Background and Overview of Mark Levin's Book

Mark Levin is a prominent conservative radio host, author, and political commentator known for his sharp critiques of progressive ideologies. His book, "The Democrat Party Hates America," was released in 2023 and quickly became a bestseller among conservative audiences. Through his writing, Levin argues that the Democratic Party has shifted away from its traditional roots and now supports policies that are, in his view, detrimental to American values and institutions. The book is designed to be both a provocative critique and a rallying call for conservatives who feel alienated by current political trends. Levin's background as a constitutional lawyer and his experience in media have equipped him with a unique perspective, allowing him to articulate his arguments with authority and detail.

Throughout the book, Levin uses historical references, policy analysis, and rhetorical strategies to underscore his central thesis. He contends that the Democratic Party's transformation over the

decades has led to an erosion of constitutional principles and a growing divide in American society. Levin's arguments are rooted in his interpretation of history, legal precedent, and political philosophy, making his work a focal point for discussions about partisanship and ideological shifts in the United States.

Main Arguments in "The Democrat Party Hates America"

Critique of Progressive Policies

One of Levin's primary arguments centers on the claim that modern Democratic policies undermine individual liberties, economic freedom, and traditional American values. He highlights issues such as government overreach, regulatory expansion, and the promotion of identity politics as evidence of a departure from foundational principles. Levin asserts that these progressive policies favor centralized control and diminish personal responsibility, which he believes threatens the core of American democracy.

Transformation of Party Ideology

Levin suggests that the Democratic Party has undergone a significant ideological transformation since its inception. By examining the party's evolution from its early days to its current platform, he argues that the Democrats have abandoned classical liberalism in favor of leftist ideology. This shift, according to Levin, is reflected in policy stances on taxation, social welfare, education, and cultural issues.

Allegations of Cultural Division

Another central theme in Levin's book is the assertion that the Democratic Party intentionally fosters division along lines of race, class, and identity. He claims that the party uses these divisions to consolidate political power and advance its agenda, often at the expense of national unity. Levin critiques the use of rhetoric and policies that, in his view, accentuate social tensions rather than promote constructive dialogue.

- Government intervention in healthcare, education, and business
- Promotion of identity politics and social justice campaigns
- Support for expansive federal regulation
- Advocacy for progressive tax policies
- Criticism of traditional institutions and values

Historical Context and Influences

Evolution of the Democratic Party

Understanding the historical context of Levin's critique requires a look at the evolution of the Democratic Party. Historically, the party has roots in Jeffersonian democracy, emphasizing limited government and individual rights. Over time, especially during the 20th century, the party shifted towards supporting New Deal policies, civil rights reforms, and progressive social programs. Levin contends that these shifts have moved the party away from its original principles and towards a more interventionist and collectivist philosophy.

Influence of Conservative Thought

Levin's analysis is influenced by key conservative thinkers such as Ronald Reagan, Barry Goldwater, and Milton Friedman. He draws upon their arguments regarding government overreach, free markets, and the importance of constitutional adherence. By situating his critique within this intellectual tradition, Levin frames his book as part of a broader conservative response to contemporary American politics.

Public and Media Reaction

Support from Conservative Audiences

Levin's book has resonated strongly with conservative readers and media outlets. Many supporters view his arguments as a necessary counterbalance to what they perceive as mainstream media bias and progressive dominance in cultural and political institutions. The book's release generated widespread discussion among conservative radio, television, and online platforms, with many commentators echoing Levin's concerns.

Criticism from Progressive and Mainstream Sources

Conversely, Levin's work has been met with skepticism and criticism from progressive commentators and mainstream media. Critics argue that his portrayal of the Democratic Party is overly simplistic and ignores the complex realities of American political life. Some have accused Levin of using inflammatory language and contributing to increased partisanship. These critiques highlight the deep divisions in how Americans interpret political rhetoric and the role of media in shaping public opinion.

Impact on Political Discourse and American Society

Shaping Conservative Narratives

Mark Levin's book has played a significant role in shaping conservative narratives about the Democratic Party. By articulating a comprehensive critique, he provides talking points and intellectual ammunition for those who oppose progressive policies. His arguments have been cited in political debates, media interviews, and campaign speeches, amplifying their impact on public discourse.

Influence on Voter Attitudes

The themes presented in "The Democrat Party Hates America" have also influenced voter attitudes, particularly among conservative and independent voters. Levin's framing of the issues encourages skepticism towards Democratic initiatives and fosters greater engagement in political activism. The book's popularity underscores the importance of media and literature in shaping electoral outcomes and civic participation.

Analysis of Key Themes and Criticisms

Debate over Political Polarization

Levin's arguments have contributed to ongoing debates about political polarization in the United States. Supporters see his critique as a necessary defense of American values, while detractors argue that it exacerbates division and hinders constructive dialogue. The book serves as a microcosm of broader trends in American politics, where competing narratives vie for public attention and influence.

Evaluating the Claims

Evaluating Levin's claims requires consideration of both historical evidence and contemporary policy analysis. While some of his assertions find support among segments of the electorate, others are contested by political analysts and historians. The debate surrounding "mark levin the democrat party hates america" highlights the complexities of interpreting political rhetoric and the challenges of achieving consensus in a diverse society.

Future Implications

The ongoing discussion sparked by Levin's book points to future implications for American politics.

As partisan divides deepen, works like "The Democrat Party Hates America" will continue to shape debate, influence media coverage, and inform voter perspectives. Understanding the arguments and controversies surrounding the book is essential for anyone interested in the trajectory of American democracy and the role of political literature in shaping national identity.

Frequently Asked Questions

Q: What is the main message of Mark Levin's book "The Democrat Party Hates America"?

A: The main message of Mark Levin's book is that the Democratic Party has abandoned traditional American values and now supports policies that Levin believes undermine the Constitution, individual liberty, and national unity.

Q: How has "The Democrat Party Hates America" been received by the public?

A: The book has received strong support from conservative audiences while drawing criticism from progressive and mainstream commentators who believe its arguments are overly partisan and divisive.

Q: What historical context does Levin use to support his arguments?

A: Levin references the evolution of the Democratic Party from Jeffersonian roots to contemporary progressive policies, arguing that these changes represent a departure from foundational American principles.

Q: What are some key themes discussed in Levin's book?

A: Key themes include government overreach, identity politics, cultural division, and the transformation of party ideology, all framed as contributing factors to Levin's critique of the Democratic Party.

Q: What impact has the book had on political discourse?

A: The book has influenced conservative narratives, shaped voter attitudes, and contributed to ongoing debates about political polarization and the future of American democracy.

Q: Does Levin provide solutions or alternatives in his book?

A: Levin emphasizes the importance of constitutional adherence and traditional values as solutions, encouraging engagement and activism among those who share his views.

Q: Why do critics argue against Levin's perspective?

A: Critics argue that Levin's perspective is overly simplistic, inflammatory, and contributes to increased division within American society by not acknowledging the complexities of political issues.

Q: Is "The Democrat Party Hates America" considered a scholarly work?

A: While the book is detailed and well-researched, it is generally viewed as a political commentary rather than a scholarly analysis, intended for a broad conservative readership.

Q: What role has media played in shaping the response to Levin's book?

A: Media coverage, particularly among conservative outlets, has amplified the book's message, while mainstream and progressive media have often critiqued its arguments and tone.

