Founding and Early History of Omega Psi Phi

The Birth of Omega Psi Phi Fraternity

Omega Psi Phi was founded on November 17, 1911, at Howard University in Washington, D.C. The fraternity emerged during a period when African-American students faced significant challenges in higher education. Four visionary men—Dr. Ernest E. Just, Professor Frank Coleman, Bishop Edgar A. Love, and Dr. Oscar J. Cooper—established Omega Psi Phi with the cardinal principles of Manhood, Scholarship, Perseverance, and Uplift. The fraternity's creation marked a pivotal moment in the advancement of African-American leadership and academic excellence.

Early Growth and Expansion

After its founding, Omega Psi Phi rapidly expanded across college campuses in the United States. The organization became renowned for its commitment to brotherhood, leadership, and service. By the 1920s, Omega Psi Phi chapters were present in multiple states, actively engaging in social action and community initiatives. The fraternity's early history is essential for understanding the themes and subjects covered in omega psi phi history books.

Significance of Omega Psi Phi History Books

Documenting a Legacy of Excellence

Omega Psi Phi history books serve as vital records of the fraternity's journey, achievements, and impact on society. These publications provide detailed accounts of historical events, influential personalities, and the organization's evolving mission. By preserving oral histories and written documentation, omega psi phi history books help safeguard the fraternity's legacy for future generations.

Educational and Inspirational Value

History books on Omega Psi Phi are essential educational resources, offering insights into the cultural, social, and political contexts that shaped the fraternity. They inspire readers by highlighting stories of perseverance, scholarship, and leadership among members. For students, researchers, and members alike, these books are invaluable tools for learning about the fraternity's contributions to civil rights, education, and community empowerment.

Notable Omega Psi Phi History Publications

Essential Books and Authors

Several omega psi phi history books have been published over the years, each providing unique perspectives on the fraternity's evolution. These works are authored by scholars, fraternity members, and historians dedicated to capturing Omega Psi Phi's rich heritage.

- **“The History of Omega Psi Phi Fraternity, Inc.”** – A detailed chronicle of the fraternity’s founding, major milestones, and transformative periods.
- **“Omega Men: The Story of Omega Psi Phi Fraternity”** – A comprehensive account highlighting the organization’s impact on education, leadership, and social change.
- **Biographies of Founders and Influential Members** – Books focusing on the lives and achievements of Omega Psi Phi’s founders and key contributors.
- **Anniversary Publications** – Special editions released to commemorate significant anniversaries, featuring historical retrospectives and member testimonials.

Content and Features of History Books

Omega Psi Phi history books typically include photographs, archival documents, timelines, and personal stories. These features help readers visualize the fraternity’s evolution and understand the broader historical context. Many books also explore the symbolism, rituals, and traditions that define Omega Psi Phi’s identity.

Key Figures and Historical Contributions

Founders and Early Leaders

The original founders—Dr. Ernest E. Just, Professor Frank Coleman, Bishop Edgar A. Love, and Dr. Oscar J. Cooper—are prominently featured in every omega psi phi history book. Their vision and dedication laid the foundation for an organization that continues to foster academic achievement and social responsibility.

Influential Omega Psi Phi Members

Throughout its history, Omega Psi Phi has produced many influential leaders in education, politics, science, and the arts. Notable members include Dr. Charles Drew, renowned for his pioneering work in blood transfusion, and Jesse Jackson, a prominent civil rights leader. History books document the achievements of these individuals, emphasizing their contributions to society and the fraternity’s enduring legacy.

1. Dr. Ernest E. Just – Biologist and founder
2. Professor Frank Coleman – Physicist and educator
3. Bishop Edgar A. Love – Minister and advocate
4. Dr. Oscar J. Cooper – Physician and co-founder
5. Dr. Charles Drew – Medical innovator
6. Jesse Jackson – Civil rights activist

Preserving Omega Psi Phi's Legacy

Role of History Books in Cultural Preservation

Omega Psi Phi history books play a crucial role in preserving the fraternity's culture, values, and traditions. They capture the organization's responses to historical challenges and its efforts to promote social justice and educational attainment. By documenting both triumphs and struggles, these books contribute to a fuller understanding of African-American history and the ongoing journey toward equality.

Archival Projects and Digital Initiatives

In addition to printed books, Omega Psi Phi has engaged in various archival and digital projects to safeguard its history. Digitized records, oral history interviews, and multimedia exhibits are increasingly being used to reach wider audiences. These initiatives ensure that the fraternity's story remains accessible and relevant in the digital age.

Tips for Finding and Evaluating Omega Psi Phi History Books

Identifying Authoritative Resources

When searching for an omega psi phi history book, it is important to seek credible, well-researched publications. Books published by the fraternity itself or written by recognized scholars and members tend to offer the most accurate information. Look for works that cite primary sources, include archival materials, and are endorsed by Omega Psi Phi chapters or national leadership.

Assessing Content Quality and Relevance

Evaluate the depth and scope of each book by reviewing its table of contents, bibliography, and featured topics. Quality history books provide balanced coverage of historical milestones, member contributions, and the fraternity's social impact. Consider the inclusion of photographs, timelines, and firsthand accounts to enhance your understanding of Omega Psi Phi's history.

- Check for reputable authorship and scholarly credentials.
- Look for comprehensive coverage of historical events and figures.
- Assess the use of primary sources and archival materials.
- Seek endorsements or recommendations from Omega Psi Phi chapters.
- Consider multimedia and digital supplements for enhanced learning.

Trending and Relevant Questions and Answers About Omega Psi Phi History Book

Q: What is the significance of an omega psi phi history book?

A: An omega psi phi history book documents the fraternity's origins, achievements, and impact, preserving its legacy and educating new generations about its role in African-American history.

