Understanding Pretty Little Liars: Series Overview

Pretty Little Liars is a television series based on the novels by Sara Shepard. The show follows the lives of four high school girls—Aria, Spencer, Hanna, and Emily—whose friendship is tested after the mysterious disappearance of their friend Alison. Set in the fictional town of Rosewood, the series blends suspense, drama, romance, and mystery, as the girls receive threatening messages from an anonymous figure known as “A.”

The series explores how the girls navigate their personal lives and relationships while dealing with secrets, lies, and dangerous situations. The show’s popularity is due to its gripping plotlines, relatable characters, and engaging storytelling that keeps viewers guessing. However, the drama frequently delves into mature subject matter, making it vital for parents to understand what their children may encounter while watching Pretty Little Liars.

Age Appropriateness and Content Ratings

One of the most important aspects of the pll parents guide is understanding the show's age appropriateness and official ratings. Pretty Little Liars is rated TV-14 in the United States, recommending it for viewers aged 14 and older due to its intense themes and mature content. The series contains scenes of romance, violence, bullying, and occasional strong language.

Parents should consider the emotional maturity of their children before allowing them to watch the series. While some themes may resonate with teenagers, younger viewers might find certain plot points distressing or confusing. Reviewing episodes in advance or watching together can help parents assess suitability based on individual family values.

- Romantic relationships and dating
- Bullying and peer pressure
- Violence and suspenseful moments
- Secrets, lies, and betrayal
- Occasional references to alcohol and drug use

Main Themes and Story Elements in Pretty Little Liars

Pretty Little Liars explores several core themes throughout its seven-season run. These themes are integral to the plot and character development but may require parental guidance and discussion. Understanding these story elements is essential for parents seeking to guide their children through the series.

Mystery and Suspense

The central mystery of Alison's disappearance and the identity of "A" drives the show. Suspenseful storytelling, cliffhangers, and plot twists are common, which may create anxiety for sensitive viewers. The show frequently depicts stalking, threats, and dangerous situations.

Friendship and Loyalty

The bond between the main characters is a recurring theme. While the girls support each other through difficult times, their friendships are often tested by secrets, misunderstandings, and betrayal. The series highlights both the positive and negative aspects of loyalty.

Bullying and Social Pressure

Bullying is a major theme, both online and in-person. The characters experience blackmail, gossip, and psychological manipulation, often orchestrated by "A." The depiction of social pressure and its impact on mental health is a significant element that parents should address with their children.

Romantic Relationships

Romance is central to the show, with various love interests and complicated relationships. Issues such as forbidden love, heartbreak, and inappropriate teacher-student relationships are depicted. Parents may want to discuss healthy relationship boundaries and consent with their teens.

Family Dynamics

The series explores diverse family relationships, including supportive families and those facing challenges such as divorce or secrets. Parental guidance is encouraged to help young viewers understand different family structures and coping strategies.

Character Analysis: Role Models and Problematic Behaviors

The main characters of *Pretty Little Liars* serve as both role models and cautionary examples. Analyzing their actions provides insight into positive traits and problematic behaviors that parents may wish to address.

Positive Traits

- Resilience in the face of adversity
- Loyalty and friendship
- Resourcefulness and intelligence
- Standing up for themselves and others

Problematic Behaviors

- Lying and hiding important information
- Risk-taking and ignoring safety
- Engaging in unhealthy romantic relationships
- Bullying or manipulating others

Parents can use character analysis as a way to discuss moral choices, consequences, and the importance of honesty and respect in both friendships and romantic relationships.

Potential Concerns for Parents

Pretty Little Liars features several elements that may be concerning for parents. Being aware of these issues can help families make informed decisions and prepare for meaningful conversations.

Violence and Threats

The show contains scenes of physical and psychological violence, including stalking, kidnapping, and intimidation. While not excessively graphic, these moments may be distressing for younger viewers.

Sexual Content and Relationships

Romantic scenes and discussions about sex are present throughout the series. Some relationships, such as those between students and teachers, raise questions about boundaries and appropriateness.

Substance Use

There are occasional references to alcohol and drug use among the characters. These depictions are not the focus of the show but may be noticed by observant viewers.