Q: What does Levin believe about the future of the Democratic Party?

A: Levin expresses concern that unless the Democratic Party returns to foundational principles, its policies will continue to erode American values and unity.

Mark Levin: The Democrat Party Hates America? Deconstructing a Controversial Claim

The fiery rhetoric of conservative commentator Mark Levin often features accusations that the

Democratic Party harbors anti-American sentiment. This claim, frequently aired on his radio show and in his books, ignites intense debate. This post will delve into Levin's assertions, examining the evidence he presents, contrasting viewpoints, and ultimately exploring whether such a sweeping condemnation of an entire political party is justified. We'll dissect the arguments, analyze the underlying ideologies, and encourage a balanced understanding of this highly charged topic.

Note: This analysis aims for objectivity and avoids taking a partisan stance. The goal is to present a nuanced perspective on a complex political issue.

Levin's Core Arguments: Unpacking the Allegation

Mark Levin consistently frames the Democratic Party's policies and actions as inherently hostile to American values and traditions. His arguments often center on specific policy areas:

1. Immigration Policy: A Point of Contention

Levin frequently criticizes the Democratic Party's stance on immigration, arguing that policies favoring open borders threaten national security and undermine American identity. He highlights concerns about illegal immigration, sanctuary cities, and the potential strain on social services. He portrays these policies not as pragmatic solutions to complex challenges, but as deliberate attempts to alter the fundamental character of the nation.

2. Economic Policies: A Clash of Ideologies

Levin often frames Democratic economic policies, such as higher taxes and increased government spending, as detrimental to American prosperity and individual liberty. He argues these policies stifle economic growth, discourage entrepreneurship, and lead to increased government control over the lives of citizens. He contrasts this with his preferred approach of lower taxes and reduced government intervention.

3. Social Issues: Divisions on Values

Levin's criticism extends to social issues where he perceives a fundamental clash of values. He frequently points to Democratic support for abortion rights, LGBTQ+ rights, and gun control as examples of policies that run counter to traditional American values. He often frames these issues as attacks on religious freedom and traditional family structures.

4. Foreign Policy: Differing Approaches to Global Engagement

Levin's criticism also encompasses foreign policy, often accusing the Democratic Party of pursuing policies that weaken America's global standing and endanger national security. He may cite specific instances of foreign aid, international treaties, or military interventions as examples of misguided policies that undermine American interests.

Counterarguments and Alternative Perspectives

While Levin's assertions resonate with a significant segment of the population, it's crucial to consider counterarguments. The Democratic Party itself vehemently rejects the accusation of anti-American sentiment. Many argue that Levin's characterization is an oversimplification of complex political issues and ignores the diverse viewpoints within the party.

Furthermore, critics point out that many Democratic policies are rooted in the belief that a strong America requires social justice, economic equality, and international cooperation. They argue that policies supporting social safety nets, environmental protection, and international alliances are not anti-American, but rather reflect different approaches to achieving a thriving and secure nation. The debate often centers on differing visions of what constitutes the best path to a strong and prosperous America, rather than a fundamental disagreement on the desirability of those goals.

Beyond the Rhetoric: Understanding the Underlying Divisions

The debate surrounding Mark Levin's claims exposes deeper divisions within American society. These divisions are not simply about specific policies, but about fundamental values, beliefs about the role of government, and visions of the future of the nation. Understanding these underlying tensions is critical to fostering productive dialogue and finding common ground. The rhetoric, while often inflammatory, reflects genuine anxieties and concerns about the direction of the country.

Conclusion

Mark Levin's assertion that the Democratic Party hates America is a provocative claim that sparks heated debate. While he presents arguments based on specific policy disagreements, it's crucial to critically assess the evidence and consider alternative perspectives. The complexity of this issue necessitates a nuanced understanding, acknowledging the diverse viewpoints within the Democratic Party itself and the underlying philosophical differences driving the debate. Ultimately, productive discourse requires moving beyond inflammatory rhetoric and engaging in respectful dialogue that acknowledges the legitimacy of different perspectives.

Frequently Asked Questions

1. Is Mark Levin's claim factually accurate? No, the claim that the entire Democratic Party "hates America" is an oversimplification. It ignores the diversity of views within the party and fails to account for the many Democrats who are deeply patriotic.
2. What are some specific policies Levin criticizes? Levin frequently criticizes Democratic policies on immigration, economic regulation, social issues (like abortion rights), and foreign policy.
3. Do Democrats agree with Levin's characterization? Absolutely not. The Democratic Party vehemently rejects the claim of anti-American sentiment, arguing that their policies aim to create a more just and equitable society.
4. How can we have a productive conversation about this issue? Focusing on specific policy disagreements rather than making broad generalizations, and employing respectful dialogue, are crucial for productive conversation.
5. What are the underlying causes of this political division? The division stems from fundamental disagreements about the role of government, individual liberties, and the ideal path for American society. It reflects differing values and visions for the country's future.

mark levin the democrat party hates america: *The Democrat Party Hates America* Mark R. Levin, 2023-09-19 INSTANT #1 NEW YORK TIMES BESTSELLER The eight-time #1 New York Times bestselling author, radio host, and Fox News star returns to the page to reveal the radically dangerous Democrat agenda that is upending American life. In *American Marxism*, Mark Levin explained how Marxist ideology has invaded our society and culture. In doing so, he exposed the institutions, scholars, and activists leading the revolution. Now, he picks up where he left off: to hold responsible the true malefactors steering our country down the wrong path. Insightful and hard-hitting as ever, Levin proves that since its establishment, the Democrat Party has set out to rewrite history and destroy the foundation of freedom in America. More than a political party, it is the entity through which Marxism has installed its philosophy and its new revolution. As in a Thomas Paine pamphlet or a clarion call from Paul Revere, Levin alerts his fellow Americans to the destruction this country is facing, and rallies them to defeat the threat in front of us—more looming than ever. He writes, "Every legal, legitimate, and appropriate tool and method must be employed in the short- and long- run to defeat the Democrat Party. The Democrat Party must be resoundingly conquered in the next election and several elections thereafter, or it will become extremely difficult to undo the damage it is unleashing at breakneck pace."

mark levin the democrat party hates america: *American Marxism* Mark R. Levin, 2021-07-13 Fox News personality and radio talk show host Levin explains how the dangers he warned against have come to pass--

mark levin the democrat party hates america: *Liberty and Tyranny* Mark R. Levin, 2009-03-24 Don't miss syndicated radio host and author Mark Levin's #1 New York Times acclaimed and longtime bestselling manifesto for the conservative movement. When nationally syndicated radio host Mark R. Levin's *Liberty and Tyranny* appeared in the early months of the Obama presidency, Americans responded by making his clarion call for a new era in conservatism a #1 New York Times bestseller for an astounding twelve weeks. As provocative, well-reasoned, robust, and informed as his on-air commentary, with his love of our country and the legacy of our Founding Fathers reflected on every page, Levin's galvanizing narrative provides a philosophical, historical, and practical

framework for revitalizing the conservative vision and ensuring the preservation of American society. In the face of the modern liberal assault on Constitution-based values, an attack that has resulted in a federal government that is a massive, unaccountable conglomerate, the time for reinforcing the intellectual and practical case for conservatism is now. In a series of powerful essays, Levin lays out how conservatives can counter the tyrannical liberal corrosion that has filtered into every timely issue affecting our daily lives, from the economy to health care, global warming to immigration, and more.

