international sunday school lesson commentary by parkhurst: Paris as Revolution Priscilla Parkhurst Ferguson, 2023-11-10 In nineteenth-century Paris, passionate involvement with revolution turned the city into an engrossing object of cultural speculation. For writers caught between an explosive past and a bewildering future, revolution offered a virtuoso metaphor by which the city could be known and a vital principle through which it could be portrayed. In this engaging book, Priscilla Ferguson locates the originality and modernity of nineteenth-century French literature in the intersection of the city with revolution. A cultural geography, *Paris as Revolution* reads the nineteenth-century city not in literary works alone but across a broad spectrum of urban icons and narratives. Ferguson moves easily between literary and cultural history and between semiotic and sociological analysis to underscore the movement and change that fueled the powerful narratives defining the century, the city, and their literature. In her understanding and reconstruction of the guidebooks of Mercier, Hugo, Vallès, and others, alongside the novels of Flaubert, Hugo, Vallès, and Zola, Ferguson reveals that these works are themselves revolutionary performances, ones that challenged the modernizing city even as they transcribed its emergence. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1994.

international sunday school lesson commentary by parkhurst: **Father Ed Dowling** Glenn F. Chesnut, 2015-07-17 The story of Father Ed Dowling, S.J., the Jesuit priest who served for twenty years as sponsor and spiritual guide to Bill Wilson, the co-founder of Alcoholics Anonymous. An icy evening in December 1940 saw the first meeting of two extraordinary spiritual leaders. Father Ed said that the graces he received from meeting Bill Wilson were as great as those he had received from his ordination as a priest, and Bill in turn described encountering the Jesuit as being like a second conversion experience, where he could feel the transcendent presence of God filling the entire room with grace. The good priest taught Wilson about St. Ignatius Loyolas Spiritual Exercises, about the eternal battle between good and evil which the Spanish saint described in that book, and explained the Jesuit understanding of the way we can use our deepest emotions to receive guidance from God while serving on that battlefield. The co-founder of the twelve step movement in turn supplied Father Ed with some of the most valuable tools he possessed for carrying out small group therapy on a wide range of different kinds of troubled people. Together the two men discussed Poulains Graces of Interior Prayer and Bills attempts to make spiritual contact with both spooks and saints, and explored the world of LSD experiences and the teachings of the Catholic, Hindu, and Buddhist mystics in Aldous Huxleys Perennial Philosophy. And we will see how Father Ed, with his deep social conscience, helped Bill W. turn his book on the Twelve Traditions into a Bill of Rights for the twelve step movement, and how he laid out his own spiritual vision of Alcoholics Anonymous at the A.A. International in St. Louis in 1955.

Robert Alter's brilliant translation gives us David, the beautiful, musical hero who slays Goliath and, through his struggles with Saul, advances to the kingship of Israel. But this David is also fully human: an ambitious,

calculating man who navigates his life's course with a flawed moral vision. The consequences for him, his family, and his nation are tragic and bloody. Historical personage and full-blooded imagining, David is the creation of a literary artist comparable to the Shakespeare of the history plays.

international sunday school lesson commentary by parkhurst: The Power of Prayer in a Believer's Life Charles Haddon Spurgeon, 1993 Long before the megachurch, nearly 6,000 people crowded every service to hear Charles Spurgeon. Discover why his masterful preaching astonished his era! Considered by his peers then and now as The Prince of Preachers, Charles Spurgeon built London's Metropolitan Tabernacle into the world's largest independent congregation during the nineteenth century. While many factors have been highlighted that help explain the effectiveness of Spurgeon's preaching, the foremost secret that empowered Charles Spurgeon was his devotion to prayer. When people would walk through the Metropolitan Tabernacle, Spurgeon would take them to the basement prayer room where people were always on their knees interceding for the church. Then Spurgeon would declare, Here is the powerhouse of this church. That statement is backed by the amazing number of sermons that Spurgeon preached on prayer. Spurgeon was a great believer and teacher in passionate, Holy Spirit-directed prayer. His word pictures of the majestic throne of grace that God calls believers to be privileged to come before is well worth the price of the book alone. You will be inspired and challenged in your prayer life, especially if you experience struggles in prayer.

international sunday school lesson commentary by parkhurst: Creating the National Park Service Horace M. Albright, Marian Albright Schenck, 1999 Two men played a crucial role in the creation and early history of the National Park Service: Stephen T. Mather, a public relations genius of sweeping vision, and Horace M. Albright, an able lawyer and administrator who helped transform that vision into reality. In *Creating the National Park Service*, Albright and his daughter, Marian Albright Schenck, reveal the previously untold story of the critical missing years in the history of the service. During this period, 1917 and 1918, Mather's problems with manic depression were kept hidden from public view, and Albright, his able and devoted assistant, served as acting director and assumed Mather's responsibilities. Albright played a decisive part in the passage of the National Park Service Organic Act of 1916; the formulation of principles and policies for management of the parks; the defense of the parks against exploitation by ranchers, lumber companies, and mining interests during World War I; and other issues crucial to the future of the fledgling park system. This authoritative behind-the-scenes history sheds light on the early days of the most popular of all federal agencies while painting a vivid picture of American life in the early twentieth century.