Mental Health and Trauma

The characters often deal with stress, anxiety, and trauma resulting from the ongoing threats and secrets. Parents should be ready to discuss mental health support and coping mechanisms with their teens.

Tips for Parents: Navigating Conversations and Setting Boundaries

A comprehensive pll parents guide should offer strategies for parents to navigate conversations about the show and set healthy boundaries for viewing. Open communication is key to helping teens process what they see on screen.

1. **Watch Together:** Consider watching episodes with your child to understand the content and facilitate discussion.
2. **Ask Questions:** Encourage your child to share their thoughts about the storylines, characters, and themes.
3. **Discuss Real-Life Consequences:** Use plot events as teaching moments to talk about honesty, safety, and healthy relationships.
4. **Set Viewing Limits:** Limit binge-watching and ensure the show does not interfere with school, sleep, or family time.
5. **Address Concerns:** If your child is disturbed by certain scenes, provide reassurance and discuss ways to cope with anxiety or confusion.

By actively engaging with your children about *Pretty Little Liars*, you can help them enjoy the series while developing critical thinking skills and emotional resilience.

Frequently Asked Questions about pll parents guide

Q: What age is appropriate for watching *Pretty Little Liars*?

A: *Pretty Little Liars* is rated TV-14, making it suitable for viewers aged 14 and older. Parents should consider their child's maturity level and comfort with suspenseful and mature themes.

Q: Does *Pretty Little Liars* contain violence or scary scenes?

A: Yes, the show contains scenes of violence, threats, and suspenseful situations, including stalking and kidnapping. While not excessively graphic, these elements may be distressing for sensitive viewers.

Q: Are there any inappropriate relationships depicted in *Pretty Little Liars*?

A: The series features some romantic relationships that may be inappropriate, such as student-

teacher interactions. Parents may wish to discuss healthy boundaries and consent with teens.

Q: How does Pretty Little Liars handle topics like bullying?

A: Bullying is a major theme, including online and psychological bullying. The show portrays the impact of rumors, manipulation, and peer pressure, making it important for parents to address these issues.

Q: Is there substance use shown in Pretty Little Liars?

A: There are occasional references to alcohol and drug use, but these are not central to the plot. Parents should be aware and ready to discuss responsible choices with their children.

Q: What are some positive messages in Pretty Little Liars?

A: The show highlights friendship, loyalty, resilience, and standing up for oneself. These positive traits can serve as discussion points for character development.

Q: How can parents talk to their teens about Pretty Little Liars?

A: Open communication is recommended. Watch together, ask questions, and discuss real-life consequences of characters' actions to help teens process the show's themes.

Q: Are there mental health themes in Pretty Little Liars?

A: Yes, characters often deal with stress, anxiety, and trauma. Parents should be prepared to discuss mental health support and coping strategies.

Q: Should parents be concerned about binge-watching Pretty Little Liars?

A: Excessive viewing can impact sleep, school, and social life. Setting limits and encouraging balanced screen time is important for healthy habits.

Q: Can Pretty Little Liars be educational for teens?

A: While primarily entertainment, the series can prompt discussions about honesty, relationships, bullying, and decision-making, offering teachable moments for families.

PLL Parents Guide: Navigating the Twists and Turns of Pretty Little Liars

Are you a parent considering letting your teen watch Pretty Little Liars (PLL)? Or perhaps your teen is already watching and you're curious about its content? This comprehensive PLL parents guide will help you navigate the complexities of the show, providing a detailed overview of its themes, mature content, and potential impact on young viewers. We'll delve into the reasons why some parents might find it suitable and why others might not, offering you the tools to make an informed decision about your child's viewing habits.

Understanding the Premise of Pretty Little Liars

Pretty Little Liars follows the lives of four teenage girls – Aria, Emily, Hanna, and Spencer – whose lives are shattered after the disappearance of their best friend, Alison. A mysterious figure known only as "A" begins to torment them, revealing their secrets and pushing them to the brink. The show is a mix of mystery, thriller, and teen drama, filled with suspenseful plot twists and unexpected turns.

Mature Content and Themes: A Detailed Breakdown

This is where a PLL parents guide becomes crucial. The show tackles several mature themes that require careful consideration:

Violence and Threat

PLL features a significant amount of psychological manipulation, threats, and violence, both physical and implied. "A" uses various methods to terrorize the girls, creating a constant sense of fear and danger. While not graphically depicted, the emotional impact can be significant for younger viewers.

