From a young age, Jobs displayed an intense curiosity and passion for electronics, influenced by his father's mechanical skills and the vibrant tech environment of his neighborhood. As a student, Jobs attended Homestead High School, where he met Steve Wozniak, a fellow electronics enthusiast who would later become his business partner. After graduating high school, Jobs briefly attended Reed College in Portland, Oregon, but dropped out after six months. Despite leaving formal education, he continued to audit classes, particularly in calligraphy, which later influenced Apple's design approach. His formative years were marked by a blend of technical experimentation, spiritual exploration, and a relentless drive to think differently—traits that defined his future career.

steve jobs biography: Small Fry Lisa Brennan Jobs, 2019-12-09 “Dia menatapku dari majalah-majalah, koran-koran, dan layar-layar di kota mana pun aku berada. Itu ayahku dan tidak ada yang tahu, tapi itulah kenyataannya. Bagaimana sedihnya ditolak ayah sendiri? Getirnya harus merahasiakan fakta bahwa ayahmu salah satu orang paling terkenal di dunia? Seperti sinetron, tapi ini kisah nyata. Lisa Brennan-Jobs, putri sulung Steve Jobs, pencipta merek komputer dan gawai ternama, harus menanggung krisis identitas diri parah selama bertahun-tahun akibat hubungan keluarga yang rumit dan tidak stabil. Chrisann, ibu kandung Lisa, dan Steve Jobs tidak pernah berencana memiliki anak di usia muda. Gaya hidup Chrisann sebagai seorang seniman cenderung bebas, dan kondisi ekonominya terbatas. Ketika hubungan Chrisann dan Lisa memburuk, Lisa memutuskan untuk tinggal bersama sang ayah, yang kaya raya namun sering bersikap dingin kepadanya. Lisa berusaha keras untuk menjadi anak baik dan berprestasi, demi mencecap kasih sayang sang ayah. Tapi Steve Jobs tetap menjaga jarak dengan putrinya, membuat Lisa kecewa. Terkoyak antara benci dan cinta, Lisa berjuang untuk memahami dan menerima siapa dirinya. Tujuh tahun setelah Steve Jobs tiada akibat kanker pankreas, Lisa menghimpun keberanian untuk berbagi kisah hidupnya yang kontroversial. Inilah Small Fry, kisah Lisa Brennan-Jobs, yang menurut New York Times ditulis dengan “indah sekaligus memilukan”. NELAYAN KETIGA. Master, aku bertanya-tanya bagaimana ikan hidup di laut. NELAYAN PERTAMA. Yah, seperti manusia hidup di darat; yang besar-besar menyantap yang kecil-kecil. Tak ada perbandingan yang lebih tepat untuk orang kaya yang kikir daripada seekor paus; hilir mudik kian kemari, memancing ikan-ikan kecil yang malang ke depannya, lalu akhirnya melahap mereka semua dalam sekali telan. Paus-paus semacam