The Life and Legacy of Edgar Cayce

Edgar Cayce was born in 1877 in Hopkinsville, Kentucky, and became renowned for his psychic readings performed in a trance state. Over the course of his life, Cayce provided thousands of readings on health, spirituality, past lives, and prophecy. His readings often referenced reincarnation and soul journeys, making him a pivotal figure in American metaphysical history. Cayce's legacy includes the establishment of the Association for Research and Enlightenment (ARE), which continues to preserve his work and promote spiritual growth. His influence extends into alternative medicine, holistic healing, and spiritual development, making him a central figure in discussions about reincarnation and psychic phenomena.

Understanding Reincarnation: Concepts and Beliefs

Definition and Historical Background

Reincarnation refers to the belief that the soul or spirit is reborn into new bodies across multiple lifetimes. This concept is found in many religious traditions, including Hinduism, Buddhism, and certain forms of Christianity and New Age spirituality. The idea posits that individuals experience multiple incarnations to learn lessons, achieve spiritual growth, and resolve karmic debts.

Edgar Cayce's Views on Reincarnation

Cayce's readings frequently discussed reincarnation, describing how souls return to Earth in different lifetimes to evolve and fulfill spiritual purposes. He believed that past life experiences could influence present circumstances and that understanding these connections could aid in healing and personal development.

- Karmic patterns and life lessons
- Past life influences on health
- Spiritual evolution through multiple incarnations

Claims of the Reincarnation of Edgar Cayce

Notable Figures Claiming Reincarnation

Several individuals have claimed to be the reincarnation of Edgar Cayce, often citing psychic abilities, similar life missions, or unusual childhood experiences as evidence. The most prominent among these is David Wilcock, a modern author and speaker who suggests a strong spiritual connection to Cayce. Wilcock and others use physical resemblance, psychic talents, and past life memories as grounds for their claims.

Assessing the Claims

Claims of being Cayce's reincarnation are typically evaluated through spiritual regression, psychic readings, and examination of life parallels. Proponents point to similarities in personality, interests, and mission, while critics demand more empirical evidence. The debate continues within spiritual communities and among followers of Cayce's teachings.

Examining the Evidence for Reincarnation

Past Life Memories and Regression

One method of investigating reincarnation claims involves past life regression, where individuals undergo hypnosis to recall previous existences. Advocates argue that detailed memories and emotional resonance support reincarnation, while skeptics attribute these experiences to imagination or suggestion.

Physical and Behavioral Parallels

Supporters of reincarnation theories often cite similarities in appearance, talents, and personality traits between Edgar Cayce and those claiming to be his reincarnation. These parallels are considered by some to be indicative of shared spiritual identity, but scientific validation remains limited.

1. Facial resemblance
2. Similar psychic abilities
3. Common interests in healing and spirituality
4. Life events mirroring Cayce's experiences

Spiritual and Scientific Perspectives

Spiritual Interpretations

Within spiritual circles, reincarnation is often accepted as a natural process of soul evolution. Followers of Cayce believe that his soul may have returned to continue his work, guiding humanity toward higher consciousness. Spiritual teachers emphasize intuitive recognition, synchronicities, and soul missions as signs of reincarnation.

Scientific Skepticism

From a scientific standpoint, reincarnation remains unproven. Researchers in psychology and neuroscience suggest that past life memories can result from suggestion, cultural conditioning, or cognitive biases. Some studies have attempted to document cases of children recalling verifiable past lives, but the phenomenon has not achieved mainstream scientific acceptance.

Impact on Modern Spirituality

Influence on Contemporary Teachings

The discussions around the reincarnation of Edgar Cayce have influenced modern spiritual practices, including holistic healing, meditation, and psychic development. Individuals claiming Cayce's reincarnation often attract followers interested in alternative approaches to health and spirituality.

Community Reactions

The spiritual community is divided on the legitimacy of reincarnation claims. Some embrace the possibility, viewing it as validation of Cayce's teachings and a source of inspiration. Others remain cautious, emphasizing discernment and critical thinking when evaluating such assertions.

Controversies and Skepticism

Challenges to Authenticity

Claims of being the reincarnation of Edgar Cayce are frequently met with controversy. Critics argue that confirmation bias, self-promotion, and lack of verifiable evidence undermine authenticity. Skeptics encourage rigorous examination and caution against accepting extraordinary claims without substantial proof.