mark levin the democrat party hates america: Unfreedom of the Press Mark R. Levin, 2020-08-11 Six-time New York Times bestselling author, FOX News star, and radio host Mark R. Levin “trounces the news media” (The Washington Times) in this timely and groundbreaking book demonstrating how the great tradition of American free press has degenerated into a standardless profession that has squandered the faith and trust of the public. Unfreedom of the Press is not just another book about the press. In “Levin’s finest work” (Breitbart), he shows how those entrusted with news reporting today are destroying freedom of the press from within—not through actions of government officials, but with its own abandonment of reportorial integrity and objective journalism. With the depth of historical background for which his books are renowned, Levin takes you on a journey through the early American patriot press, which proudly promoted the principles set forth in the Declaration of Independence and the Constitution. This is followed by the early decades of the Republic during which newspapers around the young country were open and transparent about their fierce allegiance to one political party or another. It was only at the start of the Progressive Era and the 20th century that the supposed “objectivity of the press” first surfaced, leaving us where we are today: with a partisan party-press overwhelmingly aligned with a political ideology but hypocritically engaged in a massive untruth as to its real nature.

mark levin the democrat party hates america: Summary of Mark R. Levin's The Democrat Party Hates America Milkyway Media, 2024-01-02 Buy now to get the main key ideas from Mark R. Levin's The Democrat Party Hates America Fox News host and conservative commentator Mark Levin accuses the Democratic Party of undermining America’s founding principles and values in The Democrat Party Hates America (2023). Levin alleges that the party is responsible for spreading Marxist ideologies in America. He criticizes the party’s influence over governmental institutions, social media, and academia, as well as its history of racism and voter suppression. Levin argues that totalitarianism could result from electoral victories by Democrats.

mark levin the democrat party hates america: The Parties Versus the People Mickey Edwards, 2012-08-22 “An urgent and engaging look at how American politics have become the founding fathers’ worst nightmare” (The Daily Beast). America’s political system is dysfunctional. We know it, yet the problem seems intractable—after every election, voters discover yet again that political “leaders” are simply quarreling in a never-ending battle between the two warring tribes. As a former congressman, Mickey Edwards witnessed firsthand how important legislative battles can devolve into struggles not over principle but over party advantage. He offers graphic examples of how this problem has intensified and reveals how political battles have become nothing more than conflicts between party machines. In this critically important book, he identifies exactly how our political and governing systems reward intransigence, discourage compromise, and undermine our democracy—and describes exactly what must be done to banish the negative effects of partisan warfare from our political system and renew American democracy. “Overcoming tribalism and knee-jerk partisanship is the central challenge of our time. Mickey Edwards shows why and how in this fascinating book filled with sensible suggestions.” —Walter Isaacson, New York Times bestselling author of Leonardo da Vinci “Many Americans, whether Democrats, Republicans, independent or otherwise, would welcome a few more like [Edwards] in office.” —The Boston Globe

mark levin the democrat party hates america: Rediscovering Americanism Mark R. Levin, 2017-06-27 From #1 New York Times bestselling author and radio host Mark R. Levin comes a searing plea for a return to America’s most sacred values. In Rediscovering Americanism, Mark R. Levin revisits the founders’ warnings about the perils of overreach by the federal government and

concludes that the men who created our country would be outraged and disappointed to see where we've ended up. Levin returns to the impassioned question he's explored in each of his bestselling books: How do we save our exceptional country? Because our values are in such a precarious state, he argues that a restoration to the essential truths on which our country was founded has never been more urgent. Understanding these principles, in Levin's words, can "serve as the antidote to tyrannical regimes and governments." Rediscovering Americanism is not an exercise in nostalgia, but an appeal to his fellow citizens to reverse course. This essential book brings Levin's celebrated, sophisticated analysis to the troubling question of America's future, and reminds us what we must restore for the sake of our children and our children's children.

mark levin the democrat party hates america: Why the Left Hates America Daniel J. Flynn, 2004-09-07 The American flag stands for hatred, warmongering, and imperialism. Our free-market system is responsible for killing and oppressing millions of people. This country breeds racists and sexists. Is America really that bad? It is if you accept the lies and propaganda from the anti-American Left in our own country. This dismal, distorted view of the greatest, freest nation in history comes from a Left who would rather idolize Ho Chi Minh and Fidel Castro than honor George Washington and Thomas Jefferson, who burn down businesses and destroy property to protest free markets, and who fight alongside radical terrorists rather than against them. They trample the Constitution while hiding behind the First Amendment, and their idea of displaying the American flag is setting it on fire and parading it through the streets. Yes, this is a Left comprised of people who truly hate their country, and they will stop at nothing to tear her down—smashing our liberty in the process. Why the Left Hates America punches a hole right through the thin veneer of political correctness that has long protected these anti-Americans—exposing their rotting, vacuous core. Author and commentator Daniel J. Flynn digs deep into the American Left and reveals why they blame every bad deed in the world on the United States, while ignoring her myriad contributions. This book cogently points out that, of course, all Americans have the right to speak their minds. But, all too often, the actions by the anti-American Left become destructive and anarchistic. You need not look any further than the explosive 1999 World Trade Organization protests in Seattle, campus book burnings, or even John Walker Lindh to see that factions on the Left are the worst perpetrators of anti-Americanism. And what may be most shocking is that many of these anti-Americans are at the same time teachers, professors, journalists, news reporters, and even judges and politicians. Probing and controversial—without devolving into jingoism—this book proves once and for all that what you see in the news and learn in school is often tainted by the anti-American Left, and it shows you what you can do to keep them at bay.

mark levin the democrat party hates america: How I Saved the World Jesse Watters, 2021-07-06 The conservative political commentator shares his story—and his outlook on America's future—in this #1 New York Times bestseller. In *How I Saved the World*, Jesse Watters takes readers on a tour of his life from basement-dwelling Fox minion to pampered champion of right-thinking Americans. He has divined great truths about the nature of our country while stumbling across beaches asking oblivious college students basic political questions and while stumbling out of Air Force One with the President. Interspersed are his thoughtful suggestions for overcoming left-wing radicalism, maintaining American democracy, moving beyond aging hippies (like his long-suffering, loving parents), saving the world from social justice warriors and the deep state—all while smirking his way through life in only the nicest way. Watters outlines the stark choice ahead of us between all-American hamburgers and leftist Green New Deal breadlines (okay, maybe that one is a no-brainer) and shows the way for order and fairness to be restored. A manifesto and a call-to-arms from a man for all seasons, *How I Saved the World* is a hilarious, enlightening, entertaining book with a reasonable chance of winning a Nobel Prize in every category, even chemistry.

mark levin the democrat party hates america: Breaking the News Alex Marlow, 2021-05-18 From the editor in chief of Breitbart News, the New York Times bestselling "must-read" (Sean Hannity) investigation into how the establishment media became weaponized against Donald Trump

and his supporters on behalf of the political left. In this timely and “important book” (Glenn Beck), Marlow explains how the establishment press destroyed its own credibility with a relentless stream of “fake news” designed to smear Donald Trump and his supporters while advancing a leftist agenda. He also reveals key details on how our information gatekeepers truly operate and why America’s “fake news” moment might never end. Breitbart—and Trump—began banging the drum about “fake news” during the 2016 election, and it resonated with millions of voters because they intuitively knew the corporate media was willing to say or write anything to achieve their political ends. It’s a battle cry that continues to this day. Deeply researched and eye-opening, *Breaking the News* rips back the curtain on the inner workings of how the establishment media weaponizes information to achieve their political and cultural ends.