Q: Who were the founders of Omega Psi Phi?

A: The fraternity was founded by Dr. Ernest E. Just, Professor Frank Coleman, Bishop Edgar A. Love, and Dr. Oscar J. Cooper at Howard University in 1911.

Q: What topics are commonly covered in Omega Psi Phi history books?

A: These books often include the fraternity's founding story, historical milestones, biographies of influential members, community service, and contributions to civil rights.

Q: How can I find a reputable omega psi phi history book?

A: Look for publications from official fraternity sources, established scholars, or books endorsed by Omega Psi Phi chapters, and review their references and archival materials.

Q: What makes Omega Psi Phi history books valuable for research?

A: They provide primary source information, detailed timelines, and firsthand accounts, making them essential for understanding the fraternity's impact on education and society.

Q: Are there digital archives or online resources for Omega Psi Phi history?

A: Yes, many chapters and the national organization offer digitized records, oral histories, and multimedia exhibits to supplement printed history books.

Q: Which influential members are highlighted in omega psi phi history books?

A: Key figures include Dr. Charles Drew, Jesse Jackson, and the four founders, with coverage of their achievements and contributions.

Q: Why is it important to preserve Omega Psi Phi's history in books?

A: Preserving history in books ensures the fraternity's values, traditions, and achievements are accessible to future generations and remain part of the cultural record.

Q: What features should I look for in an omega psi

phi history book?

A: Seek books with photographs, archival documents, comprehensive timelines, and well-documented narratives for a complete understanding of the fraternity's history.

Q: How do omega psi phi history books inspire current and future members?

A: By showcasing stories of perseverance and leadership, these books motivate members to uphold the fraternity's principles and contribute positively to their communities.

Omega Psi Phi History Book: Uncovering the Legacy of a Fraternity

Are you fascinated by the rich history of historically Black fraternities and sororities? Do you want to delve deeper into the legacy of Omega Psi Phi Fraternity, Inc.? Then you've come to the right place. This comprehensive guide explores the quest for an official Omega Psi Phi history book, delves into the available resources documenting the fraternity's impactful journey, and points you towards the best ways to learn about this significant organization. We'll unravel the complexities surrounding a singular definitive history book and provide alternative avenues for understanding Omega Psi Phi's remarkable past.

The Search for the Definitive "Omega Psi Phi History Book"

The immediate answer to the question, "Is there an official Omega Psi Phi history book?" is nuanced. There isn't one single, universally recognized volume published by the fraternity itself that serves as the definitive historical record. This absence stems from several factors, including the vastness of the fraternity's history spanning over a century, the decentralized nature of historical record-keeping in its early years, and the ongoing process of preserving and interpreting its legacy.

Key Historical Resources and Publications

While a single, official history book remains elusive, several valuable resources offer comprehensive insights into the Omega Psi Phi narrative. These include:

Chapter Histories: Many individual chapters of Omega Psi Phi have meticulously documented their own histories, offering localized perspectives on the fraternity's national impact. These provide invaluable granular details about the fraternity's evolution in different geographical areas. Researching these localized histories can paint a rich, multifaceted picture.

Fraternity Magazines and Journals: The fraternity has published numerous magazines and journals throughout its existence. These publications provide a chronological record of events, achievements, and the evolving priorities of Omega Psi Phi. They often contain firsthand accounts and photographs, providing valuable primary source material.

Biographies of Notable Members: Many prominent members of Omega Psi Phi have had biographies written about them, shedding light on their individual contributions to the fraternity and the broader societal landscape. These biographical accounts offer an intimate glimpse into the lives and influences of key figures within Omega Psi Phi's history.

Archival Materials: The fraternity's national headquarters likely maintains significant archival materials, including minutes from meetings, correspondence, photographs, and other documents. Accessing these materials might require direct contact with the organization.

Oral Histories: The collection and preservation of oral histories from older members are crucial to filling in gaps and providing personal accounts of significant moments in Omega Psi Phi's development. These personal narratives add an emotional depth to historical accounts.

Understanding the Challenges in Creating a Comprehensive History

Creating a comprehensive Omega Psi Phi history book is a monumental task. The sheer volume of information, the need to balance diverse perspectives, and the ongoing commitment to historical accuracy are all contributing factors. Furthermore, sensitive historical events might require careful consideration and sensitivity in their presentation. The fraternity's commitment to its legacy demands a meticulous and responsible approach to historical documentation.

Alternative Ways to Learn About Omega Psi Phi's History

Beyond the search for a singular book, numerous avenues exist to gain a profound understanding of Omega Psi Phi's history:

Contacting the National Headquarters: Reaching out to the national headquarters of Omega Psi Phi

is an excellent way to access official communications, announcements, and potentially gain insight into available historical resources.

Connecting with Alumni Chapters: Alumni chapters are often repositories of local historical information and memorabilia, offering invaluable resources for those eager to learn more about the fraternity's history in specific regions.

Online Research: Utilizing online databases, digital archives, and academic resources can uncover a wealth of information about Omega Psi Phi's history, achievements, and contributions to society.

Conclusion

While a single, comprehensive "Omega Psi Phi history book" may not yet exist, numerous avenues offer rich insight into the fraternity's incredible legacy. By exploring chapter histories, fraternity publications, biographies, and archival materials, a detailed and nuanced understanding of Omega Psi Phi's journey can be developed. The pursuit of knowledge about this significant organization is an ongoing process, requiring dedication and a multi-pronged approach. Remember to always verify information from multiple reputable sources to ensure historical accuracy.