Ethical Considerations

There are ethical concerns regarding individuals profiting from claims of reincarnation or misleading followers. Responsible spiritual leadership calls for transparency, humility, and a commitment to personal growth rather than sensationalism.

Conclusion

The reincarnation of Edgar Cayce remains a compelling topic, blending spiritual intrigue with ongoing debate. While notable figures continue to claim Cayce's legacy through reincarnation, evidence is largely anecdotal, and scientific validation is lacking. The enduring fascination with Cayce's life and teachings ensures that questions about his possible return will persist, inspiring seekers to explore the mysteries of consciousness, spirituality, and human potential.

Q: Who was Edgar Cayce and why is his legacy significant?

A: Edgar Cayce was an American psychic known for his trance readings on health, spirituality, and past lives. His legacy is significant due to his influence on holistic healing, spiritual growth, and the popularization of reincarnation concepts in the West.

Q: What is the concept of reincarnation according to Edgar Cayce?

A: According to Edgar Cayce, reincarnation is the process by which souls return to Earth in new bodies to learn lessons, resolve karma, and achieve spiritual evolution. He believed that understanding past lives could aid in personal growth and healing.

Q: Has anyone claimed to be the reincarnation of Edgar Cayce?

A: Yes, several individuals, most notably David Wilcock, have claimed to be the reincarnation of Edgar Cayce, citing physical resemblance, psychic abilities, and life parallels as evidence.

Q: How do experts evaluate claims of reincarnation?

A: Experts evaluate reincarnation claims through past life regression, analysis of personality and talents, and comparison of life events. Scientific validation is limited, and such claims are often met with skepticism.

Q: What evidence supports the reincarnation of Edgar Cayce?

A: Evidence supporting Cayce's reincarnation is largely anecdotal, including past life memories, physical similarities, and psychic abilities. Scientific proof is lacking, and most support comes from spiritual traditions and personal testimonies.

Q: Why do some people believe Cayce has reincarnated?

A: Some believe Cayce has reincarnated due to continued spiritual missions, similarities in personality and talents, and intuition or psychic guidance. Followers see these as signs of a soul returning to fulfill its purpose.

Q: What are the main criticisms of reincarnation claims?

A: Critics argue that reincarnation claims lack empirical evidence, may result from confirmation bias or suggestion, and sometimes serve personal or commercial interests rather than genuine spiritual growth.

Q: How has the topic impacted modern spirituality?

A: The topic has inspired interest in holistic healing, past life regression, and alternative spiritual practices, influencing communities that follow Cayce's teachings and broader metaphysical movements.

Q: Is there scientific proof for reincarnation?

A: No, there is currently no scientific proof for reincarnation. Most research remains anecdotal, with mainstream science attributing past life memories to psychological or cultural factors.

Q: What should seekers consider when exploring

reincarnation claims?

A: Seekers should approach reincarnation claims with discernment, critical thinking, and an open mind, recognizing the difference between spiritual belief and empirical evidence while respecting personal experiences and growth.

The Reincarnation of Edgar Cayce: Exploring the Legacy of a Sleeping Prophet

The name Edgar Cayce evokes images of a mesmerizing trance, prophetic pronouncements, and a legacy that continues to fascinate and intrigue millions. Beyond the well-known psychic readings and medical diagnoses given while in a hypnotic state, lies a deeper question: Did Edgar Cayce, the "Sleeping Prophet," experience reincarnation himself? This compelling exploration delves into the intriguing aspects of Cayce's own beliefs on past lives and examines the evidence, both anecdotal and interpretative, surrounding the potential reincarnation of this enigmatic figure. We'll unpack the relevant aspects of his readings, analyze contemporary perspectives, and explore what his potential rebirth might imply for the future.

H2: Cayce's Beliefs on Reincarnation: A Foundation for Understanding

Cayce's readings, numbering over 14,000, were largely focused on healing and spiritual guidance. However, a recurring theme throughout his work was the concept of reincarnation – not as a simple cycle of death and rebirth, but as a process of spiritual evolution. He described past lives as opportunities for soul growth, learning valuable lessons, and developing karmic connections. This belief formed a cornerstone of his understanding of the human experience and the interconnectedness of all beings. He didn't just passively accept reincarnation; he actively incorporated it into his diagnoses and spiritual counsel, suggesting that past life traumas or unresolved issues often manifested as physical or emotional ailments in the present.