mark levin the democrat party hates america: The Liberty Amendments Mark R. Levin, 2013-08-13 Mark R. Levin has made the case, in numerous bestselling books that the principles undergirding our society and governmental system are unraveling. In *The Liberty Amendments*, he turns to the founding fathers and the constitution itself for guidance in restoring the American republic. The delegates to the 1787 Constitutional Convention and the delegates to each state’s ratification convention foresaw a time when the Federal government might breach the Constitution’s limits and begin oppressing the people. Agencies such as the IRS and EPA and programs such as Obamacare demonstrate that the Framers’ fear was prescient. Therefore, the Framers provided two methods for amending the Constitution. The second was intended for our current circumstances—empowering the states to bypass Congress and call a convention for the purpose of amending the Constitution. Levin argues that we, the people, can avoid a perilous outcome by seeking recourse, using the method called for in the Constitution itself. The Framers adopted ten constitutional amendments, called the Bill of Rights, that would preserve individual rights and state authority. Levin lays forth eleven specific prescriptions for restoring our founding principles, ones that are consistent with the Framers’ design. His proposals—such as term limits for members of Congress and Supreme Court justices and limits on federal taxing and spending—are pure common sense, ideas shared by many. They draw on the wisdom of the Founding Fathers—including James Madison, Benjamin Franklin, Thomas Jefferson, and numerous lesser-known but crucially important men—in their content and in the method for applying them to the current state of the nation. Now is the time for the American people to take the first step toward reclaiming what belongs to them. The task is daunting, but it is imperative if we are to be truly free.

mark levin the democrat party hates america: Plunder and Deceit Mark R. Levin, 2015-08-04 In a like-minded appeal to reason and audacity, calls for a new civil rights movement that fosters liberty and prosperity and ceases the exploitation of young people by statist masterminds.

mark levin the democrat party hates america: Ship of Fools Tucker Carlson, 2019-10-01 The #1 New York Times bestseller from FOX News star of Tucker Carlson Tonight offers “a targeted snipe at the Democrats and Republicans and their elite enablers” (New York Journal of Books) in a funny political commentary on how America’s ruling class has failed everyday Americans. “Informal and often humorous...an entertainingly told narrative of elite malfeasance” (Publishers Weekly), Tucker Carlson’s *Ship of Fools* tells the truth about the new American elites, a group whose power and wealth has grown beyond imagination even as the rest of the country has withered. The people who run America now barely interact with it. They fly on their own planes, ski on their own mountains, watch sporting events far from the stands in sky boxes. They have total contempt for you. In *Ship of Fools*, Tucker Carlson offers a blistering critique of our new overlords and answers the all-important question: How do we put the country back on course? Traditional liberals are gone, he writes. The patchouli-scented hand-wringers who worried about whales and defended free speech have been replaced by globalists who hide their hard-edged economic agenda behind the smokescreen of identity politics. They’ll outsource your job while lecturing you about transgender bathrooms. Left and right, Carlson says, are no longer meaningful categories in America. “The rift is between those who benefit from the status quo, and those who don’t.” Our leaders are fools, Carlson

concludes, “unaware that they are captains of a sinking ship.” But in the signature and witty style that viewers of Tucker Carlson Tonight enjoy so much, *Ship of Fools* is “bulging with big and interesting ideas, presented succinctly with wit and precision, each chapter a potential book in itself” (The Washington Times).

mark levin the democrat party hates america: Privileged Victims Eddie Scarry, 2020-02-25 America’s worst ideas and people are rising to the top, thanks to a rancid culture that has turned every part of our lives into a fight between so-called “privilege” and entitled brats claiming “victim” status. The country is under siege and America’s most ferocious enemy is already here: our privileged victims. On university campuses, in the news media, and in Hollywood, race, gender, and sexuality determine who should advance and who should be taken down a peg. Driven by “social justice” and governed by “intersectionality,” out-of-control college students, school administrators, journalists, and titans of the entertainment industry divide and rank us on an infinite scale of grievance—the more of them, the better. And God have mercy on any individual deemed to benefit from “privilege.” *Privileged Victims* zealously exposes the lies and myths behind: • The #MeToo movement that redefined sexual assault and rape to include simple regret, ruining the lives and careers of countless men • Hoax hate crimes, a key feature of the privileged victim class • The debate over our jungle-like immigration system, dumbed down by a scheming national news media to ugly charges of racism and xenophobia • Hollywood, which no longer aims to produce high-quality entertainment, but to virtue signal and promote social justice And so much more. In gripping detail, Eddie Scarry uncovers the perversion behind social justice and its identity-first dogma that’s replacing America’s meritocracy, tracing its origins in academia and shining a light on the havoc it has wrought over the course of three decades. Bewildered citizens mistakenly believe that it’s a matter of political correctness gone too far or the ailing symptoms of a country that has grown too sensitive. The truth is much worse: it’s a deliberate, malignant reorganization of American life and the replacement of merit with mediocrity is the ultimate destination. “How did everyone in America get so unhappy all of a sudden? In part, because it pays. Eddie Scarry lays out the scam in this infuriating and fascinating book. It’ll make you never want to complain again, just for the sake of being countercultural.” —Tucker Carlson, Host of “Tucker Carlson Tonight” on Fox News and Author of *Ship of Fools* What I love about Eddie is his courage. He knows the outrage mob is constantly coming and he doesn’t care. Some of us call that being a First Amendment advocate. Count me as a fan and a reader.—Megyn Kelly

mark levin the democrat party hates america: Men in Black Mark R. Levin, 2006-09-25 A modern conservative classic. - Sean Hannity *Men in Black* couldn’t be more timely or important....a tremendously important and compelling book.” - Rush Limbaugh “One of the finest books on the Constitution and the judiciary I’ve read in a long time....There is no better source for understanding and grasping the seriousness of this issue.” - Edwin Meese III “The Supreme Court has broken through the firewalls constructed by the framers to limit judicial power.” “America’s founding fathers had a clear and profound vision for what they wanted our federal government to be,” says constitutional scholar Mark R. Levin in his explosive book, *Men in Black*. “But today, our out-of-control Supreme Court imperiously strikes down laws and imposes new ones to suit its own liberal whims--robbing us of our basic freedoms and the values on which our country was founded.” In *Men in Black: How the Supreme Court Is Destroying America*, Levin exposes countless examples of outrageous Supreme Court abuses, from promoting racism in college admissions, expelling God and religion from the public square, forcing states to confer benefits on illegal aliens, and endorsing economic socialism to upholding partial-birth abortion, restraining political speech, and anointing terrorists with rights. Levin writes: “Barely one hundred justices have served on the United States Supreme Court. They’re unelected, they’re virtually unaccountable, they’re largely unknown to most Americans, and they serve for life...in many ways the justices are more powerful than members of Congress and the president.... As few as five justices can and do dictate economic, cultural, criminal, and security policy for the entire nation.” In *Men in Black*, you will learn: How the Supreme Court protects virtual child pornography and flag burning as forms of free speech but denies teenagers the

right to hear an invocation mentioning God at a high school graduation ceremony because it might be “coercive.” How a former Klansman and virulently anti-Catholic Supreme Court justice inserted the words “wall of separation” between church and state in a 1947 Supreme Court decision—a phrase repeated today by those who claim to stand for civil liberty. How Justice Harry Blackmun, a one-time conservative appointee and the author of *Roe v. Wade*, was influenced by fan mail much like an entertainer or politician, which helped him to evolve into an ardent activist for gay rights and against the death penalty. How the Supreme Court has dictated that illegal aliens have a constitutional right to attend public schools, and that other immigrants qualify for welfare benefits, tuition assistance, and even civil service jobs.