Frequently Asked Questions (FAQs)

1. Where can I find Omega Psi Phi chapter histories? Contact the individual chapters directly or explore university archives in regions where the chapter is active.
2. Are there any online resources dedicated to Omega Psi Phi's history? While there isn't a single, dedicated, official website, general internet searches, combined with targeted searches focusing on specific events or members, will yield valuable results.
3. How can I contribute to preserving Omega Psi Phi's history? Contact the national headquarters or local alumni chapters to inquire about opportunities to share personal stories, documents, or photographs.
4. Are there any upcoming publications planned by the fraternity? Checking the official fraternity website or contacting the headquarters will provide the most up-to-date information about planned publications.
5. What is the best approach to researching a specific event in Omega Psi Phi's history? Start with general searches and then narrow your search by combining keywords related to the event and relevant dates or locations. Consult multiple sources to ensure accuracy.

omega psi phi history book: The History of the Omega Psi Phi Fraternity Herman Dreer, 1940

omega psi phi history book: *The History of Omega Psi Phi Fraternity Inc. (an Update for the Period 1960-2008)* Vernon Steve Weakley, 2009-05-01 This literary work is an update of the History of Omega Psi Phi Fraternity Inc. for the period 1960 to 2008. This book humbly takes up where Omega men Herman Dreer, Robert L. Gill and their outstanding committees stopped. This new update was officially sanctioned and commissioned by Omega Psi Phi Fraternity Inc. via the 38th Grand Basileus, the honorable Warren G. Lee, and the elected Supreme Council for the 74th Grand Conclave. This Omega History Book project will provide a clear and accurate history of Omega Psi Phi Fraternity and its impact on America and African Americans in particular for the period 1960 to 2008. This new History update will serve to clearly demonstrate how Omega Psi Phi fraternity Inc. has, not only made a significant positive difference in the lives of Black people, but the entire world. It is this committee's fervent hope that this update will not only enlighten, be a beacon and shed light on our illustrious history but will also be an inspiration to young people, the general public at large and all Omega Men, past, present and future. This new update involved the comprehensive gathering of historical data on Omega Psi Phi Fraternity Inc. from all across America and internationally for the period 1960 to the 2008. It endeavored to encompass all significant contributions, all noteworthy efforts and the resulting factual recordation of Omega Psi Phi fraternity and all Omega men who have had pertinent impact on America and Omega Dear during this period. This project was massive and took over two years to complete. The resulting final product will be a self perpetuating income generating source for Omega Psi Phi fraternity for many years to come. Please be clearly advised readers that this is an update of the previous history books written by the honorable Herman Dreer, Robert L. Gill and their committees. This book, with the exception of containing some basic historical information to enlighten a person who has no knowledge of Omega Psi Phi Fraternity, will not routinely cover past historical information shown in the great works of Dreer and Gill occurring prior to this update period. The history rich period for this update has provided many interesting challenges for Omega and its members. The Founders of Omega Psi Phi Fraternity did not shrink from the task, nor did they pity themselves for being given the tremendous burden to uplift the African American race. W.E.B. DuBois' talented tenth assertion must be our rallying cry in that it crystallizes the fact that Omega men must be in the forefront in lifting the Black community to higher heights. Omega men are indeed the cream of the crop endowed with the divine gift of greatness. And, our great history and our individual and unified deeds bare witness to this fact and with that our readiness to step to the fore. Omega Psi Phi Fraternity Inc. is filled with many great Omega men who have had significant positive impact on America during this update period. There are undeniable facts, inspiring legends, and exceptional Omega men who have accomplished great things in their districts and at the international level, as well as in their personal lives and in their gallant exploits across the nation. It is time that the world knows of our extraordinary contributions to the greatest country on earth and our proud race. We pray that this HISTORY OF OMEGA PSI PHI FRATERNITY INC. for the period 1960 to 2008 accomplishes this goal and be a guiding light to live by and be a positive uplifting force for all that reads it.

omega psi phi history book: *Omega Psi Phi Ultimate Uplift: 1911 to 2011 and Beyond!* Marzette Henderson, 2011-11 Omega Psi Phi is the first African-American national fraternal organization founded at a historically black university. Since the beginning Omega Psi Phi has been a strong and virile force for the uplift of African Americans and all of humanity. -- Back cover.

omega psi phi history book: Leading Figures in the History of Omega Psi Phi Fraternity, Inc. Judson L Jeffries, 2025-02-04 In two volumes, Judson Jeffries brings together essays on 21 accomplished and influential members of Omega Psi Phi Fraternity, Inc., demonstrating the enormous impact of the fraternity. Volume 1 tells the story of the organization's founding and spotlights scientists, civil rights lawyers, athletes, and musicians.

omega psi phi history book: The Omega Psi Phi Fraternity and the Men who Made Its History Robert Lewis Gill, 1963 The Omega Psi Phi Fraternity was founded in 1911 at Howard University, a university primarily attended by African Americans. .

omega psi phi history book: *Tussle at the Top* Vincent Windrow, 2018-09-10 This book features years of research on both the competition between and the member-collaboration of Omega Psi Phi and Alpha Phi Alpha. These two storied Black Greek fraternities have contributed mightily to society through its respective organizational thrusts and the achievements of their members. This work highlights both and provides detailed and interesting research on the many personalities that have been initiated through both fraternities and the ways in which they have particularly impacted the struggles and challenges of African Americans.

omega psi phi history book: *The Divine Nine* Lawrence C. Ross, 2001-01-01 From the creation of the first black fraternity at Cornell in 1906 to the present day, a fascinating history of America's nine black fraternities and sororities explores the roles of these organizations in shaping generations of African-American leaders. Reissue.

omega psi phi history book: *Kappa Alpha Psi Secrets* Itty Bitnique, 2014-07-26 This collectible little history study book includes the unauthorized history of Kappa Alpha Psi with a COLLECTIBLE BOOK COVER. It includes information about the origin of the organization, founders, traditions, and secret college greek nomenclature.