H2: Evidence (or Lack Thereof) for Cayce's Reincarnation

The question of whether Edgar Cayce himself experienced reincarnation remains largely unanswered, lacking concrete, verifiable proof. There's no documented record of Cayce explicitly identifying a specific past life as his own, or a future reincarnation. However, several interpretations of his readings suggest potential links. Some researchers point to certain readings where Cayce seemingly describes experiences or knowledge that transcends his known life experiences, hinting at a possible accumulation of knowledge from past lives. These interpretations, however, are subjective and open to varied interpretations. The absence of definitive proof shouldn't discount the possibility, given the very nature of reincarnation's elusive and often unverifiable nature.

H3: Analyzing the Interpretations of Cayce's Readings

The challenge lies in objectively separating genuine insights from the subjective interpretations applied to Cayce's readings. Many readings were delivered in response to specific questions and concerns; therefore, the focus often remained on the client's present life and potential future, rather than exploring Cayce's personal past lives. Some researchers argue that the very act of him accessing and delivering accurate information about other individuals' past lives suggests an inherent understanding and connection to the principles of reincarnation, hinting at his own potential experience with it. Yet, this argument remains circumstantial.

H2: The Continuing Influence of Cayce's Legacy: A Reincarnation of Ideas?

Regardless of whether Cayce himself reincarnated, his impact continues to resonate. The A.R.E. (Association for Research and Enlightenment), founded to preserve and disseminate his work, thrives today. His emphasis on holistic health, spiritual development, and the interconnectedness of all things has influenced countless individuals across generations. This ongoing influence can be seen as a form of "reincarnation" of his ideas and teachings, a legacy that transcends his physical life and continues to shape the spiritual landscape. His work continues to inspire research into psychic abilities, past lives, and holistic healing, perpetuating the exploration of the very concepts he championed.

H2: Modern Perspectives on Reincarnation and Cayce's Relevance

Contemporary parapsychology and spiritual studies continue to explore the phenomena of reincarnation, often building upon the groundwork laid by figures like Cayce. While scientific proof remains elusive, an increasing number of people are embracing alternative spiritual perspectives, finding resonance in Cayce's teachings on holistic healing, psychic phenomena, and the soul's

journey through time. His work, even without definitive proof of his own reincarnation, serves as a significant contribution to the ongoing dialogue and exploration surrounding the concept of reincarnation.

Conclusion:

The mystery surrounding the reincarnation of Edgar Cayce remains an intriguing enigma. While conclusive proof is absent, his beliefs in and access to information about past lives, coupled with the enduring legacy of his teachings, continue to fuel speculation and inspire further exploration into the complexities of the human spirit and the nature of existence beyond the physical realm. The "Sleeping Prophet's" influence lives on, whether through direct reincarnation or the enduring impact of his remarkable life's work.

FAQs:

1. Did Edgar Cayce ever definitively state he believed in his own reincarnation? No, he never explicitly stated he remembered a specific past life as his own. The evidence for his own reincarnation is largely interpreted from his readings and his overall philosophy.
2. What is the A.R.E. and its connection to Cayce's legacy? The Association for Research and Enlightenment (A.R.E.) is an organization dedicated to continuing the research and dissemination of Edgar Cayce's teachings and readings.
3. How does Cayce's work relate to modern spiritual beliefs? Cayce's emphasis on holistic health, spiritual development, and the interconnection of all things resonates with many modern spiritual beliefs and practices.
4. What is the most compelling evidence for Cayce's potential reincarnation? The most compelling evidence is largely circumstantial, based on interpretations of his readings and his seemingly profound understanding of reincarnation's principles. However, this evidence lacks definitive proof.
5. Can scientific methods definitively prove or disprove reincarnation? Currently, there is no scientific methodology that can definitively prove or disprove the existence of reincarnation. The concept remains primarily within the realm of spiritual and parapsychological study.