mark levin the democrat party hates america: *Laptop from Hell* Miranda Devine, 2021-11-30 As seen on Tucker Carlson Tonight! USA Today and Wall Street Journal Bestseller! The inside story of the laptop that exposed the president’s dirtiest secret. When a drug-addled Hunter Biden abandoned his waterlogged computer at a Mac repair shop in Delaware in the spring of 2019, just six days before his father announced his candidacy for the United States presidency, it became the ticking time bomb in the shadows of Joe Biden’s campaign. The dirty secrets contained in Hunter’s laptop almost derailed his father’s presidential campaign and ignited one of the greatest media coverups in American history. This is the unvarnished story of what’s really inside the laptop and what China knows about the Bidens, by the New York Post journalist who brought it into the open. It exposes the coordinated censorship operation by Big Tech, the media establishment, and former intelligence operatives to stifle the New York Post’s coverage, in a chilling exercise of raw political power three weeks before the 2020 election. A treasure trove of corporate documents, emails, text messages, photographs, and voice recordings, spanning a decade, the laptop provided the first evidence that President Joe Biden was involved in his son’s ventures in China, Ukraine, and beyond, despite his repeated denials. This intimate insight into Hunter’s dissolute lifestyle shows he was incapable of holding down a job, let alone being paid tens of millions of dollars in high-powered international business deals by foreign interests, unless he had something else of value to sell—which of course he did. He was the son of the vice president who would go on to become the leader of the free world.

mark levin the democrat party hates america: *Rescuing Sprite* Mark R. Levin, 2008-09-04 In 1998, Mark and his family welcomed into their lives a half-Border Collie/half-Cocker Spaniel they named Pepsi. Six years later, his wife and two children persuaded Mark to adopt a dog from the local shelter, a Spaniel mix, the most beautiful dog they'd ever seen. They named him Sprite. Their lives would never be the same. Sprite and Pepsi became fast friends; they did everything together. The Levin family fell in love with Sprite. But on Hallowe'en night, three weeks after joining the family, their beloved dog collapsed and had to be rushed to the vet. It was the first of many such visits and a long journey for the Levin family, filled with joy and anguish. Sprite's health deteriorated, even as his spirits remained high and his gentle nature continued to inspire the family and the local community. Towards the end of last year, 2006, the Levin family said their last emotional goodbye. Consumed with grief, Mark turned to family, friends and fans of his radio show for help. Then new hope came when the Levins least expected it...

mark levin the democrat party hates america: *Woke, Inc.* Vivek Ramaswamy, 2021-08-17 AN INSTANT NEW YORK TIMES BESTSELLER! A young entrepreneur makes the case that politics has no place in business, and sets out a new vision for the future of American capitalism. There’s a new invisible force at work in our economic and cultural lives. It affects every advertisement we see and every product we buy, from our morning coffee to a new pair of shoes. “Stakeholder capitalism” makes rosy promises of a better, more diverse, environmentally-friendly world, but in reality this ideology championed by America’s business and political leaders robs us of our money, our voice, and our identity. Vivek Ramaswamy is a traitor to his class. He’s founded multibillion-dollar enterprises, led a biotech company as CEO, he became a hedge fund partner in his 20s, trained as a scientist at Harvard and a lawyer at Yale, and grew up the child of immigrants in a small town in Ohio. Now he takes us behind the scenes into corporate boardrooms and five-star conferences, into

Ivy League classrooms and secretive nonprofits, to reveal the defining scam of our century. The modern woke-industrial complex divides us as a people. By mixing morality with consumerism, America's elites prey on our innermost insecurities about who we really are. They sell us cheap social causes and skin-deep identities to satisfy our hunger for a cause and our search for meaning, at a moment when we as Americans lack both. This book not only rips back the curtain on the new corporatist agenda, it offers a better way forward. America's elites may want to sort us into demographic boxes, but we don't have to stay there. *Woke, Inc.* begins as a critique of stakeholder capitalism and ends with an exploration of what it means to be an American in 2021—a journey that begins with cynicism and ends with hope.

mark levin the democrat party hates america: For Such a Time as This Kayleigh McEnany, 2021-12-07 Kayleigh McEnany describes her path to the White House podium, bringing the reader behind the scenes in the world's most powerful building and illuminating how faith got her through. If you would have told me that in the year 2020 I would stand at the White House podium and communicate with the American people as COVID-19 ravaged the globe and violent protests beset the nation, I would have told you that you were crazy. But Jesus Christ had this very plan for my life. From White House intern to White House press secretary, from production assistant to national television host, from Catholic all-girls high school to Harvard Law School, God has guided my path through uncharted territory. In *For Such a Time as This*, I will chronicle my journey to the White House and offer never-before-told anecdotes about what really happened within the Trump administration. You will experience some of the most high stakes moments in the West Wing right alongside me as I reveal how faith got me through.

mark levin the democrat party hates america: Ameritopia Mark R. Levin, 2012-01-17 In his acclaimed #1 New York Times bestseller, Mark R. Levin explores the psychology, motivations, and history of the utopian movement, its architects—the Founding Fathers, and its modern-day disciples—and how the individual and American society are being devoured by it. Levin asks, what is this utopian force that both allures a free people and destroys them? Levin digs deep into the past and draws astoundingly relevant parallels to contemporary America from Plato's Republic, Thomas More's Utopia, Thomas Hobbes's Leviathan, and Karl Marx's Communist Manifesto, as well as from the critical works of John Locke, Charles Montesquieu, Alexis de Tocqueville, and other philosophical pioneers who brilliantly diagnosed the nature of man and government. As Levin meticulously pursues his subject, the reader joins him in an enlightening and compelling journey. And in the end, Levin's message is clear: the American republic is in great peril. The people must now choose between utopianism or liberty. President Ronald Reagan warned, "freedom is never more than one generation away from extinction." Levin agrees, and with *Ameritopia*, delivers another modern political classic, an indispensable guide for America in our time and in the future.

mark levin the democrat party hates america: Why We're Polarized Ezra Klein, 2020-01-28 ONE OF BARACK OBAMA'S FAVORITE BOOKS OF 2022 One of Bill Gates's "5 books to read this summer," this New York Times and Wall Street Journal bestseller shows us that America's political system isn't broken. The truth is scarier: it's working exactly as designed. In this "superbly researched" (The Washington Post) and timely book, journalist Ezra Klein reveals how that system is polarizing us—and how we are polarizing it—with disastrous results. "The American political system—which includes everyone from voters to journalists to the president—is full of rational actors making rational decisions given the incentives they face," writes political analyst Ezra Klein. "We are a collection of functional parts whose efforts combine into a dysfunctional whole." "A thoughtful, clear and persuasive analysis" (The New York Times Book Review), *Why We're Polarized* reveals the structural and psychological forces behind America's descent into division and dysfunction. Neither a polemic nor a lament, this book offers a clear framework for understanding everything from Trump's rise to the Democratic Party's leftward shift to the politicization of everyday culture. America is polarized, first and foremost, by identity. Everyone engaged in American politics is engaged, at some level, in identity politics. Over the past fifty years in America, our partisan identities have merged with our racial, religious, geographic, ideological, and cultural identities.