Sexual Content

The show explores various aspects of teenage sexuality, including relationships, experimentation, and sexual assault. While not explicit, these themes are present throughout the series and are often central to the plot. The portrayal of consent and healthy relationships is inconsistent, warranting parental discussion.

Drug and Alcohol Use

Substance abuse, including alcohol and prescription drugs, appears in the series, often linked to the characters' struggles and vulnerabilities. The show doesn't glorify this behavior, but its presence necessitates parental awareness and the potential for open conversations with teens.

Mental Health Issues

The characters in PLL grapple with various mental health challenges, including anxiety, depression, and PTSD. While the show attempts to portray these issues, it doesn't always do so with complete accuracy or sensitivity. It's important to discuss these topics with your children if they watch the show.

Why Some Parents Might Approve (With Cautions)

Despite the mature content, some parents might find PLL suitable for their teens, particularly older ones, with caveats. The show can spark discussions about important issues like friendship, betrayal, loyalty, and the consequences of actions. The mystery elements can engage teens intellectually, fostering critical thinking and problem-solving skills. However, constant parental supervision and open communication are essential.

Why Some Parents Might Disapprove

Many parents might find the intensity, violence, and sexual themes inappropriate for their children, regardless of age. The constant fear and suspense could be detrimental to a young viewer's mental well-being. The inconsistent portrayal of healthy relationships and consent could also be a concern.

Parental Guidance Strategies for Watching PLL

If you decide to allow your teen to watch PLL, consider these strategies:

Watch together: This allows you to monitor the content and engage in discussions about its themes.
Set viewing limits: Avoid binge-watching, allowing breaks to process the emotional intensity.
Open communication: Encourage your child to share their thoughts and feelings about the show.
Use the show as a springboard: Discuss the mature themes depicted in the context of real-life scenarios.

Conclusion

Deciding whether or not to let your teen watch PLL is a personal choice. This PLL parents guide aims to provide you with the necessary information to make an informed decision. Remember that constant communication and open dialogue are key to ensuring a positive viewing experience and to address any concerns that might arise. Use this guide as a starting point for a discussion with your teen about the show and its complexities.

Frequently Asked Questions

1. Is Pretty Little Liars suitable for all teenagers? No, the mature content makes it unsuitable for younger teens. Parental guidance and maturity levels should be considered.
2. Does PLL accurately portray mental health issues? While it touches upon mental health, the show's portrayal isn't always accurate or sensitive, requiring further discussion with your teen.
3. How can I help my teen process the intense themes in PLL? Encourage open communication, watch together, and discuss the themes in the context of real life.
4. Are there any alternatives to PLL for teens who enjoy mystery? Yes, consider shows with less intense violence and sexual content, focusing on age-appropriate mysteries.
5. What age rating is Pretty Little Liars? While it varies by region, it generally carries a TV-14 rating, indicating it's unsuitable for children under 14. However, even older teens may find certain aspects challenging.

pll parents guide: Pretty Little Liars Sara Shepard, 2009-10-06 The #1 New York Times bestselling series that inspired the hit ABC Family TV show Pretty Little Liars and the upcoming HBO spin-off series Pretty Little Liars: Original Sin! she's heard all about it. It's where her aunt went missing at age sixteen, never to return. Where a Homecoming Queen's murder five years ago made national news. And now she has to live there with her estranged grandmother, after her mother lands in rehab. Malcolm grew up in the shadow of the Homecoming Queen's death. His older brother was the prime suspect and left Echo Ridge in disgrace. But now he's back- just as mysterious threats appear around town, hinting that a killer will strike again. Then another girl disappears. As Ellery and Malcolm race to unravel what happened, they realise every secret has layers in Echo Ridge. 'Tightly plotted and brilliantly written, with sharp, believable characters, this whodunit is utterly irresistible' - HEAT

pll parents guide: Treating the Tough Adolescent Scott P. Sells, 2004-07-26 This book illuminates the causes of severe adolescent behavioral problems and presents a research-based fifteen-step model for helping families bring about real, lasting change. Incorporating structural and strategic principles, the author's cohesive approach focuses on setting clear rules and consequences; changing the mood and direction of confrontations; neutralizing such problem behaviors as disrespect, truancy, running away, violence, and threats of suicide; and restoring positive, nurturing relationships among family members. Special treatment issues covered include working with single-parent families, outside systems (peers, school, probation officers), divorce and stepfamily problems, and substance misuse. Clearly written, practical, and accessible, the book uses actual case examples to demonstrate each step of the approach.

