animal—history has given Adolf Hitler many names. In *Mein Kampf* (My Struggle), often called the Nazi bible, Hitler describes his life, frustrations, ideals, and dreams. Born to an impoverished couple in a small town in Austria, the young Adolf grew up with the fervent desire to become a painter. The death of his parents and outright rejection from art schools in Vienna forced him into underpaid work as a laborer. During the First World War, Hitler served in the infantry and was decorated for bravery. After the war, he became actively involved with socialist political groups and quickly rose to power, establishing himself as Chairman of the National Socialist German Worker's party. In 1924, Hitler led a coalition of nationalist groups in a bid to overthrow the Bavarian government in Munich. The infamous Munich Beer-hall putsch was unsuccessful, and Hitler was arrested. During the nine months he was in prison, an embittered and frustrated Hitler dictated a personal manifesto to his loyal follower Rudolph Hess. There were the Rougiers, for instance, an old, ragged, dwarfish couple who plied an extraordinary trade. They used to sell postcards on the Boulevard St Michel. The curious thing was that the postcards were sold in sealed packets as pornographic ones, but were actually photographs of chateaux on the Loire; the buyers did not discover this till too late, and of course never complained. The Rougiers earned about a hundred francs a week, and by strict economy managed to be always half starved and half drunk. The filth of their room was such that one could smell it on the floor below. tower of dawn read free online: We Yevgeny Zamyatin, 2023-03-06 We is a dystopian novel written by Russian writer Yevgeny Zamyatin. Originally drafted in Russian, the book could be published only abroad. It was translated into English in 1924. Even as the book won a wide readership overseas, the author's satiric depiction led to his banishment under Joseph Stalin's regime in the then USSR. The book's depiction of life under a totalitarian state influenced the other novels of the 20th century. Like Aldous Huxley's Brave New World and George Orwell's Nineteen

Eighty-four, We describes a future socialist society that has turned out to be not perfect but inhuman. Orwell claimed that Brave New World must be partly derived from We, but Huxley denied this. The novel is set in the future. D-503, a spacecraft engineer, lives in the One State which assists mass surveillance. Here life is scientifically managed. There is no way of referring to people except by their given numbers. The society is run strictly by reason as the primary justification for the construct of the society.