omega psi phi history book: *Black Haze, Second Edition* Ricky L. Jones, 2015-06-27 Expanded and revised edition of the first book devoted solely to black fraternity hazing. Are black men naturally violent? Do they define manhood in the same way as their counterparts across lines of race? Are black Greek-letter fraternities among the most dangerous student organizations on American college and university campuses? Can their often-dangerous initiation processes be stopped or even modified and, if not, what should be done about them? In this second edition of *Black Haze*, Ricky L. Jones takes on these questions and more. The first edition was an enlightening and sometimes disturbing examination of American men's quest for acceptance, comfort, reaffirmation, and manhood in a world where their footing is often unstable. In this new edition Jones not only provides masterful philosophical and ethical analyses but he also forces the engagement of a terrifying real world process that damages and kills students with all too frequent regularity. With a revealing new preface and stunning afterword, Jones immerses the reader in an intriguing and dark world marked by hypermasculinity, unapologetic brutality, and sometimes death. He offers a compelling book that ranges well beyond the subject of hazing—one that yields perplexing questions and demands difficult choices as we move forward in addressing issues surrounding fraternities, violent hazing, black men, and American society. *Black Haze* is a landmark study on hazing culture within black Greek-letter organizations. With an insider's eye and scholar's touch, Jones masterfully captures the emic contours, complexities, and contradictions of black fraternity hazing as ritual act and cultural practice. This text is at once rigorous and accessible, theoretical and practical, classic and urgent. Anyone interested in understanding hazing, masculinity, BGLOs, or black cultural practice must read this book! — Marc Lamont Hill, coauthor of *The Classroom and the Cell: Conversations on Black Life in America* *Black Haze* is a compelling survey of black Greek-letter organizations, their history, purpose, and their most damning traditions. This is an examination of how the virtues of brotherhood and civic service coexist with brutal violence and cruelty within some of the oldest organizations in black America. Professor Jones has produced a vital contribution about a crucial and enduring problem. — William Jelani Cobb, author of *The Substance of Hope: Barack Obama and the Paradox of Progress* *Ricky Jones's Black Haze* is an important study of black male identity development. By examining black men's relationship with fraternities, he uncovers larger and brilliantly penetrating insights into issues of masculinity and political identity among African American males in the post-civil rights era. — Peniel E. Joseph, author of *Waiting 'Til the Midnight Hour: A Narrative History of Black Power in America* *Black Haze* is a riveting coup de grâce against ritualized violence in black fraternities. The second edition of *Black Haze* is the most penetrating, illuminating, and articulate sociopolitical and cultural analysis of the chilling legacy of violence in black Greek-letter fraternities. As one of the world's leading authorities on black masculinity and organizations, Ricky Jones intelligently confronts traditional verities, social norms, and myths that seek to justify and continue ritualized violence in black

fraternities through the courageous prism of a reformed insider dedicated to the preservation of black dignity and life. □ □ Jeremy I. Levitt, author of *Black Women and International Law: Deliberate Interactions, Movements and Actions Praise for the First Edition* □ provides valuable insights into the reasoning behind hazing, a practice that extends into the realms of sports and even high school, and is relevant for not only fraternity members and officials, but the general public as well. □ □ *The Griot* □ an important contribution because of the skillful manner in which Jones incorporates and critically analyzes relevant literature and other related scholarly writings Jones, himself a member of Kappa Alpha Psi, offers personal observations as well as first-hand views and perceptions of hazing. □ □ Journal of College Student Development

omega psi phi history book: *Black Apollo of Science* Kenneth R. Manning, 1985-01-03 This biography illuminates the racial attitudes of an elite group of American scientists and foundation officers. It is the story of a complex and unhappy man. It blends social, institutional, black, and political history with the history of science.

omega psi phi history book: *The Immediate Jewel of His Soul* Herman Dreer, 2022-10-27 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

omega psi phi history book: *Black Greek-letter Organizations in the Twenty-First Century* Gregory S. Parks, 2008-06-13 During the twentieth century, black Greek-Letter organizations (BGLOs) united college students dedicated to excellence, fostered kinship, and uplifted African Americans. Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr., Congresswoman Barbara Jordan, novelist Toni Morrison, and Wall Street pioneer Reginald F. Lewis. Despite the profound influence of these groups, many now question the continuing relevance of BGLOs, arguing that their golden age has passed. Partly because of their perceived link to hip-hop culture, black fraternities and sororities have been unfairly reduced to a media stereotype—a world of hazing without any real substance. The general public knows very little about BGLOs, and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations. To foster a greater engagement with the history and contributions of BGLOs, *Black Greek-Letter Organizations in the Twenty-first Century: Our Fight Has Just Begun* brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members. Editor Gregory S. Parks and the contributing authors provide historical context for the development of BGLOs, exploring their service activities as well as their relationships with other prominent African American institutions. The book examines BGLOs' responses to a number of contemporary issues, including non-black membership, homosexuality within BGLOs, and the perception of BGLOs as educated gangs. As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena, Louisiana, these organizations still have a vital mission. Both internally and externally, BGLOs struggle to forge a relevant identity for the new century. Internally, these groups wrestle with many issues, including hazing, homophobia, petty intergroup competition, and the difficulty of bridging the divide between college and alumni members. Externally, BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism, sexism, and other types of fear-driven behavior. By embracing the history of these organizations and exploring their continuing viability and relevance, *Black Greek-Letter Organizations in the Twenty-first Century* demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead.