pll parents guide: Tietz Clinical Guide to Laboratory Tests - E-Book Alan H. B. Wu, 2006-06-08 This new edition of Norbert Tietz's classic handbook presents information on common tests as well as rare and highly specialized tests and procedures - including a summary of the utility and merit of each test. Biological variables that may affect test results are discussed, and a focus is placed on reference ranges, diagnostic information, clinical interpretation of laboratory data, interferences, and specimen types. New and updated content has been added in all areas, with over 100 new tests added. - Tests are divided into 8 main sections and arranged alphabetically. - Each test includes necessary information such as test name (or disorder) and method, specimens and special requirements, reference ranges, chemical interferences and in vivo effects, kinetic values, diagnostic information, factors influencing drug disposition, and clinical comments and remarks. - The most current and relevant tests are included; outdated tests have been eliminated. - Test index (with extensive cross references) and disease index provide the reader with an easy way to find necessary information - Four new sections in key areas (Preanalytical, Flow Cytometry, Pharmacogenomics, and Allergy) make this edition current and useful. - New editor Alan Wu, who specializes in Clinical Chemistry and Toxicology, brings a wealth of experience and expertise to this edition. - The Molecular Diagnostics section has been greatly expanded due to the increased prevalence of new molecular techniques being used in laboratories. - References are now found after each test, rather than at the end of each section, for easier access.

pll parents guide: The Last Time I Lied Riley Sager, 2023-08-01 THE INSTANT NEW YORK TIMES BESTSELLER From the author of *Survive the Night* and *Final Girls* comes a tense and twisty thriller about a summer camp that's impossible to forget—no matter how hard you try. Two Truths and a Lie. Vivian, Natalie, Allison, and Emma played it all the time in their cabin at Camp Nightingale. But the games ended the night Emma sleepily watched the others sneak out into the darkness. The last she—or anyone—saw of the teenagers was Vivian closing the cabin door behind her, hushing Emma with a finger pressed to her lips.... Fifteen years later, Emma is a rising star in the New York art scene, turning her past into paintings—massive canvases filled with dark leaves and gnarled branches over ghostly shapes in white dresses. When the paintings catch the attention of the wealthy owner of Camp Nightingale, she implores Emma to come back to the newly reopened camp as a painting instructor. Despite her guilt and anxiety—or maybe because of them—Emma agrees to revisit her past. Nightingale looks the same as it did all those years ago, haunted by a midnight-dark lake and familiar faces. Emma is even assigned to the same cabin she slept in as a

teenager, although the security camera pointed at her door is a disturbing new addition. As cryptic clues about the camp's origins begin to surface, Emma attempts to find out what really happened to her friends. But her closure could come at a deadly price.

pll parents guide: *Pretty Little Liars #4: Unbelievable* Sara Shepard, 2009-10-06 #1 New York Times bestselling series The fourth book in the #1 New York Times bestselling series that inspired the hit ABC Family TV show *Pretty Little Liars*. Four pretty little liars' charmed lives have turned into living nightmares. Emily's been shipped off to Iowa to live with her überconservative cousins. Aria's boyfriend is behind bars—because of her. Spencer's afraid she was involved in Ali's murder. But Hanna's fate is far worse: She's clinging to life in the hospital because she knew too much. These liars have tried to keep their scandals secret, but the truth is about to rock their pretty little world! Full of unexpected twists and shocking revelations, *Unbelievable* is the fourth book in New York Times bestselling author Sara Shepard's compelling *Pretty Little Liars* series.

pll parents guide: *Ruthless* Sara Shepard, 2012 Hanna, Spencer, Emily and Aria are trying to move on and forget about their old friend Alison DiLaurentis and all the torture she put them through, but someone is trying to keep her spirit alive.

