Understanding Moon Loom Bracelet Patterns

Moon loom bracelet patterns are structured designs that guide users in weaving rubber bands into intricate bracelets using a loom tool. These patterns range from simple to highly complex, allowing crafters of all ages to participate. The basic principle involves looping, weaving, and securing bands in specific sequences to form different shapes and textures. Understanding how these patterns work is essential for producing consistent, attractive bracelets. Knowledge of terminology—such as single, fishtail, and double bands—helps crafters follow instructions with ease. The popularity of moon loom bracelet patterns stems from their versatility, accessibility, and ability to produce unique handmade jewelry.

Essential Tools and Materials for Moon Loom Bracelets

Moon Loom Tool

The moon loom tool is a specialized plastic device designed to hold rubber bands in place while you weave them into patterns. Its curved structure and pegs make it easy to create various bracelet designs, from simple chains to elaborate weaves.

Rubber Bands

High-quality, colorful rubber bands are fundamental to moon loom bracelet patterns. The variety available allows for endless combinations, letting crafters express their creativity through color selection and pattern arrangement.

Clips and Hooks

S-clips, C-clips, and hooks are essential for securing the finished bracelet and assisting with weaving tight bands. These small accessories ensure your bracelet is durable and comfortable to wear.

Additional Accessories

Optional beads, charms, and decorative elements can be added for extra flair, transforming a simple moon loom bracelet into a personalized piece of jewelry.

- Moon loom tool
- Assorted rubber bands
- S-clips and C-clips
- Hooks for weaving
- Beads and charms (optional)

Popular Moon Loom Bracelet Patterns

Single Chain Pattern

The single chain pattern is an ideal starting point for beginners learning moon loom bracelet patterns. It requires minimal bands and straightforward looping, resulting in a clean, classic look.

Fishtail Pattern

A step up in complexity, the fishtail pattern creates a braided appearance that is both sturdy and visually appealing. Its repetitive sequence is easy to memorize, making it a favorite among enthusiasts.

Starburst Pattern

The starburst pattern stands out for its intricate, radiant design formed by arranging bands in a circular

motif. This pattern is perfect for those seeking a challenge and a striking finished bracelet.

Rainbow Pattern

Using bands in the order of the rainbow, this pattern is vibrant and playful. The rainbow moon loom bracelet is popular for its eye-catching colors and positive vibes.

Double Band Pattern

The double band pattern adds thickness and durability to your bracelet, making it suitable for those who want a more substantial accessory. This pattern involves weaving two bands at a time for a robust result.

Step-by-Step Guide to Creating Basic Moon Loom Bracelets

Setting Up Your Loom

Begin by positioning the moon loom tool on a flat surface. Select your starting color and place the first rubber band on the loom, ensuring it is securely hooked over the pegs.

Weaving the Bands

Continue adding bands according to your chosen pattern. Use the hook to lift and loop bands over one another, forming the bracelet's structure. Maintain consistent tension to achieve an even weave.

Securing the Bracelet

Once you reach the desired length, use an S-clip or C-clip to connect the ends of the bracelet. Remove the bracelet from the loom carefully to avoid stretching or breaking the bands.

1. Choose your pattern and colors.

2. Set up the loom and place the first band.
3. Weave bands using the hook.
4. Continue until the bracelet is the right length.
5. Secure the ends with a clip.
6. Remove and inspect your finished bracelet.

Tips for Choosing Colors and Customizing Patterns

Selecting Color Combinations

Color choice greatly impacts the overall look of your moon loom bracelet. Consider using complementary or contrasting colors for striking effects. Experiment with patterns such as stripes, ombre, or alternating colors to add visual interest.

Adding Personal Touches

Incorporate beads, charms, or initials to personalize your bracelet. Customizing moon loom bracelet patterns ensures your creation reflects your style and preferences.

Adapting Patterns

Modify existing patterns by changing band sequences or combining elements from multiple designs. This flexibility allows for endless creative expression and one-of-a-kind results.

Advanced Moon Loom Bracelet Techniques

Multi-Layered Patterns

Advanced moon loom bracelet patterns often involve multiple layers or bands woven simultaneously. These techniques produce thicker, more complex bracelets with unique textures.

Complex Weaves

Try intricate weaves such as the ladder, dragon scale, or hexafish for a challenge. These patterns require careful attention to detail and advanced looping skills.