These merged identities have attained a weight that is breaking much in our politics and tearing at the bonds that hold this country together. Klein shows how and why American politics polarized around identity in the 20th century, and what that polarization did to the way we see the world and one another. And he traces the feedback loops between polarized political identities and polarized political institutions that are driving our system toward crisis. “Well worth reading” (New York magazine), this is an “eye-opening” (O, The Oprah Magazine) book that will change how you look at politics—and perhaps at yourself.

mark levin the democrat party hates america: *25 Lies* Vince Everett Ellison, 2022-01-11
Vince Ellison is America’s most fearless truth teller. Agree or disagree with his thesis, open-minded readers must grapple with the persuasive power of his arguments, his mastery of facts, and his passionate love for mankind and our Creator. As a young man, Ellison began his career in the belly of the beast—as a prison guard working in the worst cellblock imaginable—the one housing mass murderers, rapists, child molesters, and others who would never be released, and whose crimes would never be redeemed in this world. Vince Ellison saw the face of evil up close. He knows it like few of us ever could. And it was to his dismay and sadness that he has seen that same evil later in life. This time, not in the faces of hardened, incarcerated criminals. But rather in the eyes of the leaders of the Democratic party. In this stunningly persuasive work, Vince marshals his own experience and couples it with a learned and original analysis to conclude that the leaders of America’s “progressive” party aren’t just wrong on their policy stances—they are deliberately and intently destructive. Ellison painstakingly dismantles the twenty-five lies underlying Democratic policies and arguments, and provides readers with the tools they need to understand and refute these myths and deceptions. Finally, Ellison implores his fellow Americans and Christians to open their eyes to the damage being done to the nation’s heart and soul in the name of progressivism.

mark levin the democrat party hates america: *Justice on Trial* Mollie Hemingway, Carrie Severino, 2019-07-09 #1 NATIONAL BESTSELLER! Justice Anthony Kennedy slipped out of the Supreme Court building on June 27, 2018, and traveled incognito to the White House to inform President Donald Trump that he was retiring, setting in motion a political process that his successor, Brett Kavanaugh, would denounce three months later as a “national disgrace” and a “circus.” Justice on Trial, the definitive insider’s account of Kavanaugh’s appointment to the Supreme Court, is based on extraordinary access to more than one hundred key figures—including the president, justices, and senators—in that ferocious political drama. The Trump presidency opened with the appointment of Neil Gorsuch to succeed the late Antonin Scalia on the Supreme Court. But the following year, when Trump drew from the same list of candidates for his nomination of Brett Kavanaugh, the justice being replaced was the swing vote on abortion, and all hell broke loose. The judicial confirmation process, on the point of breakdown for thirty years, now proved utterly dysfunctional. Unverified accusations of sexual assault became weapons in a ruthless campaign of personal destruction, culminating in the melodramatic hearings in which Kavanaugh’s impassioned defense resuscitated a nomination that seemed beyond saving. The Supreme Court has become the arbiter of our nation’s most vexing and divisive disputes. With the stakes of each vacancy incalculably high, the incentive to destroy a nominee is nearly irresistible. The next time a nomination promises to change the balance of the Court, Hemingway and Severino warn, the confirmation fight will be even uglier than Kavanaugh’s. A good person might accept that nomination in the naïve belief that what happened to Kavanaugh won’t happen to him because he is a good person. But it can happen, it does happen, and it just happened. The question is whether America will let it happen again.

mark levin the democrat party hates america: *Grace Canceled* Dana Loesch, 2020-02-25 A society addicted to outrage is in trouble. It’s a seductive yet toxic drug that kills reason, nuance, and kindness. Dana Loesch has been the target of as much outrage as anyone. And as she forthrightly acknowledges here, she has dished it out as well. As passionately attached to faith and freedom as ever, she warns that our addiction to outrage has debased our politics and reduced us to a vicious tribalism. The antidote to outrage is grace—a generous and forgiving spirit that tolerates those with whom one disagrees and offers redemption to the offender. But grace is hard even under the best

conditions, and leftist rage mobs have stoked the fires of anger so assiduously—with help from some of their foes on the right—that grace is almost impossible. Fortunately, as Dana reminds us, grace comes from God, who specializes in the impossible. In *Grace Canceled*, Dana Loesch explains: • How America got cut up into competing tribes • Why a society without grace falls for socialism • Why outrage makes us dumb • How violence became an acceptable political tactic on the left • When anger is called for and when it's just self-indulgence • The three golden rules of a happy warrior Make no mistake: our freedom, our faith, our very way of life are under attack. The stakes are incredibly high, and Dana doesn't pretend they aren't. But the social justice warriors are already slaves of outrage, and if the rest of us become slaves as well, then no one wins.

mark levin the democrat party hates america: *A Republic Under Assault* Tom Fitton, 2020-10-20 NEW YORK TIMES BESTSELLER In this explosive book, New York Times bestselling author and president of Judicial Watch Tom Fitton explains how the Radical Left and the Deep State destroyed the Trump presidency. With his trademark “readable, engaging, persuasive” (The Washington Times) writing, Tom Fitton identifies the major forces posing a continued threat to American democracy. Hillary Clinton Email Scandal: How the Clinton team and senior officials at the Obama State Department conspired to cover up Hillary Clinton’s secret email system—and shocking revelations that tie the Obama White House to the cover-up! Voter Fraud: How Soros-funded groups attack states that seek to protect clean elections by challenging voter ID laws, and how the Left is cynically peddling COVID-19 crisis electoral “reforms,” such as mail-in voting, which could increase voter fraud and election chaos. And shocking numbers about dirty voting rolls across the nation! Illegal Immigration: How deadly illegal “sanctuary” policies are exploding across America, and how our nation’s sovereignty has been under assault by radical open-border advocates. Subversive Deep State collaborators with ties to the Clinton and Obama machines not only launched countless—often illegal—operations to stop and then remove Trump, but even more alarmingly, are working to transform the United States into something truly unrecognizable to all who believe in liberty and the rule of law. “This is must reading for every American who wants to save our nation” (Sean Hannity, #1 New York Times bestselling author).

mark levin the democrat party hates america: *Abraham Lincoln's Gettysburg Address* Illustrated Jack E. Levin, Mark R. Levin, 2021-07-06 Text of Abraham Lincoln's Gettysburg Address illustrated with period illustrations and battlefield images by Mathew Brady and other photographers of the era.