itu kerap kudengar di darat, yang tak pernah berhenti menganga sampai mereka sudah menelan seluruh paroki, gereja, menara, lonceng-lonceng, dan semuanya. —Shakespeare, Pericles Sungguh pengalaman aneh, menjadi sosok anonim yang berdiri di tengah hujan salju, dan menjadi pusat perhatian publik. —Saul Bellow, Humboldt’s Gift Tiga bulan sebelum dia meninggal, aku mulai mencuri barang-barang dari rumah ayahku. Aku berkeliaran tanpa alas kaki dan menyelipkan benda-benda ke dalam sakuku. Aku mengambil perona pipi, pasta gigi, dua mangkuk warna biru tosca yang gompel, sebotol cat kuku, sepasang sandal balet usang, dan empat sarung bantal putih kusam. Setelah mencuri setiap benda, aku merasa puas. Aku berjanji pada diri sendiri bahwa ini akan menjadi yang terakhir. Namun, tak lama kemudian dorongan untuk mengambil benda lainnya kembali datang seperti dahaga. Aku berjingkat-jingkat memasuki kamar ayahku, berhati-hati agar tidak menginjak papan lantai yang berderit di ambang pintu. Kamar ini dulu ruang kerjanya, waktu dia masih kuat naik tangga, tapi dia tidur di sini sekarang. Kamar itu berantakan disesaki buku-buku, surat, dan botol-botol obat; apel-apel kaca, apel-apel kayu; berbagai penghargaan, majalah-majalah, dan bertumpuk-tumpuk kertas. Ada lukisan-lukisan berbingkai karya Hasui yang menggambarkan senja dan matahari terbenam di kuil-kuil. Sepetak cahaya merah muda terpanjang di dinding di sampingnya. Dia berbaring bertopangkan bantal-bantal di tempat tidur, mengenakan celana pendek. Tungkainya telanjang dan sekurus lengan, menekuk seperti tungkai belalang. “Hai, Lis,” panggilnya. Segyu Rinpoche berdiri di sebelahnya. Akhir-akhir ini lelaki itu selalu ada saat aku datang berkunjung. Lelaki Brasil bertubuh pendek dengan mata cokelat berbinar, sang Rinpoche adalah biksu Buddha bersuara parau yang mengenakan jubah cokelat menutupi perut bulatnya. Kami memanggil lelaki itu dengan gelarnya. Zaman sekarang, orang-orang suci dari Tibet terkadang lahir di barat, di tempat-tempat seperti Brasil. Bagiku dia tidak “terlihat” suci—dia tidak tampak berjarak atau gaib. Di dekat kami, sebuah kantong kanvas hitam berisi zat gizi berdung oleh mesin dan pompa, selangnya menghilang di suatu tempat di bawah seprai ayahku. “Menyentuh kakinya itu ide yang bagus,” Rinpoche berkata, meletakkan tangannya melingkari kaki ayahku di tempat tidur. “Seperti ini.” Aku tidak tahu apakah sentuhan kaki itu ide bagus untuk ayahku, atau untukku, atau untuk kami berdua. Oke,” kataku, lalu meraih satu kaki yang dibalut kaus kaki tebal, walaupun rasanya aneh ketika mengawasi wajah ayahku, karena saat dia mengernyit kesakitan atau