omega psi phi history book: *African American Fraternities and Sororities* Tamara L. Brown, Gregory S. Parks, Clarendia M. Phillips, 2012-02-29 The rich history and social significance of

the “Divine Nine” African American Greek-letter organizations is explored in this comprehensive anthology. In the long tradition of African American benevolent and secret societies, intercollegiate African American fraternities and sororities have strong traditions of fostering brotherhood and sisterhood among their members, exerting considerable influence in the African American community and being in the forefront of civic action, community service, and philanthropy. Dr. Martin Luther King, Jr., Toni Morrison, Arthur Ashe, and Sarah Vaughn are just a few of the trailblazing members of these organizations. *African American Fraternities and Sororities* places the history of these organizations in context, linking them to other movements and organizations that predated them and tying their history to the Civil Rights movement. It explores various cultural aspects of the organizations, such as auxiliary groups, branding, calls, and stepping, and highlights the unique role of African American sororities.

omega psi phi history book: Soulstepping Elizabeth Calvert Fine, 2003 Stepping is a complex performance that melds folk traditions with popular culture and involves synchronized percussive movement, singing, speaking, chanting, and drama. Elizabeth C. Fine's stunningly elaborate and vibrant portrayal of the cultural politics of stepping draws on interviews with individuals on college campuses and steppers and stepping coaches from high schools, community groups, churches, and dance organizations. *Soulstepping* is the first book to document the history of stepping, its roots in African and African American culture, and its transformation by churches, schools, and social groups into a powerful tool for instilling group identity and community involvement.

omega psi phi history book: Black Greek 101 Walter M. Kimbrough, 2023-09-12 *Black Greek 101* analyzes the customs, culture, and challenges facing historically Black fraternal organizations. The text provides a history of Black Greek organizations beyond the nine major organizations, examining the pledging practice, the growth of fraternalism outside of the mainstream organizations, the vivid culture and practices of the groups, and challenges for the future.

omega psi phi history book: What is Worth While? Anna Robertson Brown Lindsay, 1897

omega psi phi history book: Brothers and Sisters Craig LaRon Torbenson, Gregory Parks, 2009 The 1950s are arguably the watershed era in the civil rights movement with the landmark Supreme Court decision of *Brown v. Board of Education* in 1954, the Montgomery Bus Boycott in 1955, and the desegregation of Little Rock (Arkansas) High School in 1957. It was during this period--1955 to be exact--that sociologist Alfred M. Lee published his seminal work *Fraternities without Brotherhood: A Study of Prejudice on the American Campus*. Lee's book was the first and last book to explore diversity within college fraternal groups. More than fifty years later, Craig L. Torbenson and Gregory S. Parks revisit this issue more broadly in their edited volume *Brothers and Sisters: Diversity in College Fraternities and Sororities*. This volume draws from a variety of disciplines in an attempt to provide a holistic analysis of diversity within collegiate fraternal life. It also brings a wide range of scholarly approaches to the inquiry of diversity within college fraternities and sororities. It explores not only from whence these groups have come but where they are currently situated and what issues arise as they progress.

omega psi phi history book: The Assassination of Fred Hampton Jeffrey Haas, 2019-11-05 Read the story behind the award-winning film *Judas and the Black Messiah* On December 4, 1969, attorney Jeff Haas was in a police lockup in Chicago, interviewing Fred Hampton's fiancée. Deborah Johnson described how the police pulled her from the room as Fred lay unconscious on their bed. She heard one officer say, He's still alive. She then heard two shots. A second officer said, He's good and dead now. She looked at Jeff and asked, What can you do? The Assassination of Fred Hampton remains Haas's personal account of how he and People's Law Office partner Flint Taylor pursued Hampton's assassins, ultimately prevailing over unlimited government resources and FBI conspiracy. Fifty years later, Haas writes that there is still an urgent need for the revolutionary systemic changes Hampton was organizing to accomplish. Not only a story of justice delivered, this book spotlights Hampton as a dynamic community leader and an inspiration for those in the ongoing fight against injustice and police brutality.

omega psi phi history book: The Legend of the Black Mecca Maurice J. Hobson, 2017-10-03 For more than a century, the city of Atlanta has been associated with black achievement in education, business, politics, media, and music, earning it the nickname the black Mecca. Atlanta's long tradition of black education dates back to Reconstruction, and produced an elite that flourished in spite of Jim Crow, rose to leadership during the civil rights movement, and then took power in the 1970s by building a coalition between white progressives, business interests, and black Atlantans. But as Maurice J. Hobson demonstrates, Atlanta's political leadership--from the election of Maynard Jackson, Atlanta's first black mayor, through the city's hosting of the 1996 Olympic Games--has consistently mishandled the black poor. Drawn from vivid primary sources and unnerving oral histories of working-class city-dwellers and hip-hop artists from Atlanta's underbelly, Hobson argues that Atlanta's political leadership has governed by bargaining with white business interests to the detriment of ordinary black Atlantans. In telling this history through the prism of the black New South and Atlanta politics, policy, and pop culture, Hobson portrays a striking schism between the black political elite and poor city-dwellers, complicating the long-held view of Atlanta as a mecca for black people.

omega psi phi history book: Jewels Darrius Jerome Gourdine, 2006-06-24 Explore the planning and founding of the literary society that would one day become Alpha Phi Alpha Fraternity. This is a fascinating novel about seven of the greatest contributors to African American collegiate and graduate life....-- P. [4] of cover.

omega psi phi history book: With Faith in God and Heart and Mind Maurice J. Hobson, Eddie R. Cole, Jim C. Harper, Derrick P. Alridge, 2025-05-01 When Edgar A. Love, Oscar J. Cooper, Frank Coleman, and Ernest Everett Just founded the historically Black fraternity Omega Psi Phi on November 17, 1911, at Howard University, they could not have known how great of an impact their organization would have on American life. Over the 110 years that followed, its members led colleges and universities; served in prominent military roles; made innumerable contributions to education, civic society, science, and medicine; and at least one campaigned for the US presidency. This book offers a comprehensive, authoritative history of the fraternity, emphasizing its vital role through multiple eras of the Black freedom struggle. The authors address both the individual work of its membership, which has included such figures as Carter G. Woodson, Bayard Rustin, Roy Wilkins, James L. Farmer Jr., Benjamin Elijah Mays, James Clyburn, Jesse Jackson, and Benjamin Crump, and the collective efforts of the fraternity's leadership to encourage its general membership to contribute to the struggle in concrete ways over the years. The result is a book that uniquely connects the 1910s with the present, showing the ongoing power of a Black fraternal organization to channel its members toward social reform.