Mixing Materials

Combine rubber bands with other materials like embroidery thread or metallic bands to create mixed-media bracelets. This approach expands your creative options and enhances the finished product.

Troubleshooting Common Moon Loom Bracelet Issues

Band Breakage

Rubber bands may break if overstretched or if low-quality bands are used. Always handle bands gently and consider investing in premium materials to reduce breakage.

Loose Weaves

If your bracelet feels loose, check that bands are looped tightly and evenly. Re-weaving sections or adjusting tension can improve the bracelet's durability and appearance.

Difficulty Removing Bracelet

Carefully remove bracelets from the loom to avoid damaging the pattern. Use the hook for assistance and avoid pulling bands forcefully.

- Use quality bands to prevent breakage.
- Maintain even tension for a secure weave.
- Remove bracelets gently to avoid stretching.

Moon Loom Bracelet Inspiration and Project Ideas

Seasonal and Holiday Themes

Create bracelets with themes inspired by holidays, seasons, or special events. For example, use red and green bands for Christmas, or pastels for springtime designs.

Friendship Bracelets

Moon loom bracelet patterns are ideal for making friendship bracelets. Customize colors and patterns to match your friends' personalities or symbolize shared memories.

Matching Sets

Design coordinated sets of bracelets for family members, teammates, or special occasions. Matching moon loom bracelets foster a sense of unity and style.

Gift Ideas

Handmade moon loom bracelets make thoughtful gifts for birthdays, celebrations, or just because. Personalize each bracelet to reflect the recipient's favorite colors and interests.

Trending Questions and Answers About Moon Loom Bracelet Patterns

Q: What are the easiest moon loom bracelet patterns for beginners?

A: The single chain and fishtail patterns are the easiest moon loom bracelet patterns for beginners. They require simple looping and minimal materials, making them perfect for those just starting out.

Q: How do I make my moon loom bracelet more durable?

A: To increase durability, use high-quality rubber bands, maintain even tension while weaving, and ensure clips are securely fastened at the ends of your bracelet.

Q: Can moon loom bracelet patterns be customized with beads and charms?

A: Yes, beads and charms can be easily integrated into moon loom bracelet designs. Simply add them between bands as you weave, creating personalized and decorative accents.

Q: What should I do if my rubber bands keep breaking?

A: If bands are breaking frequently, switch to premium rubber bands, avoid overstretching, and handle them gently during the weaving process.

Q: Is it possible to create multi-colored moon loom bracelets?

A: Absolutely. You can mix and match colors in any pattern, such as stripes, ombre, or rainbow designs, to make vibrant and eye-catching bracelets.

Q: What advanced moon loom patterns are popular right now?

A: Popular advanced patterns include the starburst, ladder, dragon scale, and hexafish designs. These require more skill and patience but produce stunning results.

Q: How do I fix a loose moon loom bracelet?

A: Re-weave the loose sections, adjust the tension while looping bands, and check that clips are securely attached to tighten up your bracelet.

Q: What age group is moon loom bracelet making suitable for?

A: Moon loom bracelet patterns can be enjoyed by children, teens, and adults. The simplicity of basic patterns makes them accessible to young children with supervision.

Q: Are there seasonal moon loom bracelet pattern ideas?

A: Yes, you can create bracelets inspired by holidays, seasons, or celebrations using themed colors and decorative bands for a festive look.

Q: Can I combine moon loom bracelet patterns to create new designs?

A: You can combine elements from different moon loom bracelet patterns, adapt band sequences, and experiment with weaving techniques to invent your own unique designs.

Moon Loom Bracelet Patterns: Unleash Your Inner Artisan

Are you captivated by the delicate beauty of woven bracelets but intimidated by the seemingly complex techniques? Fear not! The moon loom, with its simple yet versatile design, opens a world of creative possibilities for crafting stunning bracelets. This comprehensive guide dives into the fascinating realm of moon loom bracelet patterns, offering inspiration, techniques, and step-by-step instructions to help you create beautiful, personalized accessories. Whether you're a seasoned crafter or a curious beginner, you'll find plenty to inspire your next project. We'll explore various patterns, from simple beginner-friendly designs to more intricate, eye-catching creations. Let's get started!

