mom son tales: *Nobody's Son: A Memoir* Mark Slouka, 2016-10-18 I have never before read anything except Nabokov's *Invitation of a Beatitude* that so relentlessly and shrewdly exhausted the kindness and cruelty of recollection's shaping devices. —Geoffrey Wolff Born in Czechoslovakia, Mark Slouka's parents survived the Nazis only to have to escape the Communist purges after the war. Smuggled out of their own country, the newlyweds joined a tide of refugees moving from Innsbruck to Sydney to New York, dragging with them a history of blood and betrayal that their son would be born into. From World War I to the present, Slouka pieces together a remarkable story of refugees and war, displacement and denial—admitting into evidence memories, dreams, stories, the lies we inherit, and the lies we tell—in an attempt to reach his mother, the enigmatic figure at the center of the labyrinth. Her story, the revelation of her life-long burden and the forty-year love affair that might have saved her, shows the way out of the maze.

mom son tales: *Mothers and Sons* Colm Toibin, 2007-01-02 With dazzling brilliance and empathy, Colm Tóibín's collection of stories wrestles with complicated themes of emotional restraint, the long reach of sexual repression, and the difficulty of escaping one's past. Each of the nine stories in this beautifully written, intensely intimate collection centers on a transformative moment that alters the delicate balance of power between mother and son, or changes the way they perceive one another. With exquisite grace and eloquence, Tóibín writes of men and women bound by convention, by unspoken emotions, by the stronghold of the past. Many are trapped in lives they would not choose again, if they ever chose at all. A man buries his mother and converts his grief to desire in one night. A famous singer captivates an audience, yet cannot beguile her own estranged son. And in *A Long Winter*, Colm Tóibín's finest piece to date, a young man searches for his mother in the snow-covered mountains where she has sought escape from the husband who controls and confines her. Winner of numerous awards for his fifth novel, *The Master*—including the Los Angeles Times Book Prize and the International IMPAC Dublin Literary Award—Tóibín brings to this stunning first collection an acute understanding of human frailty and longing. These are haunting, profoundly

moving stories by a writer who is himself a master.

mom son tales: The scary tales of a child Stephane GDG, *Crew Métanie*, It's a long story that I'm going to tell you. Stories are made of legends, myths, beliefs, mine started on the internet. I was looking for ideas to write stories for my two grandchildren. I don't remember how I came across this forum where children were writing stories. I read them all, I found some interesting, others eccentric. And then he had this budding writer whose pseudonym was Creddy. In fact, that kid's real name was Matthew Corns. This kid had written his first story when he was eight years old, and the others that I have had the good fortune (or should I say the bad luck) to read afterwards span several years of his life. I was amazed by the maturity of his stories, just as I was caught up in their narrative. It all felt so right, so touching at first, so scary later. His first texts were clear, fluid, I lived his stories as I read them. Then, one day when the child was bored, everything became more complicated to understand, darker, more... scary. The scary tales of child are not recommended for children under twelve.

mom son tales: Lies My Mother Told Me Melissa Rivers, 2022-04-12 If you think Joan Rivers said funny, outrageous, and ridiculous things ONSTAGE, wait 'til you read the funny, outrageous, and ridiculous things she said OFFSTAGE...things that will make you laugh out loud...and keep Melissa in therapy for the foreseeable future. The only thing my mother loved more than making people laugh was lying...or as she'd say, “embellishing.” Her motto was: “Why let the truth ruin a good story?” This book contains some of those stories. ***** “When Joan told a story, the truth disappeared faster than I did.” — Jimmy Hoffa “If you thought Dante’s Inferno was hot, read Lies My Mother Told Me; it’s a five-alarm.” — Dante’s second wife, Allie “Twelve of my twenty-six personalities loved this book.” — Sybil “The words on the page absolutely crackle and spark; I burned my fingers reading it!” — Annie Sullivan “The Bible may be the good book, but Lies My Mother Told Me is way funnier.” — Matthew 2:14 The Jets. 7 “Lies My Mother Told Me is the feel-good book of 2022.” — Torquemada “All’s not well that ends well. I’ve had massages with happier endings.” — Wm. Shakespeare “Melissa, I don’t care what your mother said in this book, I LOVE your bangs.” — Mamie Eisenhower “Lies My Mother Told Me is so funny even those ‘woke’ m*****s will laugh.” — Lenny Bruce