omega psi phi history book: The Campus Color Line Eddie R. Cole, 2022-02-15 Although it is commonly known that college students and other activists, as well as politicians, actively participated in the fight for and against civil rights in the middle decades of the twentieth century, historical accounts have not adequately focused on the roles that the nation's college presidents played in the debates concerning racism. Focusing on the period between 1948 and 1968, *The Campus Color Line* sheds light on the important place of college presidents in the struggle for racial parity. College presidents, during a time of violence and unrest, initiated and shaped racial policies and practices inside and outside of the educational sphere. *The Campus Color Line* illuminates how the legacy of academic leaders' actions continues to influence the unfinished struggle for Black freedom and racial equity in education and beyond.--

omega psi phi history book: Black Officer in a Buffalo Soldier Regiment Brian G. Shellum, 2010-02-01 An unheralded military hero, Charles Young (1864-1922) was the third black graduate of West Point, the first African American national park superintendent, the first black U.S. military attaché, the first African American officer to command a Regular Army regiment, and the highest-ranking black officer in the Regular Army until his death. *Black Officer in a Buffalo Soldier Regiment* tells the story of the man who—willingly or not—served as a standard-bearer for his race in the officer corps for nearly thirty years, and who, if not for racial prejudice, would have become

the first African American general. Brian G. Shellum describes how, during his remarkable army career, Young was shuffled among the few assignments deemed suitable for a black officer in a white man's army—the Buffalo Soldier regiments, an African American college, and diplomatic posts in black republics such as Liberia. Nonetheless, he used his experience to establish himself as an exceptional cavalry officer. He was a colonel on the eve of the United States' entry into World War I, when serious medical problems and racial intolerance denied him command and ended his career. Shellum's book seeks to restore a hero to the ranks of military history; at the same time, it informs our understanding of the role of race in the history of the American military.

omega psi phi history book: A Political Education Elizabeth Todd-Breland, 2018-10-03 In 2012, Chicago's school year began with the city's first teachers' strike in a quarter century and ended with the largest mass closure of public schools in U.S. history. On one side, a union leader and veteran black woman educator drew upon organizing strategies from black and Latinx communities to demand increased school resources. On the other side, the mayor, backed by the Obama administration, argued that only corporate-style education reform could set the struggling school system aright. The stark differences in positions resonated nationally, challenging the long-standing alliance between teachers' unions and the Democratic Party. Elizabeth Todd-Breland recovers the hidden history underlying this battle. She tells the story of black education reformers' community-based strategies to improve education beginning during the 1960s, as support for desegregation transformed into community control, experimental schooling models that pre-dated charter schools, and black teachers' challenges to a newly assertive teachers' union. This book reveals how these strategies collided with the burgeoning neoliberal educational apparatus during the late twentieth century, laying bare ruptures and enduring tensions between the politics of black achievement, urban inequality, and U.S. democracy.

omega psi phi history book: Major Todd Balf, 2009-01-27 The story of a man who transcended the handicaps of race to become America's first African American mega sports celebrity. At the turn of the 20th century, hundreds of lightning-fast racers won the hearts and minds of a bicycling-crazed public. Scientists studied them, newspapers glorified them, and millions of dollars in purse money were awarded to them. Major Taylor aimed to be the fastest of them all. Taylor's most formidable and ruthless opponent—a man nicknamed the Human Engine—was Floyd McFarland. One man was white, one black; one from a storied Virginia family, the other descended from Kentucky slaves; one celebrated as a hero, one trying to secure his spot in a sport he dominated. The only thing they had in common was the desire to be named the fastest man alive. Finally, in 1904, both men headed to Australia for a much-anticipated title match to decide who would claim the coveted title. Major is the story of a superstar nobody saw coming, the account of a fierce rivalry that would become an archetypal tale of white versus black in the 20th century, and, most of all, the tale of our nation's first black sports celebrity.

omega psi phi history book: Leading Figures in the History of Omega Psi Phi Fraternity, Inc. Judson L Jeffries, 2025-02-04 In two volumes, Judson Jeffries brings together essays on 21 accomplished and influential members of Omega Psi Phi Fraternity, Inc., demonstrating the enormous impact of the fraternity. Volume 2 discusses military figures, artists, modern civil rights activists, and scholars, and celebrates the rise of recent scholarship on Black Greek-letter organizations.

omega psi phi history book: The Quanders Rohulamin Quander, 2021-04-12 Short of the Book Title The selected title of this book, The Quanders – Since 1684: An Enduring African American Legacy, is self-explanatory and becomes more so once the reader delves into the content. Tracing the legacy of Henry Quando and Margrett Pugg, his wife, and their progeny, from 1684 to the present, unfolds a story of triumph and sustained accomplishment beyond and in spite of whatever racially-inspired obstacles were placed as inhibitors on the road to success. Description of the Work The Quanders – Since 1684: An Enduring African America Legacy introduces stories that constitute the Quander family legacy as one of the oldest consistently documented African American families in the United States. This is not so much an African American story, as it is an American

history story, written from an African American perspective. It features examples of faith, strength, focus, character, and triumph emerging from and beyond a series of imposed stumbling blocks. As well, the author acknowledges the contributions of those who came before and builds upon their achievements and successes to the benefit of future generations. While most Americans respect our nation and its Founding Fathers who made it a reality, the Quander story expands the scope of that recognition by painting smaller parallel stories addressing what else was ongoing, i.e., incidences, events, setbacks, the cumulative effect of which helped us, as people of African descent, to hold our heads just as high as other communities. Indeed, we too shared in the building of this great nation and in seeking to fulfill the American Dream.