Choosing Your Moon Loom and Materials

Before diving into specific patterns, let's ensure you have the right tools and materials. A moon loom is a relatively inexpensive craft tool, readily available online and in craft stores. You'll need to choose one that suits your desired bracelet width. Beyond the loom itself, you'll need:

Embroidery floss: This is your primary material. Experiment with different colours and textures to achieve varied effects. Six-strand floss is a popular choice, but you can also use other types depending on the pattern.

Scissors: Sharp scissors are crucial for clean cuts and precise work.

Tape measure or ruler: Helpful for measuring and ensuring consistent bracelet length.

Simple Moon Loom Bracelet Patterns for Beginners

For those new to moon loom weaving, starting with simple patterns is crucial to build confidence and understanding. These patterns focus on basic techniques, allowing you to master the fundamentals before moving onto more advanced designs.

The Basic Chevron Pattern:

This classic pattern involves alternating colours to create a chevron (zig-zag) effect. It's incredibly easy to learn and offers a great introduction to the looping and weaving techniques of the moon loom. You'll simply loop your floss around the pegs, following a consistent over-under pattern to create the zig-zag design.

The Simple Stripe Pattern:

As the name suggests, this pattern uses one colour per row, creating clean and bold stripes. It's perfect for showcasing your favourite colours or creating a coordinated set of bracelets. This pattern involves consistently looping and weaving one colour at a time.

Intermediate Moon Loom Bracelet Patterns: Adding Complexity

Once you've mastered the basics, you can explore more intricate patterns that introduce new techniques and visual elements.

The Diagonal Braid Pattern:

This pattern takes the basic weaving techniques and adds a diagonal element, creating a visually interesting braided effect. It involves careful looping and weaving around multiple pegs in a specific sequence to create the braid design.

The Herringbone Stitch Pattern:

This sophisticated pattern creates a textured, herringbone effect. It requires a bit more attention to detail but results in a very elegant bracelet. It involves a more complex sequence of over and under weaving to achieve the herringbone effect.

Advanced Moon Loom Bracelet Patterns: Exploring Creativity

For experienced crafters, the possibilities are virtually limitless. Advanced patterns can incorporate multiple colours, intricate colour changes, and unique weaving techniques to create truly stunning bracelets.

Multi-coloured Chevron Pattern:

This is a variation of the basic chevron pattern, but with multiple colours incorporated to create complex color transitions and patterns. You can design your own sequence of colors or use pre-made charts.

The Intricate Seed Stitch Pattern:

This requires meticulous planning and execution, resulting in a tightly woven, densely textured bracelet. This pattern often employs various colour techniques to create depth and interest.

Designing Your Own Moon Loom Bracelet Patterns

The beauty of moon loom weaving lies in its adaptability. Once you understand the basic principles, you can start experimenting and creating your own unique patterns. Try experimenting with different colour combinations, stitch variations, and weaving techniques to develop your own signature style. Sketching your ideas beforehand can help visualize the final product.

Conclusion

Moon loom bracelet making offers a fantastic creative outlet for crafters of all skill levels. From simple stripes to intricate braids, the patterns explored here provide a starting point for your journey into this rewarding craft. Don't be afraid to experiment, explore your creativity, and enjoy the process of creating unique and beautiful bracelets. The possibilities are endless!

FAQs

1. Can I use different types of yarn or thread besides embroidery floss? Yes, you can experiment with other types of yarn, but embroidery floss is generally recommended for its strength and consistency. Thicker yarns may require a larger moon loom.
2. How do I finish my moon loom bracelet? Once you've reached your desired length, carefully remove the bracelet from the loom, and secure the ends with a knot or by using a clasp.
3. Where can I find more moon loom bracelet patterns? You can find numerous patterns online, through craft blogs, YouTube tutorials, and even on pattern-sharing websites.
4. What size moon loom should I buy for beginners? A standard size moon loom is a great starting point for beginners. You can always upgrade to a larger or smaller loom later, depending on your preferred bracelet width.
5. Can I sell bracelets I make using moon loom patterns? Generally, yes, as long as you are not copying copyrighted designs. Always check the terms and conditions of any patterns you use before selling your work.