marah kelihatannya sama seperti saat dia hendak tersenyum. “Rasanya enak,” kata ayahku sambil memejamkan mata. Aku melirik lemari laci di sampingnya dan rak-rak di sisi lain kamar itu, mencari benda-benda yang kuinginkan, walaupun aku tahu aku takkan berani mencuri di depan matanya. Selagi dia tidur, aku berkeliaran di sekeliling rumah, mencari-cari entah apa. Seorang perawat duduk di sofa di ruang tamu, kedua tangan di pangkuan, bersiaga mendengarkan panggilan dari ayahku. Rumah itu sepi, suara-suara teredam, dinding batu bata bercat putih berlekuk-lekuk seperti bantal. Lantai terakota terasa sejuk di kakiku kecuali di bagian-bagian tempat matahari telah menghangatkannya menyamai suhu kulit. Dalam lemari di kamar mandi kecil dekat dapur, tempat dulunya ada satu edisi Bhagavad Gita yang sudah koyak-koyak, aku menemukan sebotol penyegar wajah mawar yang mahal. Dengan pintu tertutup, lampu dimatikan, duduk di penutup toilet, aku menyemprotkannya ke udara dan memejamkan mata. Percikannya jatuh di sekelilingku, sejuk dan suci, bagaikan di dalam hutan atau gereja batu tua. Selain itu, ada tabung perak lip gloss dengan sikat di salah satu ujungnya dan mekanisme pemutar di ujung satunya yang mengalirkan cairan ke tengah-tengah sikat. Aku harus memilikinya. Aku menjejalkan lip gloss itu ke dalam saku untuk kubawa pulang ke apartemen satu kamar di Greenwich Village yang kutempati bersama pacarku. Aku tahu pasti bahwa tabung lip gloss ini akan melengkapi hidupku. Di antara menghindari pembantu rumah tangga, adik-adikku, dan ibu tiriku di sepenjuru rumah supaya tidak ketahuan mencuri barang-barang, atau terluka saat mereka tidak memedulikanku atau membalas sapaanku, dan menyemprot diri sendiri dalam kamar mandi gelap agar aku tidak merasa terlalu menghilang—sebab di tengah tetes-tetes air yang berjatuh aku merasa seakan-akan kembali mewujudkan. Berupaya menemui ayahku yang sakit di kamarnya mulai terasa seperti beban bagiku. Sepanjang tahun lalu aku berkunjung pada akhir pekan kurang lebih setiap dua bulan sekali. Aku sudah menyerah mengharap rekonsiliasi agung, seperti di film-film, tapi aku tetap saja datang. Di antara waktu kunjungan, aku melihat ayahku di mana-mana di New York. Aku melihatnya duduk dalam bioskop, lekuk leher yang sama persis sampai ke rahang dan tulang pipi. Aku melihatnya saat aku berlari menyusuri Sungai Hudson pada musim dingin, duduk di bangku menatap kapal-kapal di galangan; dan dalam perjalananku menaiki subway ke tempat kerja, melangkah pergi di peron menembus kerumunan. Para lelaki-lelaki kurus dengan kulit sewarna zaitun, jemari lentik, pergelangan tangan ramping, wajah berhias pangkal janggut yang kutemui di jalan, dari sudut-sudut tertentu, terlihat mirip dengannya. Setiap kali aku harus mendekat untuk mengecek, dengan jantung berdebar, walaupun aku tahu itu tidak mungkin dia karena dia sedang terbaring sakit di California. Sebelum ini, selama tahun-tahun yang kami lalui nyaris tanpa bicara, aku melihat fotonya di mana-mana. Melihat foto-foto itu memberiku perasaan ganjil. Rasanya sama seperti menangkap kilasan diriku dalam cermin di seberang ruangan dan mengira itu orang lain, lalu menyadari itu wajahku sendiri: Dia ada di sana, menatapku dari majalah-majalah, koran-koran, dan layar-layar di kota mana pun aku berada. Itu ayahku dan tidak ada yang tahu, tapi itulah kenyataannya. Sebelum berpamitan, aku pergi ke kamar mandi untuk menyemprotkan penyegar sekali lagi. Semprotan itu alami, yang artinya setelah beberapa menit berlalu aromanya tidak lagi tajam seperti mawar, tapi berbau busuk dan lembap seperti rawa, walaupun saat itu aku tidak menyadarinya. Sewaktu aku masuk ke kamarnya, Ayah tengah bersiap untuk berdiri. Aku mengamatinya menyatukan kedua tungkai dalam satu lengan, memutar tubuhnya sembilan puluh derajat dengan menekan kepala tempat tidur menggunakan lengan satunya, kemudian mengerahkan kedua lengan untuk mengangkat tungkainya melewati pinggiran tempat tidur dan memijak lantai. Ketika kami berpelukan, aku bisa merasakan tulang belakangnya, tulang rusuknya. Dia berbau apak, seperti keringat obat. “Nanti aku kembali lagi,” kataku. Kami melepaskan pelukan, dan aku mulai berjalan pergi. “Lis?” “Ya?” “Baumu seperti toilet.” [Mizan, Mizan Publishing, Qanita, Fiksi, Kisah, Keluarga, Dewasa, Indonesia]