reincarnation of edgar cayce: *The Reincarnation of Edgar Cayce?* Wynn Free, David Wilcock, 2010-06-15 Discover the legacy of the most famous psychic of the 20th-century in this stirring exploration of psychic abilities, reincarnation, and other paranormal phenomena There are remarkable parallels between the work of David Wilcock and Edgar Cayce—the legendary clairvoyant, 'sleeping prophet', and 'father of holistic medicine'. Here, author Wynn Free explores these parallels, building a convincing case that the two men shared the same source of prophetic information—and that Wilcock might indeed be Cayce's reincarnation. Compiling some of Wilcock's

most inspirational and life-transforming prophetic guidance from his channeled Source, this book conveys profound insights into topics such as earth changes, secret cabals, soul evolution, death and reincarnation, ascension, crop circles, and the theory of evolution. Explaining how energetic increases occurring in the Sun and planets can have scientifically-measurable, far-reaching effects in a number of realms, *The Reincarnation of Edgar Cayce* presents new evidence that this energy can transform DNA, potentially making ESP, telekinesis, levitation, and other paranormal activities as common as breathing and usher in the Golden Age promised by every major spiritual tradition in human history. Readers will come away with a deeper understanding not only of the life and work of both Wilcock and Cayce, but with a broader sense of the many forces—seen and unseen—at work in the universe today.

reincarnation of edgar cayce: Edgar Cayce on Reincarnation Noel Langley, Doris Agee, Edgar Cayce, W. H. McGary, Association for Research and Enlightenment, Inc. Staff, Harmon H. Bro, Hugh Lynn Cayce, 1989-06 This collection of case studies, taken from the files of the late clairvoyant Edgar Cayce, explores the concept of reincarnation in terms of the beliefs of Christianity.

reincarnation of edgar cayce: Reincarnation & Karma Edgar Cayce, 2006-07-11 Of the thousands of discourses Cayce gave, these on reincarnation (how and why it occurs, with hundreds of examples) and karma (the nature of karmic reactions and how to resolve them in your life) are the most popular and insightful—Publisher's description.

reincarnation of edgar cayce: Edgar Cayce on Reincarnation Langley, Noel, 1973

reincarnation of edgar cayce: Edgar Cayce on Reincarnation and Family Karma Kevin Todeschi, 2021-10-15 Drawing upon contemporary family relationships, as well as family relationships for individuals who received guidance from Edgar Cayce, this insightful volume examines the activities of reincarnation and karma, especially as they play out in the dynamics of family relationships. All individuals are brought together within their respective families as a means of learning specific lessons and having opportunities for personal soul growth. In addition to examining the universal laws of reincarnation and karma, this book illustrates the lawfulness of life, the exacting nature of individual responsibility, and the ever-present hopefulness of personal free will. In the end, *Edgar Cayce on Reincarnation and Family Karma* makes an enormous contribution to demonstrating that life is a completely lawful experience, that individuals can overcome whatever karmic lessons they seem to be faced with, that free will is completely free, and that God is truly as fair and as loving as we have always wished for our Creator to be.

reincarnation of edgar cayce: Edgar Cayce on Reincarnation Noel Langley, 1969

reincarnation of edgar cayce: Edgar Cayce on the Reincarnation of Famous People Kevin J. Todeschi, 1998-06-01 This book presents a thumbnail sketch of each historical personality and an overview of the current individual's life for parallels and similarities. It will give you a better understanding of how reincarnation works over time.

reincarnation of edgar cayce: Many Mansions Gina Cerminara, 2019-06-25 A bestselling account of the many healings and other works of a legendary psychic and an affirmation of the belief in reincarnation. In this study of one of America's greatest psychics, Edgar Cayce, Gina Cerminara explores the "magnificent possibility" of reincarnation as not only a method to understand our existence, but the truth of it. Using Cayce's detailed and expansive files that span decades of his research and practice in the field of psychic phenomena, Cerminara delves into the essential essence of reincarnation and its purpose. Told winningly and to the heart of the matter, *Many Mansions* will be a revelation to many and a confirmation to some about the meaning of human life and the myriad of opportunities afforded to us by the existence of reincarnation. Praise for *Many Mansions* "Dr. Cerminara . . . is one of the most engaging and penetrating scholars in this field. . . . Perhaps the most attractive quality in her writing is the leavening of wit and insight which shines in these pages." —Robert Kirsch, *Los Angeles Times* "Edgar Cayce was clearly one of the most remarkable psychics who ever lived. Gina Cerminara's compelling book is . . . unique and extremely important." —Jeane Dixon

reincarnation of edgar cayce: Edgar Cayce on the Akashic Records Kevin J. Todeschi, 1998-01-27 The Akashic Records--or Book of Life--is the storehouse of all information for every individual who has ever lived upon the earth, containing every word, deed, feeling, thought, and intent that has ever occurred. This major work is about how each of us is very much in charge of shaping our own destiny. ... [P]rovides examples of how each of us can tap into our own past lives, our present experiences, and our unfolding futures to shape our own destiny.--Publisher's description.