moon loom bracelet patterns: Loom Band It! Kat Roberts, Tessa Sillars- Powell, 2014-08-20
Rubber band crafts are the latest craze —from the school yard and slumber parties to craft rooms and beyond, everyone can join in the fun. moon loom bracelet patterns: **Where the Mountain Meets the Moon (Newbery Honor Book)** Grace Lin, 2009-07-01 A Time Magazine 100 Best Fantasy Books of All Time selection! A Reader's Digest Best Children's Book of All Time! This stunning fantasy inspired by Chinese folklore is a companion novel to *Starry River of the Sky* and the New York Times bestselling and National Book Award finalist *When the Sea Turned to Silver* In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man

on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved *Year of the Dog* and *Year of the Rat* returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, *Where the Mountain Meets the Moon* is a timeless story reminiscent of *The Wizard of Oz* and Kelly Barnhill's *The Girl Who Drank the Moon*. Her beautiful illustrations, printed in full-color, accompany the text throughout. Once again, she has created a charming, engaging book for young readers.

moon loom bracelet patterns: Spirit of the West Sheila Root, 2013-07-24 *Spirit of the West* is a pattern book of images to create in Peyote Stitch or Brick Stitch. There are nine patterns including a gray wolf, a horse at sunset, a coyote, the sunset over the mountains, a brown bear, a bald eagle, a horse kachina, a bobcat, and a squirrel. Each pattern is presented with both a lettered chart of the image and a word chart. The lettered chart is easier to read than a chart with symbols and can be used as a guide for Brick Stitch. The word chart lays out the bead pattern one row at a time for Peyote Stitch, which is much easier than following the chart. An introductory chapter also includes instructions in peyote stitch, selecting beads, colors, and threads, assembling an amulet bag, and adding fringe and a strap. The final page of the book also lists some suggestions on what to do with your beadwork if you do not want to make an amulet bag. This book is the first in a series of pattern books for Peyote and Brick Stitch. Watch for more books coming soon.

moon loom bracelet patterns: Nyxia Scott Reintgen, 2017-09-12 "A high-octane thriller . . . Nyxia grabs you from the first line and never lets go." —Marie Lu, #1 New York Times bestselling author of *Warcross* Every life has a price in this sci-fi thriller—the first in a trilogy—that has the nonstop action of *The Maze Runner* and the high-stakes space setting of *Illuminae*. What would you be willing to risk for a lifetime of fortune? Emmett Atwater isn't just leaving Detroit; he's leaving Earth. Why the Babel Corporation recruited him is a mystery, but the number of zeroes on their contract has him boarding their lightship and hoping to return to Earth with enough money to take care of his family. Forever. Before long, Emmett discovers that he is one of ten recruits, all of whom have troubled pasts and are a long way from home. Now each recruit must earn the right to travel down to the planet of Eden—a planet that Babel has kept hidden—where they will mine a substance called Nyxia that has quietly become the most valuable material in the universe. But Babel's ship is full of secrets. And Emmett will face the ultimate choice: win the fortune at any cost, or find a way to fight that won't forever compromise what it means to be human. "The 100 meets *Illuminae* in this high-octane sci-fi thriller." —Bustle AND DON'T MISS NYXIA UNLEASHED!

moon loom bracelet patterns: The Night Circus Erin Morgenstern, 2011-09-13 #1 NATIONAL BESTSELLER • Two starcrossed magicians engage in a deadly game of cunning in the spellbinding novel that captured the world's imagination. • Part love story, part fable ... defies both genres and expectations. —The Boston Globe The circus arrives without warning. No announcements precede it. It is simply there, when yesterday it was not. Within the black-and-white striped canvas tents is an utterly unique experience full of breathtaking amazements. It is called *Le Cirque des Rêves*, and it is only open at night. But behind the scenes, a fierce competition is underway: a duel between two young magicians, Celia and Marco, who have been trained since childhood expressly for this purpose by their mercurial instructors. Unbeknownst to them both, this is a game in which only one can be left standing. Despite the high stakes, Celia and Marco soon tumble headfirst into love, setting off a domino effect of dangerous consequences, and leaving the lives of everyone, from the performers to the patrons, hanging in the balance.