pll parents guide: *Parenting for a Digital Future* Sonia Livingstone, Alicia Blum-Ross, 2020 In the decades it takes to bring up a child, parents face challenges that are both helped and hindered by the fact that they are living through a period of unprecedented digital innovation. Drawing on extensive research with diverse parents, this book reveals how digital technologies give personal and political parenting struggles a distinctive character, as parents determine how to forge new territory with little precedent, or support. The book reveals the pincer movement of parenting in late modernity. Parents are both more burdened with responsibilities and charged with respecting the agency of their child-leaving much to negotiate in today's democratic families. The book charts how parents now often enact authority and values through digital technologies-as screen time, games, or social media become ways of both being together and setting boundaries. The authors show how digital technologies introduce both valued opportunities and new sources of risk. To light their way, parents comb through the hazy memories of their own childhoods and look toward varied imagined futures. This results in deeply diverse parenting in the present, as parents move between embracing, resisting, or balancing the role of technology in their own and their children's lives. This book moves beyond the panicky headlines to offer a deeply researched exploration of what it means to parent in a period of significant social and technological change. Drawing on qualitative and quantitative research in the United Kingdom, the book offers conclusions and insights relevant to parents, policymakers, educators, and researchers everywhere--

pll parents guide: *You Can Do The Cube* Patrick Bossert, 2008-10-30 Are you going cube-crazy? This easy to follow guide has everything you need to know about the Rubik's cube. From simple step-by-step instructions showing how to complete it, to how the cube was invented, plus lots of other cube challenges to test your skills - it's time to get cubing!

pll parents guide: *Get Out of My Life but First Could You Drive Me and Cheryl to the Mall?* Anthony E. Wolf, 1995

pll parents guide: *Mindset Mathematics* Jo Boaler, Jen Munson, Cathy Williams, 2017-08-28 Engage students in mathematics using growth mindset techniques The most challenging parts of teaching mathematics are engaging students and helping them understand the connections between mathematics concepts. In this volume, you'll find a collection of low floor, high ceiling tasks that will help you do just that, by looking at the big ideas at the first-grade level through visualization, play, and investigation. During their work with tens of thousands of teachers, authors Jo Boaler, Jen Munson, and Cathy Williams heard the same message—that they want to incorporate more brain science into their math instruction, but they need guidance in the techniques that work best to get across the concepts they needed to teach. So the authors designed *Mindset Mathematics* around the principle of active student engagement, with tasks that reflect the latest brain science on learning. Open, creative, and visual math tasks have been shown to improve student test scores, and more importantly change their relationship with mathematics and start believing in their own potential.

The tasks in Mindset Mathematics reflect the lessons from brain science that: There is no such thing as a math person - anyone can learn mathematics to high levels. Mistakes, struggle and challenge are the most important times for brain growth. Speed is unimportant in mathematics. Mathematics is a visual and beautiful subject, and our brains want to think visually about mathematics. With engaging questions, open-ended tasks, and four-color visuals that will help kids get excited about mathematics, Mindset Mathematics is organized around nine big ideas which emphasize the connections within the Common Core State Standards (CCSS) and can be used with any current curriculum.

pll parents guide: *Not My Problem* Ciara Smyth, 2021-06-03 Winner of the Waterstones Children's Book Prize for Older Readers Winner of the Laugh Out Loud Book Award Shortlisted for the Children's Book Ireland Award, Irish Books Award and the Polari Prize Nominated for the Carnegie Medal When Aideen agrees to help ambitious class swot Maebh Kowalska deal with her crazy workload, she doesn't expect to end up reluctantly pushing Maebh down the stairs. With this, Aideen becomes the school 'fixer': any problem a student has, Aideen will sort it out, from stealing confiscated mobiles to breaking into parties. All she asks for is a favour in return. But Aideen's own life is a mess - her mam's drinking again, her BFF Holly is avoiding her and she's skipping school. Spending more time with the uptight (but annoyingly cute) Maebh and chatterbox Kavi, Aideen starts to wonder: can every problem be solved?