reincarnation of edgar cayce: Edgar Cayce on Soul Mates Kevin J. Todeschi, 1999 Is there really such a thing as soul mates? According to Edgar Cayce, yes. But his definition of soul mates, twin souls, and perfect partners may differ from what you're expecting. For decades, Cayce provided thousands of individuals with insights into the nature of their personal relationships, the dynamics of soul attraction, and the universal laws at work that draw individuals together. What is unique about Todeschi's book is that it explores the development of relationships over time, played out within the framework of reincarnation. In addition to discussing soul mate relationships, their connection to the cyclic pattern of reincarnation, and the nature of loneliness, this book looks at the fundamentals of soul attraction and provides contemporary examples of the same principles discussed by Cayce.

reincarnation of edgar cayce: Intimates Through Time Jess Stearn, 1993 An amazing look into the concept of the continuous soul, written by journalist Jess Stern, author of *Edgar Cayce: The Sleeping Prophet*. Using the life of America's foremost mystic as an exemplar, Stern reveals how people who have met in a previous life come together to work out the unresolved conflicts of the past.

reincarnation of edgar cayce: Children Who Have Lived Before Trutz Hardo, 2012-01-31 In this book, children from all around the world remember their past lives, and eminent scientists explain how many of these children's stories have been followed up to verify whether their statements have any foundation in fact. Incredibly, when subjected to scientific investigation, children's memories about their past lives can invariably be confirmed in every detail. Supported by overwhelming scientific evidence, the children's stories in this book suggest that reincarnation is a reality for us all. Whether they are from England, Europe, the USA, Lebanon, South Africa, Israel, India, Brazil, Sri Lanka or Turkey, children who have lived before offer us insights into our global future, as well as profound messages from our collective past. This book is a must for anyone interested in the subject of reincarnation. '[Trutz Hardo presents] convincing evidence on reincarnation that will even give the toughest sceptic much to think about. I hope that finally many readers will learn the truth of reincarnation' Elizabeth Kübler-Ross, author of 'On Death and Dying'

reincarnation of edgar cayce: There Is a River Thomas Sugrue, 2008-11-01 THERE IS A RIVER The Story of Edgar Cayce by THOMAS SUGRUE Revised Edition New York HENRY HOLT AND COMPANY PREFACE The story of Edgar Cayce properly belongs in the history of hypnosis, as a chapter in evidence for the theories of Armand Marc Jacques de Chastenet, Marquis de Puységur. It was de Puységur, not Mesmer, who in 1784 discovered hypnotism. De Puységur's famous subject Victor went into a sleep instead of a convulsion while being magnetized, and in that state showed remarkable intelligence and apparent powers of clairvoyance. Further experiments brought the same results. Other patients, when put to sleep, showed like powers. Walter Bromberg, in *The Mind of Man* 1 says Dull peasants became mentally alert, and could even foretell events or understand things ordinarily obscure to them. Somnambulists made medical diagnoses in other patients brought before them, and foretold the future. The magnetizer of the 1820s merely brought his patient before a competent somnambulist, and waited for the diagnosis. ... If only modern *The Mind of Man*, by Walter Bromberg, Harper and Brothers, New York, 1937. vii PREFACE science had such aids The clairvoyance of somnambulists became a fascinating game. But the fascinating game was not encouraged, either by the French Academy or by the medical profession, and it suffered the fate of other fads. A generation later Andrew Jackson Davis, the Poughkeepsie Seer, was practicing medical diagnosis by clairvoyance in America, but he remained obscure and is not even mentioned in textbooks and histories of hypnotism. Hypnotism, in fact, will have nothing to do with clairvoyance it has renounced its own mother. Edgar Cayce practiced medical diagnosis by clairvoyance for forty-three years. He left stenographic reports of 30,000 of these diagnoses to the Association for Research and Enlightenment, Inc., along with hundreds of complete case reports, containing affidavits by the patients and reports by physicians. There are hundreds of people throughout the United States who will testify, at the drop of a hat, to the accuracy of his diagnoses and the efficacy of his suggestions for treatment. He did not use his ability except to prescribe for the sick and to give spiritual advice and vocational guidance when these were specifically requested. He never made any public demonstrations of his powers he was never on the stage he never sought any publicity he did not prophesy he did not seek wealth. Often his economic status was quite precarious at best it never rose above modest security. During the period of the Cayce Hospital he was