omega psi phi history book: Esotericism in African American Religious Experience , 2014-11-06 In *Esotericism in African American Religious Experience: "There is a Mystery" ...*, Stephen C. Finley, Margarita Simon Guillory, and Hugh R. Page, Jr. assemble twenty groundbreaking essays that provide a rationale and parameters for Africana Esoteric Studies (AES): a new trans-disciplinary enterprise focused on the investigation of esoteric lore and practices in Africa and the African Diaspora. The goals of this new field — while akin to those of Religious Studies, Africana Studies, and Western Esoteric Studies — are focused on the impulses that give rise to Africana Esoteric Traditions (AETs) and the ways in which they can be understood as loci where issues such as race, ethnicity, and identity are engaged; and in which identity, embodiment, resistance, and meaning are negotiated.

omega psi phi history book: Revised Constitution and By-laws ... Methodist Episcopal Church. Illinois Conference. Preachers' Aid Society, 1909

omega psi phi history book: The Black Seminoles Kenneth W. Porter, 2013-05-21 This story of a remarkable people, the Black Seminoles, and their charismatic leader, Chief John Horse, chronicles their heroic struggle for freedom. Beginning with the early 1800s, small groups of fugitive slaves living in Florida joined the Seminole Indians (an association that thrived for decades on reciprocal respect and affection). Kenneth Porter traces their fortunes and exploits as they moved across the country and attempted to live first beyond the law, then as loyal servants of it. He examines the Black Seminole role in the bloody Second Seminole War, when John Horse and his men distinguished themselves as fierce warriors, and their forced removal to the Oklahoma Indian Territory in the 1840s, where John's leadership ability emerged. The account includes the Black Seminole exodus in the 1850s to Mexico, their service as border troops for the Mexican government, and their return to Texas in the 1870s, where many of the men scouted for the U.S. Army. Members of their combat-tested unit, never numbering more than 50 men at a time, were awarded four of the sixteen Medals of Honor received by the several thousand Indian scouts in the West. Porter's interviews with John Horse's descendants and acquaintances in the 1940s and 1950s provide eyewitness accounts. When Alcione Amos and Thomas Senter took up the project in the 1980s, they incorporated new information that had since come to light about John Horse and his people. A powerful and stirring story, *The Black Seminoles* will appeal especially to readers interested in black history, Indian history, Florida history, and U.S. military history.

omega psi phi history book: Having Our Say Sarah L. Delany, A. Elizabeth Delany, Amy Hill Hearth, 2023-01-03 Warm, feisty, and intelligent, the Delany sisters speak their mind in a book that is at once a vital historical record and a moving portrait of two remarkable women who continued to love, laugh, and embrace life after over a hundred years of living side by side. Their sharp memories tell us about the post-Reconstruction South and Booker T. Washington, Harlem's Golden Age and Langston Hughes, W. E. B. Du Bois and Paul Robeson. Bessie Delany breaks barriers to become a dentist; Sadie Delany quietly integrates the New York City system as a high school teacher. Their extraordinary story makes an important contribution to our nation's heritage—and an indelible impression on our lives.

omega psi phi history book: Others Thought I Could Lead James S. Avery, 2006 As a corporate executive, James S. Avery did not simply open doors for black people in this country; he changed marketing strategy throughout the corporate world. Now, in his autobiography, *Others Thought I*

Could Lead, Avery shares the secrets of his success--his strong work ethic, his moral values, and a belief in himself that allowed him to persevere in the face of adversity. As Horace Baldwin states in the foreword, Avery's book gives us the opportunity to put our own stories in perspective as we realize how much we are capable of contributing to the world.

omega psi phi history book: The Handy African American History Answer Book Jessie Carney Smith, 2014-01-01 Celebrating the impact of African Americans on U.S. society, culture, and history! Traces African American history through four centuries of profound changes and amazing accomplishments. Walking readers through a rich but often overlooked part of American history, The Handy African American History Answer Book addresses the people, times, and events that influenced and changed African American history. An overview of major biographical figures and history-making events is followed by a deeper look at the development in the arts, entertainment, business, civil rights, music, government, journalism, religion, science, sports, and more. Covering a broad range of the African American experience, showcasing interesting insights and facts, this helpful reference answers 700 commonly-asked questions including ... What is the significance of the Apollo Theater? What were the effects of the Great Depression on black artists? Who were some of America's early free black entrepreneurs? What is the historical role of the barbershop in the African American community? and What was Black Wall Street? What does "40 acres and a mule" mean? What was the Black Arts Movement? Who were the Harlem Hellfighters? Who was the first black saint? Who was called the "Father of Blood Plasma"? What caused African Americans to lose their fidelity to "the Party of Lincoln"? What was the impact of Negro Leagues Baseball on American culture? Blending trivia with historical review in an engaging question-and-answer format, The Handy African American History Answer Book is perfect for browsing and is ideal for history buffs, trivia fans, students and teachers and anyone interested in a better and more thorough understanding of the history of black Americans. With many photos and illustrations this fun, fact-filled tome is richly illustrated. Its helpful bibliography and extensive index add to its usefulness.

omega psi phi history book: The Crisis , 1940-11 The Crisis, founded by W.E.B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has chronicled, informed, educated, entertained and, in many instances, set the economic, political and social agenda for our nation and its multi-ethnic citizens.