steve jobs biography: **The Bite in the Apple** Chrisann Brennan, 2013-10-29 An intimate look at the life of Steve Jobs by the mother of his first child providing rare insight into Jobs's formative, lesser-known years. Steve Jobs was a remarkable man who wanted to unify the world through technology. For him, the point was to set people free with tools to explore their own unique

creativity. Chrisann Brennan knows this better than anyone. She met him in high school, at a time when Jobs was passionately aware that there was something much bigger to be had out of life, and that new kinds of revelations were within reach. The Bite in the Apple is the very human tale of Jobs's ascent and the toll it took, told from the author's unique perspective as his first girlfriend, co-parent, friend, and—like many others—object of his cruelty. Brennan writes with depth and breadth, and she doesn't buy into all the hype. She talks with passion about an idealistic young man who was driven to change the world, about a young father who denied his own child, and about a man who mistook power for love. Chrisann Brennan's intimate memoir provides the reader with a human dimension to Jobs' myth. Finally, a book that reveals a more real Steve Jobs.

steve jobs biography: Drive Daniel H. Pink, 2010-01-21 Forget everything you thought you knew about how to motivate people - at work, at school, at home. It's wrong. As Daniel H. Pink explains in his new and paradigm-shattering book *DRIVE: THE SURPRISING TRUTH ABOUT WHAT MOTIVATES US*, the secret to high performance and satisfaction in today's world is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does - and how that affects every aspect of our lives. He demonstrates that while the old-fashioned carrot-and-stick approach worked successfully in the 20th century, it's precisely the wrong way to motivate people for today's challenges. In *DRIVE*, he reveals the three elements of true motivation: **AUTONOMY** - the desire to direct our own lives; **MASTERY** - the urge to get better and better at something that matters; **PURPOSE** - the yearning to do what we do in the service of something larger than ourselves. Along

the way, he takes us to companies that are enlisting new approaches to motivation and introduces us to the scientists and entrepreneurs who are pointing a bold way forward. DRIVE is bursting with big ideas - the rare book that will change how you think and transform how you live.

With Pixar's prospects looking bleak, it was with some trepidation that Levy accepted the position. After a few weeks he discovered that the situation was even worse than he'd imagined. Full of wisdom on bringing business and creativity together, and recounting the touching story of Levy's enduring friendship with Jobs, To Pixar and Beyond is a fascinating insider's account of one of Hollywood's greatest success stories.

But it's worth it in the end, because once you get there, you can move mountains' Steve Jobs, BusinessWeek, May 25, 1998 To Steve Jobs, Simplicity wasn't just a design principle. steve jobs biography: Lying Sam Harris, 2013-10-23 As it was in Anna Karenina, Madame Bovary, and Othello, so it is in life. Most forms of private vice and public evil are kindled and sustained by lies. Acts of adultery and other personal betrayals, financial fraud, government corruption—even murder and genocide—generally require an additional moral defect: a willingness to lie. In Lying, best-selling author and neuroscientist Sam Harris argues that we can radically simplify our lives and improve society by merely telling the truth in situations where others often lie. He focuses on white lies—those lies we tell for the purpose of sparing people discomfort—for these are the lies that most often tempt us. And they tend to be the only lies that good people tell while imagining that they are being good in the process.

steve jobs biography: The Big Picture Sean Carroll, 2016-09-01 'Fascinating' - Brian Cox, Mail on Sunday Books of the Year Where are we? Who are we? Do our beliefs, hopes and dreams hold any significance out there in the void? Can human purpose and meaning ever fit into a scientific worldview? Award-winning author Sean Carroll brings his extraordinary intellect to bear on the realms of knowledge, the laws of nature and the most profound questions about life, death and our place in it all. From Darwin and Einstein to the origins of life, consciousness and the universe itself, Carroll combines cosmos-sprawling science and profound thought in a quest to explain our world. Destined to sit alongside the works of our greatest thinkers, The Big Picture demonstrates that while our lives may be forever dwarfed by the immensity of the universe, they can be redeemed by our capacity to comprehend it and give it meaning.

steve jobs biography: Autobiography of a Yogi Paramahansa Yogananda, 2009-01-01 The autobiography of Paramahansa Yogananda (1893 - 1952) details his search for a guru, during which he encountered many spiritual leaders and world-renowned scientists. When it was published in 1946 it was the first introduction of many westerners to yoga and meditation. The famous opera singer Amelita Galli-Curci said about the book: Amazing, true stories of saints and masters of India,

blended with priceless superphysical information-much needed to balance the Western material efficiency with Eastern spiritual efficiency-come from the vigorous pen of Paramhansa Yogananda, whose teachings my husband and myself have had the pleasure of studying for twenty years.

