. Hovering over the narrative -- and always on the edge of the reader's consciousness -- is the MacDonald murder case itself, which imparts to the book an atmosphere of anxiety and uncanniness. *The Journalist and the Murderer* derives from and reflects many of the dominant intellectual concerns of our time, and it will have a particular appeal for those who cherish the odd, the off-center, and the unsolved.

In this lively and perceptive book, Sutherland tells how she took the trainers' lessons home. The next time her forgetful husband stomped through the house in search of his mislaid car keys, she asked herself, "What would a dolphin trainer do?" The answer was: nothing. Trainers reward the behavior they want and, just as important, ignore the behavior they don't. Rather than appease her mate's rising temper by joining in the search, or fuel his temper by nagging him to keep better track of his things in the first place, Sutherland kept her mouth shut and her eyes on the dishes she was washing. In short order, Scott found his keys and regained his cool. "I felt like I should throw him a mackerel," she writes. In time, as she put more training principles into action, she noticed that she became more optimistic and less judgmental, and their twelve-year marriage was better than ever. What started as a goofy experiment had such good results that Sutherland began using the training techniques with all the people in her life, including her mother, her friends, her students, even the clerk at the post office. In the end, the biggest lesson she learned is that the only animal you can truly change is yourself. Full of fun facts, fascinating insights, hilarious anecdotes, and practical tips, *What Shamu Taught Me About Life, Love, and Marriage* describes Sutherland's Alice-in-Wonderland experience of stumbling into a world where cheetahs walk nicely on leashes and elephants paint with watercolors, and of leaving a new, improved *Homo sapiens*.

Thus began our healing through awareness with Mina (how we address the human person—God—who built our universe), the archangels, and many others in spirit world. Our explosive conversation over the next 18 hours revealed God, angels, humanity, why we are as we are, and our universe as never before imagined. Spirit mediums Christopher McKeon and his daughters Ayako and El shatter the paradigms and magical thinking handed down to us through history by religion, philosophy, mysticism, and science. Experience, as we did, healing of your trauma, pain, and suffering through gaining awareness of your true reality. Included are ten historical spirit persons who give short testimonies of their

experiences to help explain certain aspects of our—your—life reality. You'll never feel the same, or look at the world around you the way you did, as your awareness takes flight from unawareness with new wings on new winds. Be prepared for a story of life like nothing you've ever experienced. Best of all, you'll learn how you, too, can talk to Mina, 'angels,' your spirit family and guides, and willing spirit persons to get your own answers (without having to take ours on faith) as a ground-floor participant in the nascent worldwide energy testing community! For Mina, this book is all about healing your pain and suffering by revealing our personal, and larger, human reality. You'll find it all inside. A chapter summary: Part I is a narrative of our experience discovering energy testing and our shocking meet-up with our 'creator;' Part II describes how you and our universe are infinite and eternal as existence, time, space, and consciousness, including: —an overview regarding our true natural reality: matter, energy, gravity, mass, lightspeed (normal and actual), relativity and the quantum, black holes, the Big Bang, quantum entanglement/tunneling, how the natural universe interacts with the supranatural (spirit) universe; —what is All Existence of which our universe is a part; —all about consciousness (psyche) and how our physical body interacts with our spirit body; —'psyche fundamental force' (Intentionality); —and culture as the individual; Part III describes the origin of humanity and includes: —the birth of humanity; —who and what our creator is —how our universe came to be our home —why human life seems destructive and filled with pain and suffering; Part IV is the real 'woo-woo' of the book and includes: —how we exist and live as physicospirit-embodied individuals; —our mind, conscience, PTSD; —killing, abortion, euthanasia, suicide; —lineage and DNA; —what happens at death; —fate, destiny, and free will; —suffering, hope, depression, reincarnation, and the origin of slavery; —happiness, love and hate; —government and society; —evil; —beauty and ugliness; —spirit world; —the chakras and aura as they really are and what they do; —Intentionality; —who and what 'angels' really are; —history of Earth's humanity and radiometric dating; —our physicospirit self; —religion; —what is healing, how to heal; —human freedom; —astral projection, the Akashic Records; —marriage, sex; —animal familiars; —ten historical spirit persons' testimony: Duke Wen of Zhou, Hitler, Hannibal Gisco, Mio, Mnidho of Nihoa, Tethys, Jesus, Sun-myung Moon, Muhammad, Buddha; Part V teaches you energy testing so you can learn how to talk to Mina (God), 'angels,' your spirit family, spirit guides, and any willing spirit person to get your own answers to life.