paid only seventy five dollars a week for his services. His unquestioned personal integrity, plus the excellent and voluminous records of his work and the long period that they covered, made him an ideal subject for scientific study. But scientists shunned him. He and his friends regretted this it might have been more evidential if they, not I, had made this report. viii PREFACE I first met Edgar Cayce in 1927. At that time I made most of the preliminary notes and sketches for this book. Since then I have continually added to the material, enjoying the complete co-operation of the members of the Cayce family, and being accorded access to the files at all times. From June, 1939, to October, 1941, I was a guest in the house on Arctic Crescent, seeing and interviewing Mr. Cayce every day, and examining material from the files. I spent many summers at Virginia Beach, particularly those of 1929, 1930, and 1931. In addition to the members of the Cayce family I have had the good fortune to know intimately most of the other characters in the story. One of the first and most important contributors to my dossier was Mr. Cayce's father, the late Leslie B. Cayce. Another was Carrie Salter House, who with her husband, the late Dr. House, and her son, Tommy, were invaluable aids and staunch friends through the years. I was not privileged to know Mr...

reincarnation of edgar cayce: Signs From The Afterlife TJ Higgs, 2010-08-05 In her first book, *Living with the Gift*, TJ Higgs shared the gripping account of her rise from difficult beginnings to becoming one of the nation's leading celebrity mediums. In *Signs From The Afterlife* she reveals the wisdom and psychic insights that have made her the star she is today. Brimming with incredible true stories, *Signs from the Afterlife* explains the ways in which TJ receives messages from the Other Side and communicates amazingly accurate information from those who have passed over. More than this, *Signs from the Afterlife* tells readers how they can use TJ's psychic techniques for themselves. Through reading the signs that are to be found all around us, we too can connect more closely with our lost loved ones and become the masters of our destinies. Generous, warm and with a great sense of humour, TJ shows us how to decode the signs from the Afterlife that are all around us.

reincarnation of edgar cayce: Edgar Cayce on Reincarnation and Family Karma Kevin J. Todeschi, 2011-01-14 Life is a completely lawful experience because of the universal laws of reincarnation and karma that draw individuals together. Rather than being some type of unavoidable destiny or a fate about which we can do very little, the Edgar Cayce material instead sees karma as essentially an unconscious reservoir of information stored within the soul's memory. Although this memory may draw certain events and individuals to one another, personal free will and the way in which an individual responds to that memory determines her or his actual life experiences. Drawing upon contemporary family relationships, as well as family relationships for individuals who received guidance from Edgar Cayce, this insightful volume examines the activities of reincarnation and karma, especially as they play out in the dynamics of family relationships. All individuals are brought together within their respective families as a means of learning specific lessons and having opportunities for personal soul growth. In addition to examining the universal laws of reincarnation and karma, this book illustrates the lawfulness of life, the exacting nature of individual responsibility, and the ever-present hopefulness of personal free will. In the end, *Edgar Cayce on Reincarnation and Family Karma* makes an enormous contribution to demonstrating that life is a completely lawful experience, that individuals can overcome whatever karmic lessons they seem to be faced with, that free will is completely free, and that God is truly as fair and as loving as we have always wished for our Creator to be.

reincarnation of edgar cayce: Past Lives and Present Karma Ann Jaffin, 2008-03-01 It was 1923 and a man named Arthur Lammers received a psychic reading from Edgar Cayce when, for the first time in the Cayce readings, a past life was mentioned. In fact, Lammers was told that he was in his third life on earth and had once been a monk. From that point on, and for the rest of his life, Edgar Cayce would give life readings (the second largest group of readings in the set of 14,000 given by Cayce) that discussed how one's past lives were affecting them in their current life. Author Ann Jaffin has pulled together invaluable insights on reincarnation and our purpose here on earth from the rich source of these Cayce readings. Topics include: * How we choose our parents before we are born * Karma as cosmic cause and effect * Knowing our spiritual ideal * Transforming karma into

grace * Our free will--God's greatest gift * Planetary sojourns and the role Arcturus plays Jaffin's book will give you a deeper understanding of reincarnation in all its many aspects, while explaining how reincarnation supports us as we strive to fulfill the very purpose of our souls.