pll parents guide: *Other People's Children* Lisa Delpit, 2006-08-01 The classic, groundbreaking analysis of the role of race in the classroom and a guide for teaching across difference, from the MacArthur Award-winning educator "Phenomenal. . . . [This book] overcomes fear and speaks of truths, truths that otherwise have no voice." —San Francisco Review of Books In this groundbreaking, radical analysis of contemporary classrooms, MacArthur Award-winning author Lisa Delpit develops the theory that teachers must be effective "cultural transmitters" in the classroom, where prejudice, stereotypes, and assumptions often breed ineffective education. Delpit suggests that many academic problems attributed to children of color are actually the result of miscommunication, as primarily white teachers educate "other people's children" and perpetuate the imbalanced power dynamics that plague our system. Now a classic of educational thought and a must-read for teachers, administrators, and parents striving to improve the quality of America's education system, *Other People's Children* has sold over 150,000 copies since its original publication. Winner of an American Educational Studies Association Critics' Choice Award and Choice magazine's Outstanding Academic Book Award, this anniversary edition features a new introduction by Delpit as well as important framing essays by Herbert Kohl and Charles Payne.

pll parents guide: *Hurrah for Gin* Katie Kirby, 2016-10-06 FROM THE BESTSELLING AUTHOR OF THE LOTTIE BROOKS SERIES, KATIE KIRBY This book is not a how-to-guide. It won't tell you how to get your baby to sleep, how to deal with toddler tantrums, how to be a good parent, a cool parent or even a renegade parent. It is a book about parenting that contains absolutely no useful advice whatsoever. Instead it shares beautifully honest anecdotes and illustrations from the parenting frontline that demonstrate it is perfectly possible to love your children with the whole of your heart whilst finding them incredibly irritating at the same time. From pregnancy to starting school, *Hurrah For Gin* takes you through the exciting, frustrating, infuriating and wonderful whirlwind of parenthood, offering solidarity and a friendly hug after a tough day. Best served with gin.

pll parents guide: *The Lying Game* Sara Shepard, 2011-03-31 From the author of the New York Times bestselling PRETTY LITTLE LIARS comes a killer series, THE LYING GAME.

pll parents guide: *Treating the Traumatized Child* Scott P. Sells, Ellen Souder, MA, LPCC-S, 2017-12-15 This book builds upon my early work and the work and others by offering a comprehensive guide to practitioners interested in facing and helping to heal trauma and manage the drama systemically with a special focus on children and adolescents. The FST Model is a contribution to the fields of trauma, family sciences, and human development practice. --Charles R. Figley, PhD; Kurzweg Chair in Disaster Mental Health at Tulane University in New Orleans This is

the first book that addresses trauma treatment for child and adolescents using a Family Systems Trauma (FST) model which goes beyond individual therapy to include the child and their entire family. Co-written by a renowned family therapist who created the Parenting with Love and Limits® model, it delivers a research-based, step-by-step approach that incorporates the child's immediate family along with their extended family to treat the traumatized child or adolescent. Using a stress chart, the child or adolescent's trauma symptoms are quickly identified. This strategy guides therapists in accurately diagnosing root causes of the child's trauma and culminates in the creation of co-created wound playbooks to heal trauma in both the child as well as other family members. Additional helpful features include extensive case examples, a menu of trauma techniques, wound playbook examples, evaluation forms, client handouts, and other practical tools to provide the therapist with a complete guide to implementing this approach. Child and family therapists, social workers, mental health counselors, and psychologists working in a variety of settings will find this book a valuable resource. Key Features: Provides a step-by-step, practice focused, time-limited model Uses a family systems approach for addressing child and adolescent trauma--the only book of its kind Includes useful tools such as checklists, client handouts, and evaluation forms

pll parents guide: *I Don't Belong to You* Keke Palmer, 2017-01-31 The singer and actress in *Scream Queens*, *Akeelah and the Bee*, and *Grease: Live*, writes a ... guide for young women, with color illustrations throughout, on such topics as identity, anxiety, peer pressure, and body image ... and encourages them towards greater confidence and freedom--

pll parents guide: *The Parent Adventure* Rodney Wilson, Selma Wilson, Scott McConnell, 2009-01-01 Informed by research that reveals destructive parenting patterns are being handed down through most American families (including Christian households), *The Parent Adventure* looks to the church to help break this cycle and teach moms and dads how to prepare their kids for a lifetime with God. The problem starts when parents raise children based on their personal experiences growing up instead of using the Bible as the timeless, authoritative guide. Although seemingly painful at first, the parental attitude of "letting go" must begin intentionally at birth, keeping in mind that each child's life is more about knowing God than anything else. With this outlook established, the future-focused mom and dad will move more joyfully through each stage in the adventure of parenting as detailed in the book. Knowing God has a lifelong plan for each family member, parents and kids will grow closer to each other just as sure as they will grow closer to God.