mark levin the democrat party hates america: *Intellectual Morons* Daniel J. Flynn, 2004-09-21 Why do well-educated antiwar activists call the president of the United States “the new Hitler” and argue that the U.S. government orchestrated the September 11 attacks? Why does Al Gore believe that cars pose “a mortal threat to the security of every nation”? Why does the Princeton professor known as the father of the animal rights movement object to humans eating animals but not to humans having sex with them—and why does PETA defend that position? In other words, why do smart people fall for stupid ideas? The answer, Daniel J. Flynn reveals in *Intellectual Morons*, is ideology. Flynn, the author of *Why the Left Hates America*, shows how people can be so blinded to reality by the causes they serve that they espouse bizarre, sometimes ridiculous, and often dangerous positions. The most influential social movements have spawned ideologues who do not care whether an idea is good or bad, true or false, but only whether it can serve their cause. It is startling how many Americans—and particularly how many media, academic, and political elites—fall for bad ideas. The trouble is, their lies become institutionalized as truth, and we all suffer as a result. In *Intellectual Morons*, Flynn reveals: •How rabid anti-Americans simply parrot the delusional claims of a few gurus •How the environmental movement, spawned by a “scientist” whose doomsday predictions are almost always wrong, has bred fanaticism, stupidity, and dishonesty •How the hero of the animal rights crowd is a crank who promotes infanticide and euthanasia •How a scientific fraud—and pervert—launched the sexual revolution •How abortion rights activists ignore (or cover up) the fact that their matron saint advocated eugenics and concentration camps •How our universities have become hothouses of leftist ideology •How historians and journalists have

airbrushed history to turn a racial separatist into a civil rights icon Filled with jaw-dropping lapses in common sense from even our most celebrated opinion leaders, *Intellectual Morons* is a welcome reality check for the glaring excesses of today's political and cultural debates. This is a sophisticated pile driver of a book, guiding us through the wiles of great luminaries of the netherworld. And such liveliness in the writing, and such erudition. I was quite fascinated by *Intellectual Morons*.—William F. Buckley, Jr. *Intellectual Morons* is exceptionally aptly named. The thought of all that brainpower going down the intellectual drain is sad, but Daniel Flynn's description of it is hilariously on point. This is must reading.—G. Gordon Liddy *Intellectual Morons* is a delight—a wonderful intellectual history of the past hundred years. Flynn ably describes the purveyors of the bad ideas that have undermined our free society.—Burton W. Folsom, Jr., professor of history, Hillsdale College A famous bit of folk wisdom says, 'You've got to stand for something or you'll fall for anything.' Some of the crackpot notions now fashionable in academic circles, as here documented by Daniel Flynn, suggest that saying is an understatement. If you want to know how crazy, and scary, intellectual morons can get, you have to read this book.—M. Stanton Evans, author of *The Theme Is Freedom*, contributing editor to *Human Events*

mark levin the democrat party hates america: *How the Right Lost Its Mind* Charles J. Sykes, 2017-10-03 Bracing and immediate. - The Washington Post Once at the center of the American conservative movement, bestselling author and radio host Charles Sykes is a fierce opponent of Donald Trump and the right-wing media that enabled his rise. In *How the Right Lost Its Mind*, Sykes presents an impassioned, regretful, and deeply thoughtful account of how the American conservative movement came to lose its values. How did a movement that was defined by its belief in limited government, individual liberty, free markets, traditional values, and civility find itself embracing bigotry, political intransigence, demagoguery, and outright falsehood? *How the Right Lost its Mind* addresses: *Why are so many voters so credulous and immune to factual information reported by responsible media? *Why did conservatives decide to overlook, even embrace, so many of Trump's outrages, gaffes, conspiracy theories, falsehoods, and smears? *Can conservatives govern? Or are they content merely to rage? *How can the right recover its traditional values and persuade a new generation of their worth?

mark levin the democrat party hates america: *A Patriot's History of the United States* Larry Schweikart, Michael Patrick Allen, 2004-12-29 For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. *A Patriot's History of the United States* corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

mark levin the democrat party hates america: *What Your Doctor Won't Tell You* David Sherer, 2021-03-16 THIS BOOK WILL SAVE YOUR LIFE! — NEWSMAX In *WHAT YOUR DOCTOR WON'T TELL YOU: The Real Reasons You Don't Feel Good and What YOU Can Do About It*, Dr. Sherer provides readers with verifiable information about current medicine, healthcare and relevant public policy so they can make their own best judgments as to whether a change in their behavior will, if they are inclined, effect a positive change in your life. He strips away the veneer of political correctness when it comes to health and provides the basic truths behind the implications of the daily decisions we make that affect our health. These decisions, mostly based in how we approach food, physical activity, our mental and emotional states, our interactions with others and our approach to accessing healthcare, have profound effects on our physical, mental and emotional states. Rather than being a book on how to eat, how to exercise, how to shop for a health plan and so

on, this work strives only to inform. Because with information comes power. And with power, there is the potential for positive change. Bold enough to tell you what many medical professionals haven't the courage to say, Dr. David Sherer's book is chock-full of inside information on health, healthcare, related public policy, as well as the latest in prevention, diagnosis, and treatment of diseases from depression, diabetes, and heart disease to autoimmune disorders, neurological diseases, and asthma. WHAT YOUR DOCTOR WON'T TELL YOU delivers straight, unfiltered, and evidence-based answers on topics such as: The real causes of the obesity epidemic and how it can be tamed Your best options for anesthesia for different surgeries and procedures The difference between an MD and a DO and why it matters Why colon cancer is skyrocketing in young people The best ways to buy and use medical cannabis 7 ways to make outpatient surgery safer and much, much, more! WHAT YOUR DOCTOR WON'T TELL YOU: The Real Reasons You Don't Feel Good and What YOU Can Do About It will become your primary source for all those questions your doctor doesn't have time to answer — answers that can save your life!

mark levin the democrat party hates america: *How Rights Went Wrong* Jamal Greene, 2021 An eminent constitutional scholar reveals how our approach to rights is dividing America, and shows how we can build a better system of justice.

mark levin the democrat party hates america: *The Enemy Within* David Horowitz, 2021-04-06 "The Enemy Within is a book for all patriots who understand that our country is in a fight for its life."—MARK LEVIN America on the Brink A questionable election. The president of the United States illegally impeached—twice—and silenced. The First Amendment hanging by a thread. The national heritage under attack. Mob violence. America is on the brink of becoming a one-party dictatorship. How did this happen? The Enemy Within: How a Totalitarian Movement Is Destroying America provides the answer. David Horowitz has been the *bête noire* of the Left for decades on account of his courageous revelations of their aims and tactics, and now he sounds the alarm: the barbarians are already inside the gates. Horowitz lays out how we have ended up in the worst national crisis since the Civil War. He details: • The Left's embrace of Critical Race Theory and Cultural Marxism—the underpinnings of their totalitarian ideology • The decades-long infiltration of our education system by ideologies hostile to America, our institutions, and our freedom • Why the Obama administration marked a point of no return in the division of America into two irreconcilable political factions • The Democrats' unprincipled campaign to destroy a duly elected U.S. president • Their political exploitation of the coronavirus pandemic • Their complicity in the riots of the summer of 2020, which left twenty-five dead, injured two thousand police officers, caused billions of dollars in property damage, and revealed the fragility of our civic order As Abraham Lincoln so presciently warned on the eve of America's last existential crisis, "If destruction be our lot, we must ourselves be its author and finisher. As a nation of freemen, we must live for all time, or die by suicide." In *The Enemy Within*, David Horowitz provides a spot-on assessment of the threat to the American Republic and points to an escape route—while there's still time.