reincarnation of edgar cayce: Edgar Cayce's Famous Black Book Edgar Cayce, 2018-08-01 Imagine being able to ask the sleeping Edgar a question on almost any topic? Thumbing through his "famous black book" is like stepping back into Cayce's time to gain wisdom straight from the source of universal consciousness that he was known to access. For decades, the Cayce "readings" have stood the test of time, research, and extensive study. Most of the readings dealt with physical health, but countless other topics were explored and included in this volume: dreams, intuition, ancient civilizations, meditation, karma and grace, reincarnation, and much more.

reincarnation of edgar cayce: Edgar Cayce on the Reincarnation of Famous People Kevin J. Todeschi, 1998-06-01 This book presents a thumbnail sketch of each historical personality and an overview of the current individual's life for parallels and similarities. It will give you a better understanding of how reincarnation works over time.

reincarnation of edgar cayce: Interdimensional Communication Heather Anne Harder, 1997-01-01

reincarnation of edgar cayce: *Life Beyond Death* David Fontana, 2016-07-19 A psychologist seeks to answer your burning questions about what happens after death, from afterlife communication and human consciousness to out-of-body and near-death experiences. Most people in the world believe in some form of life after death, but what exactly is the nature of the afterlife? David Fontana examines all the extensive evidential material that has been accumulated over time—including communication through mediums and accounts from those who had near-death and out-of-body experiences—and compares them to descriptions found in such mystical texts as *The Tibetan Book of the Dead* and *The Egyptian Book of the Dead*. He explores the whole area of human consciousness and considers the question: if the body and the brain perish at death, what remains to survive? From the various ideas of paradise to the very meaning of existence, this is a journey through infinite possibilities.

reincarnation of edgar cayce: *Beyond Death* Edgar Cayce, 2007-12 Few visionaries have as detailed and expansive a vision of life beyond death as renowned psychic and seer Edgar Cayce, and this latest book presents his discourses on everything from reincarnation to communication with those that have passed on, culminating in the realization of the ultimate purpose for existence.

reincarnation of edgar cayce: *The Edgar Cayce Primer* Herbert Puryear, 1985-02-01 The Edgar Cayce story is one of the most compelling in inspirational literature. Over the course of forty years the Sleeping Prophet time and again closed his eyes, entered an altered state of consciousness, and spoke to the very heart and spirit of mankind on subjects such as health, healing, dreams, meditation, sexuality, and reincarnation. His more than 14,000 readings are preserved at the Association for Research and Enlightenment. And now, with the guidance of Edgar Cayce, we can learn how to mine our psychic strengths for happier and healthier lives. Here are the readings of *The Sleeping Prophet*, condensed and simplified--the wisdom to help us make the right decisions affecting all facets of our lives. Cayce speaks out on: The sources of psychic development, reincarnation, Karma and grace, dreams, meditation, prayer, personal health (including diet and exercises,) holistic healing, sexuality, spirituality, rejuvenation, religion, spiritual psychology, and much more. Cayce offers us the keys to insight, enlightenment, and total fulfillment.

reincarnation of edgar cayce: *We Are One Another* Arthur Guirdham, 2011-08-31 This book describes how a group of people, who had lived and suffered together in the 13th century, re-assembled in the 20th century in a limited area in the west of England. Independently of each other these people tuned in, with the piercing accuracy of searchlights, to the same tragic events in the Languedoc in the years 1242 to 1244. One of the most remarkable features of the book is the description of sketches made by a child of seven. It is clear that in these she too was remembering

the same tragic years. Of this circle of people alive in the 20th century, the author has discovered the mediaeval names and roles of seven of the eight involved. Though born with a highly developed critical faculty the author regards the material revealed to him as unique. He has written this book to record faithfully an astounding experience and to fulfil the obligation laid on him to provide proof, not only of group reincarnation, but of the indestructibility of the human psyche.

reincarnation of edgar cayce: Secrets from the Afterlife Colin Fry, 2008 Colin Fry is a leading psychic medium, touring regularly to speak to massive audiences. These people see him as the keeper of remarkable secrets, such as: When loved ones pass over, where do they go? How do you know if they're ok? Are they still aware of us? Can they do anything to help? Is there a way to keep in touch with them? What's it like on the Other Side? In this extraordinary book, Colin explains how understanding the spirit world has made his own life so much easier, and what it's like to have so many people ask him to connect with their loved ones who have passed over. The stories of these encounters make incredible reading. You will not be surprised by the amount of comfort he can bring to others, but you will be amazed by the secrets he discovers from the afterlife and how hearing them can change your perspective forever.
