regretting you by colleen hoover: Under the Skin Linda Villarosa, 2022-06-14 A stunning exposé of why Black people in our society 'live sicker and die quicker'—an eye-opening game changer.—Oprah Daily From an award-winning writer at the New York Times Magazine and a

contributor to the 1619 Project comes a landmark book that tells the full story of racial health disparities in America, revealing the toll racism takes on individuals and the health of our nation. In 2018, Linda Villarosa's New York Times Magazine article on maternal and infant mortality among black mothers and babies in America caused an awakening. Hundreds of studies had previously established a link between racial discrimination and the health of Black Americans, with little progress toward solutions. But Villarosa's article exposing that a Black woman with a college education is as likely to die or nearly die in childbirth as a white woman with an eighth grade education made racial disparities in health care impossible to ignore. Now, in *Under the Skin*, Linda Villarosa lays bare the forces in the American health-care system and in American society that cause Black people to "live sicker and die quicker" compared to their white counterparts. Today's medical texts and instruments still carry fallacious slavery-era assumptions that Black bodies are fundamentally different from white bodies. Study after study of medical settings show worse treatment and outcomes for Black patients. Black people live in dirtier, more polluted communities due to environmental racism and neglect from all levels of government. And, most powerfully, Villarosa describes the new understanding that coping with the daily scourge of racism ages Black people prematurely. Anchored by unforgettable human stories and offering incontrovertible proof, *Under the Skin* is dramatic, tragic, and necessary reading.

regretting you by colleen hoover: Heart Bones, Large Print Edition Colleen Hoover, 2020-08-24 LARGE PRINT EDITION The #1 New York Times bestselling author of *Verity* and *It Ends With Us* delivers another breathtaking novel with a magnetic suspense that will keep you glued to the pages. Phenomenal. Outstanding. Unputdownable. - Stephanie's Book Report One of the most spellbinding, profound, beautifully told new adult romances I've ever read. It is the kind of story that stays with you, moves you. A breathlessly romantic tale of courage and growth, of patience and trust, of wild abandonment. I read the book cover to cover, in one sitting, I simply couldn't put it down. - KDRBCK Life and a dismal last name are the only two things Beyah Grim's parents ever gave her. After carving her path all on her own, Beyah is well on her way to bigger and better things, thanks to no one but herself. With only two short months separating her from the future she's built and the past she desperately wants to leave behind, an unexpected death leaves Beyah with no place to go during the interim. Forced to reach out to her last resort, Beyah has to spend the remainder of her summer on a peninsula in Texas with a father she barely knows. Beyah's plan is to keep her head down and let the summer slip by seamlessly, but her new neighbor Samson throws a wrench in that plan. Samson and Beyah have nothing in common on the surface. She comes from a life of poverty and neglect; he comes from a family of wealth and privilege. But one thing they do have in common is that they're both drawn to sad things. Which means they're drawn to each other. With an almost immediate connection too intense for them to continue denying, Beyah and Samson agree to stay in the shallow end of a summer fling. What Beyah doesn't realize is that a rip current is coming, and it's about to drag her heart out to sea. This book deserves a whole galaxy of stars, but alas, five is all I can give. -Shades of Rebecca