mark levin the democrat party hates america: *Red, White, and Black* Robert L. Woodson, Sr., 2021-05-11 In the rush to redefine the place of black Americans in contemporary society, many radical activists and academics have mounted a campaign to destroy traditional American history and replace it with a politicized version that few would recognize. According to the new radical orthodoxy, the United States was founded as a racist nation—and everything that has happened throughout our history must be viewed through the lens of the systemic oppression of black people. Rejecting this false narrative, a collection of the most prominent and respected black scholars and thinkers has come together to correct the record and tell the true story of black Americans in all its complexity, diversity of experience, and poignancy. Collectively, they paint a vivid picture of black people living the grand American experience, however bumpy the road may be along the way. But rather than a people apart, blacks are woven into the united whole that makes this nation unique in history. Featuring Essays by: John Sibley Butler Jason D. Hill Coleman Cruz Hughes John McWhorter Clarence Page Wilfred Reilly Shelby Steele Carol M. Swain Dean Nelson Charles Love Rev. Corey Brook Stephen L. Harris Harold A. Black Stephanie Deutsch Yaya J. Fanusie Ian Rowe John Wood, Jr.

mark levin the democrat party hates america: *Panic Attack* Nicole Saphier, 2021-05-25
“Follow the science” is what they said. “Follow our politics” is what they meant. In *Panic Attack*, nationally bestselling author and physician Nicole Saphier uncovers the hypocrisy and hysteria which has characterized so much of the American pandemic response. While journalists trumpeted the importance of following science to “flatten the curve,” they praised Governors Andrew Cuomo and Phil Murphy, who sanctioned ill-equipped nursing homes to take COVID-positive patients, leading to an enormous death spike for New York and New Jersey. Plus, the old guard medical establishment captured by Dr. Fauci proved to be far too rigid during a health care emergency. While some state legislators are still concealing accurate records of nursing home deaths, many others have made anti-science decisions regarding re-opening plans; all of which fuel distrust and civil unrest. Democrat mayors like Bill de Blasio openly admitted that their decisions to keep schools closed were fueled by a “social contract” with teachers (that is: teachers’ unions), despite hard science saying this would be harmful. When anti-science measures are continuously implemented, the long-term consequences of such actions will likely stay with us for years to come. The pandemic has resulted in a failure of government, much of which is unavoidable in a unique disaster scenario. However, the rampant politicization of science, from the origin of the virus to the simple concept of wearing facemasks, has hopelessly muddied the water, divided the country, and knee-jerk anti-Trumpism made it all worse.

mark levin the democrat party hates america: *Why the Jews?* Dennis Prager, Joseph Telushkin, 2007-11-01 From the bestselling authors of *The Nine Questions People Ask About Judaism* comes a completely revised and updated edition of a modern classic that reflects the dangerous rise in antisemitism during the twenty-first century. The very word Jew continues to arouse passions as does no other religious, national, or political name. Why have Jews been the object of the most enduring and universal hatred in history? Why did Hitler consider murdering Jews more important than winning World War II? Why has the United Nations devoted more time to tiny Israel than to any other nation on earth? In this seminal study, Dennis Prager and Joseph Telushkin attempt to uncover and understand the roots of antisemitism -- from the ancient world to the Holocaust to the current crisis in the Middle East. This postmillennial edition of *Why the Jews?* offers new insights and unparalleled perspectives on some of the most recent, pressing developments in the contemporary world, including: • The replicating of Nazi antisemitism in the Arab world • The pervasive anti-Zionism/antisemitism on university campuses • The rise of antisemitism in Europe • Why the United States and Israel are linked in the minds of antisemites Clear, persuasive, and thought provoking, *Why the Jews?* is must reading for anyone who seeks to understand the unique role of the Jews in human history.

mark levin the democrat party hates america: *The Great Revolt* Salena Zito, Brad Todd, 2019-11-12 A CNN political analyst and a Republican strategist reframe the discussion of the “Trump voter” to answer the question, What’s next? NAMED ONE OF THE BEST BOOKS OF THE YEAR BY FOREIGN AFFAIRS • “Unlike most retellings of the 2016 election, *The Great Revolt* provides a cohesive, non-wild-eyed argument about where the Republican Party could be headed.”—The Atlantic Political experts were wrong about the 2016 election and they continue to blow it, predicting the coming demise of the president without pausing to consider the durability of the winds that swept him into office. Salena Zito and Brad Todd have traveled over 27,000 miles of country roads to interview more than three hundred Trump voters in ten swing counties. What emerges is a portrait of a group of citizens who span job descriptions, income brackets, education levels, and party allegiances, united by their desire to be part of a movement larger than themselves. They want to put pragmatism before ideology and localism before globalism, and demand the respect they deserve from Washington. The 2016 election signaled a realignment in American politics that will outlast any one president. Zito and Todd reframe the discussion of the “Trump voter” to answer the question, What’s next?

mark levin the democrat party hates america: *The Case Study of Vanitas*, Vol. 3 Jun

Mochizuki, 2017-11-14 The masked ball has ended, but the music plays on. As Noe and Vanitas return disgraced from Altus, the curtain rises on a new battle. News of kidnapped curse-bearers sends the pair to the catacombs beneath the streets of Paris, where a melody of intrigue echoes and a superhuman foe awaits! Humans or vampires: Who will be the hunter, and who the hunted?

mark levin the democrat party hates america: *Rigged* Mollie Hemingway, 2021-10-12 FROM THE AUTHOR OF THE #1 NATIONAL BESTSELLER JUSTICE ON TRIAL Stunned by the turbulence of the 2020 election, millions of Americans are asking the forbidden question: what really happened? It was a devastating triple punch. Capping their four-year campaign to destroy the Trump presidency, the media portrayed a Democratic victory as necessary and inevitable. Big Tech, wielding unprecedented powers, vaporized dissent and erased damning reports about the Biden family's corruption. And Democratic operatives, exploiting a public health crisis, shamelessly manipulated the voting process itself. Silenced and subjected, the American people lost their faith in the system. RIGGED is the definitive account of the 2020 election. Based on Mollie Hemingway's exclusive interviews with campaign officials, reporters, Supreme Court justices, and President Trump himself, it exposes the fraud and cynicism behind the Democrats' historic power-grab. Rewriting history is a specialty of the radical left, now in control of America's political and cultural heights. But they will have to contend with the determination, insight, and eloquence of Mollie Hemingway. RIGGED is a reminder for weary patriots that truth is still the most powerful weapon. The stakes for our democracy have never been higher.

mark levin the democrat party hates america: *Aristocratic Government in the Age of Reform* Peter Mandler, 1990 This book challenges the view that there was a smooth and inevitable progression towards liberalism in early nineteenth-century England. It examines the argument of the high whigs that the landed aristocracy still had a positive contribution to make to the welfare of the people. This argument gained significance as the laissez-faire state met with serious reverses in the 1830s and 1840s, when the bulk of the people proved unwilling to accept the compromise forged between the middle classes and other sections of the landed elite, and mass movements for political and social reform proliferated. Drawing on a rich variety of original sources, Mandler provides a vivid image of the high aristocracy at the peak of its wealth and power, and offers a provocative and unique analysis of how their rejection of middle-class manners helped them to govern Britain in two troubled decades of social unrest.

mark levin the democrat party hates america: *Setting Course* Craig Schultz, 1994

Back to Home: <https://fc1.getfilecloud.com>