steve jobs biography: The Pig Book Citizens Against Government Waste, 2013-09-17 The federal government wastes your tax dollars worse than a drunken sailor on shore leave. The 1984 Grace Commission uncovered that the Department of Defense spent \$640 for a toilet seat and \$436 for a hammer. Twenty years later things weren't much better. In 2004, Congress spent a record-breaking \$22.9 billion dollars of your money on 10,656 of their pork-barrel projects. The war on terror has a lot to do with the record \$413 billion in deficit spending, but it's also the result of pork over the last 18 years the likes of: - \$50 million for an indoor rain forest in Iowa - \$102 million to study screwworms which were long ago eradicated from American soil - \$273,000 to combat goth culture in Missouri - \$2.2 million to renovate the North Pole (Lucky for Santa!) - \$50,000 for a tattoo removal program in California - \$1 million for ornamental fish research Funny in some instances and jaw-droppingly stupid and wasteful in others, The Pig Book proves one thing about Capitol Hill: pork is king!

steve jobs biography: *Frederick Douglass* David W. Blight, 2020-01-07 * Selected as One of the Best Books of the 21st Century by The New York Times * Winner of the Pulitzer Prize in History * "Extraordinary...a great American biography" (The New Yorker) of the most important African American of the 19th century: Frederick Douglass, the escaped slave who became the greatest orator of his day and one of the leading abolitionists and writers of the era. As a young man Frederick Douglass (1818-1895) escaped from slavery in Baltimore, Maryland. He was fortunate to have been taught to read by his slave owner mistress, and he would go on to become one of the major literary figures of his time. His very existence gave the lie to slave owners: with dignity and great intelligence he bore witness to the brutality of slavery. Initially mentored by William Lloyd Garrison, Douglass spoke widely, using his own story to condemn slavery. By the Civil War, Douglass had become the most famed and widely travelled orator in the nation. In his unique and eloquent voice, written and spoken, Douglass was a fierce critic of the United States as well as a radical patriot. After the war he sometimes argued politically with younger African Americans, but he never forsook either the Republican party or the cause of black civil and political rights. In this "cinematic and deeply engaging" (The New York Times Book Review) biography, David Blight has drawn on new information held in a private collection that few other historians have consulted, as well as recently discovered issues of Douglass's newspapers. "Absorbing and even moving...a brilliant book that speaks to our own time as well as Douglass's" (The Wall Street Journal), Blight's biography tells the fascinating story of Douglass's two marriages and his complex extended family. "David Blight has written the definitive biography of Frederick Douglass...a powerful portrait of one of the most important American voices of the nineteenth century" (The Boston Globe). In addition to the Pulitzer Prize, Frederick Douglass won the Bancroft, Parkman, Los Angeles Times (biography), Lincoln, Plutarch, and Christopher awards and was named one of the Best Books of 2018 by The New York Times Book Review, The Wall Street Journal, The Boston Globe, The Chicago Tribune, The San Francisco Chronicle, and Time.

steve jobs biography: *The Zen of Steve Jobs* Caleb Melby, Forbes LLC, 2012-01-03 An illustrated depiction of Steve Jobs' friendship with Zen Buddhist Kobun Chino Otogawa and the impact it had on Jobs' career Apple cofounder Steve Jobs (1955-2011) had such an enormous impact on so many people that his life often took on aspects of myth. But much of his success was due to collaboration with designers, engineers and thinkers. The Zen of Steve Jobs tells the story of Jobs'

relationship with one such person: Kobun Chino Otogawa. Kobun was a Zen Buddhist priest who emigrated to the U.S. from Japan in the early 1970s. He was an innovator, lacked appreciation for rules and was passionate about art and design. Kobun was to Buddhism as Jobs was to the computer business: a renegade and maverick. It wasn't long before the two became friends--a relationship that was not built to last. This graphic book is a reimagining of that friendship. The story moves back and forward in time, from the 1970s to 2011, but centers on the period after Jobs' exile from Apple in 1985 when he took up intensive study with Kobun. Their time together was integral to the big leaps that Apple took later on with its product design and business strategy. Told using stripped down dialogue and bold calligraphic panels, *The Zen of Steve Jobs* explores how Jobs might have honed his design aesthetic via Eastern religion before choosing to identify only what he needs and leave the rest behind.