mom son tales: Riven by Lust Jonathan A. Silk, 2008-10-31 Riven by Lust explores the tale of a man accused of causing the fundamental schism in early Indian Buddhism, but not before he has sex with his mother and kills his father. In tracing this Indian Buddhist Oedipal tale, Jonathan Silk follows it through texts in all of the major canonical languages of Buddhism, Sanskrit, Pali, Tibetan, Chinese, and Japanese, along the way noting parallels and contrasts with classical and medieval European stories such as the legend of the Oedipal Judas. Simultaneously, he investigates the psychological and anthropological understandings of the tale of mother-son incest in light of contemporary psychological and anthropological understandings of incest, with special attention to the question of why we consider it among the worst of crimes. In seeking to understand how the story worked in Indian texts and for Indian audiences—as well as how it might work for modern readers—this book has both horizontal and vertical dimensions, probing the place of the Oedipal in Indian culture, Buddhist and non-Buddhist, and simultaneously framing the Indian Oedipal within broader human concerns, thereby contributing to the study of the history of Buddhism, the transmission of narratives in the ancient world, and the fundamental nature of one aspect of human sexuality. Starting from a brief reference in a polemical treatise, Riven by Lust demonstrates that its authors borrowed and intentionally adapted a preexisting story of an Oedipal antihero. This recasting allowed them to calumniate their opponents in the strongest possible terms through the rhetoric of murder and incest. Silk draws on a wide variety of sources to demonstrate the range of thinking about incest in Indian Buddhist culture, thereby uncovering the strategies and working methods of the ancient polemicists. He argues that Indian Buddhists and Hindus, while occupying the same world for the most part, thought differently about fundamental issues such as incest, and hints at the consequent necessity of a reappraisal of our notions of the shape of the ancient cultural sphere they shared. Provocative and innovative, Riven by Lust is a paradigmatic analysis of a major theme of world mythology and a signal contribution to the study of the history of incest and comparative sexualities. It will attract readers interested in Buddhism, Indian studies, Asian studies, comparative culture, mythology, psychology, and the history of sexuality.

mom son tales: Conversation and Gender Susan A. Speer, Elizabeth Stokoe, 2011-01-06

Conversation analysts have begun to challenge long-cherished assumptions about the relationship between gender and language, asking new questions about the interactional study of gender and providing fresh insights into the ways it may be studied empirically. Drawing on a lively set of audio- and video-recorded materials of real-life interactions, including domestic telephone calls, children's play, mediation sessions, police-suspect interviews, psychiatric assessments and calls to telephone helplines, this volume is the first to showcase the latest thinking and cutting-edge research of an international group of scholars working on topics at the intersection of gender and conversation analysis. Theoretically, it pushes forward the boundaries of our understanding of the relationship between conversation and gender, charting new and exciting territory. Methodologically, it offers readers a clear, practical understanding of how to analyse gender using conversation analysis, by

presenting detailed demonstrations of this method in use.

mom son tales: Unraveled Laura Cook Boldt, Tom H. Boldt, 2020-11-10 With intense courage and candor, mother and son coauthors, Laura and Tom Boldt, share the raw accounting of Tom's journey into alcohol and drug addiction and how that trauma reverberated throughout their circle of family, friends, and extended family. The book also charts Laura, who has a backstory. She is more than a mother standing by watching the life of her promising young son come undone. She has struggled with alcohol addiction firsthand but remains emotionally and physically sober and present for her son during his collision course with disaster. The Boldt family's love and compassion is palpable as they work their way through deep fear, sleepless nights, and crushing setbacks. This is a riveting portrayal of the agonies of addiction and how one family faced their issues and found a stronger, more sustainable path forward. Many readers will undoubtedly see themselves in these stories and will come away with an abiding sense of hope—not just for Tommy and Laura, but for themselves, too. The writing in *Unraveled* is brilliant and fresh, and the two voices working together and against each other makes *Unraveled* even more memorable. Tommy's gift for zingy one-liners energizes the story and contrasts cleverly with Laura's witty yet measured and concerned maternal tone. *Unraveled* is a tale of chaos and near-death experiences that shares personal and private moments and the intense challenges and grueling work it takes to get sober and remain sober. It's a unique story of a mother and son's journey that ends with on-your-knees epiphanies that leave both parent and child asking for help. This tandem narrative is a compelling testimony of bravery and honesty that, with edgy and surprising humor, charts a family's slow climb out of the abyss of pain into the full power of faith, redemption, and healing.

mom son tales: Seeking Fortune Elsewhere Sindya Bhanoo, 2023-05-16 These intimate stories of South Indian immigrants and the families they left behind center women's lives and ask how women both claim and surrender power—a stunning debut collection from an O. Henry Prize winner Traveling from Pittsburgh to Eastern Washington to Tamil Nadu, these stories about dislocation and dissonance see immigrants and their families confront the costs of leaving and staying, identifying sublime symmetries in lives growing apart. In "Malliga Homes," selected by Chimamanda Ngozi Adichie for an O. Henry Prize, a widow in a retirement community glimpses her

future while waiting for her daughter to visit from America. In No. 16 Model House Road, a woman long subordinate to her husband makes a choice of her own after she inherits a house. In Nature Exchange, a mother grieving in the wake of a school shooting finds an unusual obsession. In A Life in America, a professor finds himself accused of having exploited his graduate students. Sindya Bhanoo's haunting stories show us how immigrants' paths, and the paths of those they leave behind, are never simple. Bhanoo takes us along on their complicated journeys where regret, hope, and triumph appear in disguise.

mom son tales: Parental Kidnapping in America Maureen Dabbagh, 2011-12-08 In 2010, the U.S. Department of Justice reported an average of 200,000 cases of parental kidnapping each year. More than just the byproduct of a nasty custody dispute, parental kidnapping--defined as one parent taking his or her child and denying access of the child to the other parent--represents a form of child abuse that has sometimes resulted in the sale, abandonment and even death of children. This candid exploration of parental kidnapping in America from the eighteenth century to the present clarifies many misconceptions and reveals how the external influences of American social, political, legal, and religious culture can exacerbate family conflict, creating a social atmosphere ripe for abduction.
