This book is the first that describes the practices of any stock exchange; it makes evident a high development of practices, with puts, calls, pools, and manipulations; and it appeared as early as the seventeenth century. Not inappropriately the stock exchange described is that of Amsterdam, a city which at the date of the volume's publication —1688— was still the leading financial center of the world. The book, to be sure, is hardly a systematic account of the institution; the author pursued moral, philosophical, and rhetorical objectives, and, while saying a lot that seems now to be of little value, manages somehow to leave unsaid a great deal that would be of interest for us. Nevertheless, it represents, even in its peculiar form, a really important source of information about the stock exchange, and indeed about the Dutch business world of that period.

Silently, in a dream she had come to him after her death, her wasted body within its loose brown graveclothes giving off an odour of wax and rosewood, her breath, that had bent upon him, mute, reproachful, a faint odour of wetted ashes. Across the threadbare cuffedge he saw the sea hailed as a great sweet mother by the wellfed voice beside him. The ring of bay and skyline held a dull green mass of liquid. A bowl of white china had stood beside her deathbed holding the green sluggish bile which she had torn up from her rotting liver by fits of loud groaning vomiting. ultima lagrima de lucifer: The Romance of Flamenca E. D. Blodgett, 2014-04-23 Various described as a comedy of manners, a psychological romance, and a type of fabliau, the 13th-century narrative *Flamenca* is the best medieval romance written in Occitan. Its uniqueness springs from qualities that anticipate the preoccupations of modern-day narrative. Not content with being a love story fraught with risk and intrigue, the poem is layered with responses to the troubadour tradition of love and poetry, as well as the Bible and the classics. Though among the most bookish of romances, its tone is invariably ironic, comic, and satirical. This playfulness may be measured by the variety and vehemence of critical response to the poem. Is it a vindication of the troubadour ideal, a mockery of the Church, a satire on jealous husbands, or an undermining of the ideals that romance is said to inscribe? Or is it all of these elements held in suspense? The introduction confronts these questions. The most recent edition and translation of *Flamenca*, by Hubert and Porter, is now out of print; their translation was into octosyllabic couplets that match the original. Blodgett's translation is unrhymed and line-for-line, on pages facing the edition; it adheres as closely as possible to the literal meaning of the original. The edition follows the recent text prepared by Gschwind.

in the attic. In the child's room, an odd smell, the displacement of furniture, an icy chill. At first, easy explanations are offered. Then frightening changes begin to appear in eleven-year-old Regan. Medical tests fail to shed any light on her symptoms, but it is as if a different personality has invaded her body. Father Damien Karras, a Jesuit priest, is called in. Is it possible that a demonic presence has possessed the child? Exorcism seems to be the only answer... First published in 1971, *The Exorcist* became a literary phenomenon and inspired one of the most shocking films ever made. This edition, polished and expanded by the author, includes new dialogue, a new character and a chilling new extended scene, provides an unforgettable reading experience that has lost none of its power to shock and continues to thrill and terrify new readers.

ultima lagrima de lucifer: *Women Who Run with the Wolves* Clarissa Pinkola Estés PhD, 1995-08-22 NEW YORK TIMES BESTSELLER • One million copies sold! "A deeply spiritual book [that] honors what is tough, smart and untamed in women."—The Washington Post Book World Book club pick for Emma Watson's Our Shared Shelf Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society's attempt to "civilize" us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

ultima lagrima de lucifer: *The Great Controversy Between Christ and Satan: From the Destruction of Jersusalem to the End of the Controversy* Ellen G. White, 2020-02-20 The Lord has shown me that Satan was once an honored angel in heaven, next to Jesus Christ. His countenance was mild, expressive of happiness like the other angels. His forehead was high and broad, and showed great intelligence. His form was perfect. He had noble, majestic bearing. And I saw that when God said to his Son, Let us make man in our image, Satan was jealous of Jesus. He wished to be consulted concerning the formation of man. He was filled with envy, jealousy and hatred. He wished to be the highest in heaven, next to God, and receive the highest honors. Until this time all heaven was in order, harmony and perfect subjection to the government of God.-Ellen G White