moon loom bracelet patterns: Showcase 500 Beaded Jewelry Ray Hemachandra, 2012 This beautiful and inspiring book gathers photographs of 500 of the most breathtaking beaded jewelry designs created in recent years. The techniques the beaders employ are as varied as the aesthetic sensibilities they bring to their gorgeous creations and include beadweaving in every stitch imaginable, embroidery, quilling, loom weaving, and kumihimo braiding, as well as basic stringing, simple wirework, and fine metalwork. Sometimes, a bead maker's focal piece simply is set in a straightforward, unpretentious, and beautiful design. Virtually all of the world's most famous beaders who make jewelry have pieces included -- including Carol Wilcox Wells, Diane Fitzgerald, Marcia DeCoster, Jamie Cloud Eakin, Huib Petersen, Paulette Baron, Sabine Lippert, Sherry Serafini, Margie Deeb, Maggie Meister, Melanie Potter, Ann Tevepaugh Mitchell, Laura McCabe, Suzanne Golden, Jean Campbell, Rachel Nelson-Smith, Eva Dobos, and many more -- but we also present work from many artists who have never been published before. All together, this extensive, international, and fabulous survey of 500 pieces includes work from nearly 300 artists from 30 countries and reveals the striking vision and ambition of today's beading community. Every beader, jeweler, and crafter will want Showcase 500 beaded jewelry in their collection--

moon loom bracelet patterns: Bedouin Weaving of Saudi Arabia and Its Neighbours Joy Totah Hilden, 2010 Portable and practical, tough and colourful, Bedouin textiles played until recent times a vital and functional part in the life of the Arab nomads. Bedouin women were expected to

master the art of making entire tents as well as a wide range of rugs, saddlebags and other equipment able to withstand the rigours of the desert. They took a fierce pride in their work and produced, on the simplest ground looms, textiles that were at once hard-wearing and of vibrant aesthetic appeal. The true craftspeople of the desert, Bedouin women wove to provide the very fabric of day-to-day living. Joy Hilden describes the weaving techniques of the Bedouin in the context of their transitional mode of life, as they adapt from their centuries-old nomadic existence to being both semi- and fully settled. She gathered her information on dyeing, spinning and weaving while living and travelling in Saudi Arabia between 1982 and 1994, extending her scope with trips to other parts of the Arabian Peninsula and adjacent Arab countries. She describes visits to Bedouin families, desert markets and urban centres where Bedouin gathered. Her work comes at a time when many tribal peoples are losing their cultural traditions and, with them, their crafts and the material of everyday life in the desert. This is the most exhaustive study to date of the weaving methods practised by the Bedouin of Saudi Arabia. Profusely illustrated, and giving thorough instruction in techniques, *Bedouin Weaving* is an essential companion for collectors and connoisseurs of flat-weave textiles, the category into which Bedouin weavings fall. It is aimed both at general readers and at weavers, craftspeople in general, students, ethnographers, and museum and textile authorities.

moon loom bracelet patterns: Tablet Weaving in Theory and Practice: Vacant-Hole Pinwheels Catherine Weaver, 2019-05-23 *Vacant-Hole Pinwheels* will guide you through the fascinating world of tablet weaving, with 22 patterns adapted from the Hildesheim Cope and a further 29 inspired by it. All 51 patterns are interchangeable and are accompanied by a colour photograph of how they will appear when woven. This book is aimed at weavers who have learned the basic techniques of tablet weaving and would like to learn new patterns, but a list of resources is given at the back for those who wish to improve their skills or learn more about the art of tablet weaving.

moon loom bracelet patterns: Red Ted Art Margarita Woodley, 2013-03-28 Crafting has never been more popular and Maggy Woodley, the creative force behind Red Ted, is passionate about making things with her children, Max, four, and Pippa, two. Using recycled materials and bits and bobs collected when out and about, here are over 60 utterly irresistible things to make with your kids. From adorable peanut shell finger puppets to walnut babies, loo roll marionettes and egg carton fairy lights, fabric mache bowls, stick men and shell crabs, stone people, and many more, these are projects for all the family to have fun with. And what's more, the end results are so cute and desirable that they look great around the home, or make wonderfully unique and personal gifts. With a funky, modern design and vibrant full colour photography throughout, this is a must-have addition to every young family's bookshelf.

moon loom bracelet patterns: Embroidering Identities Iman Saca, Maha Saca, 2006 *Embroidering Identities: A Century of Palestinian Clothing* is the companion piece to the exhibit held at the Oriental Institute from November 11, 2006 to March 25, 2007. It is an overview of the colourful and distinctive clothing of late nineteenth and early twentieth-century Palestine. The richly illustrated text discusses the construction of traditional dresses, the materials and dyes employed, and clothing and embroidery in the years following 1948. Garments from many regions are illustrated and described. The volume includes a glossary of Arabic terms and a checklist to the exhibit.

