oh the places youll go: Areli Is a Dreamer Areli Morales, 2021-06-08 In the first picture book written by a DACA Dreamer, Areli Morales tells her own powerful and vibrant immigration story. When Areli was just a baby, her mama and papa moved from Mexico to New York with her brother, Alex, to make a better life for the family--and when she was in kindergarten, they sent for her, too. Everything in New York was different. Gone were the Saturdays at Abuela's house, filled with cousins and sunshine. Instead, things were busy and fast and noisy. Areli's limited English came out wrong, and schoolmates accused her of being illegal. But with time, America became her home. And she saw it as a land of opportunity, where millions of immigrants who came before her paved their own paths. She knew she would, too. This is a moving story--one that resonates with millions of immigrants who make up the fabric of our country--about one girl living in two worlds, a girl whose DACA application was eventually approved and who is now living her American dream. The Deferred Action for Childhood Arrivals (DACA) is an immigration policy that has provided relief to thousands of undocumented children, referred to as "Dreamers," who came to the United States as children and call this country home.

oh the places you'll go: *How to Survive an Active Killer* Aaron Jannetti, 2017-12-04 Incidents of mass violence are not new and are unfortunately not rare, yet our avoidance of these realities is quite common. If we don't acknowledge this truth about the violence present in society today, how can we be prepared to face it? This book takes a true look at what your options are for dealing with an active shooter event. Across the United States, businesses, schools, and communities may provide a video to watch or brief presentation to attend on dealing with active killers, often with the message of run, hide, fight, but the training generally stops there. What happens when we need to utilize the principles presented? These conversations don't bring us closer to surviving active shooter events, and ignoring the reality of violence doesn't keep us safe. This book endeavors to instruct you on all aspects of responding to an active shooter situation. You'll learn about planning, evading, and finding a secure place to barricade or cover, along with unarmed fighting, considerations for using a defensive weapon, how to give life-saving medical care, how to interact with law enforcement, how to cope with the aftermath, and where to begin your training. It's a guide to preparing yourself and those you care about for these events, but it's only the first step. What you do with the information is up to you. Your safety is your responsibility! Aaron Jannetti is the owner of Endeavor Defense and Fitness in Columbus, OH. His team teaches unarmed and armed self-defense, as well as strength and conditioning. He holds black belts, instructor diplomas, and numerous certifications and has traveled the US teaching active shooter response at universities, businesses, and communities in more than 30 different states. He brings the knowledge gained from this hands-on work with students from all walks of life back to his team to challenge the ways they teach and bring the best possible instruction to their community.