pll parents guide: *Carry On* Lisa Fenn, 2016-08-16 In the spirit of *The Blind Side* and *Friday Night Lights* comes a tender and profoundly moving memoir about an ESPN producer's unexpected relationship with two disabled wrestlers from inner city Cleveland, and how these bonds—blossoming, ultimately, into a most unorthodox family—would transform their lives. When award-winning ESPN producer Lisa Fenn returned to her hometown for a story about two wrestlers at one of Cleveland's toughest public high schools, she had no idea that the trip would change her life. Both young men were disadvantaged students with significant physical disabilities. Dartanyon Crockett was legally blind as a result of Leber's disease; Leroy Sutton lost both his legs at eleven, when he was run over by a train. Brought together by wrestling, they had developed a brother-like bond as they worked to overcome their disabilities. After forming a profound connection with Dartanyon and Leroy, Fenn realized she couldn't just walk away when filming ended; these boys had had to overcome the odds too many times. Instead, Fenn dedicated herself to ensuring their success long after the reporting was finished and the story aired—and an unlikely family of three was formed. The years ahead would be fraught with complex challenges, but Fenn stayed with the boys every step of the way—teaching them essential life skills, helping them heal old wounds and traumatic pasts, and providing the first steady and consistent support system they'd ever had. This powerful memoir is one of love, hope, faith, and strength—a story about an unusual family and the courage to carry on, even in the most extraordinary circumstances.

pll parents guide: *Lord of the Flies* William Golding, 2012-09-20 A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are

haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

pll parents guide: The Cumulative Book Index , 1971 A world list of books in the English language.

pll parents guide: Rule Ellen Goodlett, 2019-05-21 Three Dark Crowns meets Pretty Little Liars in this sensational and striking new fantasy from debut author Ellen Goodlett, which New York Times bestselling author Elly Blake calls dazzling and pulse-pounding. The king is dying, his heir has just been murdered, and rebellion brews in the east. But the kingdom of Kolonya and the outer Reaches has one last option before it descends into leaderless chaos. Or rather, three unexpected options... Zofi has spent her entire life trekking through the outer Reaches with her people. She would do anything to protect the band, her family. But no one can ever find out how far she's already gone. Akeylah was raised in the Eastern Reach, surrounded by whispers of rebellion and abused by her father. Desperate to escape, she makes a decision that threatens the whole kingdom. Ren grew up in Kolonya, serving as a lady's maid and scheming her way out of the servants' chambers. But she could be hanged for treason if anyone ever discovers what she's done. When the king summons the girls, they arrive expecting arrest or even execution. Instead they learn the truth: they are his illegitimate daughters, and one must become his new heir. But someone in Kolonya knows their secrets, and that someone will stop at nothing to keep the sisters from their destiny...to rule. Magic, mystery, and blackmail abound in this heart-stopping fantasy debut.

pll parents guide: Software-Defined Radio for Engineers Alexander M. Wyglinski, Robin Getz, Travis Collins, Di Pu, 2018-04-30 Based on the popular Artech House classic, *Digital Communication Systems Engineering with Software-Defined Radio*, this book provides a practical approach to quickly learning the software-defined radio (SDR) concepts needed for work in the field. This up-to-date volume guides readers on how to quickly prototype wireless designs using SDR for real-world testing and experimentation. This book explores advanced wireless communication techniques such as OFDM, LTE, WLA, and hardware targeting. Readers will gain an understanding of the core concepts behind wireless hardware, such as the radio frequency front-end, analog-to-digital and digital-to-analog converters, as well as various processing technologies. Moreover, this volume includes chapters on timing estimation, matched filtering, frame synchronization message decoding, and source coding. The orthogonal frequency division multiplexing is explained and details about HDL code generation and deployment are provided. The book concludes with coverage of the WLAN toolbox with OFDM beacon reception and the LTE toolbox with downlink reception. Multiple case studies are provided throughout the book. Both MATLAB and Simulink source code are included to assist readers with their projects in the field.
