julius caesar questions and answers: The Posing of Questions A. Wisniewski, 2013-11-27 This book is a study in the logic of questions (sometimes called erotetic logic). The central topics in erotetic logic have been the structure of questions and the question-answer relationship. This book doesn't neglect these problems, but much of it is focussed on other issues. The main subject is the logical analysis of certain relations between questions and the contexts of their appearance. And our aim is to elaborate the conceptual apparatus of the inferential approach to the logic of questions. Questions are asked for many reasons and for different purposes. Yet, before a question is asked or posed, a questioner must arrive at it. In many cases arriving at a question resembles coming to a conclusion: there are some premises involved and some inferential thought processes take place. If we agree that a conclusion need not be conclusive, we may say that sometimes questions can play the role of conclusions. But questions can also perform the role of premises: we often pass from some initial question to another question. In other words, there are inferential thought processes - we shall call them erotetic inferences - in which questions play the roles of conclusions or conclusions and premises. The inferential approach to the logic of questions focusses its attention on the analysis of erotetic inferences. This book consists of eight chapters.

julius caesar questions and answers: Questions and Answers F. Kiefer, 2012-12-06 In almost all principled accounts of questions questions are related to the corresponding answers. Zellig Harris (Harris 1978:1), for example, maintains that ... all interrogative sentences can be derived, by means of the independently established transformations of the language, from sentences which assert that someone is asking about a disjunction of statements which are the relevant possible answers to that interrogative. This amounts to the claim that a yes-no question such as Will John stay? is derived from I ask you whether John will stay and a wh question such as Who came is derived from something like I ask you whether A came or B came or ... or X came .. Though in generative grammar interrogatives are not derived from the corresponding declaratives, the semantic interpretation of questions is akin to the syntactic source of questions posited by Harris. Jerrold J.Katz and Paul M.Postal (Katz-Postal 1964:113-117) state a reading rule for Q, the interrogative constituent, which boils down to (1) in the case of yes-no questions and to (2) in the case of wh-questions. (1) Tell me which of the following is true: John will stay or John will not stay. (2) Tell me which of the following is true: A came or B came or ... or X came. Thus, the semantic interpretation of questions makes reference to the set of possible answers represented here by a disjunction of statements.

julius caesar questions and answers: Caesar in the USA Maria Wyke, 2012-11-13 The figure of Julius Caesar has loomed large in the United States since its very beginning, admired and evoked as a gateway to knowledge of politics, war, and even national life. In this lively and perceptive book, the first to examine Caesar's place in modern American culture, Maria Wyke investigates how his use has intensified in periods of political crisis, when the occurrence of assassination, war, dictatorship, totalitarianism or empire appears to give him fresh relevance. Her fascinating discussion shows how—from the Latin classroom to the Shakespearean stage, from cinema, television and the comic book to the internet—Caesar is mobilized in the U.S. as a resource for acculturation into the American present, as a prediction of America's future, or as a mode of commercial profit and great entertainment.

Illustrated Julius Caesar, 2021-09-20 During his lifetime, Caesar was regarded as one of the best orators and prose authors in Latin—even Cicero spoke highly of Caesar's rhetoric and style. Only Caesar's war memoirs *The Gallic Wars* and *The Civil War* have survived. These narratives were written and published annually during or just after the actual campaigns, as a sort of dispatches from the front. A few sentences from other works are quoted by other authors. Among his lost works are his funeral oration for his paternal aunt Julia and his *Anticato*, a document written to defame Cato in response to Cicero's published praise. Poems by Julius Caesar are also mentioned in ancient sources. THE GALLIC WARS THE CIVIL WAR ON THE ALEXANDRINE WAR ON THE AFRICAN WAR ON THE HISPANIC WAR