moon loom bracelet patterns: African Textiles and Decorative Arts Roy Sieber, 1972

moon loom bracelet patterns: Farmers' Almanac 2008 Peter Geiger, Sondra Duncan, 2007 The *Farmers Almanac* is an annual publication published every year since 1818. It is the only publication of its kind which generations of American families have come to trust. Its longevity

speaks volumes about its content which informs, delights, and educates. Best known for its long-range weather predictions, the Farmers Almanac provides valuable information on gardening, cooking, fishing, and more.

moon loom bracelet patterns: Bead Weaving and Embroidery with Miyuki Beads Virginie Châtenet, 2022-04-01 Get started bead weaving with Miyuki seed beads! With this introductory book, you will learn how to work the four main bead weaving techniques: brick stitch, peyote stitch, square stitch, and loom weaving. Even if you've never worked with beads before, you'll learn all the materials and skills needed to begin. The stitches are explained in easy-to-understand steps and photos, with troubleshooting tips for success. Now you are ready to weave any of the 100 bead patterns in the book. Make geometric patterns, sweet birds, beautiful flowers, and a myriad of other colorful patterns. These designs can then be used to make necklaces, earrings, bracelets, pins, or rings; or be used as embellishments for clothing, handbags, wall hangings, and so much more. Instructions for how to make these items are included, along with many suggestions to foster your own creativity. Why not use your seed beads for further embellishing? With just a few easy embroidery stitches you can add beads to almost anything! Also combine your embroidery with your bead weaving for even more designs. There is so much fun to be had with beads!

moon loom bracelet patterns: The Art of Palestinian Embroidery Leila El Khalidi, 1999 The Palestinian folk arts have a rich and fascinating history. Silk thread and embroidery, together with an expanding repertoire of symbols, are known to have made their way from China to the Holy Land along the Silk and Spice Routes before being introduced to Europe by Christian saints, holy men and pilgrims. Mainly using cross-stitch, Palestinians have continued to embroider their traditional motifs, giving them their own appellations and developing their own terminology. As clothing was of prime importance, Palestinian women wanted something personal, distinctive and handmade. By adopting the traditional styles and motifs of her area, a woman expressed her wish to identify and be identified with her cultural roots. Samples of late-nineteenth to early-twentieth century Palestinian costumes are considered to be representative of folk art at its best. Through the vicissitudes of war and occupation, Palestinian folk materials have been dispersed, though samples are to be found in published material, in museums outside Palestine and in small private collections. Leila El Khalidi's work in identifying and recording the history and motifs in Palestinian embroidery will be of interest both to craftspeople and to students of folk traditions and is an important step in preserving the Palestinian heritage. The book is illustrated with a detailed appendix showing the principal motifs and with photographs of traditional costumes

moon loom bracelet patterns: Actual Air David Berman, 2019-05-17 Back in print for the first time this era is David Berman's Actual Air. Released in paperback in 1999 by the now-defunct Open City and praised everywhere in the then-ascendant print press industry, David Berman's first (and only) book of poetry is a journey through shared and unreliable memory. Features of the second edition are: new larger dimensions and enlarged typeface, new dustjacket artwork variant, deluxe cloth boards, and updated full-colour endpapers.

moon loom bracelet patterns: Loopy Loom Rubber Band Animals Lucy Hopping, 2015-02-12 Discover 25 awesome animals, all made from rubber bands! Like making loom bands? Then you'll LOVE these amazing animals! Discover how to make 25 cute creatures simply using rubber bands, a hook, and a loom. With two fun chapters – "Cute Pets and Furry Friends" and "Into the Wild" – packed full of ideas, you'll want to start looping straight away! These awesome animals make cool charms to hang from a bag or just sit on your desk—but even better is that they can also be made into great accessories. Buzzy bees become adorable earrings, and a turtle makes an excellent pencil topper. Why not make a penguin brooch, owl necklace, or alligator keyring? There are just so many possibilities! Every project has clear instructions and artworks, so it's easy to learn how to get started. Plus, the tools and techniques section explains all you need to know if you're new to working with looms and rubber bands, as well as giving you helpful hints and tips. So what are you waiting for? Get looping!