omega psi phi history book: Western-Educated Elites in Kenya, 1900-1963 Jim C. Harper, 2005-12-09 Western-educated Elites in Kenya, proposes to conduct a critical examination of the emergence of the American-educated Kenyan elites (the Asomi) and their role in the nationalist movement and eventually their Africanization of the Civil and Private sectors in Kenya.

omega psi phi history book: The History of the Negro Church Carter G. Woodson, 2015-04-19 ONE of the causes of the discovery of America was the translation into action of the desire of European zealots to extend the Catholic religion into other parts. Columbus, we are told, was decidedly missionary in his efforts and felt that he could not make a more significant contribution to the church than to open new fields for Christian endeavor. His final success in securing the equipment adequate to the adventure upon the high seas was to some extent determined by the Christian motives impelling the sovereigns of Spain to finance the expedition for the reason that it might afford an opportunity for promoting the cause of Christ. Some of the French who came to the new world to establish their claims by further discovery and exploration, moreover, were either actuated by similar motives or welcomed the cooperation of earnest workers thus interested. The first persons proselyted by the Spanish and French missionaries were Indians. There was not any particular thought of the Negro.

omega psi phi history book: The End Justifies the Means T.H. Moore, 2006-10-19 Jalen Carthane has managed to avoid the stereotypical pitfalls of growing up in a poverty-stricken city. After a deadly domestic dispute nearly takes both parents away, his mother's self-sacrifice is

followed by a sudden move to Philadelphia to Camden, New Jersey which offers an opportunity for a new life and a clean slate. Then he comes face to face with the family "business". Kevin English, an older cousin and father figure to Jalen, leaves behind his tainted past in a sincere attempt to provide a safe lifestyle for his wife and child but falls victim to a murder attempt. Undercurrents of treachery, bribery, money laundering, and revenge among family rivals and Camden's political elite now leave the two men in danger. Jalen and Kevin devise an intricate scheme to get their families out of harms way. They quickly learn that integrating mainstream business principle and integrity with the raw rules and politics of the street don't come easy. At lease, not without a little dirty work to ensure problems disappear and their enemies can't draw another breath.

omega psi phi history book: *The Collapse of The Confederacy* Prof. Charles H. Wesley, 2016-08-09 In 1937, in his ground-breaking *The Collapse of the Confederacy*, the African American historian Charles H. Wesley (1891-1987) took a bold step in rewriting the history of the Confederate South by asserting that the new nation failed because of underlying internal and social factors. Looking beyond military events to explain the Confederacy's demise, Wesley challenged conventional interpretations and argued that, by 1865, the supposedly unified South had "lost its will to fight." Though neglected today by scholars and students of the Civil War, Wesley ranked as one of the leading African American historians, educational administrators, and public speakers of the first half of the twentieth century.

omega psi phi history book: *When We Imagine Grace* Simone C. Drake, 2016-08-08 Plutarch, the famed Greek biographer, wrote *The Lives of the Roman Emperors* early in his career. Simone Drake could have called her book *The Lives of Black Men*. She contrasts the portrayal of black men in mainstream media with the way she insists black men must imagine their lives, ambitions, and desires in both the civic arena and the domestic arena. The narrow popular representation of black men as being in perennial crisis is one she rejects, opting instead to see them as active agents of their own destinies. Her book uncovers the ways in which black men in history, literature, film, political arenas, and popular culture have either challenged or been challenged by pathological constructions of black masculinity. *Imagining Grace* refers to Toni Morrison's *Beloved*, a black feminist framework Drake uses to see power in vulnerability and emotiveness from Tom Joyner's radio show to Richard Pryor's comedy to some of President Obama's social policy. Drake is synthesizing black feminist and black masculinity studies. Her black lives feature the African American cowboy, Nat Love, also Drake's own grandfather, who imagined grace through military service in the first colored military unit to fight in World War II (what emerges is a narrative of black pride and shame), and thence to movies, where Drake explores the theme of black fathers and daughters (framed by a court case involving *The Cosby Show* as intellectual property). The chapter that follows, on twisted criminalities, contrasts the valorization of black criminals (thugs) as heroes with the denigration of gay black men, where we encounter the limits of grace in American Gangster, Cornelius Edy's poetry, and the viral video of Antoine Dodson (discussing the attempted rape of his sister). In concluding with Berry Gordy and hi-hop (Jay-Z), Drake meditates on black entrepreneurship as a nationalist site of redemption. We are given in this book a way of seeing and knowing black maleness sophisticated in concept but bracingly vivid in the telling.

omega psi phi history book: *In Search of Sisterhood* Paula J. Giddings, 2009-10-06 In *Search of Sisterhood* is the definitive history of the largest Black women's organization in the United States, and is filled with compelling, fascinating anecdotes told by the Delta Sigma Theta members themselves, illustrated with rare early photographs of the Delta women. This book contains the story of Delta Sigma Theta Sorority (DST), and details the increasing involvement of Black women in the political, social, and economic affairs of America. Founded at a time when liberal arts education was widely seen as either futile, dangerous, or impractical for Blacks—and especially Black women—DST is, in Giddings's words, a compelling reflection of Black women's aspirations for themselves and for society. Giddings notes that unlike other organizations with racial goals, Delta Sigma Theta was created to change and benefit individuals rather than society. As a sorority, it was formed to bring women together as sisters, but at the same time to address the divisive, often class-related issues

confronting Black women in our society. There is, in Giddings's eyes, a tension between these goals that makes Delta Sigma Theta a fascinating microcosm of the struggles of Black women and their organizations. DST members have included Mary McLeod Bethune, Mary Church Terrell, Margaret Murray Washington, Shirley Chisholm, Barbara Jordan, and, on the cultural side, Leontyne Price, Lena Horne, Ruby Dee, Judith Jamison, and Roberta Flack.
